Died

At her home 3 miles north of Greenville, Thursday night at 11:30 o'clock, Miss Felicia House passed away. She was a daughter of the late Elder David House, and was a lady whose life was filled up with those virtues and traits of character that make the pure, noble woman. She leaves several brothers and sisters and a large number of relatives who are sorely grieved at her death.

SPAIN WANTS PEACE.

But too Proud to Openly Seek it.

NO NEWS FROM FLEETS TODAY

Philadelphia Coal Dealers Courting Prison—Hurrying Supplies to Manila—More Troops Moving to Tampa.

Not Confirmed

By Telegraph to Reflector.
Washington, June 10—There is no official confirmation of the rumors current this morning that Spain is seeking peace.

Journal Boat Shelled

By Telegraph to Reflector.
New York, June 10.—The Journal extra publishes a despatch from Cape Haytien stating that the Journal despatch boat Fly was shelled by the Yankee and Dolphin while reconnoitering off Santiago and Caimenera.

A shell from the Dolphin smashed into a train carrying Spanish soldiers and killed many of them.

Catching Up With Coal Dealers

By Telegraph to Reflector
Philadelphia, June 10.—District Attorney Beck and Chief McManus, of the secret service, are conducting an investigation which is believed will send several prominent coal dealers of this section to jail. The officials are in possession of valuable information regarding the sale of large quantities of coal to the Spanish government by dealers in this city. The District Attorney said they are simply waiting for certain other developments before taking action. McManus made several important discoveries and has been holding a conference with Assistant District Attorney Kane. All officials are reticent. Kane refused to make a statement, but admitted that in the investigation by the secret service officials it was learned that since the war has been in progress several hundred tons of coal have been shipped by brokers of this locality to Spanish agents.

Hurrying for Philippines

By Telegraph to Reflector,
San Francisco, June 10.—Gen. Merritt in obedience to orders is hurrying up preparations for the departure of the second transport fleet to the Philippines. Provisions and ammunitions are being rushed aboard the China, Colon and Zealandia. The transports Senator, City of Pueblo and Queen will soon be ready for troops. The Zealandia is expected to sail this afternoon.

To Guard Forts

By Telegraph to Reflector.
Camp Black, June 10.—The twenty second New York regiment left this morning to guard Forts Scheyler and Slocum on Willets Point. Only the first battalion of the forty seventh regiment is here now.

President Quiet

By Telegraph to Reflector.
Washington, June 10.—The President is quiet this morning, receiving nothing official until the arrival of the cabinet. He was disturbed less than usual by demands for personal interviews. He saw Senators Lindsay, of Kentucky, Platt, of New York, Representatives Hooker, of New York and Hawley, of Texas. Mrs. Hart called for the official papers releasing her husband, the pardoned filibusterer.

Porto Rico to be Invaded

By Telegraph to Reflector,
Washington, June 10—There is a general understanding in official circles that Shafter's force of twenty seven thousand will be divided after taking Santiago, one part remaining there, the other going to Ponce on the coast of Porto Rico. Positive date of departure will be determined by Cappinger's readiness to start to San Juan. The simultaneous attack on land and on sea of San Juan will be followed by a junction with the remnant of Shafter's expedition which will travel on military road seventy five miles from Ponce to San Juan, Bizting Island. It is believed the campaign on Porto Rico will dishearten Spain and season the Americans for decisive victory at Havana.

More Troops to Tampa.

By Telegraph to Reflector.
Chattanooga, June 10.—The remaining troops here will soon go to Tampa and other gulf points. Gen. Brooke announced that one hundred thousand more soldiers would be mobilized here. Chicamagua is now the best equipped camp in the country. Gen. Grant takes the field today.

No Connection

By Cable to Reflector.
Cape Haytien, June 10—This point is disconnected with Santiago.
Port au Prince, June 10—Disconnected with Santiago.

Views of the Liberals

By Cable to Reflector.
London, June 10.—The West Minister Gazette this afternoon says the liberals desire nothing more than to draw close bonds with America. If the leaders draw attention to the points needing careful handling, because, judging from the present conduct of foreign affairs, they have grounds for fearing that the best policy will be wrecked by lack of wisdom and perseverance. We should plead for care and caution in dealing with America, because we are anxious to save that cause from the fickleness of the present government.

Monterey in Trouble

By Cable to Reflector.
Santa Barbara, June 10—Captain Debeney of the steamship Pomona reports having sighted the Monterey in tow of the Brutus fifteen miles off Gaviola, and forty miles west of here heading apparently to a passage between Santa Cruse and Sanatos Island thence seaward. It is supposed the monitor was compelled to seek quiet waters for repairs.

Spain Wants Peace.

By Cable to Reflector.
London, June 10.—Sagasta's denial of Spain seeking peace is ridiculed here. It is well known in diplomatic circles that Spain has been making every effort to end the war at the least possible loss of territory and dignity. It is generally believed that the Queen has appealed to Austria Vatican to hasten the cessation of hostilities.

Conference Report

By Telegraph to Reflector.
Washington June 10—Aldrich presented the conference report on the war revenue bill to the Senate this afternoon and it was read.

Spanish cause Helpless

By Cable to Reflector.
London, June 10.—Balfour, the government leader, said in the House of Commons this afternoon that intervention is impossible without reasonable prospect of its welcome by both countries. The St. James Gazette advises America to occupy Spanish waters immediately pointing out helplessness of the Spanish cause.

FRIDAY, JUNE 10, 1898.

North Carolina in The War

Every one must have noticed how North Carolina is covering herself with glory in this war. Ensign Bagley, of Raleigh, was the first officer, and one of the very first men to fall on the American side, and now comes the remarkable achievement of Constructor Hobson to reap new laurels upon Carolina's brow. It is true that Lieutenant Hobson was born in Alabama, which is a very good State to be born in, but he is of North Carolina stock, as his Christian name, Richmond Pearson, indicates. The Pearson family is one of the most prominent in North Carolina.

In addition to these two pre-eminent glorious incidents, natives of the Old North State have been at the front whenever they have had an opportunity to go there, and they have distinguished themselves in many events less widely discussed, but hardly less worthy of discussion. The cutting of the Cuban cables for example, is a work that requires heroism of the highest type. If there is any other task that exposes men to the more withering fire under more nerve-racking conditions, we have not heard what it is. At Cienfuegos, where most daring feats or cable-cutting were performed, a North Carolinian was among the wounded. It is always the same story. Wherever there is dangerous work to be done for the sake of the country, a North Carolinian, if he is in the neighborhood and can obtain permission, will take a conspicuous part in it.—Norfolk Landmark.

Companies ought to be raised in each town from which State Guard companies have volunteered, to take the place of the latter until they return. It is expected that the State rifles turned in by the First Regiment at Jacksonville will be quickly returned to the arsenal here, and then, after being put in repair by the armorer, be sent to the towns where the Guard companies have gone. This matter of prompt arrangements for the temporary companies is really of much importance. The strength of the Guard ought not to be allowed to fall below 1,500.—Raleigh Cor. Charlotte Observer.

For a place "wholly cut off from cable communications" Havana sends a surprising amount of cable news to Madrid just now.

The Republican State executive committee has called a State convention to meet at Raleigh July 20th.

Ghost-Dancing.

By kind-heartedly refusing to take Porto Rico and Havana in the first week of the war we brought upon ourselves the bother and trouble which Cervera has caused us. Once he was safely on this side of the Atlantic, of course he had to be got out of the way before the real business of ending the war by solar-plexus blows could be prosecuted.

After wasting twenty-three days on Cervera we had the good fortune, thanks to the genius of Lieut. Hobson, to transform him from a lively menace into a helpless corpse.

Cervera is dead, and he knows it. We "put him out of the way" and don't know it.

Instead of going about our business, here we are kicking and stabbing away at the corpse with ludicrous ferocity.

Anything to prolong the war. Anything, even clownish dancing on Cervera's grave, to save ourselves from the necessity of really doing something.

The storming of Santiago would be ghost-dancing, not war.—New York World.

JUST FOR FUN

When McKinley heard that Sampson had succeeded in putting in that stopper to the bottle he was a Merry Mac.

Well, I've joined a regiment that's now forming, said the first actor. Don't say! exclaimed the second; where do you rehearse.

The continued stormy weather of last month may be accounted for, said the Manayunk Philosopher. The weather probably became angry because it was not being talked about as much as the war.

Hoax—Well never be able to starve the Spaniards out of Cuba, even if horse-flesh gives out. Hoax—Why not? Hoax—Well, this is the season of the year when it rains cat and dogs down there.

The girl who stops and ponders twice ere she speaks once, by gum! Is either very, very nice, Or else she's deaf and dumb.

Bring me some cigars, said a local politician, who was stopping at a hotel last week. Does smoking go here? Yas sub, replied the bell-boy; ebaht'ing goes in his hyar ho-tel, but 'cep'in' writin' papah. Dat's stationary, an kain't go.

The State's Manure Pile

Commenting on the decision of the Supreme court affirming the constitutionality of the fertilizer tax decision, this week's Biblical Recorder, says the department might "do great things toward the improvement of the condition of our farmers." It adds:

"It has done out little recently, because this decision was pending, which, had it been adverse, would have made the department bankrupt. It remains to be said, in conclusion, that very little can be expected of any department of the government which is used to take care of political pie hunter and castaways; and we make bold to declare that this department has been used for this purpose, and that the sooner it is run in the interest of the people instead of politicians the better for all concerned."

The editor of the Biblical Recorder knows whereof he affirms, for he has been a member of the board. It is refreshing to see one who has been connected with a State institution speak out and tell the truth. Mr. Bailey speaks truly. The Department of Agriculture has degenerated into nothing but a place to "take care of political pie-hunters and castaways."

If the Spanish fleet has been bottled up, we sincerely hope Sampson hasn't lost his corkscrew.

HE REMEMBERED

He rose to depart as the clock sounded eight,
And, getting his hat and his cane,
His wife sweetly murmured: 'Now don't stay out late,
Dear Charlie, 'Remember the Majne!'
With that somewhat startling in junction in view,
He was back home at ten with his pet,
For should he stay later he very well knew
What a great blowing up he would get.
—Denver Post.

Billville In War Time.

There is this consolation: If Sampson meets Cervera by Christmas we'll have fireworks.

The war scare prevails in this section, but the candidates are running too fast for a Spanish army to overtake them.

A great mistake was made in christening the Billville cruisers: The mayor got full and broke the christening bottle over the captain's head.

The Billville war chaplain writes that he is doing a great work at the front. He preaches to 1,000 men and takes up a collection after each hymn.

We always said that our local boys would be heard from in the army. They hadn't been there a week before they drew on us for all we could stand.

A citizen who thought to escape his debts by enlisting in the war discovered when he went in that his heaviest creditor was colonel of his company.

The polls for the election of colonels open at 6 a. m. Efforts will be made to have a fair election but a good many repeating rifles will probably be on hand.

COUNTY COMMISSIONERS

At the June meeting of the Board of County Commissioners the following aggregate amounts were paid out; Paupers \$118.25; Superintendent Health \$33.33; bridges and ferry \$64.14; jail and conveying prisoners \$86; County House \$195.81; witnesses \$30.50; Commissioners \$27; committees \$34; Register \$25.16; sundries \$21.05; Greenville stock law \$7.79.

E. V. Cox resigned as tax lister for Swift Creek and G. W. Cox was appointed.

A new road was ordered laid out from the Newbern road across the lands of J. J. Evans, H. B. Tucker and others to the old Bell road near Mrs. J. B. Hardee's.

The dispute between the county and parties whose lands adjoin the County Home property over the dividing lines having been compromised and a written agreement signed, the papers were ordered registered.

The Sheriff made report showing that he had laid out certain new roads as previously ordered by the Board.

The committee appointed to make settlement with the Sheriff for taxes due for 1897 made their report with statement attached showing the correctness of the accounts. The report was approved. The statement should collections for the county amounting to \$30,013.87. The insolvent polls amounted to \$754, the exemption on polls \$118. The insolvent and over charged property tax was \$131.69.

Thank the Lord, the government will own so much property when the war's over that some of us can run for Governor when we'll have more chance of "getting there."

 Goldsboro, N. C. March 30—'98.
 Mrs. Joe Person,

Dear Madame, My two small chil-
 dren were completely covered in run-
 ning sores from impure blood, for
 which I could find no remedy, until I
 got a bottle of your Remedy. In a
 few days they were free of fever, and
 were well by the time the bottle was
 empty. I gave it after meals in
 sweetened water, and they bagged for
 it. Afterwards my little girl became rest-
 less at night, would scream as if in
 nightmare every little while until after
 12 or 1 o'clock. I commenced giving
 her the Remedy on Thursday night
 and by Saturday night she was resting
 quietly. I shall continue to use it for
 my children.

Yours very truly,
 Mrs. M. T. Witherington,

The farmers of Oklahoma are
 already a field gathering a great
 wheat crop of 40,000,000 bushels—
 double that of last year—and it is
 a difficult matter to find hands to
 reap it all. If the Oklahoma
 yield be a forerunner of what may
 be expected in the other grain
 States it will bother even the
 Leifers to "corner" the magnifi-
 cent output; and the farmer of
 the West, out of debt and with
 money to invest, may be in a po-
 sition to play money-changer to
 the capitalist of the East.—Phila-

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

New Volume.

Today THE DAILY REFLECTOR begins a new volume, the eighth. For three and a half years the daily has made its regular visits, and this issue makes 1080 copies that have gone to you. Many people had no idea that a daily paper could go on in Greenville so long, but THE REFLECTOR has stuck right here and is going to keep sticking so long as the good people stand with it. We are trying to serve the public well and give them the news, and they know it. We take occasion here to renew thanks to every one for the patronage given the paper. THE REFLECTOR is not all it desires to be, but always puts forward its best efforts so far as the patronage will justify, and often even ahead of that. That it has a warm place in the estimation of the people is appreciated, and it is our purpose that it shall continue to merit their support and encouragement.

Moved Back

Mr. O. Cuthrell, who a few months ago left Greenville to make his home in Kinston, has moved back and will occupy his new building in South Greenville.

First Peaches

The first ripe peaches we have seen this season were brought here this morning by Mr. J. J. Cherry, Jr. He got a basket of very fine ones at La-Grange, on his way home from Seven Springs. We had the pleasure of trying them.

So Has Greenville

The Statesville Landmark: "Every town has a war strategy board now—that is, a board composed of persons who know exactly how the war should be conducted in order to bring it to an early and successful conclusion, but whose valuable advice and assistance the government is deprived of because their services have not been called for. Statesville has a board composed of excellent material and if the government gets in a strait they will gladly give it a few pointers."

OUR BOYS IN CAMP.

Camp Dan Russell, Co. E., Raleigh, N. C., June 9, 1898.

EDITOR REFLECTOR,

You ought to have seen the nice box of good eatables that the people of Winterville sent us—a big box full of ham, canned goods, pickles, biscuits, cake, etc. I was invited by Corporal Robey to assist in the destruction of the contents, and what we did for it was a plenty. I am sorry the people of Greenville let Winterville get ahead of them in such an act of kindness, and the only way Greenville can atone for this is to send a bigger box. I know Greenville can get up some nice boxes, but am sure they can't beat the one from Winterville. We wish to extend our heartiest thanks for it, and assure them if the Spaniards invade Winterville all they have to do is to notify Co. E. 2nd Regt N.C.V., and we will do them up as quick as we did their nice box.

Only one man will be sent from each company to recruit; and one from each battalion. I am slated from Co. E., so you may look for me any time.

Charlie Harris, of Falkland, came in to see us last night. He was on his way home from Chapel Hill, making the trip on his wheel. He took supper with me and said "Why, this is good enough for anybody."

The regiment is greatly improved since new uniforms were received. Guns are expected today.

Everybody in camp has got to be vaccinated. Won't there be some safe arms around these diggings!

Every man from the county wants to go to Pitt with me. Tell all the boys I will be in Greenville Friday and Saturday, and I can take a few of those patriotic citizens who want to scrap for Uncle Sam, provided they are good looking.

Yours truly,
AMBROSE D. JOHNSTON.

A Sad Death

A telegram was received here this morning announcing that Miss Maggie Bagley was dead. She was the second daughter of Prof. S. D. Bagley, who spent many years in Greenville and was well known here. She was just nearing young womanhood, and it seems so sad that one so full of promise should be cut down as it were just on the threshold of life.

The remains will be brought to Greenville on the evening train and the burial will take place at once in Cherry Hill cemetery.
