### EDITORIAL NOTES.

Sound money Democrats in Georgia have deserted Paimor and Buckner for McKinley. That is the chief object of the sound money men in all the States—working for McKinley.

The Philadelphia Record, a rank Republican paper, is frank enough to admit that the fusion on electoral tickets throughout the country between Democrats and Populists gives the former 218 electors and the latter 90, with Georgia and Kansas not counted. Then it looks like, by adding these two together, that Bryan will get a big majority of the electoral votes. Of course both Democratic and Populist electors will vote for Bryan.

Some idea of the silver sentiment in the west may be had from the fact that the Chicago Dispatch, the only silver daily paper in that city, increased in circulation from 67,600 to more than 100,000 in twenty days.

It is significant that not a single labor paper throughout the country is supporting McKinley. Every labor organization and the labor organs are strong advocates of Bryan. In some instances workmen will vote for McKinley, but where this is the case they are coerced by their employers. Many a laborer has been threatened with discharge if he does not vote for McKinley.

### Marriage at Salisbury.

Salisbury, Oct. 21.—Mr. Olen E. Warren, of Greenville, and Miss Mattie L. James, of this city, were united in matrimony at the First Presbyterian church at 7:30 o'clock this evening. Dr. W. H. Leith, of Morganton, performing the ceremony. The church and Sunday school room were crowded with spectators to witness the impressive service. The ushers were: Messrs. B. G. Hall, Clarence McNeely, Joe James, of Macon, Ga.; Henry T. Simpson, Mr. S. B. Miller, of Statesville, was best man, and Miss Myrtae James, sister of the bride, was lady's maid. The wedding party arrived at the exact hour and marched down either aisle in the order above given to the strains of the wedding march. Arriving at the altar they were made man and wife, Mr. Warren was for some time, several years ago, a resident of Salisbury, and won many friends by his gentlemanly conduct. Miss James was one of Salisbury's popular young ladies, and a host of friends who will regret to lose her. The bride and groom left on No. 12 for Greenville, their future home. They have the best wishes of all for a happy and prosperous life.—Charlotte Observer.

Olen E. Warren and bride (nee Miss Mattie James, of Salisbury) arrived here on Thursday evening's train. The "Judge's" host of friends extend congratulations to him and bid his bride a hearty welcome to Greenville.

### Alarm But No Fire.

There was considerable excitement here this morning over an alarm of fire. It came from the residence of A. L. Blow, near the Baptist church. The fire companies with their apparatus, and a large number of citizens rushed up there but they found no fire. It seems that a servant had gone up stairs to clean up one of the rooms and upon opening the door found the room full of smoke. This frightened the family and the alarm was given. The only way the smoke in the room is accounted for, is that the draft of the chimney had become choked and smoke coming from a fire in the dining room below made its escape through the fireplace in the room above.

### Something About 'Fake' Advertising.

It is astonishing how many business men can be talked into taking space in a chart or frame or register or some other thing that has no excuse for existence. A schemer will get more for his worthless card than the publisher of a weekly paper with a good circulation would except for a whole month's insertion. It is people who have been thus duped that complain that advertising does not pay. As there seems to be no way to stop these mushroom schemes from coming up in the dark, or to prevent glibble advertisers from investing in them, the most effective method that can be persistently urged is that merchants should require the schemer to make his offer in writing, and state how many copies he is to issue and where they are to be distributed; then before he pays the bill compel proof to be furnished that the work has been done. Nine out of the ten schemers would be killed off if this test was strictly applied.—Chenoweth Gazette.

### Will Be With Us Again.

We are glad to know that Mr. J. G. Rawls, of Wilson, N. C., who was once a resident of Greenville, and also a brother of Mr. W. S. Rawls who has been with us for many years, will again open a jewelry business in this place. In connection with this business he will also have an optical department where people can have their eyes properly tested and fitted with glasses. Mr. Rawls has made a study of the optical business for twenty years and has been doing successful work around Wilson. He is a graduate of the Spencer Optical school of New York. He will open his store the first of November.

### Re-Interred.

Mr. J. W. Smith of Chicod township, arrived here from Baltimore Thursday evening with the body of his son, Joshua Smith. The young man was a member of the U. S. Army at Fortress Monroe, and for injury received early in the year he was taken to Baltimore for treatment, in which city he died under an operation in July. His father went to Baltimore this week to have the body exhumed and brought home for re-interment.

### Good Advice.

Says the Methodist Recorder: "The man who religiously closes his eyes and asks God's blessing upon the morning meal and then growls and grumbles at his wife all the time he eats because the viands are not quite to his epicurean taste, should either take something to regulate his liver or indulge in a short season of private prayer to regulate his heart."

### Be Patient a Little While.

Since the days got so short THE DAILY REFLECTOR has been hard run to get out as early in the evening with present force as has been desired. In a few days we hope to have this trouble remedied and get the papers around town before night.

### Hurrah For Greenville.

Two of Smith & Hooker's horses were winners in races at the Raleigh fair on Thursday. Bird Eye was first winner and Lucy Ashby fourth. The former horse has won several races this season.

### For Sale.

The valuable farm known as the G. E. Taft farm, is now offered for sale, for division.

Also a town lot adjoining L. H. Pender and others, known as a part of the Glenn Lot. For terms apply to JOHN A. RICKS.

## CHAIRMAN AYER ASKS FOR BOODLE.

Touching Appeal From the Populist Chairman and an Emphatic Answer.

Washington Messenger.

Mr. J. F. Godley, of Chocowinity, received the following letter from Chairman Ayer and sent the accompanying reply to the Caucasian with the request to publish same, this the Caucasian has failed to do, and at Mr. Godley's request we publish it and hope that every Populist in the county will read it.

RALEIGH, Sept. 10th, '96.

DEAR SIR: I made an appeal for campaign funds through the Caucasian last week. It is a sad and discouraging fact that there HAS NOT BEEN A SINGLE RESPONSE TO THAT APPEAL. Have you noticed that we are not conducting an active and vigorous campaign. Do you know why? If you do not, I will tell you. It is because the members of the People's party are not doing a single thing to help run a campaign. A campaign won't run itself. It requires some money to do anything. Do you know any source from which it is coming except THE PEOPLE? If you do, I would be glad for you to point us to that source. If the people shall sit still, do nothing, contribute nothing, what can they expect of us.

Your township can certainly contribute as much as two or three dollars, and ought to do so AT ONCE. Now is the time it is needed. It will do no good to send it in at or near the close of the campaign. The fight will be over then. One dollar NOW will do as much good as three dollars will do one month from now.

Please tell the boys and brethren at once about this matter. Tell them they must come to the rescue and COME QUICK. If they do not, and you see us lag in work and fail to show any vigor, please don't blame us. We do the work here for nothing, but we need money to keep the campaign work going. We shall not make this appeal any more. It is as much your fight as it is ours—more so—and we have a right to expect some help from you. Now, let it come at once. Time is precious, and we want to do some work while there is time to make it effective.

Yours truly,

HAL. W. AYER,  
Ch'm'n P. P. State Ex. Com.  
Beaufort County,  
North Carolina,  
Sept. 16th, 1896.

Hal. W. Ayer, Chairman People's Party Ex. Com.

DEAR SIR:—I have received your circular letter of Sept. 10th, requesting contributions to conduct the campaign of the People's party in this State. The letter states that not a single response has been made to the urgent call for funds published by you in the Caucasian. In a young and vigorous party this is a strange condition of affairs. It indicates great apathy, if not defection, among the rank and file of the People's party. The cause is not far to seek. There has been an infamous betrayal of every principle the party holds dear, and for what? To keep in office or to provide offices for a gang of trading and professional politicians. It will be observed that the men who have pledged the People's party to this base deal and trade are either in office already or expect to secure office thereby. It will be hard to convince the average voter who does not expect or desire office that the party was organized to furnish

employment for a set of Hessians. A party must stand for some principle to deserve the confidence of the people and to hold the allegiance of its voters. You and your committee cannot lead us "like dumb driven cattle." You may make the trade, but I wish to serve notice upon you and the other contracting parties that you cannot deliver our votes. We were urged to place principle above party and to abandon Democratic party. Why in this campaign, pray, when, by a shameless trade every party principle is abandoned, should we be expected to vote for the fusion candidates? Is it because those who assume to be out leaders and traffic in our votes, command us to vote the ticket? We are not chattles to be dealt with in this manner. We are not owned by any man or set of men. We have been taught to believe that the free coinage of silver was the one thing to be desired by the farmers. In what way is that cause to be promoted by a fusion with gold standard Republicans upon State, Congressional and county tickets? These are some questions which are not clear to the average Populist. We wish to know, among other things:

1. Why, if the people's party is sincere in advocating the election of Bryan it should tie his hands by sending to Congress White, Settle, Linney and Pearson, gold standard Republicans?

2. Why, if the people's party believes in the free coinage of silver, it should sanction the trade in this Congressional district whereby in return for Republican votes for Skinner for Congress Populist members of the Legislature must vote for Pritchard, a gold standard man, for Senator?

3. Less than six months ago Senator Butler and his committee insisted that two political parties could not honorably unite without some common principle or bond of union. He offered fusion to the Republican party upon the basis of silver, but this tender was rejected. In what respect has the situation changed since then?

[CONCLUDED TOMORROW.]

To Advertisers.

Don't be a "position crank." Some advertisers think so much about the particular spot in the newspaper in which their ads are to appear that they don't seem to have time for anything else. They seem to believe that if they can get good position for their ads that is all they need to think about. Of course, good position is a good thing, but don't think too much about it and don't pay exorbitant prices for it. Make your ads interesting and trade-pulling. Then they will be seen and read wherever they are, and they will bring business, even if they are in the most obscure and out-of-the-way position in the whole paper.—Dry Goods Chronicle.

In the town of Bloomfield N. J., an entertainment was recently given by a Society connected with the First Baptist Church. When the programmes had been distributed, it was discovered that the advertisement of a local wine dealer, lauding the merits of certain brands of spirits, had somehow crept in. The programmes were then gathered up, and an effort made to obliterate the objectionable advertisement by smearing it with ink. This naturally called special attention to it and the wine dealer received an excellent advertisement in consequence. How the ad crept in no one seems to know.—Printers' Ink.

## Wilson Air-Tight Heater.

With Patent Automatic Smoke Doors.

The Wilson Heater, which is a stove for house heating, is the most remarkable that has ever been patented.

In the first place it radiates more heat than any stove known, and will save 25 per cent. in fuel over any stove made.

Second, with two or three ordinary sticks of pine stove wood it will keep the fire from 36 to 48 hours, and with ordinary care the fire will never go out.

Third, being entirely closed at the base there is no danger of fire, and it is the cleanest stove in use. It is not necessary to remove the ashes oftener than once a month. These stoves are made of different styles—the small one, which is made for bed room, is especially recommended for health as well as comfort.

The Wilson Heater has a great advantage over any similar stove, because it has Patent Automatic Smoke Doors, which prevent the smoke from coming into the room when you take the top off to put in the wood. These doors are so constructed that they can be taken off and put back on in one minute. These stoves can be seen our store, come and look at them.
