## Base Ball.

Washington, D. C., August 10—Today's game was a game the like of which, for sustained interest and a fireworks finish, Washington has not seen for many days. The Senators tied the score in the eighth, when five hits were made off Fifeled, and Tucker's home run in the tenth won the day. Score. Washington, 7; Philadelphia, 6.

Louisville, Ky., August 10—The Colonels had their regular off day, and the Colts won as they pleased, Hill was substituted for Evans after Anson's team had scored three runs in the fifth inning. Score. Louisville, 6; Chicago, 16.

Cincinnati, O., August 10—The Browns knocked Dremmann out of the box in the fifth inning today, scoring five runs. When the Reds went to bat in their half of the fifth, the score stood 6 to 3. A base on balls, an error, two singles, a double, and a triple brought in five runs for the Reds and won the game, as neither side scored after the fifth inning. Score. Cincinnati, 8; St. Louis, 6.

Boston, August 10—The work of Klobedanz in the box today was easily the finest done by any Boston pitcher this season, and the New Yorks were defeated by the smallest possible score. But two men hit safely; he gave but one base on balls, and received perfect support. Only one New Yorker got as far as second base. The only run scored was one by Bergen in the fifth. Seymour's Boston debut was a flattering one. Both sides fielded brilliantly. Score. Boston, 1; New York, 0.

Cleveland, O., August 10—Today's game was a batting contest, and the Cleveleans had the better of it. This, combined with the loose fielding of the Pirate, gave the home team the victory. Score. Cleveland, 9; Pittsburg, 5.

Brooklyn, N. Y., August 10—The Baltimores and Brooklyns played two games this afternoon. One resulted in an easy victory for the Champions while the other ended in a tie, after eight exciting innings, when darkness prevented further play. The team will play another "double header" tomorrow. Score. Brooklyn, 3; Baltimore, 9.

Second game—Brooklyn, 3; Baltimore, 3.

## STATE NEWS.

Mayor Linn, of Salisbury, has ordered the police to arrest all women appearing on the streets in Mother Hubbards.

A member of the board of commissioners of Warren county is a fugitive from justice on account of a charge against him in connection with a woman.

Mrs. Thena Moore, who lives near East Bend, Yadkin county, passed her 100th mile post on July 30th. Her son says she is able to work her own garden and that with the assistance of a cane she walks to church at Mt. Nebo, a distance of four miles from home.—Charlotte Observer.

W. T. Lee, with his mother and brother has gone to housekeeping in one of Capt. Griffin's house in South Greenville.

## Weekly Crop Bulletin.

The week ending August 9th was warm and generally dry up to the 6th, after which fine rains fell over the entire State with a decided fall in temperature. The rainfall was greatest over the southern half of the State, averaging about 1.25 inches. Some damage was caused by the drought over limited sections, but crops are now revived and doing well. Cotton is very heavily fruited; some bolls are open in Richmond county. Tobacco cures are good in color and quality.

## EASTERN DISTRICT.

The past week was warm and dry up to the 6th, with temperature ranging as high as 95 degrees, and crops were beginning to suffer considerably from drought, but much needed rains fell on the 6th and 7th, greatly benefiting crops. The rainfall seems to have been general, the least amount occurring in the northeastern portion, where rain is still needed. Farmers are now about through laying by crops. Cotton did not do well the first of the week, wilting some during the middle of the day, and shedding forms on light lands, but generally the crop is now fine; good stand, stout stalk, well limbed and fruiting exceptionally well, while the amount of shedding so far has been very small. Corn has been out off some by drought, but is now doing well. Some fodder from early corn has been stripped. Tobacco curing well and with good color. Peas, peanuts, sweet potatoes, rice, turnips, are all good.

## They Sell on Merit.

The Greenville Warehouse keeps right on increasing in popularity and business. This is so because Evans, Critcher & Co. look after the interest of every farmer who sells on their floor. They don't have a few pets to get high prices for, but sell every pile on its merit and make it bring its full value. Today for W. A. Stokes they sold lots at \$7.25, \$12, \$13.75, \$18, and \$22.50, making an average of \$13.60 on a barn of primes. Other farmers obtained prices just as good as these, and you can get the highest market price by taking your next load to the Greenville Warehouse.

## Fell From a Scaffold.

Mr. Carlos Harris has been helping to paint the Court House. This afternoon he and Col. J. C. Baker, another workman, were changing the scaffold upon which they were at work, when some part of it broke near where Mr. Harris was standing and he fell 15 feet to the ground. In the fall his back was badly bruised by striking a sill and his right arm considerably skinned. He had to be carried home. We hope his injury will not prove of a serious nature.

## There is a Reason For It.

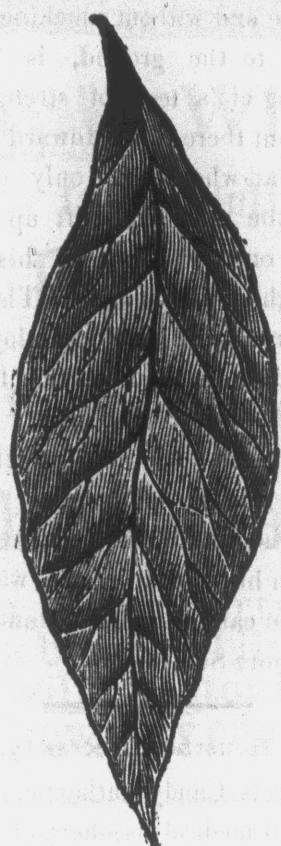

The Eastern Warehouse would not be selling nearly twice as much tobacco as any other house if there was not some reason for it. The reason is that the farmer who brings his tobacco to the Eastern knows it is going to sell for all it's worth. We give personal attention to every pile on our floor, and it never goes below its value. This naturally brings the farmers to the Eastern.

EVANS, JOYNER & Co.

## Lawn Party.

The Greenville Bright Jewels will have a Lawn Party at the Academy grove on Thursday night, the 13th. Refreshments served at the usual price. It is desired that everybody come and help these young people in a worthy cause.

## THE TOBACCO MARKET IS OPEN.

And the price of our Summer Clothing has declined with the advance of summer. We'd rather sell Summer Clothes at a loss than to keep them over.

Whatever you want we have probably got it for less than cost. A loss at this time is almost as good as a profit earlier.

THURSDAY, AUGUST 12, 1897.

A HUMBUG AND A FRAUD.

A really good people need no leadership; they will determine for themselves what is best for themselves, and will ultimately secure it. To surrender to leadership is a weakness of a people, and this weakness is the more pronounced when the accepted leader is a self-seeking politician, unworthy to head a movement. Just now the accepted leader in North Carolina is Senator Butler. In the last issue of his paper, the Caucasian, he declares that the issue of issues before the American people is the control of the monopolies of the country.

It was not always so. Mr. Butler has presented to the people a dozen remedies for the ills under which they suffer. He changes the remedy with every campaign.

We desire to do no more now than to remind our readers of his frequent change of front and to ask them (1) if he had led them into any very green pastures, and (2) if he has not, what assurance have they that he ever will? It is the shame of North Carolinians—a people noted for their insight and conservatism—that they have been so easily beguiled by this little man. He has turned the State upside down, and to what purpose? Are we any better off for his domination? Has he brought us any of the good things he promised? On the contrary, we have higher taxes and worse government than ever before. But this charlatan infatuates the people every year with new light—like the ignis fatuus of the Dismal Swamp, he lures them on to a new destruction. We repeat the exclamation of amazement that a rational people can be for so long deceived.

Another election is to come along next year and there is talk of fusion of Democrats with this bird of ill omen. Away with it! Half of his own party has repudiated him. He is a discredited politician. Professing to be the friend of the people, he would not vote against the iniquitous tariff bill which has just been thrust upon them—a bill dictated by the trusts and monopolies.

But, coming back to the point, we ask the people to consider how much better off they are since they accepted the domination of this charlatan. Which has given them the better government—the government they gave themselves through the Democratic party or that they have had through Senator Butler?

As for the Landmark, it will none of him. He is a humbug and a fraud. We scarcely understand one of his plans of "relief" before he springs another. Democrats who understand him as well as we do, and who were in the past fond of exposing his

duplicity and deceit, are now strangely silent about him; but he is the same fox that he always was and this is as good a time as any to say that the Landmark is not going to march under his banner, next year nor any year thereafter. — Statesville Landmark.

Maryland's Strong Negro.

For a man to stretch himself flat on the ground face upwards, and, with both hands extended, arise without assistance and without touching hands or arms to the ground, is counted something of a feat of strength and agility, but there is a Howard county strong man who can not only do this, but at the same time lift up a man standing on the palms of his hands and weighing 150 pounds. This man is a colored farm hand, employed by Mr. Charles H. Rhine on the farm of State Attorney McGuire. He is twenty years old and weighs 180 pounds. He is the wonder of the neighborhood. With the entire weight placed on his hands in the way described, he can get up and stand erect. — Baltimore Sun.

The Danger of the Trip.

Washington, Aug. 10.—Secretary Bliss has taken cognizance of the rush to the Klondike gold fields and Alaska and has issued the following warning to the general public:

To Whom It May Concern: In view of information received at this Department that 3,000 persons with 2,000 tons of baggage and freight are now waiting at the entrance to White Pass, in Alaska, for an opportunity to cross the mountains to the Yukon river; and that many more are preparing to join them, I deem it proper to call the attention of all who contemplate making the trip to the exposure, privation, suffering and danger incident thereto at this advanced period of the season, even if they should succeed in crossing the mountains. To reach Dawson City, when over the pass, 700 miles of difficult navigation on the Yukon river, without adequate means of transportation, will still be before them and it is doubtful if the journey can be completed before the river is closed by ice. I am moved to draw public notice to those conditions by the gravity of the possible consequences to people detained in the mountainous wilderness during five or six months of Arctic winter where no relief can reach them, however great the need.

[Signed] C. N. BLISS.  
Secretary of Interior.

Had an Alternative.

Pilley—"And because you couldn't find a nickel to pay the fare, did the conductor make you get off and walk?"

Jackson—"No; he only made me get off. I could have sat on the street if I'd wanted to." — Roxbury Gazette.

Girls at the Awkward Age.

Girls at the awkward age, which is so difficult to date, but which every mother knows so well, should be dressed very carefully, so as not to look all legs and feet, and be at a loss to know what to do with their hands. For certain types a quaint and picturesque style is effective, while for others severest simplicity is the most successful method of gowling. Every child should be studied. Her age, her manner; her walk, her complexion, eyes, hair and figure should be taken into account, if her mother desires her gowned so as to cover personal defects or enhance her good points. And the game is well worth the candle, as children are affected in their manners, speech and disposition by the clothes they wear, a fact easily proven by noting the airs a child assumes when he or she is conscious of being well dressed. — Woman's Home Companion.

A Modern Dog Story.

"One morning not long ago," says a lady in the Toronto Globe, "my sister went to see a friend who lived a mile or so from the rectory, taking with her our little brown cocker spaniel. When she left she quite forgot the dog, and as soon as our friends discovered him they had all they could do to make him leave, but with no avail. Some hours passed and he was still there, so they telephoned to let us know his whereabouts. Bring him to the telephone," said my sister. One of the boys held him, while another put the trumpet to the dog's ear. Then my sister whistled and called: 'Come home at once Paddy! Immediately he wriggled out of the boy's arms, rushed at the door, barking to get out, and shortly afterward arrived panting at the rectory. This is what might be called a modern dog story, is it not?"

### Breaks Growing.

The breaks at the tobacco warehouses today were the best since the new season opened. There was a large increase in receipts, the warehouses having from 7,000 to 14,000 pounds on sale, swelling up the aggregate to about 40,000. Prices continue to show an upward tendency and the farmers are invariably well pleased with the result of sales. Taking into consideration that nothing but primings has been brought to market yet, prices running from \$15 to \$25 are high. We heard a number of farmers say they could not expect better prices than they are now getting on the Greenville market.

Public School Opens September 6th.
