WEATHER CROP BULLETIN.

The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina State Weather Service, for the week ending Saturday, September 28th, 1895, continue to be unfavorable. The extreme heat and dryness continued until cooler weather set in on Friday and Saturday. The mean temperature for the first five days averaged 13 degrees per day above the normal. Drought continues unbroken and is greatly damaging all fall crops. Streams and wells are very low. Peanut-digging has commenced and corn is being gathered in. Very fine and large crops of fodder and hay have been saved. Fall plowing still at a standstill for lack of rain.

EASTERN DISTRICT.

Extremely hot, dry weather continued until the very end of the week, when cooler weather set in. The drought is unbroken, no rain having fallen anywhere except near the extreme eastern coast. All late crops are suffering from drought, especially peas, potatoes, turnips and young rice. Cotton ripened prematurely and many leaves and young bolls fell off. Cotton is being rapidly picked out now. Corn is dry enough to gather and is being housed. More fodder and hay have been saved than for years. No fall plowing done.

TELEGRAPHIC NEWS.

Gen. William Mahone, of Virginia, has suffered a stroke of paralysis and is in critical condition.

By a premature explosion in a Missouri rock quarry five people lost their lives.

The Valley Mutual Life Insurance Company, of Staunton, Va., has failed. Their business was transferred to another company.

Oh! those Capes at Lang's. They are from 18 to 40 inches long—and 100 to 135 inches sweep.

This is the month for fairs and they are being talked and advertised all around us. By another year Pitt ought to have a good county fair.

EVERY AFTERNOON (EXCEPT SUNDAY)

The question of the opening of the Atlanta Exposition on Sunday was settled at a meeting of the directors on Monday evening. The vote was overwhelmingly against having the gates open on Sunday. This is all right, and shows that our Southern capital city proposes to respect the Lord's day. Whosoever honoreth the Lord, him will the Lord honor and we believe it will be thus with this Exposition. This shows a marked difference between Chicago and Atlanta and between the north-west and the South as regards the Sabbath

A mammoth meeting has been held in Chicago expressing sympathy for the Cubans. Resolutions were passed asking the United States to recognize as belligerents the men who are fighting for their freedom. A large number of organizations were represented, and many telegrams and letters of approval of the meeting were read from prominent men. Every available foot of space in the hall was filled, and every sentiment of sympathy for the Cubans was cheered to the echo. It is not believed, however, that the United States will interfere with the insurrection.

Some months ago the Wilmington Dispatch criticised some of the acts of Mayor Fishplate, of that city, whereupon the Mayor had the editors of that paper indicted for criminal libel. When the case was brought up before New Hanover court on Monday, the Mayor had presented an affidavit asking for a removal of the case to another county on the ground that he did not believe he could get a fair trial in his own city and county. This seems rather unusual for

the prosecution in a case to be making such an affidavit, and looks on the surface that he is afraid to face what might be brought against his record. Judge Green, who was presiding, denied the motion to remove the case.

A LESSON IN ECONOMY.

Once Fanny bought six yards of cloth
To make a pair of sleeves,
The lot those great creations take
Is more than one believes

And when the gown was half worn out
This girl of dainty taste,
To bloomers soon reduced the sleeves
And threw away the waist.

And now along the ocean sands
She trips, so fetching cute,
For she's cut her bicycle bloomers
down
And made a bathing suit.

If there is anything outside of the print shop that "Billie" and the "old man" of the REFLECTOR profess to be judges of, it is a good cigar, and the gentlemen who walked in the office Tuesday night and presented us a box of the famous "Southern Leader" will be pleasantly remembered for days to come as we indulge in delightful whiffs. They have been sampled all around, and the "Southern Leader" surely takes the lead. The modesty of the donor caused him to wish his name withheld, but he added that this brand of cigar can be found at D. S. Smith's.

The hotel porters around the train certainly raise a racket drumming for their respective houses. Some of the terms used by them in advancing the claims of the houses they represent are really amusing.

Mr. H. B. Clark who was so long the popular salesman with Mr. W. E. Jones of this city, has opened a store in Greenville. We wish friend Henry success and predict a bright future for him. If he has learned his lesson well from his late employer he will make things hustle and his store will be crowded with customers. —Washington Messenger.

A New York magistrate had decided that it is legal to sell soda water on Sunday, but no chewing gum. The basis of his decision is that the former has an established respectability, but the latter has not.

An Unjust Law.

The State Treasurer has sent out notices to the Sheriff of each county relative to the section of the revenue act that places a tax of \$250 on dealers in pianos and organs, and directs the sheriff to proceed as the law directs against parties engaged in selling pianos or organs in the county. The law does not apply to agents who take orders for instruments for factories or dealers outside the State. It is an unjust law that taxes a citizen of the State \$250 for doing business and at the same time those doing the same business outside the State can send in all the agents they please and pay no tax. But the Legislature made the law, and as the State Treasurer intimates, even if it does appear burdensome that does not excuse the Sheriff from executing it. But there is no one in Pitt county liable to this law.
