We are pleased to announce the collaboration of the ECU School of Music and the Brody School of Medicine in raising money for the Grimesland Free Clinic.

The Grimesland Clinic is a free clinic sponsored by the Brody School of Medicine at ECU and Pitt County Care, Inc. The clinic serves the uninsured or under-insured of Pitt and surrounding counties, while providing a unique training opportunity for Brody medical students. The clinic is open Sundays from 12-4 PM and is supervised by area physicians. All medicines and supplies are purchased through grants and donations, and clinic workers offer their time and services free of charge.

Please join us in the Friends Lounge for a reception to benefit the Grimesland Clinic preceding the concert at 6:30 PM. Refreshments will be served during intermissions. A raffle to benefit the clinic will be held in the Friends Lounge following the concert. With a donation to the clinic, you will be entered in the raffle. Winners need not be present to win. We would like to give a special thank you to Dr. Jeff Bair and the ECU Jazz Department for graciously allowing us to work with them. Thank you also to Dr. Tom Irons and Dr. Harry Adams.
