Base Ball.

Chicago, July 1.—For five innings today's game was a pitchers' battle and about evenly divided. The Colts commenced to take Killen's measure in the sixth following it up in the seventh, when they pounded him for seven singles, a double and a three bagger, earning all eight runs. Anson's fielding was a feature. Attendance 1,100. Score. Chicago, 13; Pittsburg, 5.

New York, July 1.—Boston won today's game from the Giants by timely batting, assisted by errors and freakish base running. Nichols and Rusie both pitched winning ball at times. Attendance 7,000. Score. New York, 4; Boston, 5.

Baltimore, July 1.—The Champions won today's contest with the Senators in a long drawn out and tiresome game. Several of O'Days decisions gave dissatisfaction to both sides. Attendance 2,019. Score. Baltimore 6; Washington, 3.

Philadelphia, July 1.—Philadelphia had an easy time of it in defeating Brooklyn this afternoon. Daub was the most shining kind of a mark, being hit safely twenty times for a total of thirty bases. Taylor pitched a steadily effective game, and came within an ace of shutting the visitors out. Attendance 2,056. Score. Philadelphia, 16; Brooklyn, 2.

Cleveland, July 1.—The Browns were unable to hit Wilson today and Indian had an easy victory. The features of the game were the brilliant fielding of Cross and the batting of Sockalexis. Umpire McDermott is ill and substitute McGinty again officiated as umpire. Attendance 700. Score. Cleveland, 6; St. Louis, 2.

Louisville, July 1.—For six innings the crippled Colonels gave the Reds a good argument, but after that they went to pieces and the visitors fattened their batting averages considerably. Maje Hock, a local amateur, was given a trial at third base and made a good impression. Attendance 1,300. Score. Louisville, 3; Cincinnati, 14.

ORIGINAL OBSERVATIONS.

There is a good deal of preaching in a smile.

The best way to kill a falsehood is to let it lie.

The parson at the wedding is the right man in the rite place.

It is now in order for our merchants to sell twine by the cord.

Life is a quarry, out of which we are to mould and chisel and complete a character.

If the earth was covered with flowers all the year round the bees would get lazy.

Nery often a soldier, while having the highest motive, will leave the army turlough purposes.

The well made girl is not generally the old made. On the contrary, she is frequently very fresh.

Comparison is everything. A very ordinary looking girl, in a railroad car filled with men, looks lovely.

Do not let adversity discourage you. Were it not for the kicks which it receives the football would never get up in the world.

The country churches, nowadays, are thrown in much disorder, by the country folks all staring at the hat of the summer boarder.

"We pardon sin; we do not pardon baseness," says Ouida. Yes, we forgive the umpire, but when the second base makes a square muff and lets in two men we tear down the grand stand.—Orange (Va.) Observer.

STATE NEWS.

The action of the Board of Commissioners of Craven county in rescinding the order for the local taxation election in that county, has created somewhat of stir about Raleigh and the Attorney General has been looking into the matter.

Rev. E. D. Brown, pastor of the Kinston Presbyterian church—the "Atkinson Memorial" received a letter Thursday night from the widow of Dr. Atkinson for whom the church was named. Mrs. Atkinson made known her desire to donate Dr. Atkinson's library to the church here for the use of the resident minister. It is a fine and valuable library, the result of many years' accumulation. It is a handsome donation, and is appreciated. The library will be shipped as soon as a suitable place is provided for its keeping.—Kinston Free Press.

Signs of McKinley's Promised Prosperity.

An observer saw the first sign of the much heard of McKinley prosperity today. It was this: a man was seen to buy a cent's worth of lemonade (lemonade selling at two glasses for five cents) he drank two thirds of it himself and then passed it to his wife. Ye men of Israel, what think ye?

OTLEY OF VIRGINIA.

Paine's Celery Compound
in High Favor in
His Family.

WASHINGTON, D. C., April 9.—Congressman Peter J. Otey has distinguished himself by active and honorable service in the house of representatives, where he was sent from the Sixth district of Virginia. On the floor of the house and in the committee-room he is a conspicuous advocate of measures for the advancement of good government. In what high honor Paine's Celery Compound is held in the family of this distinguished legislator appears from the following letter:

Dear Sirs:—For years I have been a great sufferer from neuralgia, and during the past winter was advised to try your Paine's Celery Compound, and I used two bottles of it with great benefit. I was so much pleased with it that I persuaded my brother, John Lloyd, to use it. He had been having a bad form of nervous dyspepsia, and now, after using the compound for two months, is so much improved that we feel sure a third bottle will complete his cure. Every one has spoken of the marked change for the better in her appearance. Respectfully,
MRS. MALLIE FLOYD OTEY.

This is one of some 15 or 20 letters from United States congressmen and members of their families, that have recently appeared in the newspapers here, heartily recommending Paine's Celery Compound.

One of the most eminent physicians in the city, being interviewed by one of the papers says:

"Paine's Celery Compound marks a tremendous stride in the cure of diseases.

No remedy has ever succeeded in driving out the underlying causes of nervous and organic troubles so surely and rapidly. No remedy represents so comprehensive a knowledge of

nervous exhaustion. It cures where other means have been tried and found futile.

"There is less hesitation nowadays among intelligent people in attending to the beginning of poor health. It is well known that disease is progressive and accumulative, easy to drive out at the start, but a menace to life when allowed to entrench itself in any organ of the body. If people would consider headaches, rheumatism, neuralgia, sleeplessness, indigestion and languid feelings in their true light and as seriously as they deserve to be and make a stand against them at once by means of Paine's Celery Compound, there would be a wonderful diminution in the amount of kidney, liver and heart disease."

Any one who reads the heartfelt, emphatic letters that have appeared here from men and women who owe their health and often their lives to Paine's Celery Compound will be impressed by the sincerity in every line.

"This great modern scientific invigorator and health maker is doing an enormous amount of lasting good these spring days. Its success in making people well has had no parallel in the history of medicine. It has cured thousands of cases of rheumatism and neuralgia, many of long standing that have been despaired of by friends and physicians.

"Compared with other medicines, its permanent cures stand out as a mountain does beside a mole hill. If all the men and women who have entirely got rid of nervous debility, threatened nervous exhaustion, sleeplessness and such organic troubles as kidney, liver and stomach diseases by its help, during the past year alone, could be brought together, what an army of grateful people it would make!"
