Very Dear Kind Friend

My Wife
 forwarded your letter to me
 at this point. I have just
 returned from Austria where I
 have been engaged in getting
 an emigration started.

toward Western Canada I now
 have 800 in charge which we
 hope to locate in the Province
 of Alberta near the town of Edmonton.
 I do not see that I can be
 of much service to your locality
 at present as I am under
 contract with the Canadian

Government And am
 not in the States long at a time
 I talk up R.R. on all possible
 occasions And if the R.R. would
 give some assistance I
 could send quite a respectable
 delegation in charge of my son
 to show the Difference in R.R.
 I will say the C.P. R.R. takes
 this entire party 1800 Miles
 free with such help we can
 do good work rapidly but
 with the hard fitted R.R. of
 the States it is hard holding
 Hopping and wishing you
 success I am as ever

Your truly
