**Tribute to Miss Claudie Spain.**  
When the sad news reached her circle of many friends and the friends of the family last week that Miss Claudie Spain was dead, it was a shock, a thunder bolt from a cloudless sky. When the grim hand of death invades the home and claims a victim there, it is always sad but when a young person just entering upon a life full of hope, whose sky is gilded with the roseate tinge of promise is stricken down we can but wonder at the marvelous works of the Divine Creator.

She was just entering the 25th year of her life; a young woman possessed with many lofty, amiable, admirable traits of character, of the highest true christian type, she always made friends by her depth and firmness of character, and kept them unto death. No one that ever knew Miss Claudie Spain has anything but kind words to speak of her life, and, while it was cut short ere its noon day, yet there is a sweet thought that always follows such lives that brace up and gives encouragement to the grief stricken ones left behind. And to the aged parents who in this their sad hour of sore bereavement feel that their burden is almost more than they can bear, and the heart-sore brothers and sisters who feel very keenly their loss, we would remind you that her life was a shining example of the christian faith and that beyond this veil of tears unseen by mortal eye, she has gone to claim her reward in a life that is unmeasured by the flight of years.  
A FRIEND.

**Resolution of Respect.**

Whereas, It has pleased Almighty God on the 18th day of September 1896, to call our esteemed brother, Henry W. Brown, from Labor to Rest, who has been a member of Greenville Lodge No. 284, A. F. & A. M., and an ever ready supporter of the principles and works of Masonry:

Resolved 1. That we bow in humble submission to this ruling of the great Architect of the Universe, who we trust has taken our deceased brother from this earthly abode to that temple not made with hands, eternal in the heavens.

Resolved 2nd. That we tender to the widow, sons and daughter of brother Brown our profoundest sympathy in this their saddest day of bereavement and an assurance of our interest in their welfare through the days that they shall live to perform the duties of life.

Resolved 3rd. That these resolutions be spread upon our minutes and a copy of the same be sent to the widow and family of the deceased and to the EASTERN REFLECTOR and Kings Weekly for publication.

Resolved 4th. That the members of this Lodge be requested to wear the usual badge of mourning for thirty days.

**Died.**

The little child of Mr. Levi White, head, superintendent of the railroad bridge here died Monday evening. The remains were taken to Dudley today for interment.

The death of this child was under somewhat peculiar circumstances. It was perfectly well Sunday evening and while sitting in a small chair rocking itself, struck the back of its head against the top of the chair. Soon after receiving the blow, which seemed to be only a light one, the child commenced having convulsions and never recovered.

Elegant lines of fresh hand made candies just received.

**Will Present the Diploma to the State Library.**

Some months ago Mrs. R. R. Cotten, of Falkland; received a very handsome diploma and bronze medal from the World's Fair committee on awards for a collection of books written by North Carolina women which she had on exhibition at the fair. Mrs. Cotten spent much time and labor in getting up the collection, and the award it received is very complimentary both to her and the State. The name of each author represented in the collection, as well as Mrs. Cotten, appears in the diploma. This week the diploma will be presented to the State Library at Raleigh.

**Joint Debate.**

Hon. J. B. Respass and Hon. J. H. Small, Republican and Democratic Electors of this district, spoke in the Court House here this afternoon to a crowd of about 250 people. Both gentlemen made good speeches on their respective sides of the political issues confronting us today, the former taking a stand for high tariff and against free silver, and the latter advocating the free and unlimited coinage of silver as the great issue confronting the American people. Owing to the late hour at which the speaking closed we are prevented from commenting upon the speeches today.

**Fetching High Prices**

There was a bit of scrap out on one of our warehouse floors today that did not belong regularly on the order of sales. As we hear it, a young colored fellow was using his lip rather freely and a white man sent his fist out to feel of it. Mayor Forbes knocked the scrap off at \$4 in favor of the town.

The REFLECTOR office has been furnished with one of the long distance telephones for use on the Farmville line. It works fine locally and will no doubt do as well on the through line.

The REFLECTOR has been presented by J. A. Crawford, representative of the Knight Templars and Masons' Life Indemnity Co., of Chicago, with a very handsome metal paper cutter. It is about 10 inches long and a fac simile of a Knight Templars sword. We prelate it very highly.

A Month Before Election.

Chicago, Oct. 3.—A month before election day finds all parties firm in their declaration of confidence in the success at their respective polls.

"The whole thing hinges on what the labor element may do," said Mr. Stevenson of the National Democratic party. Eighty-five per cent. of the farmers are for free silver.

At Democratic national headquarters it was stated that convincing evidence is daily accumulating that Bryan will sweep the Southern, Western and Central Middle States. This claim is not based on reports of enthusiastic politicians but is the result of careful investigation and very careful canvasses made in debatable territory by national, State and local managers of the free silver campaign.

For the Benefit of Those Who Haven't Any.

A clergyman was anxious to introduce some hymn-books into the church and arranged with his clerk that the latter was to give notice immediately after the sermon.

"All those who have children whom they wish to have baptized please send their names at once to the clerk."

The clergyman, who was stone deaf, assumed that the clerk was giving out the hymn-book notice, and immediately arose and said:

"And I should say, for the benefit of those who haven't any, that they may be obtained at the vestry any day from 3 to 4 o'clock; the ordinary little ones at one shilling each, and the special ones with red backs at one shilling and four pence."—Christian advocate.

It is high time for Democrats to stop so much quibbling over rumors of this man coming down or that man's to be withdrawn—rumors which are started for the purpose of weakening the ticket and destroy confidence—and get down to united, solid work.

Luxury of Doing Nothing.

Does the busy housewife ever realize the luxury of doing nothing? Seldom, I fear, for the modern Martha is troubled with many things—so occupied is she with her nursery, her kitchen and her needlework that she regards a half-hour spent in restful idleness as something very like a crime.

Sit down in a big, comfortable arm chair—not a rocker, that refuge of nervous American women—but a roomy, lounging chair; close your eyes; smooth out the lines from brow and mouth, and let the ever-busy hands lie idly in your lap, relax every muscle and make an effort not to think even—don't plan how to renovate Mary's school dress or speculate whether your winter bonnet will bear a second renewal—let your mind be, if possible, an absolute blank.

And, best of all, such repose does more to keep a woman young—a fact, I know, which appeals to all my sex that have passed the Rubicon of 30—than any process yet derived by cleverest masseuse or most skilled complexion specialist.—Philadelphia Record.

Slander.

There is a common impression abroad that one may circulate a slanderous statement about another provided the statement is not made as a fact, but is merely reported as something which was heard from another.

Died a Poor man.

A petition was filed in the probate court here today which shows that Allen G. Thurman was badly in debt when he died.

They ask that certain real estate be set aside for sale to pay the debts. These, they say, amount to nearly \$50,000. A mortgage for \$13,000 is held against the estate by the Prudential Life insurance Company, and one for \$22,000 by the Northwestern Insurance Company.

When there's rain or snow or sleet?  
Will she help us in the wagon?  
Will she bait our fishing hook?  
Will she step into the water  
That we dry may cross the brook?  
Will she seize a rail and rescue  
When the lully chases us?  
Will she push the wheezy rower  
Every eve and make us fuss?  
Will she run the locomotive,  
Shovel coal and handle brakes?  
Will she level mounds and forests?  
Carry litters for the snakes?  
Will she march to bloody battle,  
Snap her fingers at the hurts?  
Well, figures not—she will merely  
Hide behind her husband's skirts.  
—Le Cone in New York Sun.

Above all things, railery decline;  
It is in abject hands a dangerous  
tool, but never fails to wound the  
meddling fool.—Stillingfleet

tradition, could repeat all the pro-  
verbs to his collection.

# Wilson Air-Tight Heater.

With Patent Automatic Smoke Doors.

The Wilson Heater, which is a stove for house heating, is the most remarkable that has ever been patented.

In the first place it radiates more heat than any stove known, and will save 25 per cent. in fuel over any stove made.

Second, with two or three ordinary sticks of pine stove wood it will keep the fire from 36 to 48 hours, and with ordinary care the fire will never go out.

Third, being entirely closed at the base there is no danger of fire, and it is the cleanest stove in use. It is not necessary to remove the ashes oftener than once a month. These stoves are made of different styles—the small one, which is made for bed rooms, is specially recommended for health as well as comfort.

The Wilson Heater has a great advantage over any similar stove, because it has Patent Automatic Smoke Doors, which prevent the smoke from coming into the room when you take the top off to put in the wood. These doors are so constructed that they can be taken off and put back on in one minute. These stoves can be seen our store, come and look at them.
