

WORK OF THE DISPENSARY.

One of the Commissioners of the Louisburg Dispensary, writes:

The manager and commissioner are very much gratified at the success of the Institution, it was opened, 1st. July 1897 and in the past 18 months the sales were over \$27,000, and a dividend of \$2,100 were paid to the county, town and school funds, leaving a stock of about \$2,000 on hand paid for with no liabilities. This was done without any capital, the Law required the town and county to furnish funds, but none were called for thus proving that Dispensaries, can be organized and operated successfully without a cent of capital.

The consumption of liquor has been very much reduced, the quiet of the town is noticed by the police, and it has been a source of great satisfaction, to know that no liquor shop is open in the town at night, and when the Dispensary is closed on Saturday evening, it will not be opened till Monday morning.

The Dispensary has been operated so as to give no good ground for opposition except from the old saloon keepers.

This system is believed by many to be the solution of the liquor problem, until the coming generations shall be educated to regard liquor as any other poison and prohibit it altogether.

TRINITY NOTES.

A service was held in the Chapel Wednesday evening in memory of Dr. J. A. Cunningham. Dr. Kilgo presided. Dr. Basset read an extended memoir. Dr. Kilgo spoke on his life a character. Dr. Cunningham was once a student at Trinity, and always was a loyal and true friend of the institution. Two years ago he gave a fund, the income of which was to be used as a loan fund. It is very probable that a memorial Cottage will be erected, to be used as a dormitory.

At the meeting of the Science Club held Saturday evening Prof. Pegram spoke on the nature and occurrence of meteors, especially the recurring of November and April showers. Prof. Edwards read a paper on the engineering problems encountered in canal construction. He showed by means of charts and diagrams the courses proposed for the Panama and Nicaragua canals and demonstrated very clearly why these undertakings have proved difficult.

Rev. H. M. Du Bose, D. D., Epworth Secretary of the Southern Methodist church spent a day at the Park the guest of President Kilgo. In the evening he lectured at Main Street Church.

Examinations are now in progress. They will continue until Feb. 1st.

Architect Hobk, of Charlotte is at the park, superintending the construction of the Craven Memorial Hall.

Spaulding Representative Long, has been on the Park arranging for the College gymnasium.

To the Pen.

Sheriff G. M. Mooring left this morning to take seven prisoners, all colored, to the penitentiary. S. A. Dudley and H. T. King went along with the Sheriff as guards.

The Asylum at Morganton Found in Good Condition

Mr. T. H. Barnhill, Representative from Pitt county—and one of the eight committee appointed by the Legislature, three being from the Senate and five from the House, to examine the Asylum and the Blind Institution at Morganton, passed through here today returning to Raleigh.

Mr. Barnhill told a Sun reporter that the institutions were examined yesterday and that everything was found in good condition and much improvements were being made.

Mr. Barnhill was a special committee to examine the Blind Institution, but he visited both places.

The committee went to Morganton Thursday. The remainder of the committee, except Mr. McIntyre live in the Western part of the State and hence instead of going back to Raleigh today went home to spend Sunday. Mr. McIntyre went to Asheville.

Representative Barnhill tells us he has a seat in the House near Hon. Lee S. Overman.—Salisbury Sun.

To Prevent Burial Alive.

Assemblyman Reddington today introduced in the House a bill to prevent premature burials.

The bill provides that cities or places where there are 100 or more interments each cemetery shall have a mortuary or mortuaries, to be used for the disposal of the dead, which shall provide rooms of sufficient number to enable each body that is received to be placed and kept a certain time. Over the door of each mortuary chamber there shall be a transom, kept open at all hours. The door shall be kept unlocked at all times, and permission to inspect a body deposited shall be given at all hours of the day to the relatives or friends of the deceased.

Nobody shall be received unless accompanied by a statement on the part of an attending physician or coroner showing whether he has found these signs of death: Permanent cessation of respiration and circulation, purple discoloration of the dependent parts of the body; appearance of blistering around a part of the skin touched with a red-hot iron, or the characteristic stiffness known as rigor mortis.

It is provided that no body shall be buried, cremated or otherwise disposed of in any of the cemeteries, crematories or other places for the final disposal of the dead before seventy-two hours shall have elapsed from the time of death.—Albany (N. Y.) Dispatch.

Attributes Her Cure to God.

Mrs. Lydia Platt, aged forty years, who has been suffering the last twenty years with what physicians agreed was an organic and incurable disease of the spine, and who has been confined to her bed the last four years, arose Friday and walked. Better still, she has been walking ever since, and claims she is absolutely free from all pain. She attributes the wonderful cure to God.

Local physicians long ago told her there was no earthly hope for her, and the physicians of the Presbyterian Hospital, of Chicago, told her, after she had spent seven weeks there, that her case was hopeless and that all she could do was to await a slow death.

She says she prayed, conversed with God and asked Him for information. Friday she prayed longer than usual, and was rewarded by a total disappearance of all pain. Then she arose, dressed herself and walked down stairs. Her housekeeper, Katharine Hale, was so astonished that she fell in a faint. The next day Mrs. Platt walked a distance of twelve blocks without pain or fatigue. She says it was only necessary to give her soul wholly and unreservedly to God.

Mrs. Platt is highly educated and a member of the Presbyterian church.—Fon du Lac Telegram to The Chicago Times-Herald.

Dispensary.

There is getting to be much talk now about the establishment of a Dispensary and, as has already been announced, the movement is on foot to make application to the General Assembly to pass such a law for this county. That our readers may be informed just what a Dispensary Law is, we publish the law as passed for Franklin county for their information. Every one should read it carefully and know for himself just what is desired to be accomplished through a Dispensary Law.

He's Around.

THE DISPENSARY.

An Act to Provide a Dispensary for The Town and Township of Louisburg in Franklin County North Carolina.

The General Assembly of North Carolina do enact:

Section 1. That the manufacture, sale, barter or exchange, receipt or acceptance, for unlawful use, delivery, storing and keeping in possession within the town and township of Louisburg in Franklin county, North Carolina, of any spirituous, malt, vinous, fermented, brewed, or other liquors, any compound or mixture thereof by whatever name called or known, which contains alcohol and is used as a beverage by any person, firm or corporation, except as is hereinafter provided, is hereby prohibited under a penalty of not less than three nor more than twelve months imprisonment in the county jail, or to pay a fine of not less than \$100.00 nor more than \$500.00, or both fine and imprisonment in the discretion of the court for each offense. Provided it shall not be unlawful for the manufacturer of brandy from fruits and of domestic wines to sell and deliver himself brandy or domestic wines of his own manufacture, provided such brandy or wine are not sold in quantities less than one quart and are not drunk on the premises where sold.

Sec. 2. A Board, consisting of the Mayor of said town, the Chairman of the Board of County Commissioners of said county and the Clerk of the Superior court of said county, is hereby constituted to be known as the Township Board of Control. Said Board of Control shall appoint from the citizens of said township three persons, believed by said Board of Control not to be addicted to the use of intoxicating liquors, who shall be known as the Board of Dispensary Commissioners. Said Board of Commissioners shall hold their office for the term of two years and until their successors are appointed, and shall be subject to removal for cause by said Board of control. Said Board of Control shall fill all vacancies in said Board of Commissioners caused by death, resignation or removal.

Sec. 3. Said Dispensary Commissioners shall establish and maintain at some point on one of the principal business streets in the said town of Louisburg a Dispensary for the sale of spirituous, vinous and malt liquors. Said Com-

missioners shall purchase a stock of spirituous, vinous and malt liquors and shall at all times keep such a stock of such liquors in said Dispensary as may be necessary to supply the demand thereof. Said Commissioners shall cause the liquors, except malt liquors purchased by them in cases or bottles, so purchased to be tested by a competent chemist from time to time and shall offer for sale in said Dispensary no liquors which are not pure, provided that malt liquors purchased by said Commissioners shall be only of well established brands with reputation for purity. Said Commissioners shall cause all spirituous and vinous liquors offered for sale in said Dispensary to be put into packages of not less than one-half pint nor more than four gallons, and cause the same to be securely sealed before the same are placed in said Dispensary.

If any spirituous or vinous liquors are after purchase by said Commissioners condemned by the chemist making the analysis, as impure and unwholesome, all liquors of the same kind and shipment as that so tested shall be condemned and none of it shall be sold in said Dispensary and payment therefor shall be refused to the person, firm or corporation from whom said liquors were purchased. Said Commissioners shall elect from the citizens of said township one or more persons to be known as the Manager or Managers of said Dispensary, who shall have charge and control of said Dispensary under the supervision of the said Commissioners and shall be elected for such term as said Commissioners shall deem best and shall be removed by them for such cause as shall be deemed by said Commissioners sufficient. The said Manager or Managers shall before entering upon the duties of said office state on oath his or their name or names, place or places of residence, in what business engaged, and in what business he or they has or have been engaged for two years prior to said election, that he or they are a resident or residents of the township aforesaid, that he or they has or have never been adjudged guilty of violating the law in relation to intoxicating liquors, and is or are not a keeper or keepers of a restaurant or place of public amusement, and that he or they is or are not addicted to the use of intoxicating liquors as a beverage. Said Manager or Managers shall before entering upon the duties of said office execute to the County Treasurer a bond or bonds with good and sufficient sureties in such sum as may be fixed by said Commissioners, not less than \$500.00, conditional that he or they will well and truly obey the Dispensary law, the laws of the State and the rules and regulations established by said Commissioners; that he or they will pay all fines, penalties, damages and costs that may be assessed or recorded against him or them for violations of such laws during his or their term of office, and will not sell intoxicating liquors at a price other than that fixed by said Commissioners and that he or they shall faithfully account to said Commissioners for all moneys coming into his or their hands by virtue of said office. Said bond or bonds shall be for the use of the county and town aforesaid. Said bond or bonds shall be deposited with the County Treasurer and in case any conditions of the same shall be broken, the principal and sureties thereon shall also be jointly and severally liable for all damages that may be obtained against the principal or principals in any action under the provisions of this act. All moneys collected for the breaches of such

bond or bonds shall be distributed as other funds arising from said Dispensary. Said bond or bonds shall be approved as are other official bonds for the county, Said Manager or Managers shall receive a salary or salaries to be fixed by said Commissioners, and his or their compensation shall in no wise be dependent upon the amount of sales.

Sec. 4. Said Dispensary Commissioners shall make such rules and regulations for the operation of said Dispensary as they deem best, provided said rules and regulations are in conformity to the provisions of the act; but in no event shall the Manager or Managers of said Dispensary sell in any form except in the packages sealed as aforesaid, and it shall be unlawful for said Manager or Managers to break any of such packages, or open the same for any reason whatsoever, and no person shall open said packages on the premises; provided this section shall not apply to malt liquors shipped in cases or bottles thereof shipped in barrels; and such malt liquors may be sold by said Manager or Managers in such quantities of not less than one bottle, as he or they may see proper; provided the same shall not be drunk on said premises. The Dispensary shall be open and said liquors shall be sold therein only in the day time under such rules as said Commissioners may adopt; provided the Dispensary shall be closed on Sunday, election days and such other days as said Commissioners shall direct.

Sec. 5. The prices at which spirituous, vinous and malt liquors shall be sold shall be fixed by said Commissioners; provided all sales shall be for cash and at a profit not exceeding eighty per cent of the actual cost thereof.

Sec. 6. Said Manager or Managers of said dispensary shall not sell liquor to any minor or intoxicated person, nor to any person purchasing for the purpose of selling, bartering or exchanging said liquors within the limits of said Township and the Manager or Managers of said dispensary knowingly violating the provisions of this section and any person purchasing from him or them for the purpose of reselling, bartering or exchanging the same shall be guilty of a misdemeanor and on conviction shall be punished by a fine of not less than \$50.00 nor more than \$200.00 or imprisonment in the county jail not less than thirty days or by both fine and imprisonment in the discretion of the court. And if said Manager or Managers or Commissioners become satisfied that any person has purchased or is purchasing for the purpose of reselling the said Commissioners shall direct as to the quantity to be sold to such person, or if they become satisfied that any person is indirectly purchasing repeatedly for the purpose of re-selling, said Commissioners are authorized to direct the Manager or Managers not to sell to such person except upon the certificate of a respectable physician that such liquors are needed for medical purposes.

Sec. 7. The Manager or Managers of said dispensary shall not allow any person or persons to loiter in or about the dispensary or premises on which the same is situated and for failure to comply with this section he or they shall be removed by said Commissioners, and any person refusing to leave the dispensary when ordered to by the Managers shall be guilty of a misdemeanor.

Sec. 8. The Mayor and Board of town Commissioners of said town of Louisburg shall from time to time pass such ordinances as may

be necessary to carry out the provisions of this act and shall provide suitable penalties for the violations of this act and the rules and regulations of the Dispensary Commissioners.

How a Frog Hibernates. According to Simon Henry Sage, the frog does not hibernate in leaves or the trunks of trees, but in a dry hole in the ground not likely to freeze. He scratches the hole with his hind feet and enters backward. Once inside, there is apparently no trace of the fact outside. Frogs found under frozen leaves are still able to move about. Mr. Sage has found hibernating frogs with their extremities and skin frozen, but their vital organs were still intact, and they recovered their activity on being liberated.—London Globe.

Story of Lincoln. This Lincoln story is told in Short Stories: A New York firm applied to Abraham Lincoln some years before he became president for information as to the financial standing of one of his neighbors. Mr. Lincoln replied as follows: Yours of the 10th inst. received. I am well acquainted with Mr. X. and know his circumstances. First of all, he has a wife and baby; together they ought to be worth \$50,000. Secondly, he has an office, in which there are a table worth \$1.50 and three chairs worth, say, \$1. Last of all, there is in one corner a large rathole, which will bear looking into. Respectfully yours, A. LINCOLN.

A gentleman remarked recently that had a stranger or an outsider come to North Carolina, and made the cures among our people that Mrs. Joe Person's Remedy had made, the people would be stirred as never before. Read this and suppose a case:

Eleven years ago I had a child that was delicate from birth, and for six months she was under constant care of the best physician we had in our town. But his medicine seemed powerless to control the bowel trouble, which had become chronic dysentery. She also suffered from some aggravated blood trouble, which caused large sores and risings to break out on her body. Oft time there would be as many as 20 or 25. We had several doctors to treat her at different times, but nothing reached her case. They would lance these risings, but as soon as one was cured another broke out, and the doctors gave me no hope of her cure. After she had led a life of agony and suffering for six months, I was inspired to try Mrs. Joe Person's Remedy. There was a change for the better in twenty-four hours, it seemed to check the bowels at once, and after using a few bottles my child was entirely cured, and has never since had any sign of trouble and is now in perfect health. A few years after this I had two sores to break out on my ankle, and strange to say I did not think of Mrs. Joe Person's Remedy. I was under the treatment of doctors for three years, but the sores continued to get worse until they had eaten to the bone. I then thought of trying Mrs. Joe Person's Wash and did so, and it is almost useless to say it soon made a cure.

I wish I could speak so that every man, woman and child, in North Carolina could hear, that I might tell them what Mrs. Joe Person's Remedy and Wash did for me and mine. I advised one of my friends who had been a terrible sufferer for a long time, with nurses sore mouth. She used the Remedy and Wash, and it soon made a cure.

I have recommended it to ever so many of my friends, for indigestion and other ailments, and I have never known it to fail to cure yet. There is no medicine equal to it.

Our War in Two Hemispheres,

By ALBERT SHAW,

Editor of the "American Monthly Review of Reviews" and author of "Municipal Government in Great Britain," etc., and a number of prominent contributors.

EVERY American teacher possessing a library, and many that do not possess one, will be interested in the announcement of the history of the late war with Spain, now published by the REVIEW OF REVIEWS COMPANY. Much of the narrative was written by Dr. Albert Shaw during the actual fighting of the summer. This has been revised and amplified by him in the light of the official reports and documents, which have only become available after hostilities ceased. A free quotation from the critical Congressional debates and other public utterances at crucial periods aids in making this work what it is, the standard reference history of this decisive and successful struggle. But it is much more than a lively and comprehensive narrative. It goes back to the years of struggle in Cuba which prepared the way for the war; it discusses energetically all problems which confronted the United States after the war; it tells of the Philippines, Cuba, and Porto Rico; and as a whole it forms a broadly conceived picture of the year which has seen America brought face to face with new world duties.

The important special and technical matters of the war period, generally dismissed by the historian with only slight and often insufficient discussion, are fully and authentically dealt with in contributed chapters, written by men who had unusual opportunities for studying their subjects. Thus, the lessons which the war has for us as to the relative efficiency of rifles and machine guns are in a carefully written chapter by Lieut. John H. Parker, of the United States army; the military movements of the Santiago and Porto Rican campaigns are analyzed by the editor of the Army and Navy Journal; the battle with Cervera is described by the novelist, Winston Churchill, who is a graduate of the United States Naval Academy; the actual condition of Cuba before the war and the facts which caused the war are described by eye-witnesses, Murat Halstead and Stephen Bonsai.

The illustration of the book is especially valuable in the hundreds of portraits, pictures of the navies, photographed scenes of the war, and the entertaining cartoons reproduced from the Spanish, French, German, and English papers, as well as from the American.

How to obtain the handsome edition by a payment of only ONE DOLLAR DOWN.

The three beautifully bound large octavo volumes and a year's subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS can be obtained by any of the readers of this paper by joining the Review of Reviews History Club and paying one dollar. The volumes will be sent as soon as ready to those who remit the sum, and the purchase will be completed by the payment of one dollar per month for twelve months. The first volume will be ready early in December. The subscription to the magazine which goes with the offer can be dated from any month.

Elizabeth Cromwell.

Cromwell legends are so ubiquitous in England that it is a real relief to lay one's hand upon a bit of solid fact relating either to the protector or his family. Elizabeth, the second and favorite daughter of Cromwell, married John Claypole of Northborough, and appears to have spent a considerable portion of her 13 years of wedded life in his substantial fourteenth century house. Carlyle asserts Elizabeth Claypole to have been "a graceful, brave and amiable woman," and of her home that it is "now ruined—patched into a farmhouse."

The second statement is not characterized by his usual accuracy, and the first probably needs some modification, for Elizabeth Claypole is credited with some turning of her head over her father's elevation, and at a wedding feast is reported to have exclaimed, when asked why the wives of the major generals were absent, "I'll warrant you, washing their dishes at home, as they used to do." Not a particularly "amiable" sentence that.

Cromwell seems to have had some insight of her little weakness. "Tell her," he wrote once, "to take heed of a departing heart and of being cozened with worldly vanities and worldly company, which, I doubt, she is too subject to." It is agreed by most authorities that John Claypole himself was little enough of a Puritan, but let it stand to his credit that, after Oliver died, he provided a haven for his widow for the rest of her life in this manor house.—Cincinnati Commercial Tribune.

Barbers on the Ocean.

One of the most important persons on board a well equipped ocean liner is the barber. If he is gifted with a good business instinct, he is in a position to make a good deal of money.

To the average man shaving while at sea is a difficult and hazardous operation. He therefore calls into requisition the services of the ship's barber, a man who by long training is qualified to wield the razor with skill and safety, no matter how much the vessel rolls or pitches.

He is always one of the most heavily "tipped" officials on the ship. If the ship travels on a route with interesting ports of call, the ship's barber makes it his business to lay in a stock of native knickknacks and curios of all kinds.

The inexperienced traveler is naturally a little suspicious of the native peddlers who swarm on board with their wares directly the ship is at anchor. He prefers to purchase his mementos of foreign travel of the barber, who, having bought his stock at wholesale rates, is able to retail the various articles to passengers at prices little if at all higher than those charged by the native tradesman.—Exchange.

Steel Balls.

The largest center in the world for the manufacture of steel balls for ball bearings is situated at Schweinfurt, in Bavaria. A couple of factories there, owned by one firm, produce close upon 800,000,000 balls annually with the labor of 600 men working ten hours daily. The total production of Germany is stated to be about 650,000,000, while England and France combined turn out only about 70,000,000 additional.

English farthings are no longer likely to be mistaken for half crowns, for they are minted not only of a different size and design, but even of a different color, being a dull bronze.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—
