

DAILY REFLECTOR.

Vol. 1.

Greenville, N. C., March 21, 1895.

No. 87.

Local Trains and Boat Schedule.

Passenger and mail train going north, arrives 8:22 A. M. Going South, arrives 6:37 P. M.

North Bound Freight, arrives 6:45 A. M., leaves 10:15 A. M.

South Bound Freight, arrives 1:51 P. M., leaves 2:11 P. M.

Steamer Myers arrives from Washington Monday, Wednesday and Friday leaves for Washington Tuesday, Thursday and Saturday.

Weather Bulletin.

Generally fair Friday, frost Friday morning, warmer Friday evening.

NEWS OFF THE WIRE.

Served by our "Leased" Underground Cable—(Limited).

Several buildings were burned at Burlington, Vt., causing a loss of \$250,000.

It is reported that another American boat has been fired upon by a Spanish war vessel.

A triple killing occurred at Kewanee, Miss., a small station on the Alabama Great Southern railroad. Ben and Allen Pringle, brothers, aged respectively 27 and 35 years, and James Britton, aged 30 years, renewing an old quarrel at a meeting, and one of the Pringle boys shooting Britton, mortally wounding him, while Britton shot both of the Pringle boys, killing them instantly.

More of "The Beautiful."

Few if any people upon re-entering last night expected to find everything white with snow when they got up this morning. But that was just the condition of things. From the quantity on roofs of houses at least an inch in depth fell. Houses, fences and trees were moist enough for the snow to stick to and make everything look beautiful.

NEARER HOME.

What is Happening Over the State.

The Grand Lodge, Independent Order of Odd-Fellows, meet at Greensboro' May 12th, instead of at Durham.

360 boxes of shad were taken by the steamer Nuese from Roanoke Island on her regular trip Friday and she went back and got 15 more on Sunday. The shipment on Friday, on average of 75 to the box made 27,675 for the one shipment.

A few nights ago a man named Gus Goggings was killed on the Norfolk and Carolina railroad near Roanoke river. He had been to Kelford, and left there in a state of intoxication. He was 32 years old.

Hon. A. M. Waddell, of Wilmington, has been invited by the Ladies' Monument Association to deliver the address at the unveiling of the Confederate monument at Raleigh May 20th, and he accepts the invitation.

The Pop law to tax doctors \$10 per year is a hardship on the country doctor. One of the professional men who does not live far from Charlotte was in town to-day, and he told a *News* reporter that it was an outrage. The beauty about it is that this doctor who is on a kick was last fall the biggest mouthed Pop in the county.—*Charlotte News*.

The Governor has sent out commissions to Judges Meares and Jones of the newly created Eastern and Western Criminal Circuit Courts. They bear date of March 13th, the day they were sent to Senate. Charles A. Cook, of Warren, who was voted for for the judge of the Eastern circuit, has tendered his resignation as Senator and it is accepted. This makes it clear that he proposes to contest for the place.

DID YOU KNOW?

Well. Look at these Names and Then You Will Know.

Mr. Levit Hines went to Kinston last night.

Col. John F. Bruton, of Wilson, spent last night here.

Rev. J. C. McCall returned to Murfreesboro to-day.

Mrs. M. M. Nelson returned this morning from a month's visit to Newbern.

Misses Myrtle and Lillie Wilson returned home from their visit to Greene county.

Hon. John E. Woodard, of Wilson, came in last night and returned this morning.

Night policeman J. L. Daniel was out to day and says he hopes to be able to return to his rounds by last of the week.

Ayden Items.

AYDEN N. C. Mch 21st, 1895

Mr. Richard Anderson's wife is very sick.

Mr. Geo Parker is moving his family to Winterville to-day.

Messrs. J. W. and W. B. Quinerly, of Quinerlys spent yesterday here.

Mr. Swindell, of Dover has rented Fenner Bros. mill and is operating it.

Mr. James Campbell is very sick with yellow chill. Our excellent Dr. Dixon has charge of the case and he is likely to get well.

Greene is Coming.

We heard a Greene county farmer say to-day that his county was going to give Pitt a close race in tobacco culture this year. The farmers over there are making extensive preparation for planting the weed. We will drop the hint to them now, that if they want the best prices for their crop when cured Greenville is the market they should sell on.

LOCAL NOTES AND TOBACCO JOTTINGS.

BY O. L. JOYNER.

There will be a shortage of plants this season on account of the extreme cold weather which prevented a good many farmers from sowing sufficient plant land.

Mr. G. T. Tyson in the March number of the Southern Cultivator says tobacco was first prominently introduced here in 1886 and this section now leads in fancy wrappers and fancy cutters. Rocky Mount, Wilson and Greenville each have three tobacco warehouses and a sufficient number of storage and other houses. He says further there is more hog and hominy in the eastern section to-day than there has been since the sixties.

During the present year we propose to make the Tobacco Department one of the most interesting features of the already popular REFLECTOR. We have just completed an arrangement by which the REFLECTOR will go to the home of nearly every tobaccoist in North Carolina and Virginia, that is manufacturers and leaf dealers, and it is through this medium that we expect to draw the eyes of the tobacco trade to the superior advantages of the eastern section in the production of bright yellow tobacco. As a matter of fact nearly all the largest manufacturing concerns in America are now represented on the eastern markets. They could not afford not to be, and hence as a matter of business the eastern leaf dealer could not do better than to place his business card in the columns of this paper which hails direct from the center of this now far famed golden belt.

During the past two months we have had quite a number of prominent business men here to tell us that they would willingly build more prize houses for

the coming season if they could find a sure tenant for at least one year. One gentleman said he would build half a dozen if he could rent them out. How many we will need at present it is impossible to say, however, if the market sells as much as it did last year (and there is no reason why we should not sell at least a third more) there will be a need for at least three more. We have no doubt but that plenty of houses will be built to take care of the next crop. The market is now beyond the doubtful line. It is no longer an experiment. Those who at first were its worst enemies to-day are its well wishers, and men who two years ago could not be induced to enter into the tobacco business or to think of building prize houses are willing to lend a helping hand and do all they can to encourage the tobacco market.

As an evidence of the value of a tobacco market to the public who are in no way interested in the tobacco business just compare the value of real estate adjacent to the warehouses three years ago with what it is now. Four years ago this year the first tobacco warehouse was built in Greenville. At that time we know of a piece of property that was bought for twenty seven hundred dollars a few days ago a party wanted to purchase one-tenth of it and the owner said he would take twenty two hundred and fifty dollars for it, but did not care to sell at that price. Now we don't want to say that the increased valuation of the property is solely attributable to the tobacco market, for there are two other enterprises that have added largely to the value of the property namely; the Railroad with the depot near this property and Hines & Hamilton's lumber mill. Aside from these what else has added to the value of this property? That nearly all kinds of real estate has depreciated in value no one will dispute, while this property has increased in a most wonderful ratio. We know of another smaller piece of land owned by a man who three years ago did more to discourage the support of this market than any other man that we know and even urged his friends to ship their tobacco to some other market. At that time

his land was valued by himself at three hundred dollars and could have been bought for less money. A few days ago he was asked what he would take for it and he said four hundred and fifty five dollars, an increase of over 40 per cent. These are two instances where the tobacco market has helped others besides those directly connected with it. Besides there are numerous other cases and in fact all real estate in Greenville has advanced wonderfully in price. There is a piece of land just in front of the warehouses owned by J. J. and J. R. Cory. If the public doesn't believe that the tobacco market has added materially to their property just ask these young men what their land was worth in 1890, and what it is worth to-day, or what they can sell it for to-day.

Cow-peas for Distribution.

The North Carolina Experiment Station has a small quantity of cow-pea seed, Red Ripper, Unknown and other varieties, which have been found to do well on the Station farm. These will be distributed free in one half pound packages to farmers of the State who will agree to test them and report the result to the Station in the fall. Four cents in stamps must be enclosed with each application to pay postage on the seeds. Address, Dr. H. B. Battle, Director, Raleigh, N. C.

Greenville Market.

SCALES.

Not off of Shad, But Whales Caught
in the Reflector Net.

Buy Cotton Seed Meal at the
Old Brick Store.

Mr. H. W. Whedbee has been
appointed a notary public.

Don't forget to hand your
subscription to the carrier.

Regular Thursday night ser-
vice in the Baptist church to-
night.

For Cotton Seed Meal and
Hulls and Shingles call on Henry
Sheppard. Prices low down.

Martins have put in their ap-
pearance. They are pretty good
indications of spring.

An entertainment will be given
by the pupils of the Female
Seminary to-morrow night.

We have tried to get the list of
the new Magistrates for this coun-
ty to publish the names but have
not succeeded so far.

The A. & N. C. R. R. offers to
give 25 per cent. on the freight on
all building material, shipped
from any points on its line, to re-
place any of the burned buildings
in Kinston.

When Easter Comes.

A friend of the Boston Trans-
cript, "E. M. H." writes: "I
was attracted by the suggestion
in your paper this evening to
compose a rhyme which would
give the reason of the 'movable
nature of the Easter feast'.
The following clever rhymes are
added. They should be taught
in the primary schools.

"Thirty days hath September,"
Every person can remember;
But to know when Easter's
come

Puzzles even scholars some.

When March the twenty-first is
past,

Just watch the silvery moon,
And when you see it full and
round,

Know Easter'll be here soon.

After the moon has reached its
full,

Then Easter will be here
The very Sunday after.

In each and every year.

And if it hap on Sunday

The moon shall reach its height,
The Sunday following this event
Will be the Easter bright.

An Immense Case

The bond case of Harrington
against the County Commission-
ers is now in its third week of
trial and the evidence on the
plaintiffs side is just being finish-
ed to-day. The recent law passed
by the Legislature gave this case
precedence over all others and
made it necessary to go into it
before any other business could
be disposed of. There are about
a hundred witnesses on each side
and as much time will probably
be consumed in the examinations
for the defense as has already
been taken by the plaintiff. The
mass of testimony is enormous.
Judge Coble has shown impartial-
ity in his rulings and has dis-
played much patience on the
bench during the long and mo-
notonous proceedings. We be-
lieve everybody would be glad to
see the case reach its termination.

Mr. D. T. Swindell, one of Ra-
leigh's merchants, will move to
Norfolk, and carry on business
there.

LIVERY AND SALES STABLES.

I have opened a Livery and
Sales Stables at Grifton and
have on hand some good Horses
to be sold at bottom prices.
Parties wishing conveyance to
any point can be accommodated
at reasonable rates. I have had
several years experience deal-
ing in horses and know how to
judge a good animal.
