THE QUIETEST DAY YET.

MUCH WAS EXPECTED THOUGH NOTHING WAS DONE.

GREAT CROWDS GATHER TO HEAR THE PRESIDENT MESSAGE

Lee Starts Home, One Consul Held Up—Message Held Back Until After Sunday Because of Danger to Americans Unable to Leave Havana.

Telegraphic news is rather disappointing today. Much was expected of the outcome after the President's message went to Congress, but it is held back. No telling when it will come up or when matters will terminate. There will at least be several days more of suspense.

No Message Today.

Special to Reflector. Washington, D. C., April 6—The President sent no message to Congress today. The delay is due to advice received from Consul General Lee to await until Americans can be removed from Cuba. HARRY SKINNER.

Spain Gives In.

By Cable to Reflector. Madrid, April 6—It is stated that Spain is willing to grant all the United States asks and that a satisfactory settlement is arranged.

The Crowd Immense.

By Telegraph Reflector. Washington, D. C., April 6—Today witnessed the greatest crush around Congress that has ever been known. The crowd was so immense and the jam so crushing that numbers of people fainted. The officers were overwhelmed and powerless to keep the crowd back in their eagerness to gain admission to the galleries. All is excitement.

Danger to Americans Causes Delay

By Telegraph Reflector. Washington, D. C., April 6—When the official announcement was brought from the White House by Chairman Davis, that the lives of all Americans who were unable to leave Havana immediately would be in great danger if the President's message was read today, the Senate agreed to wait over Sunday for it.

Forecast of the Message

By Telegraph Reflector. Washington, D. C., April 6—The following is a correct forecast of the President's message and the important provisions it contains:

The tone is firm and vigorous. It recommends that the President be empowered to use arms, funds and naval forces to expel Spain from Cuba. The qualification that this should be at his discretion, so strongly urged by one element of Congress, is not included in the message. It is to be left with Congress to say whether authority shall be exercised by the President to act immediately or to act only at his discretion. There will be no recommendation for the recognition of Cuban independence, as the President is unalterably opposed to such action at the present time.

A Republican Caucus

By Telegraph Reflector. Washington, D. C., April 6—The Republicans will hold a caucus tonight to decide what action they will take on the President's message. The Foreign Affairs Committees favor the recommendations embodied in the President's message.

Gen Lee Homeward Bound

By Telegraph Reflector. Washington, D. C., April 6—A cable message from Havana says that one of the Consuls has been held up and not allowed to take his departure. General Lee himself expected to sail for America at noon.

Mr. Andrew's Son Shot.

Mr. A. A. Andrews received a telegram today that his son, who lives in Durham, had been shot by a negro. No particulars were given except that the wound was not considered dangerous.

A Strong Address to the People Adopted.

Pursuant to a call of the Chairman a meeting of the Democratic Executive Committee of Pitt County was held in Greenville on Saturday the 2nd inst, at 2 o'clock p. m. the following members being present: A. L. Blow, Chairman, W. L. Brown, Secretary R. W. King, F. G. James, A. S. Walker, D. C. Moore, J. B. Grimes, A. G. Cox, Benj. May, R. B. Bynam, J. C. Albritton, Leonidas Fremming, J. B. Little, L. B. Mewborne, N. R. Cory, Paul Harrington. Also the following members of the Precinct Committees: G. T. Tyson, W. H. Rives, J. A. K. Tucker, John Pearce, Wm. Worthington, R. R. Cotten, S. M. Jones, B. W. James, J. J. Laughinghouse, Jesse Cannon, I. J. Anderson, B. M. Lewis, W. E. Boyce, S. W. Brooks, F. C. Harding, M. G. Moye, G. M. Tucker, O. W. Harrington, A. D. Johnson, G. B. Kilpatrick, J. J. Moore, J. F. Allen, R. P. Sugg, R. M. Starkey, E. Buck.

On motion the following address was unanimously adopted and ordered to be issued:

ROOMS DEMOCRATIC EXECUTIVE COMMITTEE.

Greenville, N. C., April 2nd. '98
 —At a meeting of the Democratic Executive Committee of Pitt County, held this day in pursuance of a regular call of the Chairman:

It was ordered, that a County Convention, for the purpose of appointing delegates to the State and District Judicial Conventions, be held in the Court House, in Greenville, on the 21st day of May 1898, at 2 o'clock p. m., and that Primaries in the various voting precincts for the purpose of appointing delegates to the County Convention, be held at the usual places, on Saturday the 14th day of May 1898, at 3 o'clock p. m.

It was also ordered, that all the voters who believe in opening our mints to the free and unlimited coinage of silver, or in restoring to the people of the State honest, clean and decent administration of their affairs, be cordially invited to participate in these Primaries and Conventions.

In extending this cordial invitation we beg the attention of the people to the following brief statement of facts, to-wit:

The Democratic party of North Carolina, which the people are invited to join and elevate to power, stand in National affairs for all the reforms promulgated at Chicago in 1896, but it would especially emphasize its belief in

the beneficial effects upon the labor and industries of our people to flow from the free and unlimited coinage of silver. In State affairs it stands for honest, clean and decent government in State, County and Town, and we point with pride to the fact that our party has a record in these things that challenges the admiration and approval of all fair minded men. No scandal or charge of malfeasance of any kind was ever heard during the years our party was in power, and it is the only party of which these things can be said in the last thirty years.

The Republican party in State and Nation, stands for the very opposite of these things. In National affairs it stands for the gold standard, for dear money and cheap labor, for low prices for what the farmers sell and high taxes on what he buys. In state affairs it stands for bad government, for crimes and scandals of high and low degree. In 1868 it took absolute control of our State, county and municipal governments. The record it made is the one dark chapter in our State's history, never to be read except with felling of disgust and disgrace. In 1898—thirty years thereafter—that same party is found in power, and again scandals and bad Government and disgraceful conduct mark its administration and proclaims its utter inability to give the people good government. In no county or community in the State have the people had a more striking example of the trend and purposes of this party or of the evils of Fusion legislation than the County of Pitt. Greenville stands nearly in the centre of your county and pays nearly one fifth of the taxes of the whole county. Every citizen, at some time or other, has business at his county seat, and he is interested in the good order and good government of his capital town. It has been so divided into Wards by the Republican-Fusion Legislature, that the colored people now have absolute control of the town and can retain it, if they choose, so long as that infamous act of the Fusion Legislature stands unrepealed. At the election in May 1897, the negroes using the power given them by this Fusion Legislature, elected four negro Councilmen while the white people could only elect two, so we have a Town government composed of four negro Councilmen and two white Councilmen, a Republican Mayor and Chief-of Police and a negro Assistant Policeman, negro Night Police and negro Clerk. The duty of these officers is to preserve the law, yet some of them have been indicted and convicted of violating the very laws which their official duties required them to suppress. Other persons openly and notoriously violated the laws of the town and State and no complaint or arrests have been made by these so-called officers of the law. The white people of the town are patiently enduring these wrongs and hopefully looking to their brethren in the country to come to their rescue in sending men to the Legislature who will undo this infamous wrong.

When the Republican party was in power before it so plundered the State and outraged decency that the white men of the State rose up in their might and drove it from power. In those memorable contests the white men of Pitt stood almost solidly together and fought under the Democratic banner for white Supremacy and good government. In later years many good men who helped us to win many a victory, seeing no hope of financial reform, separated themselves from the Democratic party.

In the last two elections many of these men, forgetting the bad record of the Republican party, or it may be supposing that it would do better, helped materially to restore this party to power in North Carolina. It seems to us that a few moments of serious reflection must convince these men of the absolute verity of the following propositions:

1st. That whatever may have been the attitude of Mr. Cleveland and a few other Democratic leaders on the money question in 1892-93 & 94, when they separated themselves from the Democratic party, that this party now stands for the free and unlimited coinage of silver and against monopoly of all kinds, and that it is the only political organization with the leadership and numbers able to work out these reforms in the interest of the people.

2nd. That the Democratic party is the only party that has given to the people of the State since the war a clean, honest and progressive administration, and that it is the only party in the State whose environments justify the hope that it will do it.

3rd. That the Republican party, which these men helped to power, is the only party that stands for the gold standard, for monopoly, for trusts and for high taxes.

4th. That this Republican party, which they helped to power is but little better than the Republican party of 1868 and that it is again disgracing the State and humiliating the people.

Wherefore we appeal to them to rejoin their old comrades and to fight with them again under the banners of Jefferson and Jackson and Vance and Bryan for better laws in the Nation and better government in the State. Come into our Primaries and Conventions and make yourselves at home. We need you and you need us. Let our past differences be forgotten and let us march together again for the rescue of our government and our homes from ruinous Republican rule.

Adopted and published by the unanimous vote and order of the Committee.

ALEX. L. BLOW, Chm.
 W. L. BROWN, Secty.

The rolls of precinct was called and reports from the several townships were made and the Committee was much pleased at the encouraging prospects of success in the coming campaign.

Making a Will.

How is it that the making of a will is always considered one of the most disagreeable things that a man can do, and, in consequence, more litigation has been caused by neglecting to make a will, or by postponing the disagreeable duty till illness or weakness on the part of the testator has given rise to such complications as undue influence, or other possibilities of unfitness, than by anything else in the world?

It should be the desire of every individual, and it is certainly the bright side of will making, to feel that his or her business matters are in such condition that in the event of death those nearest and dearest may settle the affairs in a manner which they know to have been his or her wish, with the smallest possible expenditure of time, energy and money.

Do not say to yourself, "My possessions are so few it is not worth while writing of their disposal. I will tell So-and-so what my wishes are."

Let the woman who has only a few trinkets (provided they are not heirlooms) write on a sheet of paper that this ring is to go to that child, this locket to another and so on. Put such a paper, or your will, in the safe keeping of a business man, and let the

place of deposit be known to at least three persons.

If there is any division of property to be made after death, a lawyer should be employed to make the will. A man (or woman) who wishes to leave everything absolutely to one person may make the will himself, if the following precautions are taken:

Write the will in ink on a single sheet of paper.

If a mistake is made rewrite the whole as any erasure may cause difficulty.

If you wish to change the provisions of a will make a new, and cause the old will to be destroyed.

The will must be signed in the presence of two witnesses.

No one to whom money or property has been left may witness the will.

A minor (any person under 21 years) cannot make a will or be an executor.

Marriage always invalidates a will.

How War Begins.

Touching a subject which has been much discussed of late, the Richmond Dispatch says:

"The power to declare war is vested by the constitution in Congress, but a declaration of war would be subject to the provision of the organic law applying to 'every order, resolution, and vote to which the concurrence of the Senate and House of Representatives may be necessary.' That is to say, the president would have the right to veto, and in order then to give the declaration force and effect, the resolutions or what not would have to be passed over his veto, by a two-thirds vote of each branch of Congress."

Wars, ordinarily, do not, however, we think, begin with formal declarations. Nations are, in this regard, a good deal like individuals when they clash on the streets—they do not announce their purpose to fight but one strikes a blow, and hostilities are then on. There was no formal declaration of war between the United States and the Confederacy in 1861, but the signal was given in the firing on Fort Sumter. And so it may be in this case. If an American and a Spanish vessel should get within range of each other about now, it is not unlikely that there would be an exchange of shots, and if so that would be war. The first overt act on the part of either power at this juncture would eliminate the necessity for any Congressional or Presidential action. The overt act may come in one form or in another, but come it almost surely will if action at Washington is much longer delayed. —Charlotte Observer.

Are You "Run Down?"

Until February, 1892, I was a physical wreck and had been for over twenty years. No one can ever know what I suffered from rheumatism and neuralgia in different parts of my body, but principally in my head. I suffered so much with pains in my back that often I would have to lay with bottles of hot water to my back to give me what little relief it would. I suffered with indigestion for years, which gave me often such choking spells that the doctor would have to be summoned in haste. I could not eat a mouthful of meat or solid food of any kind, and the eructation of gas from my stomach was distressing. My system was completely run down. I had no strength and was distressingly nervous. Sometimes I would be unconscious from these nervous spells and would have to have hot baths applied for relief. When I had been in this condition for over twenty years, Mrs. Joe Person visited our town in February, 1892, and persuaded me to try a half-dozen bottles of her Remedy, as she told me she had never known it to fail to restore a broken down system. I knew I would have to try something and thought it might as well be her Remedy as anything, but I had no faith in anything curing me. I bought a half-dozen bottles and when I was on the second I began to feel better and by the time I took the six bottles I WAS WELL. Indigestion was perfectly cured and I can now eat anything I want and it agrees with me. It cured me entirely of neuralgia and I have never had it since. It cured me of hemorrhoids from which I suffered agony—rheumatism, backache, headache, nervousness all cured. When I see any one suffering from anything I asked them why don't they take the Remedy, that half a dozen bottles would cure them. I would not take hundreds of dollars for what it did for me. It restored me to health and now I enjoy life.

NEW MEDICAL DISCOVERY.

A Positive Cure For Dyspepsia.

This may read as though we were putting it a little strong because it is generally thought by the majority of people that Dyspepsia in its chronic form is incurable, or practically so. But we have long since shown that Dyspepsia is curable, nor is it such a difficult matter as it first appears.

The trouble with Dyspeptics is that they are continually dieting, starving themselves, or going to opposite extremes or else deluging the already over burdened stomach with "bitters," "after-dinner pills," etc., which invariably increase the difficulty even if in some cases they do give a slight temporary relief. Such treatment of the stomach simply makes matters worse. What the stomach wants is a rest. Now how can the stomach become rested, recuperated and at the same time the body nourished and sustained.

This is the great secret and this is also the secret of the uniform success of Stuart's Dyspepsia Tablets. This is a comparatively new remedy, but its success and popularity leaves no doubt as to its merits.

The tablets will digest the food anyway, regardless of condition of stomach.

The sufferer from dyspepsia according to directions is to eat an abundance of good, wholesome food and use the tablets before and after each meal and the result will be that the food will be digested no matter how bad your dyspepsia may be, because as before stated, the tablets will digest the food even if the stomach is wholly inactive. To illustrate our meaning plainly, if you take 1,800 grains of meat, eggs or ordinary food and place it in a temperature of 98 degrees, and put with it one of Stuart's Dyspepsia Tablets it will digest the meat or eggs almost as perfectly as if the meat was enclosed within the stomach.

The stomach may be ever so weak yet these tablets will perform the work of digestion and the body and brain will be properly nourished and at the same time a radical, lasting cure of dyspepsia will be made because the much abused stomach will be given, to some extent, a much needed rest. Your druggist will tell you that of the many remedies advertised to cure dyspepsia none of them has given so complete and general satisfaction as Stuart's Dyspepsia Tablets and not least in importance in these hard times is the fact that they are also the cheapest and give the most good for the least money.

The Daily Reflector

Gives the home news every afternoon at the small price of 25 cents a month. Are you a subscriber? If not you ought to be.

The Eastern Reflector.

TWICE-A-WEEK.

Is only \$1 a year. I contains the news every week, and gives information to the farmers, especially those growing tobacco, that is worth many times more than the subscription price.

DAILY REFLECTOR.

Weather Bulletin.

Partly cloudy tonight, Thursday fair.

A Strong Appeal

The resolution adopted at the meeting of the county and precinct executive committees on Saturday, published in another column, is to the point and clearly expresses the situation. It speaks so plainly as not to be misunderstood and should be read by every voter in the county.

McKinley to Meet the Lords of Spain.

THE REFLECTOR said the other day that "McKinley is looking for the crisis next Monday." A countryman read that and said, "Crisis must mean Lords," and he went straightway and told that the "Lords of Spain are coming over here and settle with McKinley."

They Are Coming In

We are very much gratified at the way new subscribers are being enrolled for THE REFLECTOR, both daily and twice-a-week editions. It shows that the people appreciate our efforts to give them the news and are going to help us in it. We thank Mr. E. B. Picken for a nice list of names he brought in, and hope others will follow his example and help us talk the paper up.

It Takes Work.

People on the outside have little idea of what a busy place THE REFLECTOR office is. Getting the press dispatches in the afternoon and putting them in type in time to serve fresh to our eager readers takes hustling. But we are here to serve the public and that is what we are trying to do. This extra work confines us more in the office than ever and any news item that any one can send in will be duly appreciated.

Worth Considering.

The news Greenville and vicinity gets in THE DAILY REFLECTOR is from 16 to 26 hours ahead of what it can be had in other papers. This is a point for our people to consider and is why they should patronize and encourage THE REFLECTOR. The news while it is news is what the people want and what we are laboring to give them.

A Good Book.

Mr. E. S. Simmons, of Washington is here canvassing for the sale of his book "Solution of the Race Problem." This is a book written by himself and treats interestingly a momentous subject. We hope he will find a large sale among the people of Greenville. The book and author are both deserving of a liberal patronage.
