Grimes Real Estate Co.,  
Washington, N. C.,  
Gentlemen:—

Yours of the 14th received, we enclose you two samples of blank booklets of the size we suppose you want. The size of type used on the circular sent us is too large to show up well. The amount of ~~work~~ matter sent on the circular, with the additional thousand or fifteen hundred words will make about twenty four pages of the pamphlet. We will charge you on this basis \$17.00 for one thousand copies, either grade of cover paper and printing on the same quality of paper as shown in the blank sample. We will be glad to hold forms for you to see proof, and promise you a job that will do credit to your business as well as ourselves. Should you want more than one thousand the price of the additional thousands will be \$8.00 each. Should the pamphlet make more than twenty four pages, and I don't think it will, the same proportionate cost. We enclose you samples of stationery. Notice that on \$10.00 worth of work it is delivered at your depot, which brings our Printing office right close to you. Will be glad to do this work for you or anything else that you have to do in our line. We thank you very much for this opportunity to name you price anyway. With best wishes,

Yours truly,
