Base Ball.

New York, June 17—Although the Indians hit Meeking freely today, they were unable to bunch their hits and had to be content with a coat of whicewash. The features of the game were Burkett's batting and a running catch by Holmes of Tebeau's long hit to the left field. Score. New York, 5; Cleveland, 0.

Brooklyn, June 17—The Cincinnati made it two straight from the Brooklyn at Eastern park this afternoon. The home team gave a poor exhibition of fielding, while the stick work of the Reds was perfect in every respect. The Brooklyn club has sold Pitcher Korwin to Chicago. Score, Brooklyn, 1; Cincinnati, 9.

Boston, June 17—The home team won another game from Chicago, today, the visitors being entirely unable to keep up with the fast pace which is being set by the Bostonians. Briggs was pounded hard, while Klobedanz held the visitors down to a few scattering hits for seven innings. In the eighth Sullivan went in and Chicago made a few runs. Collins' playing was again the feature. Score, Boston, 19; Chicago, 7.

Baltimore, June 17—Manager Donavan, of the Pittsburg club, has accepted the terms of former Manager Rodgers, of the Louisville club, and has ordered him to report at once. He will play third base. Hemming, who was released yesterday, along with Rodgers, may also be given a trial.

School Closed.

The public school for this district, taught by Misses Appie Smith and Lizzie Blow closed Friday afternoon. Two prizes, one in each grade, were offered the pupil making the best record of attendance. These prizes were won by Miss Lela Tripp in the advanced grade and Master Jimmie Evans in primary grade, both having made a perfect record for the term.

The school has been well attended and the young ladies in charge have given entire satisfaction in their work. They are excellent teachers.

Dog Drowned.

Master Wiley J. Brown once had a pet dog, but now he hasn't any. Friday's rain filled the gutters and ditches around town full of water. Wiley, boy like, thought it would be fun to see his dog swim and put the animal in the ditch in front of his home on Dickinson avenue. It happened that the current was too swift for the dog and washed him under the sidewalk bridge where he was drowned. Wiley is considerably troubled over the loss of his pet.

The matrimonial market has taken a big decline in activity. The Register of Deeds was called upon for only two licenses this week, one for white and the other for colored.

WASHINGTON LETTER.

(From Our Regular Correspondent.)
WASHINGTON, June 18th, 1897.

Mr. McKinley is a graduate of the Ohio school of politics, and few slicker individuals hold diplomas from that source. His trotting out of that new treaty for the annexation of Hawaii at this time is a very slick attempt to take advantage of the popularity of the idea of annexing Hawaii to distract public attention from his failure to announce his Cuban policy, in accordance with promises made on his behalf in Congress. Had the people not been clamoring for action towards Cuba it is not likely that the Hawaiian treaty would have been heard from before next winter, notwithstanding the declaration of some of Mr. McKinley's friends that it was brought forward to assist the Senators to intelligently dispose of the tariff.

Although it is well known that many of the Democratic Senators favor the ultimate annexation of Hawaii very few of them have committed themselves on this new treaty. It is too important a matter to be decided on the spur of the moment, and it will not be surprising, should the Democrats oppose any attempt to railroad the treaty through the Senate at the present session. Nothing will be lost by allowing the treaty to go over to the regular session of Congress. Already the question is being asked, why do so much for Hawaii, several thousand miles away, and nothing for Cuba, which is suffering right at our doors, so to speak. There is some talk about delaying action on the Hawaiian treaty until Mr. McKinley agrees to do something for Cuba, which many think must also ultimately come under the control of the United States in some form or other. Some Democratic Senators favor holding a caucus to decide just what attitude they shall take towards the Hawaiian treaty, but nothing definite has yet been determined upon.

Senator Tillman has proposed an amendment to the tariff bill that would do more than all the recent attempts to restrict immigration. It provides for a head tax of \$100 on each immigrant and makes it a misdemeanor for any alien who does not intend to become an American citizen and to remain such to enter the United States for the purpose of engaging in any mechanical trade or manual labor. There is a provision that the head tax shall cease to be levied as soon as the United States adopts the free coinage of silver.

Fearing that the anti-trust tariff amendment offered by Senator Pettigrew might be adopted on a direct vote Senator Allison, who is in charge of the tariff bill during the absence of Senator

Aldrich, resorted to a little parliamentary trick to kill it, and succeeded. He moved that it be laid on the table and the motion was carried by a vote of 35 to 32. Had Senators Morgan and Pettus, the only democrats who voted for the motion, voted against it, it would have been defeated by a vote of 34 to 33 and the anti-trust amendment would have been added to the tariff bill. It is but fair to state that Senators Morgan and Pettus stated their opposition to the amendment to be that it would create more and worse trusts than it would injure existing trusts.

Senator Vest gave Senator Allison several blows straight from the shoulder in a few remarks dissecting the figures set forth by Mr. Allison in place of those submitted by Mr. Aldrich when the change was made in the sugar schedule. Mr. Vest believes that each sugar schedule has been a little better for the sugar trust than the one it succeeded, notwithstanding the public howl against favoring this colossal monopoly, and he presented figures to back his belief. According to his figures, the present tariff gives a protection on 96 degree sugar of 37 cents per hundred pounds, the Dingley schedule 41 cents, the Aldrich schedule 46 cents, and the caucus schedule, afterwards adopted by the Senate, 47 cents. Thus it is that the Republican Senators who opposed the Wilson bill because they said it gave the sugar trust too much protection have put themselves on record in favor of giving the trust exactly ten cents a hundred pounds more than the Wilson tariff bill gave it.

ORIGINAL OBSERVATIONS.

The "green grocer" is the one who sells his goods on credit.

Wealth is a purple robe that will hide the most hideous deformity.

We suppose that when military men go fishing they use army worms for bait.

Whiskey is reported steady, which is more than many people are who drink it.

It is not so much what we have as it is what we expect that makes us happy.

If the whole truth were known the world would be full of people with hanging heads.

Fish are said to make excellent brain food—some people would have to eat a whale to do them any good.

Many of the "sound money" shouters of last fall would now be delighted to get poor, despised 53-cent dollars.

McKinley says we must have patience. That's the cry of all quack doctors who are drumming up trade for the undertakers.

Now pic-nics in the meadows fair fill all the woods with fun; two forms within one rustic chair—four lips that meet as one.

There is a line in this life far above the common round of existence whose pathway is marked only by the feet of angels and the truly good of earth.—Orange (Va.) Observer.

It required just five hours to try, convict and imprison an Ohio postmaster who was \$525 short in his accounts, says the Washington Post. Had he stolen a million in civil life he would have "financiered" the theft, that is, compromised by returning half of the sum, and given fifty dollars to some charity.—Asheville Citizen.

The New Tax Law.

Sheriff Smith, to whom all things return, asks the Observer to call the attention of tax payers to section 52 and 53 of the new tax law passed by the last Legislature, which makes a failure to pay taxes a misdemeanor. The section reads as follows:

"Section 52—That it shall be and it is hereby made the duty of the sheriff of each county in the State to make diligent inquiry and report to the judge at each term of the Criminal Court held in the county following the time when the license tax and taxes provided for in schedule A, B and C of this act should have been paid, as to whether or not such license taxes and other taxes have been paid by all persons or co-operations liable for the same, and to make out a list of all delinquents. And it shall be made the duty of the judge to submit the list of the delinquents to the solicitor to the end that such delinquents may be prosecuted for such defalcation in the manner provided in the next section of this act.

"Section 53—That such person or corporations who are liable to pay the license tax or taxes provided for in schedules A, B and C of this act and shall fail to pay the same as provided by law shall be guilty of a misdemeanor, and punished by a fine not exceeding five hundred dollars or imprisoned not exceeding six months, and the sheriff shall be allowed by the judge such compensation for making such report as he may deem just and proper, to be paid by the county."—Charlotte Observer.

Statistics of murder in the United States show that 10,652 murders were committed in this country in 1896, and that there were only 122 legal executions. The offensive machinery of the law intended to protect society against crime and criminals seem to be in need of repair. The murderers have the upper hand in the Courts, and with the legal aid they can buy, are making life insecure.

California or Mexico?

Both are such desirable objective points for a Winter trip that it's perhaps hard for you to decide where to go.

Let us Help You to a Decision.

A trip via New Orleans, and the Southern Pacific to either Mexico or the Pacific Coast is one you will never forget.

It's a Transition from Frost to Flowers.

And the service is so luxurious that people who have rested "Sunset Limited" call it incomparable.

If you are Thinking of Going, Write Us.

We have a book entitled "Through Storyland to Sunset Seas," a handsome volume of 205 pages, fully illustrated, which we will send on receipt of 10 cents in stamps to cover postage. We also have a delightful little guide to Mexico, which we will send on receipt of 4 cents to cover cost of mailing.

You Really Ought to Read them Both.

Shall we put you down for a copy? If so, or if you want any special information, it will be cheerfully furnished by addressing,
