ANOTHER ARREST.

In Connection with the Dongola Case.

Tuesday night another colored man, Will May, was brought here and placed in jail charged with being implicated in the Dongola murder and arson case. It seems that since the preliminary trial here two weeks ago, in which Elijah Joyner and Cephus Langley were held for trial, a colored detective has been in the Dongola section working quietly on the case. He gained the confidence of Will May who is said to have made a confession as to the part he took in the crime. On this confession the detective undertook to capture May but he broke away and fled. Later May was arrested and Tuesday he was given a hearing before a Magistrate and committed to jail.

Will May is the colored man who at the trial in Greenville told the tale about Elijah Joyner making a proposition to him about stealing the brandy, and Elijah telling on the stand that it was Will who made the proposition to him.

BAD RUN-AWAY.

Three People Thrown From a Buggy.

This morning early Mrs. Hattie Evans and her son, Godfrey, and daughter, Miss Pearl, came to town from their home two miles in the country. Her son was driving and as they were on Ninth street near the corner of Evans street their horse became frightened at a piece of wire catching in the buggy wheel and ran away. In turning the corner all three of them were thrown out of the buggy and one wheel run over Mrs. Evans. She and her son were stunned by the fall and it was some moments before they could get up. The horse kept on at a wild run through Evans street and was stopped somewhere up town. Wonderful to relate, nothing at all about the buggy was broken. Mrs. Evans was the worst hurt of the party, but it is fortunate that they all escaped so lightly.

International Christian Endeavor Convention.

The 18th International Convention of Christian Endeavor will be held in Detroit, Mich., July 5-10, '99. No less than 40,000 Endeavorers will be present and the best convention in the history of the society is anticipated. North Carolina is urged to send a large delegation to Detroit and prompt attention should be given to the matter. The railroads are offering remarkably low rates and many attractions; the trip in itself will be delightful, and well worth the money it costs. Not only Endeavorers, but all other interested parties are urged to attend the convention.

For full particulars regarding rates, time, board, program, &c. address MISS MAMIE BAYS, Charlotte, N. C.

9-9-99.

On September 9, next, people will date their letters—not all people, but a large number—9-9-99. How long will it be before a similar collection of numbers occurs, and how often will it occur in the twentieth century?

Miss Sallie Tucker returned home Thursday from the N. & I. College at Greensboro.

The Fun Makers.

The Fun Makers have been compelled to cancel their engagement here and will not appear at the Opera House as formerly announced. We regret very much that we will not have the pleasure of seeing this company, again this season, but hope should they come this way next season they will not fail to return to Greenville where they have made many friends, and who await to show their appreciation.

That Beats Us.

Sam King, of Tarboro, wired us today that it was so hot up there all the lead in his pencil had melted. That's a scorcher. The boys have sent the "key" up to Sam.

Gen. Wheeler a Praying Man.

Gen. Wheeler is a religious man. He was brought up in the Episcopal Church with a great reverence for sacred things and faith in the efficacy of prayer. One of his former secretaries tells the story that while the general was engaged in a canvass for Congress some years ago he spent the night at the plantation of a constituent. His host accompanied him to his room at bed-time, and bade him good-night, but, being reminded that the general might want a glass of cool water before retiring, he carried a pitcher to the room and entered without knocking. He was surprised to find General Wheeler upon his knees before the bed engaged in his devotions. He waited reverently until the general arose, and apologized for the interruption.

"Don't mention it," said General Wheeler. "I think all of us ought to kneel before we retire, and thank our good Maker for His mercies and blessings."

The members of General Wheeler's staff say that during the Santiago campaign he never lay down to sleep without offering a prayer, and never arose in the morning without thanking God for his protection and preservation.

It is not generally known that Gen. Wheeler was educated in the North, and appointed to West Point from the State of New York instead of Alabama. His parents died when he was a child of 5 years, and he was sent to the care of relatives at Cheshire, Conn., where he spent his boyhood. His appointment to West Point was given him by a Congressman of his own name, John Wheeler, formerly of Darby, Conn., who, however, represented a New York district.—Chicago Record.

Not Miracles, But Plain Results

The projectiles of the largest guns on the United States war ships weigh 1100 pounds each, and at the instant they leave the muzzles of the weapons they make seventy-five revolutions a second. The speed which they attain is terrific, and it carries them miles away on their errands of destruction. According to the apparent expectations of some people is this the sort of speed which an advertisement should attain in order to bring returns for the financial outlay incurred. But the gun, whether it hit or miss the object aimed at, sends its missile in but one direction. An advertisement in a popular journal flies a hundred thousand different ways after one explosive impulse, and perhaps reaches its mark five hundred thousand times. This the wise advertiser knows, and his wisdom brings him gear.—Philadelphia Record.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

B. at \$1 per large bottle. For trial bottle, send two stamps to pay postage and a sample bottle of B. B. B. will be sent by return mail. Address BLOOD BALM CO., 203 Mitchell Street, Atlanta, Ga. Describe symptoms and free personal medical advice will be given.

Good Roads Movement.

The people of Asheville and Buncombe county are moving in the interest of good roads. An enthusiastic meeting was held in Asheville on Saturday in the interest of good roads. State Geologist, Prof. J. A. Holmes, was present and made an interesting talk. Among other things he said:

The good roads movement is on the way in every State in the Union and in Europe. The people see the absolute necessity of them. The people are not too poor to build good roads; they are too poor not to build them. The Mecklenburg county roads are now on a good basis, but it took a hard struggle to educate the people. They have since voted an increase three times for their road fund.

The present way of building roads is a sheer waste of money. Any road work is mostly wasted unless the road is a good one. If good road work is once started, it will not stop until every road in the county is good. More schools, more churches, more stores are needed, but most of all good roads are wanted.

Thousands of people wish to come to Buncombe, but they will not come here and sit down in the mud. In the last two years the speaker could have induced at least 500 people to come to the county if there had been good roads and good schools here.

Mecklenburg county has macadamized about 80 miles in the last 10 years. We want roads over which one horse can haul one ton at any time during the year.

Indignant 'Possum Hunter.

Union county's champion 'possum hunter, Col. G. W. Redfearn, is indignant. He lately saw an article in the papers saying that some fellow was making a great brag about having caught 1,000 'possums during his life time. Col. Redfearn says a fellow must have cheek to claim anything on that record. "Why," said he, "I caught more than that before the war." And by a conservative estimate he finds that he has captured 2,521 in the last ten years. He caught seventy-five last season and somebody stole his dog before the season fairly started. That fellow who bragged on his one thousand ought to be treed himself.—Monroe Journal

Death of Col. Fleming Gardner.

Wilmington, N. C., May 28.—Col. Fleming Gardner, chief engineer of the Atlantic Coast Line, died suddenly yesterday afternoon at Denmark, S. C., where he was superintending the survey and construction of a branch road of the Coast Line. Although eighty-three years old he continued actively at work up to yesterday. He served in the Mexican war and in early part of the war between the States was on the staff of Gen. Jubal A. Early. He was a native of Virginia.

It begins to look as if Uncle Sam would have to increase his army. It is hardly necessary to say that the government has evidently been expecting to do this for quite a while. More men are needed in the Philippines; the Cubans are becoming uglier, and we may reasonably expect an outbreak in Hawaii at any time. The temper of the Porto Rican people is ever vacillating, and, most perilous of all, the attitude of the Germans about Samoa presages no good. The civil importance of the government of the United States is overshadowed in its military work, and the constitution is being forgotten, except as a classic instrument.—Charlotte Observer.

About Russian Soldiers.

The soldiers of the United States are the best paid and best fed in the world. The wages of a common soldier in Russia are 3 rubles per annum—about \$2.25. The rations are, daily, two pounds of suchary, which is a very coarse kind of bread made of cracked rye, baked hard at first, then cut in small pieces and further dried in a heated oven; a small quantity of salt and some soup. The soup is boiled in a huge caldron capable of holding 400 gallons. Into the water is cast some cracked barley, together with the shell dirt, and to this a little salt is added, but nothing of the meat kind enters into the composition. The soup is dealt out by a number of men with dippers, every soldier in his turn receiving his allotted quantity. Sometimes an adventurous fellow presents a larger vessel than the regulations require, and when detected in the effort to get more than his share is punished with 100 lashes on his naked back.

A Cooking School for Men.

A new craze that is spreading in elite circles, both in London and New York, is the cooking school for men. Last summer quite a number were established at the resorts and proved very popular, says the Brooklyn Eagle. It is claimed that "the new departure will seriously interfere with club life and restore a widespread interest in the home on the part of the heads of families." Naturally comparisons are made by the cooking teachers concerning the interest shown by women and men audiences. One careful observer says "the men want to know about the food values, whether peeling a potato is wasting it, and whether oysters or beef-steak excel codfish and beans in amount of nourishment for the money expended, while the women are bent on learning how to make what comes into the house into the most appetizing dishes and the method of measuring and mixing claim their sole attention."

A Submarine Track.

Trains are to cross the English channel without a bridge or tunnel, if a recently proposed scheme can be made to work. It is to build a submarine track 100 feet wide along the bottom from Dover to Calais, and to run a kind of a tower upon it by electricity. The top of the tower would be a platform 500 feet long by 50 feet wide. A little railroad on this principle running between Brighton and Rottingdean has been wrecked more than once by storms. The estimate cost is \$70,000,000.

WIN A STOVE!

There is an exhibition at our store a full nickel plated

BUCK'S JUNIOR RANGE

Every little girl wants it, and one little girl shall have it. On the 15th of July we will present it to the little girl under fourteen years of age, who cuts out the greatest number of Buck's Trade Marks in the advertisement below and brings them to our store. They must be done up in neat packages and the number and name written plainly on each package. Now girls get your friends to help you, save every Trade Mark and see who can win the prize.

CUT THIS OUT.

Buck's Trade Mark.

The purpose of this contest is to make this Trade Mark known in every household so that it may never be forgotten. It will be printed in all our advertisements. It is prominently displayed upon every one of Buck's Stoves and Ranges and carries with it the broadest guarantee of excellence. No stove can possibly be made which is better than any one of The Great White Enamel Line. We sell them in preference to all others, and carry a full line of all kinds and sizes. Ask to see Buck's Stoves and Ranges.

Respectfully,
HIGGS & TAFT.

Jim Crow Cars.

The first Jim Crow Cars under the law becoming operative June 1st came down on this road Tuesday evening. Both the first and second class coaches have partitions in them so that hereafter the races must keep separate when they travel. The arrangement of the cars is all right, but it does look like that while the railroad people were making changes they would have placed a better first class coach on this road. THE REFLECTOR has referred to this matter before, but the company does not seem inclined to grant the wishes of the public by furnishing better passenger accommodations.

Rev. J. H. Lamberth Dead.

The many friends in Greenville of that excellent Christian man, Rev. J. H. Lamberth, are pained to learn of his death, which occurred Saturday night at Roxboro. At his request before death the remains were taken to Reidsville and buried by the side of his brother, the interment taking place Monday.

Rev. Mr. Lamberth was about 45 years old. He was a strong preacher, a most genial companion, and popular with all who knew him. He was for two years pastor of the Greenville Memorial Baptist church, and no man had more warm friends among our people than he.

The above figures tell a remarkable story; they represent almost exactly the per centage of cures made by

RHEUMACIDE

the wonderful new constitutional cure for RHEUMATISM. The other two per cent. were not curable, or failed to take medicine according to directions. Thousands have been cured. In view of the fact that many physicians think that rheumatism is incurable, and that most remedies fail, it must be true that RHEUMACIDE is the greatest medical discovery of the age.
