## GRIMESLAND ITEMS.

Fine Crops—New Buildings Going Up—Personal Notes.

GRIMESLAND, N. C., June 30th, '96.  
As the primings begin to ripen and the cotton begins to bloom, our people take on new faces. They feel good, for the harvest prospect was never better. All crops in this section are unusually good. In a week or two tobacco curing will be in full blast. Some farmers have already put in barns of primings.

And along with rural prosperity our town grows in trade and buildings. W. E. Proctor is not satisfied unless he is running a saw mill, or building a house. He has recently added to his mill plant a shingle mill turning lathe and lathe saw, and is now manufacturing all kinds of building materials such as brackets, banister posts, &c. He has recently erected large two-story double stores which J. O. Proctor & Bro. will occupy in the near future, and a six room residence on corner of Chicod and Pitt streets, which will soon be occupied by Mr. Alex Hudnell, of Aurora.

Plans and specifications are already made out for another residence on Pitt street.

The masons of this vicinity are building a large school house and a lodge room. It will be completed about Sept. 1st.

Mrs. John H. Daniel, of Roanoke Rapids, who has been visiting her daughter, Mrs. T. M. Moore, returned home Monday.

Mrs. Virginia Jones who has been visiting her son, Dr. C. M. Jones, left to-day for her home near Conetoe.

Scot Galloway, Turney Powel and W. E. Proctor left yesterday for Richmond to attend the reunion.

It is noticed that nearly all the drummers who stop here make strong talk for the gold standard. It is a question whether or not they are employed a carry gold argument as a side line. Our people are nearly all silver men and old Chicod will poll her full vote as usual.

## BETHEL NEWS.

Births, Deaths and Personal Notes.

BETHEL, N. C., July 2nd, 1896.

Rev. Albert Barnes left Monday morning to spend a few days at his former home in Fremont.

There have been five births and one death in Bethel within the last three days.

A. B. Cherry is the happy man this week—its a fine girl.

William Howard, of Tarboro, spent yesterday in town.

The Baptist Sunday School had its annual picnic to-day and everybody seemed to enjoy it. Much credit is due I. R. Bullock for the success of their school.

Mrs. Mahala Whitehurst died yesterday morning in Bethel. Funeral services were held in the Methodist church to-day at 1 o'clock by Rev. S. A. Cotton. She was interred at the family burying ground two miles from town.

Mrs. T. C. Davenport died Tuesday morning near Dardens depot. Her remains were brought here on the A. & R. train yesterday morning and conveyed to the home of her father, W. R. Ford. Funeral services were held by S. A. Cotton, of Conetoe, after which she was buried.

## MORNING GERMAN.

A Most Charming Social Event.

Greenville's social circles have been very active this week, owing largely to the presence of several charming visitors in town. There have been sociables, dances, excursions and picnics, and pleasure has had full sway. Perhaps the crowning event of the week was the morning German given by Miss Bettie Tyson in Germania Hall this morning, complimentary to her guests, Misses Olive Joyner, of Baltimore and Francis Conrad, of Winston.

The young people assembled at 9 o'clock and whirled away the hours in fantastic figures until noon. The German was led by Miss Francis Conrad, of Winston, with H. W. Whedbee, the other participants being:

Miss Bettie Tyson with R. M. Moyer.  
Miss Olive Joyner, of Baltimore, with J. B. Jarvis.

Miss Hattie Ellison, of Washington, with Preston Cotten.

Miss Bessie Gray, of Winston, with Charles O'Hagan.

Miss Bessie Jarvis with J. W. Wiggins,

Miss Myra Skinner with C. S. Forbes.

Miss Lillian Cherry with J. L. Fleming.

Miss Jennie James with G. W. Woodward.

Miss Ella King with B. F. Tyson.

Miss Janie Tyson with Ray Tyson.

The chaperones were Mesdames G. B. King and R. J. Cobb.

Misses Annie Perkins and Hellen Perkins assisted Miss Tyson in receiving.

Refreshments were served at 12 o'clock.

## Law as She is Laid Down in Polk.

We are told that a white man and a negro had a row in the yard of the former, over in Polk county the other day, and the white man struck the negro twice on the head with a rock.

The negro threatened to prosecute and the white man offered to pay him \$5 to compromise, but the negro wanted \$50, which was refused, and he then swore out a warrant and haled the white man up before a magistrate. After hearing the evidence the magistrate fined the negro \$5 and costs, upon the ground that a man's house and yard were his castles. The white man then went the negro's security to keep him out of jail.

Great is law as she is interpreted in these amazing days!—Rutherfordton Democrat.

## At Rest.

To-day at 12 o'clock, the spirit of Mrs. Martha A. King, consort of the late Thomas King, took its flight to the better land, where all is peace and rest. Mrs. King had been a great sufferer for some time, but bore it with that Christian fortitude with which she was so richly endowed. She was a faithful and consistent member of the Disciple church at Farmville. She was born on the Turnage farm, near Farmville, the 25th day of April, 1825, being in her 71st year. She had four sons: John M., now dead, Benj. R., Richard W., and Henry T. King, and leaves a large number of relatives and friends to mourn her death. The funeral will take place to-morrow afternoon at 1 o'clock at the family burial ground.

Convention Dates.

Democratic National Convention, Chicago, July 7.

Populist National Convention, St. Louis, July 22.

Silver National Convention, St. Louis, July 22.

Condition of the Treasury.

Washington, July 1.—The Treasury to-day lost \$217,000 in gold coin, of which \$200,000 was for export to Canada. This leaves the true amount of the gold reserve \$101,408,759.

Washington, July 1.—The monthly statement of the director of the mint shows the coinage at the United States mints during June to have been as follows: Gold \$2,471,217; silver \$1,950,693; minor coins \$202,019; total coinage \$4,472,929.

Washington, July 1.—The monthly statement of the comptroller of the currency shows that during June the total circulation of National bank notes was \$225,919,860, an increase for the year of \$14,312,262. The circulation based on United States bonds was \$205,538,929, an increase for the year of \$19,476,831. The circulation secured by lawful money amounted to \$20,374,031, a decrease for the year of 5,164,568. The amount of United States registered bonds on deposit to secure circulating notes was \$228,915,950, and to secure public deposits \$16,928,000.

Washington, July 1.—The Treasury statement of the public debt issued to-day shows the public debt, less cash in the Treasury at the close of the fiscal year to have been \$955,297,254 an increase for the month of \$1,820,854. The debt is classified as follows:

Interest bearing debt \$847,363,890; debt on which interest has ceased since maturity \$1,636,890; debt bearing no interest \$873,728,570; total \$1,222,729,350, which does not include \$547,110,973, in certificates and Treasury notes offset by an equal amount of cash in the Treasury. The Treasury cash is classified as follows: Gold \$144,020,363; silver \$513,398,713; paper \$178,371,621; bonds disbursing officers balances, etc., \$18,114,936, making a total of \$853,905,635, against which there are demand liabilities amounting to \$586,473,539, leaving a cash balance in the Treasury of \$267,432,096.

The Fellow Who Keeps Track of Bicycle Accidents.

"I trust you will not think I am going crazy," remarked a prominent club man, "but I am saving all the clippings I can find about accidents caused by bicycles." With this the speaker cut from a newspaper before him a short paragraph about a man who was riding with his five-year old child in the seat in front of him. The man ran into a railway car, the child fell under the wheels and had its head cut off, and the man died of grief twenty minutes later. The club man continued: "Yes, I find some

rather queer things. I saw in one of my clippings where a Brooklyn rider fell into the East river the other day. His wheel followed him, fell across his neck and held him under the water until he was drowned. A little girl in St. Louis, so I read, was watching her brother inflate the tire of his bicycle. The tire burst, and the little girl was so surprised that she died the following day. In Cincinnati a wheelman ran over a neighbor's dog and killed it. The neighbor came out and beat the rider over the head with his own tool bag and fractured his skull. I lost the run of the clipping at that point, but suppose the wheelman must have died from the blows. Another instance is that of a boy who was coasting down a steep Pennsylvania hill. The crank on his machine broke, he flew to the bottom of the hill, and was thrown down a coal shaft that was sunk at that point. I am trying to sell my wheel now."—Washington Times.

Modern Big Things.

One of the largest checks ever drawn in this country was \$16,000,000 by President Roberts, of the Pennsylvania railroad, in payment of 200,000 shares of Philadelphia, Wilmington & Baltimore railroad stock.

The pavement in front of William H. Vanderbilt's residence in New York city cost over \$40,000. The single stone lying directly in front is the largest known paving stone, and cost, transportation and all, \$9,000.

The largest bronze casting ever made in America is the buffalo's head, which hang at the eastern entrance of the Union Pacific bridge between Omaha and Council Bluffs.

The largest statue in the United States is Bartholdi's "Liberty Enlightening the World," which stands on Bedloe island, New York harbor. The statue alone, without base or pedestal weigh 400,000 pounds.

The highest building in the world, monuments and towers not considered, is the Cologne cathedral. The height of this building from the pavement to the copper tip on the spire is 511 feet.

The great hammer at the Woolwich gun works, Woolwich, Eng., weighs forty tons, and its drop is a sheer fall of forty-four feet three inches.

The 5,000 horsepower pumping engine in the mines at Friedensville, Pa., raises 17,500 gallons of water at each revolution of its gigantic fly-wheel.—St. Louis Republic.

Notes and Opinions.

The Washington Star announces that China will now proceed to pay an installment to Japan out of what she makes by selling fireworks to this country.

A bride in Montreal appeared at the altar with her pet canary fastened to her shoulder by a golden chain. During the marriage ceremony the bird broke into song.

Dog farming is carried on extensively in China. In the northern districts of Manchuria and Mongolia are thousands

of large breeding establishments, and no dog skins in the world can compare with those that come from those parts as regards either size, quality or length and fineness of the hair.

Mlle. Jeanne Benaben, of France, though only 18 years of age, has taken the degree of bachelor of arts from the French College. After her graduation she became a professor of philosophy in a girls' school at Lyons. She was recently a candidate for the important degree of licentiate to philosophy. She emerged from an extraordinarily severe examination third out of two hundred candidates.

A Sultry Obituary.

It wasn't a Missouri editor, but a Missouri printers devil who was going through his first experience in making up forms. The paper was late and the boy's galley mixed. The first part of the obituary of a prominent citizen had been dumped in the form, and the next handful of type came from a galley describing a recent fire. It read like this: "The pall bearers lowered the body to the grave and as it was consigned to the flames there were few, if any regrets for the old wreck had been an eyesore to the town for years. Of course there was individual loss, but that was fully covered by insurance. The widow thinks the editor wrote the obituary that way because the lamented partner of her joys and sorrow owed him five years subscription.

The Philadelphia Ledger reminds the South that in demanding the free coinage of silver she is exposing her poverty. Well, we are not too proud to acknowledge that we would like to have some more cash, for if we had, aside from doing considerable good, we could have lots more fun.—Wilmington Star.

Strawber—"What is your object in constantly increasing the number of your debts?"

Singerly—"I want to be sure that when I die I shall be universally mourned."—N. Y. Herald.

First Convict.—What is the new man in for?

Second Convict.—Embezzlement. They caught him doctoring his books after he had been at it just three weeks.

First Convict.—Doctoring his books and caught in three weeks? He must be a quack.—Puck.

Here is something to note. New York Financial Chronicle finds the South leads in railroad gains. It puts it this wise; South, gains 6 per cent., first four months, in 1896, over 1895; North loses 3 per cent. This, too, with a reduced cotton crop and the West with great grain crops.—Wilmington Messenger.

Charles Broadway Roass, the chief contributor and chief spirit in the Southern Battle Abby movement, offers \$1,000,000 to the person who restores his sight. And now comes the opinion from Atlanta's distinguished oculist that his case is hopeless, it is painful to think of the despair and agony of the man who is led to make such an offer. In his affliction, which blinds him to his gift of love to the South, he will at least have the comfort of deep sympathy of all its people.

## NORTH CAROLINA FOR SILVER.

Platform Adopted by the Democratic State Convention.

Whereas the Democratic party had its birth in Mr. Jefferson's great contest against the centralization of the powers of the Federal Government, and in behalf of the strict construction of the Federal Constitution embodied in the tenth amendment thereto, in which all power not delegated to it were expressly reserved to the States, respectively, or to the people, and whereas, the Republican party has ever been the party of centralization, resolved

1. That we appeal to the people to observe this fundamental difference between the Democratic party and its traditional enemy in respect to the powers of the central government.

2. That the Constitution of the United States recognizes both gold and silver as the primary or redemption money of these States, and that, in the words of the National Democratic platform of 1884, "We believe in honest money, the gold and silver coinage of the Constitution, and a circulating medium convertible into such money without loss."

3. We favor, independently of other nations, the free and unlimited coinage of silver and gold, without discrimination against either, at the present legal ratio of 16 to 1, and we condemn the system which in a time of peace, with millions of silver bullion lying idle in the Treasury, has forced the government within the short period of two years, to issue \$262,000,000 of bonds, entailing this enormous debt upon the people, in order to maintain its credit upon a single standard and a gold basis.

4. We condemn the action of the Secretary of the Treasury in following the Republican precedent of paying the obligations of the Government in gold which were specifically made payable in coin.

5. We hereby instruct our delegates to the National convention, both as to platform and candidate, to advocate and vote as a unit, unflinchingly and at all hazards, for the restoration of silver, and otherwise in obedience to the letter and spirit of the principles herein enunciated.

We further instruct our delegates, State and district, to use all their efforts to abrogate the two-thirds rule, if necessary to secure the nomination of a candidate in complete, in hearty, and in known accord with the principles herein enunciated by us.

6. We warn the people against the threatened combined evils of the gold standard and the McKinley Tariff. These twin monsters go hand in hand in their mission of destruction, drawing the very sustenance from the body of the people, and concentrating all wealth and power in the hands of a few.

7. We denounce the McKinley Tariff and all other forms of protective tariff legislation, and favor the constitutional tariff for revenue only.

8. We favor the repeal of the unconstitutional tax of ten per cent. on State banks of issue.

9. We declare ourselves in favor of a graduated income tax in order that wealth may bear its due proportion of the burden of supporting the government, and we favor an immediate amendment of the Constitution of the United States authorizing its levy and collection in express terms, leaving nothing for judicial construction.

10. We are unalterably opposed to legislation by which monopolies and trusts are created and fostered. We insist upon the faithful execution of the existing laws against the same, and upon such further legislation as may be necessary for their suppression.

### STATE AFFAIRS.

11. We point with pride to the economic and stainless administration of the State government whenever Democracy has been in power.

12. We favor the enactment of such an election law as will secure the purity of the ballot, and for the maintenance and protection of the right of suffrage to all the citizens of the State

13. We favor the continuance of the system of public education established by the Democratic party, and pledge ourselves to its increased efficiency as the condition of the people and public revenues may justify.

14. We favor the prompt, impartial and just administration of the criminal law of the State, and point with pride to the fact that a Democratic legislature first enacted a law against lynching, and that the faithful execution of the same has virtually suppressed that crime in the State.

## PEACE FOR YOUNG LADIES,

No superior work done anywhere, North or South. It has now the best faculty it has ever had. The advantages offered in Literature, Languages, Music and Art are unsurpassed. Address

We cordially invite all men, regardless of former political associations, to unite with us, in a fight to the finish for free silver, for low taxes, for higher prices for agricultural products, for the economical administration of government, and for the freedom and individual sovereignty of the American citizen.

We declare our belief that the peace, prosperity and happiness of the people of North Carolina depend on the defeat of the Republican State ticket in the coming election.

The bicycle craze has all sorts of phases. The wheel is such a new institution that it will be a good while before all of its possibilities, immediate and indirect, are developed. A rather interesting collateral incident of the cycling fad has just developed in Jersey City. Walter C. Thomas, of the Pullman Palace Car Company, had a wife—mark the language: had a wife—who sometime ago caught the bicycle fever and her husband bought her a wheel. His friend, Mr. Joseph R. Berm, who is an expert, volunteered to teach Mrs. Thomas how to ride, and taught her so well that on the 5th of May she rode off and has not yet gotten back. In the divorce proceedings Mr. Berm is named as correspondent. The bicycle has broken many a neck and arm and leg, but this is the first instance of its having broken up a home.

## CATARRH.

His Worst Enemy Defeated by  
**P. P. P., Lippman's  
Great Remedy.**

FOR THREE YEARS HE SUFFERED—COULD  
HARDLY BREATHE AT NIGHT—ONE  
NOSTRIL CLOSED FOR 10 YEARS.

Mr. A. M. Ramsey, of DeLeon, Texas, was a sufferer from Catarrh in its worst form. Truly, his description of his sufferings seem little short of marvelous. Instead of seeking his couch, glad for the night's coming, he went to it with terror, realizing that another long, weary, wakeful night and a struggle to breathe was before him. He could not sleep on either side for two years. P. P. P., Lippman's Great Remedy, cured him in quick time.

DE LEON, TEXAS.  
Messrs. LIPPMAN BROS., Savannah, Ga.  
Gents: I have used nearly four bottles of P. P. P. I was afflicted from the crown of my head to the soles of my feet. Your P. P. P. has cured my difficulty of breathing, smothering, palpitation of the heart, and has relieved me of all pain. One nostril was closed for ten years, but now I can breathe through it readily. I have not slept on either side for two years; in fact, I dreaded to see night come. Now I sleep soundly in any position all night.

I am 50 years old, but expect soon to be able to take hold of the plow handles. I feel glad that I was lucky enough to get P. P. P., and I heartily recommend it to my friends and the public generally.

Yours respectfully,  
A. M. RAMSEY.  
THE STATE OF TEXAS—County of Comanche.—Before the undersigned authority on this day, personally appeared A. M. Ramsey, who, after being duly sworn, says on oath that the foregoing statement made by him relative to the virtue of P. P. P. medicine is true.

A. M. RAMSEY.  
Sworn to and subscribed before me this August 4th, 1891.

J. M. LAMBERT, N. P.,  
Comanche County, Texas.

The Baptist Sunday School went down the river on steamer Myers this afternoon, on their annual excursion. Quite a large party was on board, and they left anticipating a nice time. The rain that came since their departure will probably make it damp for the excursionists.

Five to One.

Some gentlemen were taking a mental census to-day of the number of widows and widowers among the white population now resident in Greenville. They gave us the result of their investigation, number of widows being placed at 40 with only 8 widowers. Thus widows outnumber the widowers 5 to 1.

Town Matters.

The Board of Town Councilmen held their regular monthly meeting Thursday night. Beside the allowing of accounts, which has grown to be a voluminous part of their work, about the only item of much importance was the passing of an additional section to the ordinance prohibiting the erection of wooden buildings on Evans street. The new section make the first violation of the ordinance punishable by a fine of \$50 and 30 days imprisonment in the county jail, and for any subsequent violation the penalty is imprisonment.

Earns Its Way.

A home paper is in no sense a child of charity; it earns twice over every dollar it receives, and is second to no enterprise in contributing to the up-building of a town or community says a western weekly. Its patrons reap far more benefit from its columns than do the publishers, and in calling for the support of the people of the community in which it is published, it asks no more than in all fairness belongs to it though it generally receives less.—Salisbury Herald.
