The Pope Wants Peace

By Cable to Reflector.

London, June 3.—The Pope again urges the queen to yield and end the war. It is not considered it will have any effect until a decisive battle is fought.

MUCH UNCERTAINTY.

Fighting Believed in Progress But Partic- ulars Hard to Get

SANTIAGO WAS BOMBARDED WEDNESDAY.

Madrid Correspondent Says Cervera was Never at Santiago—

Other News.

Shipped Back to Spain By Telegraph to Reflector.

New York, June 3.—The St. Paul came into port this morning and anchored at Tompkinsville. She is in splendid condition, apparently not damaged in the slightest.

New York June 3.—Sigsbee started for Washington today.—“Evening Journal.”

Thirty-nine Spanish prisoners captured on the Spanish steamer Rita, off Porto Rico, arrived this morning. The prisoners were released and turned over to the Austrian Consul for shipment to Spain.

Another Bombardment By Cable to Reflector.

Port au Prince, June 3.—A World special reports here that the bombardment of Santiago is resumed. No particulars. Cable communication of the island is uninterrupted. The fact that there is no response to the cablegram inquiry leads to the belief that such is a fact. The people are too excited or are not allowed to respond much to prevent the news from reaching the United States.

Orders Issued By Telegraph to Reflector.

San Francisco, June 3.—Orders have been issued to Gen. Otis late last night to prepare the Colorado and Pennsylvania troops to start to the Philippines Tuesday. It is causing an early stir of troops today. It is expected that several other company of troops will accompany them.

Vesuvius at Work By Telegraph Reflector

Washington, June 3.—The dynamite cruiser Vesuvius destroyed the mines at Santiago, thereby clearing the way for Schley's fleet. The cruiser Cincinnati is on some mysterious mission north of Cuba.

Final Plans By Telegraph to Reflector.

Washington, June 3.—The President outlined to the Cabinet today plans as follows: Sufficient troops sent to capture Santiago, for the destruction of the Spanish fleet, for land and sea attack, and establish a military government at Santiago, bombardment and land attack on Porto Rico. It is believed the war will end with this.

Is It There or Not? By Telegraph to Reflector.

Paris, June 3. Correspondent Gauliers at Madrid declares he has learned that Cervera has never been at Santiago harbor but is approaching the Philippines.

Washington, June 3.—Schley's official report of the Santiago fight says he has no doubt that Cervera's fleet is in Santiago harbor.

Entered Santiago By Cable to Reflector.

Madrid, June 3.—Peis says it is rumored that the American fleet has forced entrance to the harbor at Santiago.

Seried By the Insurgents By Cable to Reflector.

San Domingo, June 3.—The city of Sartia is besieged by the insurgents under Garria.

Another Appeal By Cable to Reflector.

London, June 3.—It has been announced that Spain has addressed another appeal to the powers to intervene.

Troops Embarking By Telegraph to Reflector.

Washington, June 3.—It is learned today that four thousand troops making the first division of the army of invasion to land at Santiago are already enroute. They embarked on six transports at Tampa. The troops conveyed by powerful warships. The second division is preparing to follow.

Though the despatches deny the sailing of the troops there is contrary information obtained. It is known beyond dispute that the administration is expecting a battle in the next twenty-four hours. Shafter undoubtedly commands the expedition to Santiago. Lee commanded the expedition to Porto Rico. Miles commands the general army of invasion of one hundred thousand men.

Bombarding Santiago By Cable to Reflector.

Cape Hayti, June 3.—No news up to one o'clock today from Santiago. The flag ship Brooklyn off Santiago on the 1st made an attack for the purpose of locating the batteries. The fleet was about seven thousand yards from shore and while moving across the entrance of the harbor fired on the Christobal Colon hitting her twice. It is believed the entire set of forts opened fire ineffectively. Some of the modern guns aimed well. Schley occupied a position near the forward turret of the Massachusetts. Americans fired four rounds from heavy guns. It is evident that Santiago is well fortified and has a number of modern smokeless guns. It will require heavy bombardment to dislodge the Spanish fleet.

No News at Washington By Telegraph to Reflector.

Washington June 3.—No news has been received that fighting has been renewed at Santiago. The reported attack of insurgents from land is unconfirmed.

Disabilities Removed By Telegraph to Reflector.

Washington, June 3.—The Senate concurred today to the House amendment bill to remove disabilities imposed by the fourteenth amendment of the constitution.

Correspondents Released By Cable to Reflector.

Havana, June 3.—Correspondents Whigham and Robinson, captured on Cuban soil while landing from a yacht were released owing to representations by British Consul Golan.

Cincinnati at Norfolk By Telegraph to Reflector.

Norfolk, June 3.—The Cincinnati reached the navy yard at ten o'clock, probably for undergoing slight repairs. It appears all right outwardly.

Ships Land Cargoes By Cable to Reflector.

Madrid, June 3.—Captain General of Porto Rico telegraphs that no anxiety is felt in regard to a supply of food for the port population. Several ships have recently landed cargoes.

Didn't Sight Ships By Telegraph Reflector

Key West, June 3.—A dispatch boat which has just circled Cuba reports that it didn't sight a sail after leaving the blockading squadron but sighted the land continuously.

FRIDAY, JUNE 3, 1898.

The Sad Tale of Unreadiness.

Every report from every camp repeats the shameful story of an utter lack of preparation.

Men are standing guard in pot-hats and cutaway coats and without any arms.

Men are without knapsacks, haversacks, canteens or any other thing that belongs to the outfit of soldiers.

The supply departments seems to have broken down completely. The Sons of Somebodies who have been thrust into responsible places in those departments seem no more ignorant of the military art of "getting things done" than does the lumberman who is at the head of the War Department.

The condition of unreadiness is not more astounding than it is inexcusable. This is one of the greatest producing countries in the world. It has the raw materials of every manufacture in lavish abundance. It has machinery of every kind. It has skilled workmen without limit. It has everything, in short, except capacity in administration in the Washington bureaus.

The department knew a month and more ago, for example, that it would need 50,000 pairs of uniform trousers. Yet the bids for these were not opened until six days ago, and the first deliveries, under the terms of the contract, are not to be made until ten days after the awarding of the contracts.

This is only one form of the incapacity that is making the people impatient. It is of a piece and pattern with the postponement of the "olar plexus."—New York World.

Some people, and it can be said that some such reside in Durham, have a poor way of showing their appreciation of the local press. They expect and demand much free advertising for everything they are interested in, but when it comes to spending money for printing or advertising in home papers they go elsewhere, or give their advertising to everything that comes along that is here for a day. Home prices must be far below outside competition, or away goes the work and money that should be kept in their own locality. Be just, if not generous, towards home enterprises, friends, or else do not expect free notices for yourself or your enterprises—private, public or charitable.—Durham Son.

The Law in Kansas

Judge Meyers, of Leavenworth, adjourned court last week for forty minutes to give a juror an opportunity to welcome a baby girl into his family. The man was back in thirty-five minutes, and the wheels of justice began to grind again.—Kansas City Times.

Mr. Bryan's Error.

The present outlook is that the government will not be able to avail itself of Mr. Bryan's offer of his services for military purposes. The offer was promptly made and was dictated by the same spirit of patriotism which opened recruiting offices all over the country and which sought to lessen as far as possible the inevitable difficulties of the government in creating on short notice an army out of the available but untrained material on which it had to depend.

There is no fault to be found with Mr. Bryan's intentions, but his course betrayed a lamentable ignorance of the conditions under which such a government as ours goes to war. While Mr. Bryan's ancestry is respectable, it does not occupy that exalted position in American society which entitles its descendants to appointments and commissions in the army regardless of the lack of natural intelligence or military experience.

Mr. Bryan is not the son of a Cabinet officer, nor of a Senator, nor of a member of Congress, nor of a millionaire; he is not even nephew of a Governor nor of an ex-Congressman. He has absolutely no claim whatever to a commission on ancestral grounds, and the trifling circumstances that something more than six millions of his fellow-citizens considered him qualified to serve as commander-in-chief of the army and navy of the United States is so far from recommending him that it is probably the reason why he has been persistently snubbed in his noblest effort to be of service to his country.—New York World.

A Train of Hard Tack

Tuesday's Atlanta Constitution says: A trainload of hard tack, made in Atlanta factories, was shipped from here to Tampa yesterday. Hard tack is a tough cracker, in shape exactly similar to a large soda cracker. The tacks are cut with the soda cracker molds and are the same size, with the exception that they are much thicker. They have the little indentions and perforations which mark the soda crackers and cannot be told from a common cracker until tasted.

It may not be generally known that Admiral Cervera was formerly a naval attache at Washington. He represented the government of Spain in that city about three years ago, and was universally liked by those with whom he came in contact. The admiral was at that time a lieutenant.

It is said that since John Sherman resigned he has been showing himself much more in public than ever before, and that he is more careful than formerly about his attire. It is suspected by some that the ex-Secretary of State is on dress parade, and that it is his desire to let the public know that he is far from superannuated.

The Florida Times-Union appeals for co-operation among business men to overcome the evils of the competitive system. It says: "Is it not possible to combine each community for the good of business, the elimination of individual jealousies and the triumph of a sound local policy that shall bind each man to contribute his share to the good of the whole? Cities are built up on the same principles as railroads, state-like corporations; we only need to concentrate the powers that work for us into a force that shall be strong enough to overbear and destroy the evil influences."

European nations are having their eyes opened on the subject of American patriotism. The blue and the gray march shoulder to shoulder, and the rich and the poor meet on a common level. Among the Roosevelt's "rough riders," may be found the Federal and the Confederate soldiers, and the sons of millionaires of the east ride side by side with the cowboy of the western plains. The solution to the mystery is that we are a nation of patriots, and that love of country is common to all sections and classes.

Meaning of Morro Castle.

Many persons are wondering that there is a "morro castle" at Havana and a fort of similar names at Santiago, as well as one of that name at San Juan, Porto Rico. The explanation is that the Spanish word morro means "anything round; or projecting over an eminence; and overhanging like of a precipice;" a high headland looking out towards the sea. Here, naturally, a fort would be placed if there was a city nearby to be defended, and hence the association of the name with any Spanish fortification placed on an elevated harbor-guarding eminence.—Asheville Citizen.

The Rainy Season in Cuba.

The so-called rainy season in Cuba is not as bad as it is generally believed to be. Besides, the United States soldier has sense enough to get in out of the rain if he is given half a chance. Land him right at Havana, instead of in the backwoods and swamps, and he will quickly get in under the roofs of the city.—Louisville Courier-Journal.

Neuralgia,

Neuralgia,

Neuralgia.

Several years ago I was a severe sufferer from chronic Neuralgia, which made me feel wretched and miserable all the time. Sometimes it was in my head, sometimes in my shoulder, but it seemed to settle mostly in my left side. Around the region of my heart seemed to be affected so much, that it made me anxious and weary. I had a friend who thought there was nothing that Mrs. Joe Person's Remedy would not cure, and she persuaded me to use a dozen bottles. I did so, and it made a perfect cure of me.

The Platform Adopted.

The Democratic party of North Carolina, in convention assembled in Raleigh, N. C., on this day, May 26, 1898, do hereby approve, endorse and ratify the last Democratic National and State platform and pledge our earnest support to the principle therein expressed.

We denounce the Republican party for the passage of the Dingley tariff bill, which has increased the burdens of taxation upon the consumers and given the trusts and monopolists greater power to rob the people.

Believing that under our present methods of Federal taxation that more than three quarters of our National revenues are paid by people owning less than one-quarter of the property of the country, we protest against such inequality and injustice, and in order to remedy to some extent this great wrong, we favor an income tax, and favor all constitutional methods to sustain it.

We denounce the Republican party for the defeat of the Teller resolutions declaring our National bonds payable in silver as well as gold, and denounce it for its determined purpose of more thoroughly fastening the single gold standard upon our people, and for its avowed hostility to the free and unlimited coinage of silver, as well as gold, at the ratio of 16 to 1, into full legal tender money.

We denounce the Republican party for its determination to issue bonds at this time, and we denounce the Republican war tax bill which lately passed the House of Representatives as unjust and unequal in its burdens, unnecessary and vexatious, and we demand the silver seigniorage be coined, that an income tax be

levied; and that the Secretary of the Treasury be authorized to issue the necessary amount of full legal tender greenbacks, or United States Treasury notes, in order to meet the expense of the war with Spain and to supply the revenue deficit under the Dingley bill.

While we deplore the war with Spain, we pledge our earnest support to the Government in all honorable ways to effect a speedy and successful conclusion of hostilities.

We denounce the scandal, extravagance, incompetency and corruption of the present Republican State administration.

We denounce all enactments of the last two Legislatures by which cities and towns in the State have been turned over to negro domination, and we pledge ourselves to enact such laws as will give security and protection to the property and people of every town and community in the State.

We denounce the placing of negroes on committees to supervise white school and we pledge ourselves, if restored to power, to enact such legislation as will make this impossible.

We denounce all legislation enacted by the Legislature of 1895 and 1897 for carrying out the base and partisan designs of the Republican party.

We denounce the placing of ignorant, irresponsible and corrupt men in office.

We oppose the removal by corporations on suit or cases from our State to the Federal courts, and favor legislation to prevent it.

We favor fair and just election laws.

We favor a government of the people, by the people and for the people—economy in expenditure, the abolition of unnecessary offices, decency in administration, constant improvement of our educational system, charity to the unfortunate, and rule by the white men of the State.

We favor the extension of the powers of the Railroad Commission, and a close scrutiny into affairs in order to ascertain, establish and maintain such rates as shall be fair and just to the people and to the transportation and transmission corporations.

We condemn free passes.

We favor the enactment of such legislation as will encourage capital to make investments within our State, and guarantee that the same shall be justly protected.

We favor a union of the silver forces of the country in the Congressional elections, and cordially invite all voters, without regard to past political affiliations, to unite with us in supporting our candidates for Congress who are for the free coinage of silver, thus giving practical force and effect to the recommendation of our Democratic National chairman, Hon. James K. Jones, and to the Congressional committee.

We admire and recommend without stint the great and gallant fight made by Hon. William J. Bryan in the last National campaign for the success of our party and the principles of our platform.

We call attention to the wise economical, honest and honorable administration of the affairs of our State for twenty years prior to the present Republican administration, and promise the people a return of wise, honest, economical and honorable administration, under Democratic success. We call upon every believer in honor, honesty and economy, upon every advocate of white supremacy upon every advocate of equal and just taxation, upon every advocate of the income tax and opponent of blundering tariff taxation, upon every advocate of the restoration of silver, and opponent of the single gold standard, and the present issue of bonds, as threatened by the Republican party, upon every opponent of government by injunction, and advocate of the jurisdiction of State courts over cases arising in the State against corporations doing business therein, upon every lover of decency and good government and opponents of the prevailing conditions, to unite with us in our contest with the Republican party—the greatest enemy of our principles, and aid us in redeeming the Nation from the clutches of greed and injustice, and the State from the scandal and incompetence that now afflict it.

Much Damage

The frequent hail storm and damage done by them is also distressing. Two severe ones have been through different parts of this section within the past week. The one we mentioned Thursday afternoon as striking the Falkland neighborhood almost went in the southern section of the county. Down about Hanrahan and Grifton it did much damage to crops, and no doubt damage was done in other sections not yet heard from.

A Compliment

Before beginning his sermon Thursday night Evangelist Pearson said he had noticed one thing here that he wanted to speak of. He said he was having the best behaved and most attentive congregations in Greenville of any place in which he has ever preached. So far during the meeting not the slightest misbehavior has been observed at any service.

OUR BOYS IN CAMP.

Camp Dan Russell, Co. E.,
Raleigh, N. C., June 2, 1898

REFLECTOR,
Greenville, N. C.

News scarce. One "scrap" a day as usual.

Tell Commander of Battery Z. to write me how she is getting along.

Mighty glad you mentioned the box for our boys. They all say "let her come"

Mr. J. H. Shelburn was out today. All our men who knew him were glad to see him.

We always put out lights at the signal and go to sleep about, well, any old time.

We are getting down to hard old drilling now and our men are learning very well.

Sorry you had such a terrible storm. Hope "Judge" Warren is mistaken about the destruction of the fruit.

Mrs. Fred Cox has been out here to see us. "Snowdie" is behaving all right now and cutting a swell here.

"Simp" Perkins says he is enjoying a "bile" on his neck and all he misses is the summer games of Greenville.

In my tent are seven men, we have plenty of room. Big old tent. They are H. H. Blackley, H. C. Fornes, Sid Moore, J. T. Robey, Bob Dail, J. H. Browney and myself.

Our company is E. instead of A. as I wrote you in my last letter. We were informed that letters would be given the companies according to the seniority of the Captains. But it was finally decided by lot and we got E. as you already know.

That poor fellow who died here got his skull cracked wrestling and it caused delirium. There is a fellow in the hospital now with a broken arm, caused by wrestling. I got my back dropped on a tent stob this eve and while it was painful and will stop me from exercise and drill a day or two, by applying liniment to said back I will be all right in a little while. Nothing serious, I am hard to kill you know.

We have a peculiar state of affairs in our company. To recruit to the required number Lieut. Col. Cowles offered R. Lee Meadows a 2nd Lieutenantancy, and gave Meadows commission as such. While all of our men like Lee Meadows, they were unwilling to have "Old Snugs" ignored without his or our knowledge or consent, and we drew up a petition for Lieut. Henry M. Snuggs to retain his position, 67 of our men signed the petition. Lieut. Albritton and myself went to call on Adj. Gen. Cowles, stated the facts and presented our petition. Gen. Cowles treated us very nicely, stated that Meadows had been commissioned and that he was sorry Lieut. Snuggs had been treated so unjustly. He asked us to bring Lieut. Meadows down to see him and we could talk the matter over and see if it could not be satisfactorily arranged to all concerned. He told Meadows that if he (Meadows) would resign, that Lieut. Snuggs should be commissioned 2nd Lieut. of Co. E., and that Lieut. Meadows should have a lieutenantancy in the 3rd Regiment which will be immediately formed. Lieut. Meadows is a square, honorable man and will do so. Lieut. Snuggs is acting 2nd. Lieut. and Lieut. Meadows is acting as a private. Gen. Cowles assures us that Lieut. Snuggs should be commissioned if Meadows would resign, and Snuggs is all right.

Yours truly,
AMBROSE D. JOHNSTON.

Pearson Meeting

Evangelist Pearson having previously announced that the subject of his Bible reading Thursday morning would be "Backsliders," a subject interesting to everybody, there were more people and more Bibles present than at the preceding morning service. The text for the reading was Jer. 3:22 "Return, ye backsliding children, and I will heal your backslidings." He divided the subject into five questions: (1) "How did you begin to backslide?" By neglecting the word of God; by neglecting to watch and pray. (2) "What have you found as a backslider?" That it is an evil and wicked thing to forsake the Lord; occasion has been given to others to blaspheme. (3) "Why should a backslider return?" That you may strengthen others and teach transgressors the way. (4) "How can a backslider return?" By confessing his sins before God and men. (5) "How can backsliding be prevented?" By

walking in the Spirit; by self-denial, taking up the cross and following Christ daily.

This was a service that searched every heart in the congregation and as the close there were few professing Christians present who failed to go forward and confess that to a greater or less extent they had been guilty of backsliding.

At night in the preliminary service written requests for prayer were read and fervent appeals offered in their behalf.

Mr. Pearson used as his text for the sermon part of Ex 12:13 "And when I see the blood, I will pass over you." Describing the passover, he said the paschal lamb was a type of Christ. The blood of the lamb delivered the children

of Israel from Egypt, and the blood of Jesus delivers us from sin. Blood is the only atonement for sin. "Without the shedding of blood there is no remission of sin" The lamb had to be slain and Christ had to be slain. The speaker poured hot shot into those who set up their opinion against the Bible and try to make some other plan of salvation than that laid down by God. His illustrations were striking and effective, and he told his hearers they better not accept any man's opinion but take what God's Word says. Mr. Pearson has a way of saying things that just can't be dodged. He is plain, practical and pointed in every utterance. He sticks to his Bible from beginning to end and depends upon it.
