STARKEY-HEARNE.

Greenville's Second June Wedding.

The Methodist church was the scene of a very beautiful marriage Wednesday in which Mr. James L. Starkey and Miss Cottie Hearne were united in holy bonds. Everything about the church was in perfect keeping for such an occasion. The altar was covered in pure white, the floral decorations were exquisite and a large wedding bell was suspended from the centre of the arch.

The ushers were C. S. Forbes, C. M. Jones, C. L. Wilkinson, W. B. Wilson, V. J. Lee and J. L. Little.

The bridal party reached the church at 9:30 and the wedding march was played by Miss Sarah Hooker as they entered. The ushers first passed up the aisles taking positions within the altar rail. They were followed by the flower girls, little Misses Nina Harris and Mary James.

The bride entered upon the arm of her father, Rev. B. H. Hearne, being immediately preceded by the maid of honor, Miss Appie Smith, and up the opposite aisle passed the groom with his best man and brother, J. E. Starkey.

The ceremony was performed by Rev. N. M. Watson in words both beautiful and impressive.

Following the ceremony a reception was held at the home of the groom's father, R. M. Starkey, in South Greenville. This was marked by ease and brilliance, and was attended by a large number of our people and many friends from a distance. The guests were received in the front hall by Miss Florence Starkey with N. H. Whitfield. The other couples who assisted in receiving and presiding over the dining room were Miss Blanche Flanagan with E. W. Pace, Miss Bessie Patrick with E. G. Flanagan, Miss Lizzie Jones with Frank Wilson, Miss Sarah Hooker with Ed. Patrick, Miss Clara Bruce Forbes with V. J. Lee.

An elegant and sumptuous wedding supper was served to the guests.

During the progress of the reception the Osceola Band assembled in front of the residence and played several charming airs.

The bride and groom were the recipients of many handsome presents bearing evidence of their popularity and the high esteem in which both are held. They also have the best wishes of a host of friends that their wedded life so happily begun may be an uninterrupted voyage of love and joy.

Week's Murderer Lynched.

Beaufort, N. C. June 14.—The following will appear in the Beaufort Herald tomorrow:

On Tuesday night about 11 o'clock a crowd of masked and armed men came to Beaufort by boat and immediately after landing at the oyster factory marched to the jail.

They called the jailer up and told him they had caught a prisoner and they wanted him to open the jail so they could put the prisoner in. The leader of the crowd read a paper purporting to be a commitment. The jailer let the crowd in and they rushed up stairs where the prisoner was chained to the floor by a chain some six feet long. They were armed with hand saws, picks, guns and pistols, and the chain was sawed in twain and the prisoner taken out of jail and carried to the boat.

A big storm was brewing, but nothing daunting, the crowd carried their prisoner away.

Where he is at this writing we are not prepared to say, but the supposition is that he is swinging to some tree in the woods.—Kinston Free Press.

Lion or Nothing.

In these days when there are so many different brands of coffee on the market, the question is often asked as to which is the best kind to buy. Tastes will differ, but for the majority of persons we believe there is nothing that will give better satisfaction than Lion Coffee. Indeed, so great has been its popularity, that it is difficult now to get the genuine Lion Coffee unless you know the style of package in which it is sold. For the benefit of our readers we will say that this packet has the head of a lion on the front and the words "Lion Coffee." It is always a sealed packet and the coffee is unground. It is never sold except in 1 lb packets. Any one who once tries Lion Coffee will not be willing to accept any substitute for it thereafter.

Assassination of Gen. Luna.

Manila, June 13.—1:36 p. m.—Information, believed to be reliable, has reached here of the assassination of General Luna, and his aide-de-camp, Lieutenant Pasco Ramon, June 8th, by Aguinaldo's guard at the headquarters of Aguinaldo.

Luna and Ramon, it appears, went to the Filipino headquarters to confer with Aguinaldo, got into an altercation with the Captain of the Guard, and one of them drew a revolver. The guard killed Luna and Ramon with their bayonets.

Directors' Meeting.

The Directors of the Bank of Greenville held their annual meeting today in the rooms of the bank. A dividend of 10 per cent was declared. The present officers of the bank were all re-elected, as follows: President—R. L. Davis. Vice-President—R. A. Tyson. Cashier—J. L. Little. Teller—J. C. Tyson.

This bank is a strong and safe institution and it is excellently managed by its efficient officers.

THURSDAY, JUNE 15, 1899.

As a Man Sees Her.

Another Atchison girl who gets \$40 a month for sitting in an office will resign in a few weeks to wash dishes and cook for love and her board.

When the girl has a new engagement ring she finds many occasions for feeling if her back hair is in good order.

Mean people say that the man a widow selects to support her at her husband's funeral is the one she usually marries afterward.

"Well, I see Mrs. Bland is breaking in," is the women's comment when they read in the paper that Mrs. Blank will give a reception.

By the time a man has saved up enough money to have a palm and a Brussels carpet in his parlor his girl has reached the "company" age and he is not allowed to sit there.

Several years ago an Atchison man married a slender, modest little darling, and everybody said it was a case of hawk and love. Now the wife weighs twice as much as her husband, has whiskers and talks bass.

When a woman is old and bilious she explains it in a poetical way by saying she is fading away like a lily.

When a woman begins to admire a man she begins to persecute him.

There comes a time to every married woman when she has to use a sort of faith cure on her belief in her husband's affections.

It is a pitiful truth that women trust their daughters with men whom their husbands wouldn't trust to open an account.

A certain Atchison woman is always invited to serve the brick ice cream at parties, for the reason that she cuts it in such thin slices.

Would something terrible happen if a girl forgot to tie up those terrible buttons on the back of her skirt, and is it possible under present fashion conditions for a girl to dress without the assistance of the neighbors?—Atchison Globe.

Here's The Difference.

The Wilmington Messenger tells of a young girl at Burgaw who placed a note in a basket of berries requesting the purchaser to inform her of the price paid for the same. A reply was duly received stating that 35 cents a basket was paid for the fruit. Commission house returns showed that the grower received only 8 cents per quart.

Shutting Off Steam.

"Shall we stop our advertising for a while now?"

This is a question that some business men are apt to ask themselves, particularly in the summer, or during what they regard as their "dull season."

Suppose your engineer asked you:

"Shall I stop putting coal on my fires, sir?"

What would you reply?

"Why, no—unless you want the engine to stop!"

The advertiser who thinks of discontinuing may argue, "We have been advertising so long and so steadily that our name and specialties are well known, and we intend to advertise again when business is better in our line than it appears to be now; in the meantime our business won't stop."

No; neither will the engine stop the minute the men suspend shoveling in coal. The point is, however, that when the engine is to be started again, ten times as much will have been lost in power as has been saved in fuel or feed.

Using up reserve force never pays.

It is a loss, however it may be looked at. The buying public is prone to forget. It is, moreover much more difficult and much more expensive to regain a lost customer than to prevent his straying away.—Money Maker Magazine, Chicago.

Bean Is Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets,—beauty for ten cents. All druggists. satisfaction guaranteed, 10c, 25c, 50c.

An enterprising London publisher announced his intention of printing a compilation of Ambassador Choate's witticisms and anecdotes, under the title of "Choate's Jest Book," but the American diplomat expostulated so energetically that the bookman abandoned the scheme. Doubtless in the opinion of the Ambassador the publication of his merry sayings would have been a practical instance of carrying a joke too far.

A New Editor.

The North State Endeavorer is the organ of the Christian Endeavor societies of North Carolina. Rev. J. S. Williams is the newly elected editor of this paper and all North Carolina endeavorers will be glad to know that he has accepted and will take up the work of this new office at once. He desires to send out the next issue of the paper in a few days so let all who have Christian Endeavor items for publication in this issue send them to him at once. Let us be prompt and in this way help him all we can. Address him at La Grange, N. C.

Mr. Williams comes to us highly recommended for his work and we look forward with pleasure to the coming of the "Endeavorer."

MAMIE BAYS,

The News in Advertisements.

In the matter of advertising it is worth while for the tradesman to note that in reality advertisements are items of news—store news—and the information contained in the merchant's business announcements in a favorite newspaper should, therefore, be presented in an interesting manner. In such shape they are not only noticed by intending purchasers, but make buyers out of the general public by directing attention to some especially desirable line of goods. Just as a news item descriptive of the landscape gardening in Fairmount Park arouses in the mind of the reader a wish to view the pretty scene, so a bright advertisement creates a desire to see and possess the wares which are described in it.—Philadelphia Record.

Just Imagine.

Just imagine that the whole front of your store is crowded with people, would you go up to them and say, "I'm John Smith, furniture dealer and undertaker"? Not by a long shot; you'd begin calling their attention to your fine line of iron beadsteads or rockers, or bureaus or baby carriages, and you'd urge them to examine your stock and notice the prices, and you'd offer your best advice about the selection of good goods. Remember that your advertisement is your smaller self.—Furniture Worker.

The bean king of Ventura county, Cal., looms up larger every year. His name is Dixie Thompson. He raised and harvested last year 1,300 carloads of beans. He says the bean is the true American crop that is to take the place of corn. It makes bigger returns, is surer, more hardy, more nutritious and less perishable. It will feed man and beast and is not easily destroyed by drought or insects. Mr. Thompson thinks that if California will only take kindly to the bean she will in time drive all famine from the face of the earth.

TAPE WORMS

"A tape worm eighteen feet long at least came on the scene after my taking two CASCARETS. This I am sure has caused my bad health for the past three years. I am still taking Cascarets, the only cathartic worthy of notice by sensible people."
GEO. W. BOWLES, Baird, Miss.

County Home Begging.

A communication from a member of the grand jury of the recent term of the Criminal Court, published in yesterday's Messenger, reveals a remarkable state of affairs at the so-called "County Home." The article by the grand jurymen is an appeal for charity for the home, and the conditions he refers to are a disgrace to the county. The idea of begging for a county institution is absurd. We have long since considered the system of conducting the county home as impracticable, and it is time the board of county commissioners should put their heads together and institute a different management of the institution.—Wilmington Messenger.

Notice to Teachers.

The County Superintendent will hold an examination in Greenville the second Thursday in July to examine all applicants for life certificates. The questions are prepared by the State Board of Examiners and the papers are graded by the same. I am requested by the State Superintendent to notify the young people of this county that there will be no examination for Peabody scholarships this year. There were eight vacancies, but Dr. Payne, the President has nominated persons for all these places.

I am advised to say that on and after the regular examination in July, all teachers will be examined on Civil Government.

Of Interest to Inventors.

C. A. Snow & Co., one of the oldest and most successful firms of patent lawyers, whose offices are opposite the United States Patent office in Washington, D. C., and who have procured patents for more than 17,000 inventors, say that, owing to the improved conditions in the United States Patent Office, patents may now be more promptly procured than at any previous time in their experience of twenty-five years.

In a ten-dollar advertisement the last two dollars pay better than the other eight. Maybe an eight-dollar ad wouldn't pay when a ten-dollar ad would. Maybe that extra space is just what the ad needs to lift it out of oblivion—to make it prominent—to make it pay.—Bates.

The Daily Reflector

Gives the home news every afternoon at the small price of 25 cents a month. Are you a subscriber? If not, you ought to be.

The Eastern Reflector

TWICE-A-WEEK.

Is only \$1 a year and contains the news every week, and gives information to the farmers, especially those growing tobacco, that is worth many times more than the subscription price.

TYPE AND PRESS.

WHO WANTS IT?

SPEAK QUICK.

THE REFLECTOR recently purchased two printing office outfits and has a quantity of surplus material that will be sold cheap. There is a cylinder press large enough to print a nine column paper, in splendid condition, and a quantity of Small Pica, Long Primer, Brevier and Nonpariel body type. We can furnish a complete outfit large enough for a six or seven column paper.

Specimens of the body type are shown in this advertisement, the type being taken from the case just as it runs, so it shows for itself how well it prints. This is the Small Pica size of which there is 1 pair of cases.

Then here is a paragraph set from the Long Primer size. We have 4 pairs of these cases. In buying this type you do not get something that is worn out and cast aside, but a good serviceable type, capable of much wear.

Here is something a little smaller, Brevier size. There are 2 pairs of these and it is a bargain for somebody interested in printing. It may not come but once in a lifetime that an opportunity is given for buying type as cheap as we will sell these lots.

Again we have 1 pair of cases of this Nonpariel size, a very useful type in any printing office. Cases will be sold with the type of all sizes. Any printer who can use any or all of this type can make us a spot cash offer. While we prefer a customer for a whole outfit, press and type, one case of type will be sold if no more is wanted.

98. The above figures tell a remarkable story; they represent almost exactly the percentage of cures made by

RHEUMACIDE
the wonderful new constitutional cure for RHEUMATISM. The other two per cent. were not curable, or failed to take medicine according to directions. Thousands have been cured. In view of the fact that many physicians think that rheumatism is incurable, and that most remedies fail, it must be true that RHEUMACIDE is the greatest medical discovery of the age. Particulars and testimonials of many well known people sent free to all applicants.
