CO. E. IN A STORM

Savannah, Ga., August 31.—For twelve hours, beginning at midnight last night, Savannah was in the teeth of one of the fiercest gales that ever struck the Atlantic coast. Vessels were wrecked in the harbor, electric light wires were twisted, leaving the city in darkness, trolley wires were blown down, tying up traffic, and the rice crop is ruined in the fields.

The Italian ship Maria Paffo is on her side in the river; the British bark Braewar is partly wrecked and the Italian bark Noe is beached on Tybee sands, and other smaller craft are beached or wrecked.

Business along the river front has been suspended. The First Baptist church is in ruins and many houses are badly damaged. The financial loss will be nearly \$100,000.

North Carolina volunteers, encamped on Tybee Island, had a terrible time. Companies A and E of the Second regiment had little time to seek better quarters than the tents which were wrecked. Many spent the night in box cars. Some who came to the city this morning presented a pitiful appearance. Many were without shoes or hats. They wanted to leave yesterday before the storm broke, but Major Wilson refused permission. They had no breakfast this morning, the commissary having been completely destroyed. Several are missing but are expected will turn up all right.

The wind blew eighty miles an hour when the storm was at its height. Tonight the city is in total darkness and it is still raining hard. The wind has gone down and all danger is believed to be over.

Charges Were not True

Indianapolis, Ind., Aug. 31.—The special investigating committee appointed by the Supreme Lodge of the Knights of Pythias to investigate charges made against the officers of that lodge and also find out if possible where the information had come from, made its report this morning.

The committee paid special attention to the discovery of the author of the charges but the report fails to show that it was successful in this. The committee found that the charges were not true.

The committee appointed to recommend the time and place of holding the encampment, Unitorm Rank, Knights of Pythias and the convention of the Supreme Lodge has reported in favor of Detroit and set the date of the meeting as the second Tuesday in September, 1900.

Men are like rivers; the deeper they are the less noise they make.

It is a poor actress whose picture never graces a cigarette package.

Civility costs nothing; but it often gets things that gold cannot buy.

It is easy enough to say bright things; the difficult part is to think of them.

A good purpose diligently followed is almost sure to produce happy results.

The old fashion of marrying for love and working for money can't be improved upon.

QUARTER MILLION POUNDS

Market Has a Record Breaker

Today the Greenville tobacco market surpassed any sale that was ever made here, the total offerings being about 250,000 pounds. People looked in astonishment at such an immense break, and during the morning there were many predictions that it would be a block sale. The warehousemen and buyers made up their minds to prevent a block if possible, and the auctioneers knocked off the piles at the rate of 400 an hour. Even at this rapid rate and starting the sale at 9 o'clock, it took until the recess for dinner at 12:30 to finish the Star and Farmers warehouses leaving the Planters, Eastern and Greenville for the afternoon. All the auctioneers followed the sale and kept relieving each other at intervals so that no time was lost. The heat was intense and the buyers fairly sweat-red, but they stuck to their places and kept the sale going good humoredly all through.

When the fifth warehouse was being built, some people were heard to remark that there would never be tobacco enough to fill half of them. Today, with more tobacco here than could get on the floors, showed how wisely they prophesied. The market started out this season expecting to sell 10,000,000 pounds, but it is the rate so far continues that figure will be left well behind. The fact cannot be denied, that Greenville has the best market in Eastern North Carolina.

To Remove the Mines.

Washington, Aug. 31.—The French Ambassador, acting for the Spanish government, has notified the State Department that orders have been issued to the Spanish authorities at Havana to remove the mines and other obstructions to navigation in that harbor as rapidly as possible.

Mr H. D. Burkheimer, a clever railway postal clerk, showed a Star reporter yesterday a list of some new postoffices named in honor of the heroes of the late war. Among them is Dewey, Randolph county; Sampson Richmond county; Hobson, Nansmond county, Va. There has been a Bagley postoffice in Johnston county for some time. The notoriety of the Klondike has caused that name to be given to a new postoffice in Bladen county.—Wilmington Star.

Pass Him Around.

The public is warned against a man who is going through the country selling spectacles and claims to understand fitting them to the eye. He is an impostor and skipped his board bill at this place by leaving in the night for parts unknown. He is an ordinary looking man of low stature, wears glasses himself and speaks broketyly as if not an American.—Weldon News.

Farmers Warehouse Leads

You do not usually stumble over happier men than Joyner & Hughes, proprietors of the Farmers Warehouse, were today. Having such a tobacco break as they did was enough to make any two men happy. They had more tobacco than had ever been seen in one house here before, in fact more than any other house can hold. There were between 70,000 and 80,000 pounds piled on their 20,084 feet of floor space, and the lay out made a picture worth looking at. Joyner & Hughes are hustlers, and they please the farmers who sell their tobacco at the Farmers Warehouse.

The Pittsboro Record has entered upon its twenty-first year. It is one of the staunchest of Democratic journals, and there is not a more ably edited paper in the State. We hope the Record and Editor London may be a half century together.

A Real Danger

Almost immediately after the passage of the reconstruction acts, under which the Southern States were re-admitted into the Union, and by which political and civil rights were conferred upon the negro, there was a great influx of negroes into Washington City, and the capital of the Union was fast becoming the negro's political heaven. Why? It was about this time that an act was passed by Congress which gave to the citizens of the District of Columbia the power to elect all the local officers of the city of Washington. The people there had local self-government and the negro was as good as the white man. They flocked to that city in great numbers, and had the influx gone on and the right of the people to elect the local officers been continued the city would long ago have been under the control of the negroes. As it was, the city government soon became so corrupt and extravagant that Congress was forced to repeal the act giving the people the right of local self-government. The principal officers of the city are now nominated and by and with the advice and

consent of the Senate are appointed by the President, and these appoint the minor officers. Since the present system of government went into operation the negro has had but little showing in the way of office holding, and the city is no longer his political heaven.

What place is now to him what Washington once was? What one State in all this Union now holds out to him the inducement to enter her citizenship and seek her political honors? What State, and what State alone, is represented in the Congress of the United States by a negro? What State and what State alone, has registration laws which make it easy for him to register, whether he is a legal voter or not? What State, and what State alone, requires nothing of him to entitle him to vote except his bare oath that he is so entitled? The answer to these inquiries is, North Carolina!

The negro is not a voter in the District of Columbia, as no elections are held there. South Carolina and other Southern States where the negroes are in large numbers, have passed special laws which make negro domination in those States practically impossible. But North Carolina, under Republican rule, not only does not seek to provide against negro domination, but actually invites it. Laws passed by Democratic Legislatures for the protection of the white people in certain localities have been repealed by the Republican party, and the policy of turning over these communities to the negroes has been proclaimed to the world as the policy of the Republican party of North Carolina. Hence we see in New Hanover county forty negro magistrates and numerous other negro officers. In Craven county we find twenty-six negro magistrates and a host of other negro officials. All through the East we find this policy adopted, and as a result many of the local offices held by negroes. Gradually this policy is pushing its way upon the State, and even Chatham, negroes have been put on committees for white schools. Much has been done in furtherance of this policy since the Republicans came into power in January, 1897. That policy is now on trial, and a fierce political contest is going on over the State. The Democratic party is attacking it with all the abandon and stubbornness that a hyena defends its young. This Republican policy is to be passed upon in November by the people in North Carolina. The negroes from other States watch the conflict. If the people of North Carolina shall deliberately indorse this policy, can any one doubt the result? Is it not manifest that negroes from other States, where official life is closed to them, will hie themselves away to North Carolina, as they did in former days to Washington, where official life is open to them and where the Republican party offers them its rewards? Let it be proclaimed to the world, after this fierce conflict, that the white people of North Carolina have indors-

ed this Republican policy and that this party now firmly entrenched in power, and does any one doubt, can any one doubt, that there will be an influx of negroes into North Carolina from Virginia, South Carolina and other Southern States that will soon give the negroes the majority in many counties where they are now in the minority? In this way county after county in which the whites now feel secure may soon pass under negro control. Can any one doubt that this is a real danger if the Republican party is to remain in control of the State? No more can any one doubt that it is an imminent danger. Who shall say that Colonel James H. Young, the only negro colonel in the United States, when he returns as a conquering hero to his patron and friend, Governor Russell, may not summons his race to join him in making North Carolina the San Domingo of the Union.

Whatever one may think about these weighty and serious questions, it is certain that if the Republican party is overthrown and its policy be repudiated by the white people and the Democratic party be restored to power, none of these dangers can befall the people of North Carolina. The Democratic party is a white man's party, and it will establish and maintain a white man's government over every foot of soil where it governs at all.

Another Postmaster in trouble.

J. M. Pittman, Postmaster at Tillery, was taken into custody last Sunday by inspector Gregory and brought before Commissioner J. T. Gooch, of this place. He gave bond for his appearance here in the sum of \$500. Charges against him are embezzlement of money order funds and opening ordinary letters. He was formerly Postmaster at Tillery under the Harrison administration. He also represented this county in the State Legislature, in 1887, and was a member of the House of Representatives. —Weldon News

 Oneida Cotton Mills:
 About two and a half years ago my little boy about four years, and my little girl about two years, each had an enlargement of the glands about the ears. The trouble appearing on each about the same time, I was inclined to think it mumps, but soon observing to the contrary, I called in the doctor, who said the trouble came from colds, prescribing accordingly, yet swelling continued to grow, until each had to hold or the face, the little boy having been lanced in three places, and at three times, his face at times, looking alarming. The nature of the trouble was termed one thing by one and another thing by another. This however, did not concern me, as I was looking for a cure, and Mrs. Joe Person's Remedy having been called to my attention so favorably. I dropped the treatment from the doctor and commenced to use Mrs. Joe Person's Remedy. To say that the results obtained have been satisfactory is putting it in mild terms, the children, and especially the little boy being entirely well, yet wearing the scars that will ever keep fresh in my memory the merits of Mrs. Joe Person's Remedy. Kept.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate.
