TIME TO CONSIDER.

W^h the Populists of this District, for the Sake of Electing One Man, Surrender Their Principles?

"I went into the Republican National convention, and after carefully studying the situation I became convinced that free silver will not give the country prosperity."—Senator Pritchard at Newbern, August 25th

"Senator Pritchard has the option of choosing between Populist support in North Carolina and goldbug support from Wall street. Let him choose this day whom he will serve."—Editorial in Caucasian, April 16th.

Above we give an extract from Senator Pritchard's speech at New Bern four days ago. We also quote a paragraph from an editorial in the Caucasian on April 16th. It will be seen that Senator Pritchard has chosen, and that he has fallen in line with Wall street.

And yet in the face of these facts we have the spectacle of the Populist Congressional Convention in this district endorsing him. This looks like some body has sold out the Populists in the first district. No man can deny that it looks as if somebody for the sake of getting votes to elect him to an office has gotten the Populists of this district to endorse a man who now publicly declares against free silver.

But some say they only endorsed his past conduct and that this is alright because he voted with Butler on everything. How about this? It will be remembered that the Republican convention in Raleigh endorsed Pritchard and named him to succeed himself. Following this the Republican Executive Committee issued an address to the Republicans of the State advising fusion with the Populists provided the members of the Legislature agree to vote for the nominee of the Republican caucus for Senator. Then the Republican Executive Committee of this district met in Edenton at the same time of the Populist Convention and since have issued a circular saying that since the Populists have agreed to the conditions that the Republicans are advised to fuse with them (Populists) in every county in the first district.

If this does not mean that Pritchard is to be voted for to succeed himself then it means that some body is to be elected promising to do so, and then repudiate that promise and vote for some one else.

The question whether the Populists of this district simply for the purpose of electing one man to a good fat office, are going by their actions to stamp themselves as traitors to the cause which they have so strenuously advocated and which now seems to be in immediate prospect if they remain true to their former demand—free and unlimited coinage of silver.

Gentlemen it is time you were considering these things and in the language of that grand champion of free silver, W. J. Bryan "Let your ballots express your desires upon this great issue."

BE CAREFUL WHAT YOU SAY.

In speaking of a person's faults
Pray don't forget your own;
Remember, those with homes of glass,
Should seldom throw a stone.
If we have nothing else to do
But talk of those who sin,
'Tis better we commence at home,
And from that point begin.

We have no right to judge a man,
Until he's fairly tried;
Should we not like his company,
We know the world is wide.
Some may have faults—and who has
not?

The old as well as young;
Perhaps we may for aught we know,
Have fifty to their one.

I'll tell you of a better plan—
You'll find it works full well;
To try your own defects to cure
Before you others' tell.
And though I sometimes hope to be
No worse than some I know,
My own shortcomings bid me let
The faults of others go.

Then let us all when we commence
To slander friend or foe,
Think of the harm one word would do,
To those we little know.
Remember curses, sometimes like
Our chickens, "Roost at home,"
Don't speak of others faults until
We have none of our own.

Sperintendent Wells Cowed.

Charlotte, N. C., August 26.—
Suptendant P. T. Wells, of the Charlotte, Columbia and Augusta railway, was cowed here this afternoon about 3 o'clock by Charles G. Hoffman a wellknown conductor of the same line. Hoffman had been told yesterday that Wells said that he and the ticket agent at Fort Mills, S. C., wanted to whack up on tickets—the latter sell the tickets and the former not punch them. Wells and several other superintendents of division and Manager Green came to Charlotte this morning to conduct a railroad examination. About 3 o'clock, while the examination was going on, Conductor Hoffman entered the room and after cursing Wells roundly, struck him twice across the face with a cowhide and then slapped him in the face. Wells did not rise from his chair, nor did he say anything but deny having made the accusation against Hoffman. The railroad men present pulled Hoffman off Wells. Talk is rife among the railroad men of the affair. Hoffman has been a freight conductor on the road for six years.

Model Factory.

To-day Pat Gorman showed us through his tobacco prizery which has just been fitted up with the best improved drying and ordering machinery. Under this new equipment the handling capacity of the factory has been increased nearly three fold with a working expense of only about half of what the old system cost him. His plant is complete in every particular and Pat will now be one of the active hustlers on the market.

WASHINGTON LETTER.

(From Our Regular Correspondent.)

WASHINGTON, Aug. 28th, 1896.

Everybody around Democratic headquarters has worn a broad smile ever since Mark Hanna's interview, trying to hedge on the silver question, was published. Senator Faulkner says of that interview: "I never saw a more significant interview appear during a campaign. Mr. Hanna virtually admits now that unless he can force some other issue to the front he is beaten on the currency issue. He recognizes, what is the absolute truth, that the great masses of the United States, in the west especially, are bimetalists. He sees that they will have nothing to do with a single gold standard, and he proposes now, with the election only ten weeks off, to swing around and try to undo the work of the Republican convention by claiming that there is no hostility to silver in the Republican platform. He admits the Democratic contention that bimetalism is the proper thing for this country, but I do not think that he can fool the people by his profession of friendliness at this late day."

Not a little amusement has been the result of the Henry Watterson boom for the gold bolters Indianapolis nomination. Should Watterson head the ticket President Cleveland would probably decline to support him for personal reasons, as there has been ill will between the two men since early in the first Cleveland administration, but as most of the bolters are Cleveland men Mr. Cleveland will most likely be able to head off the Watterson boom.

The literary bureau of the Democratic National Committee, which was organized this week, will do its work in connection with the Congressional committee. Mr. Clark Howell, of the Atlanta Constitution, is the head of the bureau, but the exigencies of the State campaign in Georgia will prevent his remaining in Washington until after the state election and Representative Richardson, of Tennessee, is in charge. Before returning to Georgia Mr. Howell said of the literary bureau: "This department will do its utmost to meet every reasonable demand for campaign literature. It is important that Chairmen of State Committees and that Democratic leagues and other organizations wishing literature should communicate with us at once, indicating the character of literature desired. We are prepared to supply campaign material with special reference to the currency question, the bond issues, the income tax, and other matters of like character. The Committee is not overburdened with money, and for the reason it will concentrate its attention as far as possible to the doubtful States."

One of the busiest places in Washington is the headquarters of the National Association of Democratic Clubs. The formation of Bryan and Silver Clubs in all sections of the country are daily going on at an unheard of rate, even at McKinley's home, as may be

seen by the following extract from a letter received from the Secretary of the Bryan Free Silver Club of Canton, Ohio: "This Club is the central organization of the city and county. We have in the city at this time four other Bryan free silver clubs that are auxiliary to this. These clubs are composed of members of all parties. Party politics and party names are scarcely mentioned here any more. They are either "goldbugs" or "silver men," and the "silver men" outnumber the "goldbugs." I feel certain that McKinley's own ward, city, county and state will be carried for Bryan.

Secretary Hoke Smith, who will solely because of his determination to support the regular democratic ticket add the prefix "ex" to that title, next week, did not at first intend to take any active part in the campaign, but in answer to numerous requests he has agreed to take up the stump in Georgia for the State and national tickets. Missouri democrats in Washington regard the selection of ex-Gov. Francis as Secretary Smith's successor as an attempt to throw that state to McKinley by building up the strength of the gold bolters. Some of them say that Gov. Francis had almost made up his mind to come out for Bryan when he was tendered this position, although he says he intended to oolt from the first and was only waiting for the proper time to make the announcement. It is not thought in Washington that Gov. Francis will take the time necessary to familiarize himself with the intricate affairs of the Interior Department, but will devote his time to politics, allowing his competent corps of subordinates to run the department.

INTENDED TO DECEIVE.

The last plank of the Populist platform adopted at their State convention is too bare faced a piece of hypocrisy to deceive even the most ignorant. It is in the following words: "In order to keep our public servants in thorough touch and sympathy with the oppressed masses and to check, to some extent, the scramble for office, we demand a reduction of salaries until such time as through an increase of the currency the price of property and products will justify the present rate."

If our Populist friends are really sincere in their demands for "a reduction of salaries" why did they not enforce this demand when they had the power? In other words, why did not the last Legislature, in which they were all powerful, pass a law for the reduction of salaries?

Please answer, why? Even if the next Legislature should pass a law for the reduction of salaries it could not apply to the officers who will be elected next November, because no officer's salary can be reduced during the term for which he was elected. In other words, the Governor and other State officers elected next November will be entitled during the whole of their term—for the next four years—to the same salaries that are now paid to our present Governor and other State officers. And the next Legislature cannot reduce their salaries. But the last Legislature could have reduced them!

Why? Because the last Legislature could have legally passed a law for a reduction of the salaries of all officers hereafter to be elected, and if such a law had then been passed it would have reduced the salaries of the officers who will be elected this year.

But why did not the Populist platform, in the above quoted plank, also demand a reduction in the fees of all officers? Why apply the reduction only to those officers who receive salaries? Why not reduce the fees of the county officers—of the clerks, sheriffs and registers? Was this omitted from the above plank because there were so many of these county officers present as delegates at this convention?

It is a well known fact that the fees of our county officers are a much greater burden to the people than are the salaries of our State officers. And

it is equally well known that the fees now paid county officers will buy more of the necessities and comforts of life than ever before, and that many of these officers are now making more money than any of their predecessors ever did. It is strange and surprising, therefore, that the Populist State convention did not demand a reduction in the fees of these county officers as well as a reduction in the salaries of our State officers. And it is still more surprising that the last Legislature, when it had the power, did not then make a reduction in both fees and salaries, so that this reduction could begin with and apply to all officers who will be elected this year —Chatham Record.

A Tide Turned.

The Charlotte News says rather an odd thing is going on in express circles now. Peaches are being shipped from the north to Georgia and Florida. There was a solid car load of Delaware peaches in the vestibuled train this morning for points in these two States. Beginning early in the spring, Georgia and Florida send train loads of peaches daily to the north and keep it up as the crop lasts. The southern peaches are now gone, the tide has turned and the shipments are coming from the north.

CATARRH.

His Worst Enemy Defeated by

P. P. P., Lippman's

Great Remedy.

FOR THREE YEARS HE SUFFERED--COULD

HARDLY BREATHE AT NIGHT--ONE

NOSTRIL CLOSED FOR 10 YEARS.

Mr. A. M. Ramsey, of DeLeon, Texas, was a sufferer from Catarrh in its worst form. Truly, his description of his sufferings seem little short of marvelous. Instead of seeking his couch, glad for the nights coming, he went to it with terror, realizing that another long, weary, wakeful night and a struggle to breathe was before him. He could not sleep on either side for two years. P. P. P., Lippman's Great Remedy, cured him in quick time.

DE LEON, TEXAS.

Messrs. LIPPMAN BROS., Savannah, Ga. Gent: I have used nearly four bottles of P. P. P. I was afflicted from the crown of my head to the soles of my feet. Your P. P. P. has cured my difficulty of breathing, smothering, palpitation of the heart, and has relieved me of all pain. One nostril was closed for ten years, but now I can breathe through it readily. I have not slept on either side for two years; in fact, I dreaded to see night come. Now I sleep soundly in any position all night. I am 50 years old, but expect soon to be able to take hold of the plow handles. I feel glad that I was lucky enough to get P. P. P., and I heartily recommend it to my friends and the public generally.

Yours respectfully,

A. M. RAMSEY.

THE STATE OF TEXAS--County of Comanche--Before the undersigned authority on this day, personally appeared A. M. Ramsey, who, after being duly sworn, says on oath that the foregoing statement made by him relative to the virtue of P. P. P. medicine is true.

That bond issues in times of peace shall cease.

That the government, and not the banks, shall issue the paper money.

That the tariff shall be for revenue only.

That there shall be an income tax.

That immigration be restricted.

That the powers of the interstate railroad commission shall be increased.

The extravagance of republican congresses is denounced.

Interference by the federal government in local affairs is condemned.

Government by injunction and rule of the courts by contempt proceedings are denounced.

Refusal of congress to refund the Pacific debts is approved.

The ruling of the pension commissioner against arbitrarily dropping names from the rolls is endorsed.

The admission of New Mexico and Arizona is approved.

Sympathy for Cuba is expressed.

Life tenure in office is condemned.

Devotion to civil and religious liberty is proclaimed.

Arbitration of strikes is recommended.

REPUBLICAN PLATFORM.

The preamble is an arraignment of the democratic party, which is charged with causing all the hard times, bond issues, etc.; and the party's record is held up for comparison with that of the republicans.

Two Old Ladies in Cleveland.

There are living in this county two old ladies, sisters, aged 73 and 75 years who make their own living. They live alone and do their own planting and reaping. Some years ago they allowed a stack of oats to remain in the field (because they did not need it) until it was so surrounded by little trees that it was necessary to cut a road to get to it. They now have corn, fodder and other products several years old. It is said they have in their house, a new cook stove and bureau that have never been used and that are kept covered with quilts as a protection from dust or rust. They are hale and hearty and set an example of industry that many men would do well to follow.—Shelby Aurora.

Bold Robbery.

Early Friday night two thieves robbed the money drawer at the store of B. F. Anderson, two miles from Greenville. Mr. Anderson had gone home leaving the clerks at the store. While they were engaged near the front the negroes went in at the back door, broke open the money drawer, grabbed a bag containing about \$150 and fled. The clerks chased them across the field to woods and failing to catch them came over to town to report matters to Sheriff and have him telegraph for blood hounds. A party was made up and went back to search for the thieves, and just before day they were found at Staten's mill, one of them asleep on top of the boiler. The negroes, who gave their names as Tom Huggins and Tom Clark, have been placed in jail. They had been loafing about Mr. Anderson's store for several evenings and had evidently seen him put the bag of money away. After the arrest they told where the money was and most of it was recovered they claiming to have dropped the bag and lost part of it.
