Tyler Perry Plans Next Films with Lionsgate

By: Rajul Punjabi
 POSTED: 14:00 EST,
 November 20, 2006
 Acclaimed playwright/producer Tyler Perry is continuing on his platinum-paved path with Lionsgate Studios as he partners up with them again to release his next two films—*Why Did I Get Married?* and *Jazz Man's Blues*.

 "Lionsgate is my family, the home for all my movies and videos," Perry said, according to the Hollywood Reporter. "And they've given me exactly what you want in a home: a supportive environment and the room to grow."

The new films will be the 4th and 5th movies released with Lionsgate. The upcoming *Daddy's Little Girls*, opening on Valentine's Day 2007, will have its world premiere the day before at the newly launched Tyler Perry Studios in Atlanta.

"Tyler has achieved so much in a short period of time, and we look forward to celebrating yet more successes with him," Lionsgate president of production Michael Paseornek said.

Why Did I Get Married? is an adaptation of Perry's play revolving around the joys and trials of matrimony. The movie is expected to begin production in January. *Jazz Man's Blues* tells the story of a young black jazz singer who, after leaving his rural town in search of fame, is drawn back home to save a woman he had an affair with years ago.
