### They Love Old Pitt

Pitt countians in other States never lose their love for their old home and they are interested in what is going on within her borders. One of these wrote a personal letter to the editor in which he says "I am watching THE REFLECTOR with special interest now. I was amused a little and disgusted a good deal at the Republican and Populist conventions, and I don't see how they can expect any decent white man to vote such a ticket as they got out. But I felt like shouting when I read your account of the Democratic convention. I do hope the good people of old Pitt county are going to do the right thing, get together and elect those men, and go right on with the good work of redeeming the county from the disgrace it has gotten into. I believe the first two steps in that direction have been taken—the large primaries and that "old fashioned Democratic convention" like I used to love to attend. We "Tar Heels" here and a number of our friends who speak to us of these things all hope to be able to congratulate you on the success of this ticket. THE REFLECTOR is making a noble effort for it and I hope every white man in the county will do the same thing."

### Dewey Sustained

Washington, September 27.—The official account of the seizure by Admiral Dewey of the filibustering steamer Abby, as reported in the press dispatches, is contained in the following cablegram, received from the admiral today at the navy department:

"Manila, September 27.

"Having received information that the American steamer Abby left Macao September 21st with a cargo of arms for Batangas, I sent the McCulloch. She arrived at Batangas on the 23rd and found her in the harbor, having arrived three days earlier and landed cargo. There were only Filipinos on board. They refused to give any information and had no papers whatever. Seized and brought her here, where we are now holding her. The steamer was formerly the Pasig and is registered as an American vessel. The United States consulate at Canton, has information she made a voyage of the same kind already.

"DEWEY."

The navy department very promptly approved Admiral Dewey's action as indicated by the cablegram which was sent him today:

"Washington, September 27.

"Dewey, Manila:  
 "Your action in seizing American owned vessel Abby approved. She is amenable to martial jurisdiction for any violation of neutrality.

"LONG."

### Oregon and Iowa Ordered to Manila

New York, September 27.—The battleships Oregon, Captain A. S. Barker, and Iowa, Captain Silas Terry, received orders at the navy yard this morning to sail at 8 o'clock tomorrow morning for Manila. It is expected that it will take the battleships sixty days to complete the journey. They will stop at Bahia, Brazil, to coal.

The cruiser Buffalo, accompanied by two storeships, the Iris and the Celtic, is expected to follow the Oregon and Iowa in about a week.

A class of 51 applicants for law licenses were examined by the Supreme Court Monday. The examination was written instead of oral as heretofore. Out of the entire class only 26 passed.

### STATE NEWS

### Recruits in Wake

I have understood that it was said on the streets of Raleigh, by a prominent fusionite that I and my three sons would this year vote the fusion ticket. I am a Buck Kitchin Democrat, so also are my sons, and if we are spared to get to the election, we will all vote the Democratic ticket, and any report to the contrary is false.

A. T. BYRUM.

Barton's Creek township, Wake county September 21st, 1898.—Raleigh News and Observer.

### Corbett and McCoy Scrap in New York

New York, Sept. 28.—Corbett and McCoy met at Gilsey House. Corbett called McCoy a monkey. McCoy retaliated by calling Corbett a "cur." McCoy said Corbett was afraid to meet him. Corbett answered: "Put up your hands and I'll fight you now." McCoy struck Corbett two heavy 1 ft hand blows on the face. Men pulled them apart.

## A STUPID FELLOW.

who gauges the quality of CLOTHING by the price has no business to be married. Yet one of this class directed his wife to buy Clothing from another firm because they charged more for it, and "it must therefore be better." His better half bought some from us and some from the other house, and showed her husband that they were identical. This proved conclusively how foolish a man can be when he really tries. The lady of the house generally knows where she can get the most and best for the money.

Jury Kicked.

The first instance of a jury strike occurred Monday at this place, says the Owenton, Ky., News. In a certain suit a jury was summoned consisting mostly of tobacco growers. They protested, as the tobacco cutting season was now on and they were compelled to be in the patch. The court assured them that it would take only a few moments. The witnesses were called and the trial of the case began. At 6 o'clock p. m. the examination of witnesses was still on with a number of witnesses to be called. The Squire adjourned court to meet the next day. The jury wouldn't have it that way, and told the court that they had rather be fined; that with big crops in the field and frosts in the air it was no time to sit on a jury. The court continued the case until the next term.

The low price of cotton is by no means encouraging to the farmers. It may be that it will sell lower this season than for many. But let the farmers not make the mistake of charging the low price to the local buyers. They regret as much as the farmers the low prices, but sometimes a farmer here and there who does not consider closely feels inclined to blame the local buyer or his merchant for not paying better prices. Every merchant and cotton buyer in North Carolina would be delighted, yes, overjoyed to see cotton selling for 10 cents.—Scotland Neck Commonwealth.

Warning to White Men

About a dozen self-appointed black leaders of the negro race in Burke county held a meeting in the court house on Saturday last for the purpose of discussing the political status of the negro in this vicinity and for "mutual improvement." They disclaimed any intention of asking for social equality with the white people or of demanding any elective office, but one of the delegates in some rambling remarks inadvertently exposed the motive of the meeting and was promptly shut off by the chairman. This untutored delegate said that what the negroes demanded here was their rights as citizens to be placed on the grand and petit juries; that they have been unfairly treated heretofore in that respect and intended hereafter to assert their claims. He wanted a law passed by the next Legislature which would give their race representation on all juries, but was informed by one of the more experienced politicians present that the place to make that request was at home with the Board of County Commissioners.

All this goes to show that the experience of the eastern part of the State is working in this direction. The elevation of the negroes in that section over the whites has created a desire with that race here to be similarly treated, and they intend to obtain a pledge from the white Republicans that negroes will in the future be placed on the juries. When they gain this much it is fair to suppose that they will demand still more.

White men, what are you going to do about it? Will the damnable conditions that have sprung up in the negro-ridden sections of the State as a result of the present Republican-Populist fusion administration be permitted to get a foothold here? Any tendency in this direction should be destroyed in its incipiency. The only absolute safety for the home and personal comfort and prosperity lies in the complete return of the Democratic party to the control of public affairs in this State and county. Put only Democrats on guard if you want to feel secure in the possession of your property and personal rights.—Morganton Herald.

Educate Your Bow With Cascarets. Candy Cathartic, cures constipation forever. No. 25c. If O. C. O. fail, druggists refund money.

That's the Point

We recur to the question asked a week or two ago. Why is that the white people of North Carolina will stay divided while the black people are solid? If the blacks think that in this solidarity they have a community of interest in standing together, why have not the whites a like interest? The black people will not come over to us for the accomplishment of any political purpose—why should we go over to them? The Democrats are charged with drawing the color line in this campaign and a great outcry is made about it. But it is not the whites but the blacks who have drawn the color line.—Charlotte Observer.

Bro. Babb Blabs.

Rev Dr Thos W Babb has announced himself an independent populist candidate for the legislature in Perquimons county. This eminent, biblical and bibulous divine said in a speech Monday: "If the Blue Ridge Mountains should be converted into episcopes and poured into hell they could not vomit a sorrier, scabbier lot than now occupies the state capital."

Why the so-called Populist Hand Book is Silent on the Subject of 5 Cent Cotton

The people have been looking and listening—looking carefully, week by week, over Populist papers—Caucasian, Progressive Farmer, Home Rule and others—for a denunciation of the McKinley-Russell administration on account of five cent cotton. They have listened for some of the Fusion speakers to denounce the present gold bug plutocratic government in behalf of the poor farmers on account of five cent cotton.

They have looked and listened in vain. Jotton is not only selling for five cents, the best grades, but the commoner grades are selling for two cents less per pound.

Twenty dollars per bale is the price the best cotton is selling for, and yet not one word of complaint from Thompson, or Ramsey, or Ayer, or The Progressive Farmer, or The Caucasian.

Why? do you ask? Are not these patriots in "cohort" with the McKinley-Russell administration? Are they not struggling to keep these in power regardless of the poor farmer, or five cent cotton, or white supremacy, or honesty, or decency in government?

They may think the farmers are not thinking of these things; but we venture they will think of them when they go to sell their cotton. These gentry told the farmers that the Democrats caused the low price of cotton in 1896, and promised better if they were put in power. Cotton sold for more than six cents in 1896, and is selling for five cents and less in 1898. The farmer can't be fooled all the time.

Says Negroes will Control.

News comes from Burke county that a negro preacher in a sermon the other day, said boastingly: "The negroes are in control in the eastern part of the state and they will soon control in the west."—Winston Journal.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief, such was my case until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$1000 for each movement; it is such a relief."—AYLMER L. HUNT, 1089 Russell St., Detroit, Mich.

**Wonder of a Volcanic Isle.**

One of the greatest wonders of Java, "the fire island," a large lake of boiling mud, is situated almost in the plains of Grobogana, some distance to the northeast of Solo. It is nearly two miles in circumference, and in the center immense columns of soft, hot mud may be seen continually rising and falling, like great black timbers thrust forth and then suddenly withdrawn by a giant's hand. Besides the phenomena of the columns, there are two gigantic bubbles near the western edge, which fill up like huge balloons and explode on an average three times per minute.

**Oneida Cotton Mills:**

About two and a half years ago my little boy about four years, and my little girl about two years, each had an enlargement of the glands about the ears. The trouble appearing on each about the same time, I was inclined to think it mumps, but soon observing to the contrary, I called in the doctor, who said the trouble came from colds, prescribing accordingly, yet swelling continued to grow, until each had to hold or the lancet, the little boy having been lanced in three places, and at three times, his face at times, looking alarming. The nature of the trouble was termed one thing by one and another thing by another. This however, did not concern me, as I was looking for a cure, and Mrs. Joe Person's Remedy having been called to my attention so favorably. I dropped the treatment from the doctor and commenced to use Mrs. Joe Person's Remedy. To say that the results obtained have been satisfactory is putting it in mild terms, the children, and especially the little boy being entirely well, yet wearing the scars that will ever keep fresh in my memory the merits of Mrs. Joe Person's Remedy. Respt.
