EDITORIAL NOTES.

If the Mississippi flood does not subside by May 20 crops cannot be planted this year in the district now submerged and destitution will be terrible.

The large banking firm of Burross, Son & Co., at Norfolk, made an assignment Tuesday. The liabilities of the firm are placed at \$350,000 with assets of \$400,000. It is expected that all creditors will be paid in full. Hard times is assigned as the cause of the failure.

Some days ago Judge Adams, of the Superior Court, rendered a decision in favor of the incumbent officials of the State hospitals, that they were entitled to hold their positions until the terms for which they were appointed expire. The case went on appeal to the Supreme Court and on Tuesday that tribunal unanimously sustained the decision of Judge Adams. The Supreme Court declared that office is property, and that no act of the Legislature can effect an officer until his term expires. This decision protects the unfortunate inmates of our hospitals from being turned over to the mercy of spoilers and place hunters.

In the Superior Court of New Hanover county last week Judge McIver declared that the act of the Legislature providing that only one alderman from each ward of the city of Wilmington should be elected by the people and empowering the Governor to appoint the other alderman from each ward was unconstitutional. Judge McIver also adjudged that the elections recently held in Wilmington under provisions of the new law were illegal and rendered a decision that the mayor and alderman elected under the act of 1895 were entitled to the offices until their successors were legally elected. An appeal was taken to the Supreme Court.

Weekly Crop Bulletin.

The week ending 8 a. m. Monday, April 26th, was favorable for farm work but the cold weather up to the 23rd retarded growth of crops. The heavy frost did much damage to vegetables and fruit, and the fruit crop will be practically a failure. There was a large excess of sunshine and no rainfall. Warm gentle rains are much needed to bring up seeds.

EASTERN DISTRICT.

The unfavorable feature of the week was the cold weather and heavy frosts on the mornings of the 21st and 22nd, which did great damage. The week was very dry with an excess of sunshine, and the latter part was quite warm. Rain is needed to make corn and cotton start off, and to moisten the soil which is getting hard. Farm work progressed favorably and most farmers are up with their work. The frost did the greatest damage to truck and garden vegetables, especially peas, beans, and tomatoes. Irish potatoes and some early sprouted sweet potatoes were cut down to the ground, but may grow out again though shipping of crop will be retarded. A little corn and cotton was killed, and much corn yellowed. Planting a large crop of cotton is progressing rapidly though interfered with by dryness. Some tobacco plants have been transplanted. Farmers are preparing to plant peanuts.

Base Ball.

Philadelphia, April 27—Philadelphia defeated Boston today, but the Hubites gave them quite a scare at the finish. The great feature of the game was the hard clean hitting of both teams. Score: Philadelphia, 10; Boston 8.

Baltimore, April 27—The Champions won from Brooklyn today in an uninteresting slugger match. Jennings was hit by a pitched ball in the seventh and tried to steal second. In running him down Griffin made the out, and every other player, with the exception of the two outfielders, assisted. Score: Baltimore, 12; Brooklyn, 8.

Louisville, April 27.—Errors at critical stages lost the game for the Pirates today. Clingman's fielding and Padden's batting were the features. Score: Louisville, 8; Pittsburg, 6.

Cincinnati, April 27—The Cincinnati had no trouble in defeating the Cleveland again today. The Spiders were unable to hit Breitenstein, he striking out Sockalexis, the hard hitting right fielder, three times in succession. Score: Cincinnati, 7; Cleveland, 3.

New York, April 27—Ten thousand shivering rooters assembled at the polo grounds to do honor to the return of Amos Rusie to the New York team and to cheer him on to victory. As was expected, Rusie struck his first man out. It was not until the third inning that a hit was made off him. Beside his pitching, Rusie in three times at bat made three hits. Score: New York, 8; Washington, 3.

St. Louis, April 27—The Colts started out well, making a total of four runs in the first two innings, but were unable to score after that. The large number of hits was a feature of the game. Score: St. Louis, 10; Chicago, 4.

They Serve the Best.

In our article yesterday about the Odd Fellows celebration we inadvertently omitted to mention that the refreshments were furnished and served by Ed. H. Shelburn & Co. To say that Shelburn furnished these means that this feature was fully in keeping with the excellent entertainment.

THURSDAY, APRIL 29, 1897.

A DISASTROUS FIRE.

NEWPORT NEWS, Va., April 27.—Two piers in smouldering ruins, three vessels burned to the waters edge, a large tug boat completely destroyed and eight persons more or less seriously burned, is the story of today's conflagration in Newport News.

The flames were discovered in pier 5 about 4:15 o'clock this morning and spread with such remarkable rapidity that it was impossible to make any headway against them. A fierce north wind fanned the flames into a fury and swept them across the docks to pier 6, which was soon burning furiously.

The British steamship Clintonia which was loading with oil, tobacco and general merchandise at pier 5 was soon ablaze. This pulled her out into the middle of the river, where an ineffectual battle was waged at terrible odds against the flames that were raging in her inflammable cargo. She was burned down to the water line at 10 o'clock tonight.

The Norwegian steamship Solveig, which was loading grain at pier 5 next caught fire. The crew of this ship managed to escape by climbing down the hawsers to the pier.

Meanwhile the Chesapeake and Ohio tug Wanderer, which caught fire soon after the fire broke out, had burned to the water's edge.

The German sailing ship J. D. Bischoff, taking on staves, from the north side of the pier 6, caught fire. The flames obtained such a hold on her that they could not be confined and she went to the bottom at 6 o'clock this afternoon. The crew of this vessel had a very narrow escape from being cremated. They were aroused by a Swede named John Anderson, and were only rescued with the greatest difficulty after the captain and boatswain had been badly burned.

The hard north wind and the heroic efforts of the fire department saved the large grain elevator of the Chesapeake and Ohio Company from destruction. The fire was rapidly spreading across the conveyors that connect the elevator with the piers, but with the aid of a locomotive and an immense chain, the conveyors' supports were pulled out, the conveyors themselves torn down and this danger averted.

At 1 o'clock in the afternoon the fire had spent its fury and was well under control.

The injured so far as is known are as follows: Captain Forrest, of the tug Wanderer, slightly burned about the face and hands.

John Diggs, mate of the Wanderer, badly burned about head and arms.

Captain Krite, of the Bischoff, perhaps fatally burned, and the boatswain of the same vessel, who was terribly burned about the arms.

There are vague rumors of many persons having lost their lives, but they cannot be traced to any reliable source.

The Chesapeake and Ohio Railroad Company estimate their loss at about \$300,000, which is fully covered by insurance. The total loss, including the three ships and their cargoes, the tug Wanderer and the merchandise in the piers will probably reach \$2,000,000.

Big Bank Failure at Norfolk.

NORFOLK, Va., April 27.—Business circles were startled today by the news of the assignment of N. Burruss, son & Co., one of the most prominent and widely known banking firms in the south.

A deed was filed at 7 o'clock, transferring to Judge Theodore S. Garnett, assignee, all properties held by Capt. Burruss individually or as a firm, to secure creditors. The liabilities amount to between \$340,000 and \$350,000, and the assets are stated by the firm to be \$400,000 available with nominal assets much more. It is stated that the bank will pay out even, and this is probably a fact, as most of the property transferred is valuable city real estate which, under favorable conditions, would probably realize more than the assets. In addition to this there is a large amount of personal property. The assignee is instructed to wind up the business at once.

Captain Burruss gives as the cause of the failure, hard times and a great demand for money. He says \$175,000 has been withdrawn from the bank since July 1st, and though offers of assistance were received from numerous banks at home and abroad, including a \$60,000 offer from Richmond, it was deemed best for the protection of the depositors, as well as the firm, to assign at once, such action being inevitable.

The bank was established in 1874, and did an immense business. Its failure was a surprise to every one, as it was considered one of the most substantial institutions of the sort in the country.

It is the largest bank failure here since the noted Bain bank broke over a decade ago. It is impossible at present to estimate the effect it will have upon business here, but it will be large.

The reports that heavy withdrawals of Spanish troops from Cuba are soon to take place seem to be trustworthy. If Spain is forced to take such action it can only mean that her bankrupt treasury will not allow her to carry out her plans in Cuba. The Cubans have attempted to force such withdrawals by wearing out the patience and the resources of the long over-burdened Spanish taxpayer. The chances of doing this are in their favor, and every withdrawal of Spanish forces will be accepted as an evidence of patriot success.—New York World.

Nearly one half of the coined gold in the world is hoarded in Government vaults, and nearly the other half in bank vaults. Kept there for speculative purposes. And yet the gold is counted as in circulation. What a fraud.—Wilmington Star.

Ohio men are not all great or grand. At Portsmouth, that State, a woman testified in court that her husband had given her but \$10 in four years, and \$5 of this he borrowed back to get his trunk out of pawn, and that the only money which he ever spent for her "in any way, form or manner" was 5 cents for a bag of peanuts which he helped her to eat.

The Southern Baptist Convention meets this year in Wilmington, N. C., May 8th. Now, you want to go to this convention, and you also want to go in style and comfort. There is only one good firstclass line from the South and Southwest to Wilmington, and that line is the Seaboard Air Line, which runs the finest and fastest trains in the South and makes the lowest rates of any railroad running from the South or Southwest. Don't be fooled into making your arrangements until you have consulted one of the Seaboard Air Line agents, who always esteem it a pleasure to serve you. B. A. Newland, General Agent Passenger Department, 6 Kimball house, Atlanta, Ga., will be glad to write you or call on you, or you can apply to any of the representatives of the Seaboard Air Line in any town or city. This is the official route. Do you want to go with your friends?

A man recently died in Council Bluffs, Iowa, whose case puzzled the physicians. He was a remarkably vigorous man, weighing about 200 pounds. Last Thanksgiving Day he ate a hearty dinner and shortly afterward complained of pain in the throat, and since then until his death swallowed food with the greatest difficulty, and finally died. A post mortem examination revealed a pine splinter about an inch long imbedded in his throat. He had used this as a toothpick and unconsciously swallowed it.

A few days since an insurance agent accepted an invitation to inspect a new and beautiful house built by a friend. After taking a peep at the whole establishment from top to bottom, inquired—
"House insured?"
"Yes."
"What do you insure it for?"
"Because it MIGHT burn."
"Not sure of it, are you?"
"No."
"Is your life insured?"
"No."
"Di, won't you?"
"Yes."

Southern Accidents.

Another vestibule train was wrecked on the Southern railroad Sunday night, this time near Blacksburg, S. C. Fortunately no one was killed. Saturday night a Southern train killed a young white man at Lexington, and Saturday afternoon a colored woman and two mules were killed near Goldsboro. It looks like the Southern road is getting its hands full of mishaps.

Mixing Politics With Business.

Politics is a better thing for a young man to have knowledge of than to actually experience. He should know what politics means, so that he can vote intelligently and conscientiously. One thing is certain; active participation in politics and in business do not go together.—Edward W. Bok, in May Ladies' Home Journal.

When sweet spring across the hills
Sets the prisoned flow'rets free;
When the babbling of the rills
Joins with song bird's symphony;
Then, it seems to us, we oughter
Turn our thoughts to soda-water.

For the balmy April breeze
Tells the sultry days are nigh
When we linger 'neath the trees,
And our throats are hot and dry,
Then Shelburn's soda fount
Fattens up his bank account.
