### MORE WAITING.

#### SENATE RESOLUTION ADOPTED BY HOUSE OMITTING RECOGNITION CLAUSE.

This Goes Back to Senate for Concurrence—Troops Moving South Army to be Increased to Full Limit—Spanish Spies at Work.

The Senate reached a vote Saturday night, when the Turpie amendment to the resolution of the Foreign Relations Committee was adopted, the vote being 51 to 37. This resolution as amended recognized the independence of Cuba.

#### Troops Moving.

By Telegraph to Reflector.

Washington, D. C., April 18.—The crowds clamoring for entrance to the galleries of Congress today is unprecedented, even surpassing the rush of a week ago. Congress met at 10 o'clock this morning but adjourned until noon to wait for the Senate to meet.

This was necessary as the Senate resolutions could not be presented to the House while the Senate was not in session.

The army that will be sent to occupy Cuba moves today, the transportation of troops to the South have already begun.

#### House Surrenders.

Washington, D. C., April 18.—The House upon reassembling shortly afternoon listened to the reading of the Senate resolutions and then adopted the same, omitting the clause recognizing the independence of Cuba, by a vote of 179 to 155. The amended resolutions go back to the Senate and will probably be accepted by that body without being referred to a conference committee. This is a complete surrendering of the House resolutions.

#### Quiet at Havana.

By Cable to Reflector.

Havana, April 18.—All is very quiet here today.

#### Spies Active

By Telegraph to Reflector.

Key West, Fla., April 18.—It is noticeable that Spanish spies here are very active.

#### Call for Volunteers

By Telegraph to Reflector.

Washington D. C. April 18.—Chairman Hull, of the House Military Affairs Committee, after a conference with the President today, said volunteers would be called for during the week to increase the army to 400,000 troops.

#### Spanish Board Report

By Cable to Reflector.

Madrid, April 18.—The report of the Spanish Board of Inquiry into the destruction of the United States battleship, Maine, has been officially gazetted here. The document is a lengthy one and rejects the theory that the Maine was destroyed by the explosion of a submarine mine.

There are bets both ways as to whether or not there will be war.

### ORIGINAL OBSERVATIONS.

Made by Orange Va., Observer

It makes some people blush to tell the naked truth.

You cannot preserve your temper by getting into a stew.

Many people are most interesting when they have nothing to say.

Some men talk a great deal about subjects they know nothing about.

The festive fly hath unfolded his wings, and loudly the mosquito savagely sings.

Never put off today the flannel under-clothing you ought to wear until tomorrow.

The words of a young man are golden to his best girl if they have a "ring" in them.

Activity in some business pursuit, or in doing good to those in distress, is a sure way to lessen grief.

It doesn't take much of an architect to build an air castle, as the only timbers used are moonbeams.

Some men were "strapped" so often in boyhood that they have remained "strapped" ever since.

It is general-lee believed that our consul would give the Spanish fitz at the head of an American army in Cuba.

The president says he wants a stable government in Cuba. He wants the rule of scrub horses and mules continued, we suppose.

We have at last found out why the lamp is turned down low when a courting couple is in the parlor—they do not want the care-seen. Somebody strike a match!

#### Killed in a Runaway

A young man named William Barber left on foot to go home, five miles distant. Along the road he was overtaken by two other men in a buggy and got up to ride with them. As the party went along the horse suddenly took fright and run away, throwing all three of the men out of the buggy. Barber being in front fell out first and was thrown against some small stumps by the road side. His skull was broken in two places and every rib on one side of his body was broken. He died Sunday from the injuries. Both the other men were also considerably hurt.

#### Operation Performed

Mr. R. L. Smith took his little son, Willie, to Baltimore last week to have an operation performed on his foot that has been giving him so much trouble. The operation was performed Saturday and the little fellow is reported as getting on well.

#### They Are All Right

The latest joke is that the wings were taken off the Flying Squadron and it returned to Hampton Roads. The Squadron was simply out for practice last week and departed itself admirably, showing that the crews knew how to handle ships and big guns.

#### Administrators Notice.

By virtue of an order from the Superior Court of Pitt county, the undersigned administrator of the estate of T. F. Harrison, deceased, will on Monday, the 23rd day of May, 1898, before the Court House door in Greenville, sell to the highest bidder the following parcel of land.

One town lot in the town of Ayden, situated on Second street adjoining the lands of M. F. Summerville, W. H. Harris and Amos Joyner, containing one-fourth acre, more or less.

Terms of sale cash.

MONDAY, APRIL 18, 1898.

A custom has grown up in this State which came in with the advent of Populist politicians, of charging men who hold views different from your own with being corrupt. Some of these days some of the people who bring such grave charges so recklessly are going to incur funeral expenses.—Statesville Landmark.

If there be any ground for using the word "corrupt" in any of these cases, we trust that after the funeral the "corrupt" may put on incorruption. But what is better still—let all the good white folks vote together to down the Republicans and "riggers" in the State. That beats "cussin" one another.—Raleigh News and Observer.

Probably few Americans are able to realize what a war with America will doubtless mean to Spain, says the Hartford Leader. It means not simply the loss of Cuba and perhaps Porto Rico also. It means nor alone overwhelming naval defeat and bankruptcy of the national treasury. It probably means the downfall of the Bank of Spain, the one great financial institution of the country, and with its fall the collapse of other banks and scores of corporations—a general panic, stoppage of industries, ruin for many thousands of well-to-do citizens, and following in the wake of all this an uprising of popular passion and disorder, perhaps revolting itself, and a sweeping away of the dynasty, as Napoleon III. lost his throne after Sedan.

The State Guard is now designated the "National Guard" of the State of its residence, by virtue of the act of Congress which appropriates money for its equipment, &c. State laws are now in harmony with the National, regarding the guards, its organization and duties. Under these laws, in an emergency, the National authorities can call on the "National Guard" of any State, for active service, in or out of the State. In case the regular army should prove insufficient, or owing to distance from the place requiring the use of the military it could not be readily utilized, the National authorities has power under the law to call on the governor of a State for as many of the State Guards as may be wanted to go into another State. All who enlist in the State Guard or National Guard as it is designated, are amenable to all the laws National as well as State regulating soldiers of the regular army, and in an emergency, specially such as is now upon us a threatened foreign war, this guard is as fully subject to the national as to the State authority. Of course, should the State guard be called for, it will be through the governor of the State, and in case the call is made on the

governor for troops, so long as those already enlisted will fill the demand, they will, naturally and properly, be first called upon. They are organized to take precedence over unorganized militia, and their obligations as enlisted soldiers requires they should do so. If North Carolina, therefore is called upon to furnish any troops, to serve anywhere, the State or National Guard of the State will be first called into service, both because of their organization and readiness, as well as because the laws of Nation and State, which are in thorough harmony on this point, specially so provide. If more than the regular army and National Guards are required, then volunteers will be called for.—Raleigh Post.

## Meeting of Southern Methodists

A meeting of the General Conference Committee of the Methodist Episcopal Church, South, was held last night at Trinity church, says the Baltimore Sun. Arrangements were completed for locating all the delegates at the several hotels of the city, and the following programme was adopted for the public reception to be given on Thursday, May 5th.

Bishop A. W. Wilson will preside. Prayer will be offered by Bishop W. W. Duncan, of Spartanburg, S. C., followed by the reading of the scripture by Bishop Joseph S. Key, of Sherman, Tex. The address of welcome will be made by Bishop A. W. Wilson on the part of the churches of the city, which will be responded to by Bishop E. R. Hendrix, of Kansas City.

Governor Lowmes will be present and make an address. Special music will be rendered by a selected choir. The reception, and the sessions of the conference will held in the Fourth Regiment Armory, on Fayette street.

A despatch from New York states that the managers of the Joint Traffic Association have approved the special rate of one first-class fare per capita in the territory of the Central Passenger Association to the Southern Methodist General Conference.

## The Loss on the Maine

In responding to a resolution President McKinley transmitted to the Senate a report from the Bureau of Navigation with regard to the loss of life by the Maine disaster:

Number on board the Maine at the time of the disaster—Officers, 26; sailors, 290; marines, 39; total, 355.

Number saved—Officers, 24; sailors, 60; marines, 11; total, 95.

Bodies recovered—Officers, 1; sailors and marines, 177; died from injuries, 8; total, 186.

Those buried in the cemetery at Havana numbered 168; buried at Key West 19; buried at Pittsburg, 1.

Number of bodies not recovered: Officers, 1; enlisted men and marines, 73; total, 74.

The work of recovery, says the report, was continued until April 6, when the wrecking tugs were withdrawn, and nothing is now being done in that direction so far as is known, and the last bodies reported as recovered were sent to Key West on March 30. No estimate has been made of the parts of bodies which were recovered and buried.

The Sultan has prohibited the use of electricity in Turkey for any purpose, and patents for electrical inventions are consequently refused. Despite these facts, the doings of the Turks have been shocking the civilized world for centuries.

## HEALTH-CATECHISM.

To be Committed to Memory by all Dyspeptics, Invalids, Consumptives.

What is the first cause of nine-tenths of all diseases?

Imperfect digestion of food.

Why does imperfect digestion cause disease of other organs?

Because blood, nerves, muscles, bone and flesh are derived from the food we eat and digest. If digestion is perfect the blood is pure, nerves and muscles strong, flesh firm. If the digestion is poor, the blood is supplied from half-digested, fermenting food, irritating every nerve and organ. The result is, sooner or later, organic disease, because every organ being poorly nourished the weakest gives way first and we have liver trouble, kidney complaints, heart disease or consumption.

Is not dieting the usual and best treatment to cure indigestion?

No, because the dyspeptic has been starved long enough; what is needed is abundant nourishment, not the lack of it. The stomach and blood demand nutriment, not bran crackers.

What is the best method of cure?

Plenty of wholesome food well digested.

But how can a weak stomach digest plenty of wholesome food?

By taking with the food after each meal certain harmless remedies which are known to digest food and thus nourish the blood and rest the weak stomach.

What are these harmless remedies?

The most valuable are vegetable ferments, pure pepsin, Golden Seal and fruit salts. All of these are now combined in the form of pleasant-tasting tablets sold by druggists under the name of Stuart's Dyspeptic Tablets.

Are these tablets superior to the various liquid preparations so called dyspepsia cures?

Most decidedly, because all liquid medicines become stale with age and lose whatever good qualities they may have had originally, while the tablet retains its properties indefinitely. Stuart's Dyspeptic Tablets can be carried in the pocket, always at hand ready for use when traveling or at daily occupation. They cost but 50 cents and should be kept in every family. They keep the digestion perfect and save doctor's bills by warding off disease.

Are Stuart's Dyspeptic Tablets adapted to all forms of dyspepsia?

Yes, because in all cases the trouble results from indigestion, fermenting food. Stuart's Dyspeptic Tablets cause the food to be digested before it has time to ferment.

If you wish to know more about them ask your druggist for a package and try them.

## ARROW SHOTS

Two swindlers never get into a trade with each other.

A good many men are sized up by the money they do not spend.

A girl with a sty in her eye may be happy, but she doesn't look it.

Some people's ignorance you never find out till you know them real well.

Some men waste all their time expecting some government appointment.

Wonder if people who are always whistling are as happy as they seem.

Some people judge a man by the hotel he patronizes when away from home.

A great many people do not mind missing a party if only they have been invited.

When writing, if a woman makes a wrong word she rubs it out with her finger.

It is said that Alfred Henry Lewis, the manager of the New York Journal, receives a salary of \$300 a week, and that Mr. Hearst, the proprietor, is spending more than \$6,000,000 a year on that paper.

### The Future of "Lady."

Mexico now has lady bull fighters.  
Brooklyn has lady football players and  
Middletown, N.Y., has a lady streetcar  
motorman. If this thing keeps up we  
shall ultimately have lady everything  
except lady women.—Journal.

### The World Knows

Such doubts as there may have  
been at the start concerning the  
cause of the Maine disaster have  
been thoroughly swept away.  
The whole civilized world now  
knows that it was a case of cold  
blooded, cowardly murder.—  
Cleveland Leader.

The American servant girl is always  
represented in the comic papers as  
terrorizing her mistress. In England,  
the boot seems to be on the other leg.  
An English woman has just been  
sentenced to twelve months imprison-  
ment merely because she chastised her  
maid with "her fists, a poker, a clothes  
pole, a stick, a hammer and the arm  
of a chair, and by compressing her  
neck and kicking her."

### Negro Game of Bluff

A letter from Montgomery county  
states that recently the negroes of that  
county held a meeting and demanded  
half the offices of the white Republi-  
cans, and the latter would not agree to  
that arrangement. The negroes then  
decided to put up a straight negro tick-  
et. This is all mighty big, but the Rad-  
ical bosses of Montgomery, long before  
election, will have every negro to vote  
as he is told.—Concord Times

### After Eighty Years

Eighty years ago President  
Monroe said of Spain's misgov-  
ernment of her American posses-  
sions:

Spain's territory ought not to  
be made instrumental, through  
her inability to defend it, to pur-  
poses so injurious to the United  
States. To a country over which  
she fails to maintain her authority  
and which she permits to be con-  
verted to the annoyance of her  
neighbors, her jurisdiction for  
the time necessarily ceases to  
exist.

### Norton Gets Big Money.

C. H. Norton, of Durham, has  
won his suit in supreme court for  
\$20,000 damages against the North  
Carolina Railroad. His injuries  
were sustained May 2nd, 1896, in  
a collision between his buggy and  
a train while he was driving over  
a railway crossing. This is the  
largest damage suit ever decided  
and awarded by our state courts.  
There have been several \$10,000  
damage suits awarded, and one  
\$15,000 suit, but no other \$20,000  
suit. As this road is the lessee of  
the Southern Railway, the latter  
will likely have to pay it.

Somebody with plenty of time on  
his hands has figured up that the av-  
erage numbers of hairs on the head of a  
redheaded person is 29, 200; that dark-  
haired people have about 105,000, and  
fair-haired men and women from 140,  
000 to 160,000. It has also been cal-  
culated that it all the hairs on the  
head of a fair-haired woman could be  
plaited together they would sustain a  
weight of eighty tons.

### MOVING A BIG TREE.

A Giant Cherry Taken Up and  
Moved to Another Place.

Just before midnight one night in  
the middle of February last, a cher-  
ry tree, with earth attached, weigh-  
ing twelve and three-quarter tons,  
began the passage from the Knowles  
estate at Pawtucket and Fletcher  
streets to the grounds of ex-Mayor  
Field's residence in Middlesex street.  
The tree was on a sled and the  
way it got off there is an interesting  
story. During the cold snap a  
trench was dug around the tree. It  
was several feet deep. The tree was  
propped up so that it could not fall,  
and then the earth was dug from  
under the roots until the tree stood  
free, except that a platform of earth  
two feet deep and twelve feet in  
diameter clung to it. The roots  
and the frost held the ground in-  
tact.

Then the tree was tipped over  
gently with jacks to measure its  
length on the ground, so that the  
twelve-foot circle of horizontal earth  
was made perpendicular. More jack-  
screws were used to raise the circle  
of frozen earth, so that the sled was  
slipped under it, and then it was  
lowered, and the horses pulled the  
combination out of the orchard.  
Wooden shears braced the reeling  
tree on the sled. All this was done  
a couple of weeks ago. The earth  
cracked during the work, and the  
cracks were plastered with mud and  
allowed to freeze tight.

### A Monarch's Heart.

Louis XVII's heart has been pre-  
sented to a representative of Don  
Carlos, the senior male Bourbon, by  
M. Edouard Drumont, the Jew  
baiter. He inherited it from his  
mother, who had it from M. Gabriel  
Pelletan, whose father, Dr. Pelletan,  
examined the body of the unfor-  
tunate dauphin, and removed the  
heart from it. The doctor gave it,  
in 1828, to M. de Quelen, archbishop  
of Paris, to hand over to the royal  
family, taking a receipt for it. Dur-  
ing the revolution of 1830, the palace  
was sacked, the vase containing the  
heart broken, and the heart itself  
lost, but M. Gabriel Pelletan looked  
for it and found it a sand heap in the  
palace yard.

Bearing Fruit

The kind words our people are saying about THE REFLECTOR and its excellent telegraphic service is bearing fruit, in that it causes many others to become subscribers. We appreciate this and hope every one will keep on talking for the paper. That is the way to help us make the telegraph service a permanent feature.

Not Approved

There is much criticism heard of the disposition of one of the cases during the term of court just closed. A young man was convicted of a very grave offence and the sentence passed by Judge Bryan was 30 day in jail with leave to the Commissioners to hire him out. This sentence threw a bill of cost of over a hundred dollars on the county, while the father of the young man at once hired him for the sum of \$10 and he never saw the inside of the prison.

Ready to Serve Again

Mr. Bryan Buck, of Swift Creek township, a Confederate soldier who lost his right fore arm in the civil war, was in town today and dropped in the REFLECTOR office to learn the situation in the present disturbance between the United States and Spain. He says that the war spirit is just as strong in him as it was thirty-five years ago and he is as ready to fight now for Uncle Sam as he was then for the Confederacy. He says he is going to make up a company and lead them in battle.

EXPERIENCE

Is a Good Teacher

A VOICE FROM SALISBURY.

Salisbury, N. C., Dec. 4, 1897.  
From my own experience I have found Mrs. Joe Person's Remedy the best medicine known for building up the health in general. The greatest remedy in the world for dyspepsia, eczema, aches and pains and breaking up colds. Nine years ago I suffered with a chronic cold which resulted in a bronchial affection and repeated serious troubles of the throat, which was alarming. I was affected with something like croup and again and again for years was subject to attacks of laryngitis I tried Mrs. Joe Person's Remedy and am now free of all those troubles and have been ever since and feel confident the Remedy has made the cure. I have kept it in my family for years and have always found it invaluable for old and young. The extraordinary effect of this grand remedy is sure to be realized by all who give it a fair trial.

Sincerely,  
MRS. M. E. RAMSAY.
