## Town Affairs.

The Town Council held its regular monthly meeting Monday night, the full Board being present.

The usual monthly accounts were allowed and orders for their payment issued on the Treasurer.

Councilman Godwin, who is also Treasurer, offered a resolution the substance of which was to allow him to use his discretion in withholding payment of orders coming from the former Board until the orders of the present Board shall be paid. There was a motion to table this resolution, the vote on which was a tie, and Mayor Forbes decided in favor of tabling.

The committee on ordinances made their report. The ordinances were read through and adopted as a whole. There were very few amendments of the ordinances already in existence. One of the changes prohibits the riding of bicycles on any of the sidewalks of the town.

The contract for printing 250 copies of the ordinances in pamphlet form with cover was awarded to H. T. King for \$7.50.

Councilmen Brown and Godwin were appointed committee to inspect the building erected for the fire department and report if contract had been complied with.

M. Kinsaul, who was elected Tax Collector having failed to give bond and qualify, W. H. Cox was elected.

The Board adjourned to meet in special session on Wednesday night to pass upon bond of Tax Collector.

## LOCAL NOTES AND TOBACCO JOTTINGS.

BY O. L. JOYNER.

Let every farmer come out next Saturday. The tobacco growers meet in the Court House.

Lumber is being placed on the lot for one of the new prize houses, work will commence right away.

Messrs. Forbes & Moye are thinking of building a prizery during the summer. Let us have just as many as possible. The lack of prize room is all that has held Greenville back for so, these many years.

We see from the Winston Tobacco Journal that Kinston has organized a stock co. for the purpose of building a tobacco warehouse. Mr. J. W. Granger is president. The warehouse is to be 60 x 175 feet. This will make a commodious building and if building up a tobacco market was not such up hill business success would soon crown the efforts of Kinston's business men.

Mr. G. F. Evans will be associated with Mr. O. L. Joyner in the conduct of the Eastern Warehouse, Greenville, N. C., next season. These two gentlemen make an exceptionally strong team. Their warehouse will be enlarged to nearly double its present size, and a leaf factory will be erected in connection with the building. —Southern Tobacco Journal.

## Have Your Eyes Examined.

Prof. P. D. Mahoney, specialist in lenses for the eye, is at the Ricks House for one week, where examinations for all forms of defective sight will be thoroughly and scientifically made.

If your sight, either distant or near, is imperfect; if your eyes water or burn after reading, sewing or any other kind of work, if your vision is blurred when looking at an object fifteen feet or more away; if after prolonged use of your eyes they feel strained and your head aches, you certainly require glasses, and should not for a day neglect their use.

If your defective sight can be improved by glasses, the proper one will be selected for you; if on the other hand the defect depends upon disease or such abnormal condition of the eye that glasses will not help, you will be frankly so informed and so saved a useless expense.

I guarantee every pair of glasses ordered to be satisfactory, and expect to win your confidence by the skillful and accurate manner in which they give you improved and comfortable vision. All examinations free.

That the Reflector Lost Hunting These Items.

Don't Be Alarmed.

This red edition of the REFLECTOR is not a declaration of war against the Town Council for shooting bicycles, nor a danger signal to give warning of some unseen danger, but can be accepted as in keeping with the red-hot condition of this weather. Feeling pretty hot under his collar the editor tumbled down on a pile of paper in the press-room for a nap and out of sympathy with his luminous head every sheet of paper in the pile turned red.

A moonlight excursion would be enjoyable now.

The spiritual missionary has departed. It seems that the WEATHER here was getting too hot for him.

A Charlotte Observer correspondent, referring to June as tax listing time, calls it "the month of tying."

Capt. E. M. Pace is quite a novice at card writing and gets them up in nice style. He has placed the REFLECTOR under obligations for a supply of cards for the editor's superior.

Whenever you hear a man finding fault with a paper, open it up, and 10 to 1 he has no advertisement in it; 5 to 1 he never gives it a job of printing to do; 3 to 1 he does not take the paper; 2 to 1 if he is a subscriber, he is a delinquent; even odds that he never does anything that will assist the publisher to run the paper, and 4 to 1 he has never succeeded at anything.

Prof. Harding Goes To-Morrow.

Mr. W. J. Harding, who has been Prof. Baird's assistant at the C. M. I. for a season, leaves to-morrow for his home in Greenville, S. C. Charlotte hopes Mr. Harding goes out on the return current, and that he will be here again in the fall. He has not only proved in every way satisfactory to Prof. Baird, but has been an acquisition to the city in many respects. Prof. Baird says he hopes to secure Mr. Harding for next season. —Charlotte Observer.

As great a North Carolina paper as the Charlotte Observer is, it ought to be better up on State folks than to credit one of our boys to South Carolina. We haven't got enough young men like Will Harding to want to see them given away just so to our sister Carolina. The Observer would have been little more correct, also, if the name had been Mr. W. F. Harding.

The University and Trinity commencements are both on this week.
