My loss, Your Gain,

Time for Action.

What is the reason Greenville cannot have a Board of Trade? A little organization among our business men with a proper effort in that direction might secure one or more of the factories that are seeking desirable locations in this State. If Greenville people continue to sit still in the face of opportunities of this kind they may expect other towns to bear off the prizes.

The fall term of my school will open in the Masonic Lodge building

Monday, Sept., 2nd '95,

Number of pupils will be limited. Apply for terms.

TOBACCO UNION.

Spoken by little six year-old Frank Harris at Hurdle Mills school house, January 12th, 1895:

Come old and young and hear me tell How strong tobacco smokers smell, Who love to smoke their pipes so well, That for tob iceo they would sell Their right to Social Union.

They always sent the atmosphere, And you may know when they are near, Tho' not a word from them you'll hear. Their breath grows stronger every year, In this Tobacco Union.

Oft the fumes and smoke will rise And woe to them who have weak eyes. Unless they take their leave and fly from a Tobacco Union.

Often within the church you view Some persons there who sit and chew. And spit on carpet, floor and pew, Until it spreads a foot or two And sing of Heavenly Union.

Sometimes the quid is large within, The juice runs out and stains their chin, And then I always have to grin, And think there is no little sin, In this Tobacco Union.

The ladies, they are sweet. 'tis time, But they have learned to use it too. It would almos make a monkey laugh To see them spit upon the "hearth," And talk of Marriage Union.

Sometimes you'll see flye or six Out in the woods nunting sticks.
The sticks are cut, the swabs are made And now for Slobbering Union.

And now the snuff box is pulled out, And with their sticks they gip it out, And rub their teeth inside and out, And smear their faces all about,

And talk of Snuff Communion. From Person County, N. C., Courier.

No less than twenty men, mostly laborers, have been discharged recently at Greensboro, says the Record. When a man lets things run along until his wages are garnished he is likely to be out of a job in short order. unless he has some very plausible excuse.

It is not worth while in this practical age to pay any attention to a mau's membership in a church or his pretentions to piety if his actions do not accord. If a man defrauds his neighbor, quibbles over and does not pay his honest bills, his membership and pretended piety do not amount to a row of pins. He does not honestly believe in the one, and hypoc
