Spanish Victories Still Claimed but They Are "Fishy."

NEWS TO-DAY CONFIRMS YESTERDAY'S REPORTS.

Several Spanish Officials Killed Monday--Sampson says no American Casualties--One Town Taken--Gunboats "Shell the Woods" around Cardenas.

Spanish Account of Engagement By Cable to Reflector.

Madrid, June 8--The Spanish official report of Monday's operations at Santiago was communicated to the press this morning as follows: Bloody encounter occurred at Saniago. The American fleet thrice attempted to land marine batteries and were repulsed. There were heavy losses. It is estimated that fifteen hundred Americans were killed and wounded. The Americans sunk the Reina Mercedes. Lieut. Acata was killed. Allea, between Santiago and Punta Cabrera, sustained a cross fire from insurgents on land and the Americans on the sea. The American fire passed above the Spaniards, falling among the insurgents. The Spaniards were well entrenched. The line between Sibonea and Aguadores prevented the Americans from landing. The Spaniards were unhurt.

New York Getting Ready

By Telegraph to Reflector.

New York, June 8--The three new regiments formed in this city to replace those sent to the front will be inspected tonight by the Adjutant General. The hurry up orders for the inspection are believed to be preparatory to the issuance of orders under the President's second call for troops.

Aguadores Taken

By Cable to Reflector.

Port au Prince, June 8--Further cannonading is reported from Santiago, and it is rumored that the Americans have captured Aguadores where the landing of troops will be made.

St Paul Sails

By Telegraph to Reflector.

New York, June 8--The St. Paul sails today to relieve the Harvard and the Yale which are on scouting duty in the West Indies.

Stations Keep Open

By Telegraph to Reflector.

Washington, June 8--The President today signed the war measure keeping the life saving stations open throughout the year.

Getting Ready to Strike

By Telegraph to Reflector.

Washington, June 8--It is admitted this morning at the war department that the Santiago expedition would sail today. Next week it is believed will witness the destruction of Cervera, the capture of Santiago and the occupation of Porto Rico. President McKinley expects the war to end before August first.

Six Steamers Chartered

By Telegraph to Reflector.

Washington, June 8--The Navy department has chartered the steamships Victoria, Olympia, Arizona, Indiana, Morgan and City of Para to transport troops to Manila.

Spaniards Killed

By Telegraph to Reflector.

Madrid, June 8--It is learned that five sailors and twenty nine marines on the Reina Mercedes were killed.

Not Believed

By Telegraph to Reflector.

Washington, June 8--The Navy department attaches no credence to the Spanish reports of the killing of Captain Phillips, the commander of the Texas, because Sampson has wired that no casualties occurred on the American side.

Other Spanish Accounts

By Cable to Reflector.

Havana, June 8--Seventh "delayed in transmission"--Details from Spanish source of the Santiago Spanish losses at the bombardment on Monday were received today. The marine chief killed aboard the Reina Mercedes was Ex-Captain Emilio Acosta Eyormann. Ensign Alejandro Molina, of the Reina Mercedes, was also killed. Col. Ordonez, artillery, inventor of the cannon bearing his name, was slightly wounded. Other officers were slightly wounded by projectiles and scattered fragments of shells which exploded on the land. Insurgents today dynamited a passenger train near Conas, in the Province of Pinar del Rio, overthrowing one car and derailing the train.

Don't Monkey With Leyden

By Telegraph to Reflector.

Key West, June 8--The auxiliary gunboat which arrived today from Cardenas, reports that all is quiet there except that the auxiliary gunboat Leyden is making things very lively for the Spaniards, blazing away at them whenever she sees movements of Spanish gunboats or shore defenses. The British collier Roath, sister ship to the Restormel, was held up on the fourth by an American gunboat. Not responding promptly to a blank shot, a solid shot was sent across her bow. Next day she was held up by a second gunboat and obeyed.

It is announced here that the Spanish steamer Benito has run the blockade out of Manzanillo and arrived at Jamaica.

Shelled Them Out

By Telegraph to Reflector.

Key West, June 8--Government dispatch boat arrived this afternoon reports two American auxiliary gunboats shelled a squad of Spanish cavalry at Cardenas Monday, killing twenty-five and wounding many more under the guns of the batteries. No Americans were hurt.

Americans Successful

By Cable to Reflector.

Cape Haytien, June 7 (Delayed) According to latest direct advices from Santiago, dated Monday at midnight, the bombardment which began at seven forty five yesterday continued until ten thirty, and was resumed a short time before midnight. It is believed that the Americans there effected a junction with the insurgents near Daiquiri, east of Aguadores, near the railway leading to Santiago.

W. B. Wilson was in town Sunday evening.

Mrs. W. C. Nelson, Jesse W. Thomas and A. J. Moore spent Sunday in Tarboro.

Jesse C. Carson, who has spent the past few months at Portsmouth, Va., is back home again.

Misses Essie and Fannie Albritton, Bessie James and James R. Carson went to Robersonville last Thursday night to attend the closing exercises of Robersonville High School.

Misses Dola Bryan and Mamie Pierce, of Falkland, spent Friday and Saturday here.

Hassell Mayo and Guy Smith, of Falkland, were here Friday and Saturday.

Dr. C. C. Joyner was in town Saturday.

Rev. B. B. Culbreth left this morning to attend the commencement at Trinity College.

The closing exercises of Prof. B. F. Hassell's school took place Friday the 3rd day of June. A large audience had assembled at the academy which had been beautifully decorated for the occasion. At 10:30 A. M., after song by the school and prayer by Rev. P. B. Culbreth, Elder Sylvester Hassell delivered a very able and interesting sermon. A recess was then taken for dinner until 2:30 P. M., when the closing exercises began with song, by the school and prayer by Rev. S. A. Cotton, of Conetoe. The programme contained forty-four pieces consisting of recitations, songs and declamations. The pupils all acquitted themselves well. The entire exercises were highly interesting and greatly enjoyed by the large audience present. Much credit is due Prof. Hassell for the fine training of the pupils and the success of the occasion. He is a fine disciplinarian and painstaking teacher. At the close of the exercises there were six gold medals and two prizes awarded to the following pupils, viz:

Miss Josie Badger, Oratory.
Miss Alma Sarles, Punctuality.
Miss Mary Badger, Spelling and Defining.

Caddie James, General History.
John A. Staton, United States History.

Allen Thurman Moore, Spelling.
The prizes were awarded to Misses Novella Bunting and Etta Bullock. The medals were presented by Revs. Frost, Cotton and Culbreth, with eloquent and appropriate speeches. Thus ended another prosperous school year of Bethel Academy, being the third year under the management of Prof. B. F. Hassell as Principal.

What Ayden People Do!

AYDEN, N. C., June 7th 98.

The ice cream supper given by Miss Sula Edwards Thursday evening was a large crowd present. At 9 o'clock the supper was served by Misses Lizzie Blount, Lena Hines and Lula Edwards.

It seemed that every one was well cared for and enjoyed the supper. All passed so nice and quiet it was almost like a dream of love in life's beauty.

After the supper Miss Edwards invited them in the parlor, where they could be entertained with sweet music which was made by Misses Myrtle Moore and Marie Hill.

It was then getting late and the crowd began leaving, every one thanked Miss Edwards for the pleasant evening they had spent.

Negro Rule in the East

The Democrats of Eastern North Carolina are desperately determined to wrest their county governments from the hands of the negroes and their white allies. The condition of affairs in many of the fertile counties below Raleigh is truly deplorable. Taxes which under the Democratic plan of county government had been kept within the constitutional limits, have been greatly increased and are beginning to become burdensome. The county bonds and other public indebtedness, which under white man's rule had reached and remained at par, have already started downward again, as is inevitably the case when the ignorant and vicious rule. Nor is this all. Negro justices of the peace try and negro constables and deputy sheriffs arrest white men and women; negro school committeemen have a voice in the management and control of the white schools; the old lawlessness of the scalawag and carpet-bagger days of '68 and '69 is manifesting itself among the negroes; the most heinous of crimes is alarmingly on the increase, and, in a word, the bottom rail is on top in those counties and property and intelligence are at its mercy. The votes of many good, honest, former Western Democrats made these things possible. We do not believe that they had the remotest idea that their fusion of '94 and '96 with the Republicans would bear such bitter fruit for their white brethren of Eastern North Carolina, and that they would never have entered into the alliances if they could have foreseen the end. Their former associates and co-laborers for honest economical, white man's government of North Carolina cordially invite them to return to the only party which has been able since the war to give the State such a government as the virtue and patriotism of its people deserve. The macedonian cry of distress comes from the negro ridden counties of the East. Will those Democrats who have left the party heed it and help us to help them?—Statesville Mascot.

This is the way the latest song goes, according to the Roanoke World: "We don't want to buy at your place; we don't trade there any more. You'll be sorry when you see us going to some other store. You can't sell us any stale goods; we have opened wide our eyes; we don't want to trade at your store, 'cause you do not—A-d-v-e-r-t-i-s-e."

The quarterly report of the earnings and expenses of the North Carolina Railroad, as made to the railroad commission shows total earnings on within the State business to be \$130,975, an increase of \$8,608 as compared with last year, and operating expenses of \$100,439, an increase of \$4,479. The net increase in earnings is therefore \$4,129.

Next time anything happens I will write you.

What Hurts Marion.

Hon. Marion Butler is very sore over refusal of the Democratic convention to consider his spoils proposition for fusion, and attributes it to the alleged fact that the convention was under the influence of "corporation lawyers," and "gold-bugs," too. Of course Marion feels sore, as it is natural he should, and as he must have some way of accounting for the emphasis with which the convention sat upon and flattened him, the "corporation lawyer" dodge is as good as any. But the fact is there never was a more thoroughly representative convention held in this State, and the delegates there simply responded to the to the sentiment of the Democratic masses and did their will when they declined to entertain that humiliating, disgraceful, prostituting proposition for fusion. Butler feels wroth because the result deprives him or the prestige of the leadership he claimed, deprives him of the moral and material support of the Democrats, which he was playing for leaves him with only his little faction of Populists behind him and compels him to fight for existence in his own party, where he is oppressed by an aggressive and strong faction. That's what's the matter with Marion.—Wilmington Star.

Why Allow Your Child
to Suffer.

Goldsboro, N. C. March 30—'98.

Mrs. Joe Person,
Dear Madame, My two small chil-
dren were completely covered in run-
ning sores from impure blood, for
which I could find no remedy, until I
got a bottle of your Remedy. In a
few days they were free of fever, and
were well by the time the bottle was
empty. I gave it after meals in
sweetened water, and they begged for
it. Afterwards my little girl became rest-
less at night, would scream as if in
nightmare every little while until after
12 or 1 o'clock. I commenced giving
her the Remedy on Thursday night
and by Saturday night she was resting
quietly. I shall continue to use it for
my children.

Yours very truly,
Mrs. M. T. Witherington.

The Vessuvius

"Befo' da wah" we heard a good idea
about the dynamite boat Vessuvius and
the great things she was expected to
do in the way of clearing harbors of
mines, but so far she has not been in
evidence. No more inviting situation
could be desired than that which has
been offered at Santiago for days past
and yet the Vessuvius has displayed no
haste in tackling the job. We are just
the least bit afraid that the naval men
lack confidence in the powers of the
dynamite craft.

It is admitted that the boat is an ex-
periment and was designed especially
for the destruction of torpedoes and
mines in harbor. The guns of the Ves-
uvius, three in number, are each fifty
five feet long, and throw projectiles
containing from 500 to 600 pounds of
explosive gelatine and dynamite one
mile of sub-caliber projectiles containing
100 to 200 pounds of explosive up to
about 4,000 yards. The projectiles are
discharged by compressed air at a pres-
sure of about 1,000 pounds, which
gives an initial velocity of about 800
feet a second. The projectiles are pro-
vided with a fuse so constructed that
they may be exploded upon entering
the water, or, delayed action, at any
depth beneath the surface.

The Vessuvius was somewhere in the
neighborhood of Key West when last
heard from. During the present war
no better opportunity will probably be
afforded for a test of her powers than
that at present offered at Santiago,
and it is to be hoped that she will hur-
ry to the scene, for whether she clears
the channel or adds her own bulk in
the way of an obstruction, curiosity
will be satisfied, and naval theories
confirmed or exploded.—Charlotte Ob-
server.

Pearson Meeting.

The subject of Evangelist Pearson's discourse Tuesday morning was "Consecration." He used as a text part of 1 Chron. 29:5. He discussed at length the point's. What is consecration? Why we should desire to be consecrated. The extent to which we should be consecrated. The result of consecration. Following his custom all through the meeting he stuck to the Bible and gave the Word in explanation of every point.

At night the subject of the sermon was "The Prodigal Son," based on the parable in Luke 15:11-24. Departure from his father, return to his father, reception by his father, were the divisions of the subject in hand. In connection with the prodigal's departure Mr. Pearson practically discussed his folly, his insubordination, his waste, his want, his degradation. In deciding to return the prodigal showed wisdom; this decision was put into action; he manifested a trust in his father by coming to him; and he came in his naturalness, just as he was. The reception was portrayed in the father's eager, longing look for the son's return; his compassion for the son; his goodness and love toward him, and his joy over the prodigal's return, it being even more joy to the father than to the son. Every point of the sermon was forcibly applied to the condition of the sinner.

The service was followed by some professions and requests for prayer.

Mr. Pearson will close the meeting tonight.

Early Closing.

During the Pearson meeting our merchants have for ten days been closing their stores at 7:30 o'clock in the evening. They have also been going a step farther and closing from 11 to 12 o'clock in the morning during the hour of service. Well, nobody has lost anything by this. THE REFLECTOR wants to make the suggestion that as they have now got in the habit of closing early in the evening that it be kept up for the remainder of the summer, except on Saturdays. In the majority of cases there is not enough trade at night to pay the expense of keeping open any way, and by closing early both merchant and salesmen could have some rest and be better prepared for business during the day.
