who gauges the quality of CLOTHING by the price has no business to be married. Yet one of this class directed his wife to buy clothing from another firm because they charged more for it, and "it must therefore be better." His better half bought some from us and some from the other house, and showed her husband that they were identical. This proved conclusively how foolish a man can be when he really tries. The lady of the house generally knows where she can get the most and best for the money.

The reports that come in from the primaries Saturday are most gratifying. At every precinct there was a large attendance, showing the interest that white men feel in the approaching election and the return of good government. Greenville township has never before had such a large primary meeting, between 200 and 300 being present, and the same seems true of every other township. A number of former Populists participated in the primaries. Now let everybody come to the county convention next Saturday. Whether you are a delegate or not, come, and let such an inspiration go out from the great gathering that will bring Democratic success and the restoration of white supremacy in the county.

After the Greenville township primary had finished its regular business Saturday afternoon, Mr. A. A. Forbes was called on for a speech. He responded in a manner that brought round after round of applause. Mr. Forbes was the Populist Senator for this county four years ago. He said he was honest in leaving the Democratic party as he thought it was departing from its principles. He then thought the principles of the Populist party were right, and they would have been right had not the party gone head and boots to the Republicans. At the age of 17 years, he said, he put aside his school books and joined the Confederate army to battle for his home. He is no less a patriot now than then, and in defense of his home, his wife and his children, he takes his stand with the white men for a white man's government. He said he does not believe there is any Democratic party in Pitt county nor any Republican party, and he knows there is no

Populist party—but there are two parties, the white party and the negro party, and it is clear enough which one every white man should belong to.

Nothing could be plainer than that fusion in Pitt county means that the Populist leaders are under the control of the Republican bosses and are trying to deliver the rank and file of the Populist party into the Republican camp. Look at the facts in the case for a moment: On Saturday, 10th inst., the Republicans held their convention. C. M. Bernard stated in open convention that they would fuse with the Populists until they could get an election law like they wanted engrafted in the constitution so that the Legislature could not change it, and as they needed the Populists to help them do this they were going to divide the offices with them again on the same basis as two years ago. He then went on and named the men whom they should nominate for their part of the ticket. Being boss of the situation, his convention endorsed what he laid before them. Now when the Populists county convention met on the 15th what do we see? When J. A. Lang, chairman of the executive committee, called the convention to order not one reference did he make to fusion, and the matter was not put before the convention at all to give the delegates any voice in it. And when R. L. Joyner took the seat as permanent chairman of the convention he went ahead calling for nominations for the offices that the Republicans had left, giving no reason why the other places were skipped over, showing that the Populists were simply doing the bidding of Bernard and Harry Skinner. A. J. Moye, who was placed before the convention for renomination for the Senate, soon discovered that he was not the choice of the Republican boss and his allies among the Populist leaders, and withdrew as stated in our report of the convention. He had tried to keep the Populist party from being swallowed by the Republicans, and while in the Senate two years ago prevented the passage of a bill which had for its object the placing of Greenville under a still worse government than it now is. Stade Chapman occupied a similar position as Mr. Moye and both of them voted against Fritchard for Senator. For these reasons they did not want such men any more. The Republicans could not use them as they wished and did not want that kind of men nominated. Those nominated were just such men as the Republicans wanted, men they can use in carrying out their plans. It is no wonder that the better element of the Populist party is repudiating such a deal, and on election day it will be found that large numbers of them will not support the fusion ticket.

INTENSE SUFFERING

FROM DYSPEPSIA AND STOMACH TROUBLE.

Instantly Relieved and Permanently by Stuart's Dyspepsia Tablets.

A New Discovery, But not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create acid and gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally brought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal. Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach however slight or severe.

Stuart's Dyspepsia Tablets are made by the Stuart Co. of Marshall, Mich., and sold by druggists everywhere at fifty cents per package.

Little book on stomach diseases mailed free, address Stuart Co., Marshall, Mich.

The Peace Commissioners have had their powwow with Mr. McKinley, received their instructions and departed for Paris, via New York. It would be easy to follow the majority of the Washington correspondents, and give what purported to be the substance of those instructions, but as the instructions have never been put upon paper and are absolutely unknown outside of the administration and of the Peace Commission, they can be guessed at by one man about as good as by another. So each of your readers may do his own guessing.

Mr. McBride Holt Says:

Irabam, N. C. July 16, '97.

Oneida Cotton Mills:
About two and a half years ago my little boy about four years, and my little girl about two years, each had an enlargement of the glands about the ears. The trouble appearing on each about the same time, I was inclined to think it mumps, but soon observing to the contrary, I called in the doctor, who said the trouble came from colds, prescribing accordingly, yet swelling continued to grow, until each had to hold or the lancet, the little boy having been lanced in three places, and at three times, his face at times, looking alarming. The nature of the trouble was termed one thing by one and another thing by another. This however, did not concern me, as I was looking for a cure, and Mrs. Joe Person's Remedy having been called to my attention so favorably, I dropped the treatment from the doctor and commenced to use Mrs. Joe Person's Remedy. To say that the results obtained have been satisfactory is putting it in mild terms, the children, and especially the little boy being entirely well, yet wearing the scars that will ever keep fresh in my memory the merits of Mrs. Joe Person's Remedy.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

Just the Kind of News You Are Looking For

Remember THE REFLECTOR if you owe it anything.
Hope Fire Company meets tonight at 8 o'clock. All citizens, merchants and property owners are requested to attend.

Horses are Needed.

These people who were at the fire Friday night and who witnessed the struggles of the firemen in dragging the engine through the streets, ought to be convinced that horses are needed for this purpose. The men who compose the fire company have enough to do and make enough sacrifices for the protection of the property of others, without having to submit to the additional hardship of pulling the engine themselves. Besides the burden to the firemen, by not having horses they are so delayed at a fire that it is dangerous to property by much time being lost. Among the members of Hope Fire Company are but six owners of real estate. THE REFLECTOR mentions these things that the citizens and property owners may realize their duty toward the firemen. More interest should be manifested in the work that they voluntarily do for the protection of the town.

When cupid fires thirteen-inch shells from a battery of feminine eyes, there is a complete capitulation of the masculine fortresses.

ORIGINAL OBSERVATIONS,

Made by the Orange Va Observer.

People who go walking in a driving rain are certainly running a great risk.

Because a woman has a sharp face is no reason why she should look daggers.

Of course thirteen-inch guns are unlucky—at least Servera and his captains think so.

Doctors used to bleed their patients—now it is their bills which do this bloody business.

The tramp thinks that a little change will be beneficial to him when he asks you for ten cents.

There are six books in print on the subject of "How to Manage a Husband," and every one was written by an old maid.

An Orange young man confesses that he "never smelt powder." We can conclude therefore that he doesn't kiss his sweetheart on the cheek—or perhaps she leaves a bare spot on her cheek for that purpose.
