## Albemarle Presbytery.

IN SESSION WITH THE GREENVILLE CHURCH.

This body met in its thirteenth semi-annual session with the Presbyterian church at Greenville, Tuesday evening, Sept. 3rd, at 8 o'clock.

This Presbytery embraces the churches in the counties lying between the Raleigh & Gaston railroad and the coast, and between the Atlantic & North Carolina railroad and the Virginia line.

The introductory sermon was preached by Dr. C. M. Payne, Washington, from Ex. 12:13 and 1st Cor. 5:7.

After the sermon Prof. James Dinwiddie, of Raleigh, Moderator called the body to order and lead in prayer.

The clerk, Rev. F. H. Johnson, called the roll and the following ministers and churches responded present: Revs. C. M. Payne, W. T. Walker, F. H. Johnson, L. McLauren, Ernest Wood, W. D. Morton, J. D. Morton, C. G. Vardell and R. W. Hines.

Dr. C. M. Payne, of Washington, was placed in nomination for Moderator and received the unanimous vote of the Presbytery.

Revs. F. H. Johnson and W. T. Walker were elected clerks.

The following was announced as the hours for meeting: Morning services from 9:30 to 12:30. Afternoon session meets at 3 o'clock, adjourns at will.

Adjourned to Wednesday 9:30 a. m. Closed by prayer by Prof. Dinwiddie.

## WEDNESDAY MORNING SESSION.

The Presbytery opened its business meeting this morning, 9:30 with devotional exercise conducted by the Moderator, and then proceeded to business by reading minutes of last night's session.

Rev J D Morton who has lately been called from Florida to Tarboro to the charge left vacant by Rev Mr Summerrell, was cordially welcomed by the Moderator in behalf of the Presbytery,

and the wish expressed that he might soon become an active member of the Presbytery.

On motion minutes of the last Presbytery were read by former Secretary and approved.

The following standing committees were appointed by the Moderator.

On Minutes of General Assembly—C. G. Vardell, Jas. Dinwiddie, Ruling Elder.

Calls, Supplies, and Installation—W D Morton, J. I. Foust, Ruling Elder

Historical Report to Synod—F H Johnson, Jas Dinwiddie, Ruling Elder.

Devotional Exercise—R W Hines, B D Evars, Ruling Elder.

Examination of candidates for the ministry being the next in the order of business, the Rev Mr Vardell presented Mr Earnest Wood of Newberne, for examination, which consisted chiefly of questions on Experimental Religion.

Mr Wood's purpose is to fit himself for Medical Missionary work in the foreign field. By unanimous vote he was received as a candidate.

The report of the Treasurer was next read and on motion referred to an Auditing committee appointed by the Moderator. Prof Dinwiddie, Rev Mr Hines and J I Foust constitute the Committee.

Dr. W. D. Morton was elected Treasurer pro tem in lieu of the absence of Secretary I. B. Gary.

The report of the committee on Home Missions was then read and approved.

At 10:50 the Presbytery took recess until after Divine services—at which Rev. Vardell and Dr. Johnson officiated Rev C G Vardell, of Newberne, being the preacher of the meeting. His text was from Math. vi 10, "Thy Kingdom Come," and for thirty minutes the congregation was held to closest attention by a most earnest plea for loyal citizenship in Christ's Kingdom.

He said in substance: God is King, first in the general sense of creation of this world—"of power"—secondly, Ruler of a Kingdom of Grace, through the brotherhood of Christ and fatherhood of God.

At 12:10 the Presbytery resumed business.

A report of the trustees of Davidson College was read, very favorable as to growth and utility of the institution. It stated the total number of students is 163, of whom 47 are students for the ministry. One important feature is that a boarding house has been established, which promises to poor students good board at the marvelous cost of \$3.50 per month.

Short eulogistic addresses were made by Rev. Vardell, Drs. Payne and Johnson.

# THANKS! To All for Waiting.

## I'm Back with a Big line of Stylish CLOTHING FRANK WILSON, The King Clothier.

At 12:20 the Presbytery adjourned until 3 this afternoon.

Special missionary services will be held this evening.

Mr. J. B. Cobb of New York general manager of the leaf department of the American Tobacco Co., and Mr. Thomas J. Walker, a prominent buyer of bright tobacco of Durham, N. C., were prominent upon the floors of the warehouses today. The presence of Mr. Cobb seemed to very much stiffen prices for the golden weed brought to our market. One year ago his presence seemed to have a depressing effect on the market, and our people were glad to see that he was on the "bull" side today. Prices were higher in the cutter line. We welcome these gentlemen to our town. We are glad they are highly pleased with our market and the quality of tobacco being sold. Mr. Cobb is a North Carolina boy, and is only 38 years old, yet fills one of the most responsible positions of the American Tobacco Co.

The REFLECTOR reporter could not get out to the breaks Tuesday, but learns that about 60,000 pounds were sold, with the Greenville warehouse in the lead. Prices were stiff all through. Tuesday sales are now getting almost as large as Fridays. There were also large breaks again to-day.

## Commissioners Sale,

By virtue of a decree of the Superior Court of Pitt county made at September term, 1889 in a cause therein pending entitled, Laney M. Briley et al versus Martha A. Rouse et als, I will on Tuesday, the 17th day of September 1895, before the Court House door in Greenville, sell at public sale to the highest bidder for cash, all that certain lot or parcel of land known and designated in the plan of the town of Greenville as lot number four in the old portion of said town, bounded on the north by lot number three, on the east by lot number sixteen, on the south by second street and on the west by Cherry Hill Cemetery, containing one half an acre more or less.

ALEX L. BLOW, Commissioner  
Greenville, N. C. August, 15, 1895.

EVERY AFTERNOON (EXCEPT SUNDAY)

WANTED TOO PREACH BUT WAS TOO DRUNK.

J. T. Phillips was one of the Representatives from Pitt County in the last Legislature, and was chosen as one of the members of the Arrington investigating committee. He was reported drunk through much of the session of Legislature, and his miserable "jag" at the attempted meeting of the committee was ridiculed all over the State. That famous committee went to Raleigh again a few days ago, and Phillips is again making himself ridiculous and further disgracing his county. His latest "jag" is told by the Raleigh Press-Visitor, as follows:

"Advertised to preach tomorrow, drunk today. There is Associate Justice Phillips is a nut shell as he is.

This morning a circular was all over the streets announcing that Rev. J. T. Phillips would deliver a sermon tomorrow evening at Metropolitan hall on "Man—His Creation and Destiny."

A Press-Visitor reporter found Mr. Phillips and he stated that he would certainly be on hand and explain the doctrine of the Second Adventists. That happened, however, before he got so "awful jaggy."

Mayor Russ has taken a hand in the matter and he requests us to state that the Rev. Phillips will not be allowed to preach at Metropolitan Hall tomorrow. Mayor Russ took this action as soon as he learned that Phillips was wabbling up and down Fayetteville street in a drunken condition. Justice Phillips has been claiming since his arrival here that he had reformed and forsaken his old habit.

We wonder if there are not some good men in Pitt county who are ashamed of the vote they cast for Phillips. They are ashamed of it, whether they ever acknowledge it or not.

The Governor surprised everybody Monday morning by appointing Hon. C. M. Cooke, of Louisburg, Secretary of State, in place of Octavins Coke. Though nothing had been said about the appointment yet everybody concedes that it is an exceptionally good one. Mr. Cooke is well qualified both in head and heart to adorn any position to which he might aspire. There will be no dissatisfaction expressed at this appointment.

### A Picnic Rather Than Punishment.

An old colored woman was interrogated in Salem the other day says the Winston Republican regarding the welfare of a son who is at present serving a term in the State Penitentiary. The inquiry was made in all kindness, and the reply, while sincere, was equally amusing. "Har from him, honey, course I does. Got a letter just odder day. He am getting his lodging, clothes and all he can eat, and bless de Lord, I wish all de odder chillun were wid him."

### The Church Census.

The census report, covering the statistics of churches, which has just come from the press, contains some interesting facts. It is an elaborate work of more than 800 pages, with colored maps showing the extent of the various religious bodies in the various States.

There are 143 distinct denominations in the United States, besides independent churches and miscellaneous congregations. The total communicants of all denominations is 20,612,806, who belong to 165,179 organizations or congregations.

These congregations have 142,521 edifices, which have sittings for 43,564,863 persons.

The value of all church property, used exclusively for purposes of worship, is \$679,630,180. There are 111,036 regular ministers, not including lay preachers.

There are five bodies which have more than 1,000,000 communicants.

### Questions and Replies.

The Station will be glad to extend its usefulness by answering as far as possible questions on agricultural topics sent by any one in North Carolina who may desire to ask for information. Address all questions to the North Carolina Agricultural Experiment Station, Raleigh, N. C. Replies will be written as early as possible by the member of the Station staff most competent to do so, and when, of general interest, they will also appear in these columns. The Station desires in this way to enlarge its sphere of usefulness and render immediate assistance to practical farmers.

### Acid Phosphate of Different Grades.

If you will kindly answer the following questions you will greatly oblige a number of farmers in this section:

Take two samples of acid phosphate:—One analyzes 12 per cent, the other 13 per cent.—Commercially one is worth \$1.00 more than the other. Say that the dealer makes \$1.00 difference in price; which is the cheaper acid to the farmer?

Some claim that there is an excess of acid in most mixtures and that 13 per cent acid when bought to compound with other ingredients is no better than 10 per cent acid. Is this not erroneous?

Take a sample of fertilizer analyzing a large percentage of moisture. Does this indicate only the mechanical conditions? Suppose after a time the fertilizers dry out is there any loss in weight?—T. T. C., Laurinburg, N. C. (Answered by H. B. Battle, Director, North Carolina Experiment Station.)

On the supposition that the 12 per cent acid phosphate is sold for \$12.00 and the 13 per cent is sold for \$13.00, there is no difference in the value of the purchase, considering the amounts paid. The matter of greater weight of bulky materials in the 12 per cent article as compared with the 13 per cent article makes the latter somewhat better material to purchase, but if the above prices are paid for materials delivered at the depot and only wagon hauling is to be considered, this difference is but slight. Of course the 13 per cent article is better than any article of lower grade. The terms in percentage are confusing to most people, but if the meaning is kept well before one, it is not apt to be misunderstood. Thirteen per cent means 13 pounds of available phosphoric acid in every 100 pounds of the goods; 10 per cent article contains 10 pounds to every 100, and consequently is 3 pounds less than the 13 per cent article.

A sample of fertilizer containing a large percentage of moisture in drying will not lose any of the other materials. The weight of the whole in bulk is less by the amount of drying but the original ingredients present in the 200 pound as first weighed will still be there, although there may not be but 185 pounds of the goods. But the analysis of the Fertilizer Control is generally made from samples taken after drying has taken place, and the decreased weight shows really a loss to the purchaser.

### Grasses for Hay and Comparative Values of Hay.

I have tried a number of kinds of grasses and red and white clover—but they all die out in a short time except Herd's grass—that seems specially adapted to this soil and spreads even where not sown. The land is swamp, the soil 12 to 30 inches deep and has a subsoil of clay. There is no marl within at least ten feet of the surface. Do you know of any other grass that will grow with the Red Top, and if so what?

I have tried liming for the clover, but it did not do. Is there anything else? What is the comparative value of the several grasses and clovers using timothy (hay) at \$1.00 per 100 pounds as a basis? Also give value of corn fodder and cultivated soiling corn drilled thickly and allowed to ripen. When will be the best time to sow this grass seed after my corn comes off, which will be in December? W. R. M., Yeadsville, N. C.

(Answered by F. E. Emery, Agriculturist, North Carolina Experiment Station.)

If the land is not too wet Timothy should do well with the Red Top. *Bromus inermis* may do well for

most vigorous species and may do well if the land is not too wet.

Would recommend either Orchard grass or *Bromus inermis* (Owens Beane Grass) or this mixture 1 bushel Red Top *Agrostis vulgaris* 1 bushel Foul Meadow Grass, *Poa serotina* 5 or 6 pounds Timothy seed and 4 to 6 pounds Perennial Red Clover.

Prepare the ground as soon as possible after the corn can be moved off. Sow the seed and top dress with stable manure and 200 or 300 pounds per acre of a good potassic manure or 500 to 1,000 pounds of wood ashes. This should secure a stand of grass if land does not overflow or is not too wet for the grasses named. Sow without oats. Grass does best without a nurse crop. From "Stewarts' Feeding Animals" a portion of a table is here adapted to show the relative values as requested. It shows that feeders of stock can do better than use all Timothy hay, and especially that some little valued forage plants are worth much more comparatively than Timothy.

	Stewarts value per 100 lbs.	Same Ratio Timothy \$1.00 per 100 lbs.	
--	-----------------------------	--	--

Timothy hay	\$.62		
Red Top Hay	.62	\$1.00	
Timothy & Red Top	.60	.97	nearly
Orchard grass hay	.63	1.02	"
Johnson grass hay	.71	1.14	"
Crab grass hay	.70	1.13	nearly
Oat hay (cut in milk)	.68	1.10	"
Mixed hay	.58	.93	
Maize stover	.43	.69	
Maize fodder	.53	.85	
Oat straw	.47	.76	nearly
Wheat straw	.41	.66	
Cow-peavines	.80	1.29	
Clover hay	.77	1.24	
Hay containing much clover	.73	1.18	nearly

The actual value consists more in what can be produced per acre than on the above comparisons of 100 pounds of each article. Maize fodder, and stover, cowpeavines, and Johnsons grass yield from two to four times as much as timothy hay averages.

## AUTUMN ANATOMY.

People Going and Coming These Early Fall Days.

M. Fredlander went to Weldon to-day.

Dr. H. Johnson, of Grifton, is in town today.

H. G. Jones came over from Kinston, this morning.

C. J. Rodgers went to Parmele and Bethel to-day.

J. M. Moore left today for A. & M. College, Raleigh.

Miss Caddie Purvis, of Hamilton, is visiting Mrs. C. Stephens.

Mrs. Georgia Pearce has gone north to purchase new millinery.

Charlie O'Hagan has returned to his studies at Horner School, Oxford.

Ex-Sheriff Allen Warren left to-day for a trip to Rocky Mount and Wilson.

Mrs. R. M. Hearne and little son, of Washington, are visiting her parents here.

D. E. House has gone north to purchase new goods. Mrs. House accompanied him.

J. B. Jarvis, Charlie Harris and James Davenport have gone to the University at Chapel Hill.

Miss Carrie Loftin, of Kinston, who was visiting Miss Aylmer Sugg, returned home Tuesday evening.

Misses Josie and Fannie Payne, of Kinston, are attending the Presbytery and guests of the College Hotel.

We were in error in stating Tuesday that Mrs. J. S. Jenkins had returned. She is quite sick at the home of her parents near Buffalo Springs.

We are indebted to Roy Whichard for a very large watermelon which he brought us to-day.

The eclipse of the moon started about 11 o'clock, Tuesday night, when a big cloud came up and shut out the scene.

Dr. Ed. Snead, a prominent citizen of Johnston county, stabbed himself in the heart with a knife, while temporarily deranged.

One of the Puzzles of the Newspaper Business.

The newspaper business continues to be puzzling. We printed upwards of 70 columns of the reports of the proceedings of the Biblical Assembly and sold not quite 300 extra copies of those issues during thirty day. Yesterday we published, as a matter of public interest, the annual report of the president of the liquor dealers, and sold 200 extra copies—Asheville Citizen.

LOCAL NOTES AND TOBACCO JOTTINGS

BY O. L. JOYNER.

Mr. J. B. Cobb, general manager of the American Tobacco Co. of New York, and Mr. Walker, of Durham, were on the breaks to-day.

The Tarboro tobacco market opened to-day. A big day was expected, and the tobacco people are doing everything they can to encourage the tobacco industry. Such work will be felt.

If the Greenville people had always pulled together for the tobacco interests as they are now, how much further would we have been advanced as a market? And yet what would Greenville be to-day were it not for the tobacco market? As dead as something that never had life. As evidence of this, look at the neighboring towns where they have had no market. What is the result?

The firm of J. N. Gorman & Co. with headquarters at Richmond, has been incorporated under the firm name, The Gorman, Campbell Co. Exclusive of the property owned by this company in Richmond, they have more interests here than on any other market. Talking with Mr. P. H. Gorman, the firm member at this place, not long since, he told the writer that if we had not sold them the property when we did that in all probability they would not have been located here now. At the time we made the sale to Mr. Royster, who was then a member of the firm of J. N. Gorman & Co. we fully knew that it was a great sacrifice, but it was not to make money out of the property that we made the sale, but to establish the company here, and now we can plainly see that it was a great

addition to the market and have never had cause to regret making the sale.

Dr. Charles Laughinghouse in speaking of the new tobacco markets that have sprung up all over the county down here east, and some of them that had not done much, said they reminded him of Gov. Vance's turtle. He said that up in the Western part of the State, where loggerhead turtles were not very numerous, the proprietor of a hotel bought a turtle one day and ordered an Irish servant to kill and have it prepared for dinner. The servant accordingly took the turtle to the back yard and there proceeded to cut off its head and turned it over to the cook. When dinner came the proprietor inquired for the turtle. The cook told him that Patrick had not killed the turtle, whereupon the Irishman was brought in and told the proprietor that he had cut off the turtle's head long enough ago, but not being satisfied he repaired to the back lot and there found the turtle crawling around with his head cut off. Placing his foot on the snell of the turtle he washed him a few times and said 'faith and be jesus you are as dead as a mackerel, but you just don't know it.'
