

GOVERNOR'S EFFORTS ON BEHALF OF RAVEN ROCK

Supported the original appropriation of \$120,000.

Personally arranged for an additional \$62,500 of other land funds to be earmarked for Raven Rock.

Already the Federal Government has given the project \$119,963 through the Bureau of Outdoor Recreation and \$330,930 more provided State and local matching money is raised.

So there is potentially \$900,000 being put into the park as a result of the Governor's interest and efforts.
