OTHER LOCALS.

The merchants are looking for a good fall trade, and those who advertise will get it.

The colleges of the state are reporting large openings for the fall session, with more pupils than a year ago.

It is a subject frequently referred to in these columns but will bear mentioning again, to wit: Greenville needs a Board of Trade and needs it bad.

The Reflector office has just printed the annual catalogue of the Riverside Nurseries. A postal card sent to Alen Warren & Son will secure a copy.

Newberne has an afternoon daily, the Chronicle, just started by C. L. Gaskill. The first number has been received and it is a neat paper indeed.

The large farm implement factory of S. R. White & Bro. Norfolk, was destroyed by fire Wednesday night. About twenty five other houses were burned.

The financial statement of Greenville for the last fiscal year appears in the REFLECTOR today. You can read it and see to whom the money of the town was paid.

The Ladies Aid Society of the Baptist Church were entertained by Mrs. P. E. Dancy at Hotel Macon on Thursday evening. Those present report an occasion of much enjoyment.

Riverside Nursery sent the REFLECTOR a grape twig about 20 inches long that had 17 large clusters of grapes on it. They were as fine a cluster of grapes as we ever saw.

Frank Wilson has just placed five nice clothing display counters in the centre of his store. They are quite a convenience and show his handsome line of clothing to good advantage.

The negro outlaw, John Koonce who was captured in this county last Friday, and had to be shot twice while being taken, died at Washington Wednesday evening. His leg had to be amputated and he never recovered from the operation.

The Mexican Dollar Trick.

The financial fakirs have launched a new trick through the press—the Mexican dollar that in this country won't pass over fifty cents, while the American dollar, containing less silver, passes for one hundred cents. They say that it is because there is behind the American silver dollar a gold dollar. The reason that the American dollar is worth 100 cents in the United States is not because there is a gold dollar behind it to redeem it, for there is no such thing. It is because it is receivable by the United States for all taxes and dues. In Mexico the Mexican dollar is worth 100 cents for precisely the same reason. It will buy as much in Mexico as a United States dollar will in the United States. A man going to Europe would take neither of the two with him, but one is as good as the other.

Notice.

I take this method of declaring myself an Independent candidate for Register of Deeds of Pitt county. If the voters of the county endorse my action by electing me I will serve them faithfully. C. O. BROWN.
Winterville, N. C., Sept. 4th, 1896.

Administrators Notice.

Having qualified according to law as administrator of Jesse Brown deceased, late of Pitt County and State of North Carolina, all parties having claims against his estate are hereby notified to present them to me for payment within twelve months from the date of this notice or it will be plead in bar of their recovery. And all parties indebted to said estate are notified to make immediate payment of same.
This August 28, 1896.

MAJ. HARDING FOR REGISTER OF DEEDS.

FALKLAND, N. C., Sept. 3, '96.

MR. EDITOR:—On Thursday, Sept.

10th the Democratic party will be called upon to select its leaders for the coming campaign and if the party will be wise in the selection of its candidates it is quite probable that the Democratic party will score a victory in the next election. Let them select the strongest, most able men to be the standard bearers. Major Henry Harding, as the nominee for Register of Deeds, would make a gallant fight for the principles of the party. A more vigorous campaigner, a more able debater and a man who would add more strength to the ticket could not be found in the county.

Maj. Harding is a conservative man and exceedingly popular with the masses, and his highly honorable character matched with his ability to make a vigorous campaign peculiarly fits him to be the standard bearer of his party in the coming fight.

We are now passing through a very strategic period of political development, a period which requires men of special fitness and experience to assume the attitude of a campaign leader. Let us all come to the convention with one accord to nominate that able aggressive and popular gentleman, Major Henry Harding. The strength which he will add to the ticket, the vigorous energy with which he will enter the campaign peculiarly fits him for it. Now let the Democratic party make him their nominee and he will make a gallant and able fight for Democracy, and on election day when the polls have closed and the votes counted the name of Henry Harding for Register of Deeds will be counted as victorious.

DEMOCRAT.

Come East, Young Man.

The Danville Tobacco Journal rather sneers at the dispatch recently in the Raleigh News and Observer from this place, because it stated that 125,000 pounds of tobacco were sold on the Greenville market in one day with the sales commencing as 9 A. M. and lasting until 4 P. M. The Journal closes its remarks with, "we can't just see how, with single, or double sales either, as far as that matters, a market like Greenville, where the piles will not average over 60 pounds, can sell this amount of tobacco in one day, between 9 A. M. and 4 P. M."

There are a great many new ideas that the Journal man could learn that would be of interest to his Danville readers if he would come down east and spend a few days. On this market the piles will average much over 60 pounds and here we sell just about twice as many piles per hour as is sold in Danville. This accounts for the Greenville market selling so much in one day. The Eastern markets of North Carolina are a long ways ahead of the older markets when it comes to expediting business.

Some Conundrums.

Why does a duck put its head under the water?

For divers reason.

Why does it take its head out of the water?

For sun-dry reasons.

Why does it come out altogether?
