## MAYOR J. G. MOYE.

### Change of Town Administration.

This morning the former Board of Councilmen of the town, A. L. Blow, W. L. Brown, W. H. Long, R. A. Tyson, Demsey Ruffin and Sifax Fleming, held their final meeting to turn over the affairs of the town to the incoming administration.

The following Aldermen took the oath of office before ex-Mayor Ola Forbes:

- 1st Ward—E. M. McGowan.
- 2nd Ward—J. L. Wooten, J. B. White.
- 3rd Ward—B. E. Parham, H. A. White.
- 4th Ward—W. R. Parker, J. N. Hart.
- 5th Ward—N. H. Whitfield.

Alderman J. L. Wooten was chosen President of the Board and declared the body ready to proceed to the election of officers.

The following were elected in the order named, each being chosen unanimously by acclamation:

- Clerk—D. J. Whichard.
- Mayor—J. G. Moye.
- Treasurer—J. B. White.
- Tax Collector—C. D. Rountree.
- Chief Police—W. B. James.
- Assistant Police—W. H. Smith.
- Night Police—W. P. Symonds.
- Lamp Lighter—Henry Duff.
- Teamster—Peter Bagley.

While a committee was gone to inform Mr. Moye of his election as Mayor, Prof. W. H. Ragsdale, who had been first chosen by the caucus for that office, stated to the Board his reasons for declining to accept, that it would have required his neglecting his work as a teacher to give the office the attention it demanded. He congratulated them upon the selection of Mr. Moye.

When the committee returned with the Mayor-elect he was sworn in by ex-Mayor Ola Forbes, who made a very neat little speech in turning over the office, which he had filled for three terms, to his successor. Mayor Moye accepted the honor very gracefully and entered at once upon the duties of the office. He is going to make an excellent Mayor, too.

In the election of Mayor, Alderman Whitfield also placed the name of Mr. Forbes in nomination, but at Mr. Forbes' request his name was withdrawn, so that the election of Mayor Moye might be unanimous.

The policemen were then qualified by Mayor Moye, who gave them an appropriate charge in entering upon their official duties.

The license tax upon retail liquor dealers was made \$125 a year and licenses for six months were ordered issued to F. S. Maultsby, Maultsby & Jolly, E. J. Pollard & Co., L. Hooker & Co., O. Hooker, E. M. Cheek, Joe Forbes and W. B. Burnett.

The application of W. B. Burnett to sell liquor at his present place of business near the Planters' Warehouse was refused.

The tax for license to sell malt liquors was placed at \$25 a year and a license was granted to Ed. H. Shelburn.

The tax on pool and billiard tables was placed at \$10 each and a license to run three tables was granted Briley & Harrington.

The Board then adjourned until Monday night.

Closing Up:—A big time this morning closing up the fine kiln of 200 thousand brick which has been burning all the week. Give A. G. Cox your orders at once.

Miss Kittie Morgan, from Berea, N. C. in response to a summons that her father was very low, came down one night this week and he is very much pleased to have her with him.

Joe Ebrons, a colored boy who works here seems to have gotten music in his bones since the excursion the other day. He brought back a cornet which he keeps going regularly till late every night.

The A. G. Cox Mfg. Co. are completely run over with flue orders. They have a nice lot of testimonials to the Cox Equinomic Back Band, and would thank any who have been using a Lightwood Rim cart or wagon wheel any length of time to report to them in order to get up a nice list of wheel testimonials.

### "Hush Thee, My Baby."

For about ten minutes last night there was an incessant blowing of an engine whistle at the Southern passenger station. The blowing began at 10 o'clock, arousing the "early-to-bed-early-to-rise" people, and causing many inquiries by mouth and by 'phone. One of the city physicians 'phoned the Observer that the railroad should be scolded for blowing a whistle at 10 o'clock at night for such a length of time, disturbing the well as well as the sick. The sound was so unusual and so prolonged, that The Observer inquired at the station the cause of the blowing. The answer was that the valve of the whistle of the engine that brought No. 35, the fast mail in had gotten out of place just as the train pulled out of Salisbury, and that the whistle had blown incessantly all the way from Salisbury to Charlotte, and was at that moment still wailing. Everything possible was done to quiet the "baby." Castoria, Mrs. Winslow's Soothing Syrup, peppermint and brandy were all suggested, but nothing stopped the wailing until the valve was gotten in place. "Now I reckon you'll hush," said the machinist who diagnosed the case and who succeeded in treating it successfully.—Charlotte Observer.

## S-say on Clothes.

We are writing about Clothes because we are "THE KING CLOTHIER." It is our "line" and we are proud of it. The Child, the Boy, the Youth, and the grown-up Man, all have a prominent place in our mind. Our CHILDREN DEPARTMENT was somewhat disfigured by the fire but we still have some rare bargains in it that are the real stuff. For instance we can sell you a BOPS 2-PIECE SUIT for 65 cents or a PAIR of PANTS for 10 cts. Now ain't that Bar-

gains? If you see the goods you'll agree with us. These Suits fit, they are stylish, strongly sewed and made of good material. There is a great

future for the boy who wears our Clothes. Provided his habits are as correct as his clothes. And in Mens Wear, too, we are "roosting on the highest limb." The fire destroyed a great many of our Suits but we have them from \$2.50 up. We can fit you.

"Breathes there a man so stout or slim? That clothiers fall of fitting? Let him take heart, for if he tries In our store he'll find his size. No shape or style do we omit. To fit men who are hard to fit."

We guard the QUALITY of our stock with sleepless vigilance. Never is a poor article allowed in our stock. New line of

SATURDAY, JULY 1, 1899.

The following from the Plymouth Beacon sounds very much like it might have been written for Greenville. At least the spirit the Beacon complains of in Plymouth also exists to such an extent in Greenville that the article is equally applicable here. It says:

"We regret to acknowledge that there is a spirit of rivalry existing in the business circles of this town that is both unpleasant and unprofitable. There are cases where rivalry among business men has done the town good but that was where one man has tried to do more for public institutions than his neighbor, in this way, the town gets the benefit of what is not a proper spirit, but in our case it is not thus. Here we find that if a movement is started for the upbuilding of a public enterprise there at once arises a spirit of opposition.

With such circumstances existing nothing can prosper, and while the individuals are satisfying their own personal and selfish ends they are blocking the wheels of progress. For the good of the town we most earnestly appeal to all our citizens to lay aside personal differences and forget self when it comes to public matters where the prosperity of the town is at stake. Remember, that what benefits your town benefits all the people and what benefits your neighbor benefits you."

A touching scene was enacted in our sister town, Washington, on Thursday. It was the occasion of the return of the old battle scarred flag of the 40th N. C. Reg't., that was captured by a Michigan regiment during the civil war and has since been in the possession of people of that State. A Mr. Swayze, of Michigan, accompanied by his daughter, came to Washington to return the flag, and the occasion of its presentation to survivors of the 40th Reg't. was attended by appropriate and impressive ceremony.

The suicide mania seems to have broken out again, judging from numerous reports in our exchanges of the last few days.

A divorced men's club has been organized in San Francisco, one of the objects of which is to discourage matrimony. Good gracious. Isn't there enough to discourage matrimony these days without resorting to the club process?—Wilmington Star.

## WASHINGTON LETTER.

From Our Regular Correspondent.  
 Washington, D. C., June 30, '99  
 One of the first acts of Mr. McKinley after his return to Washington was to order the persecution of Admiral Schley, by the Sampson clique in the Navy Department, stopped. He did not do so because of any love he had for Schley, but because of statements publicly made by Maryland republicans that they intended to hold the administration responsible for the Navy Department's treatment of Schley. That frightened Mr. McKinley, who is by no means as confident of his re-election as some other republicans profess to be. And, in addition to ordering a let up on Schley, Mr. McKinley sent for ex-Postmaster General Gary and asked him to help keep Maryland in line. Unless Marylanders who ought to know are off in their judgment, nothing will prevent Maryland returning to its old place in the democratic column.

In his anxiety to remain in the Cabinet, notwithstanding his deal with Gov. Pingree, who everybody knows is not an admirer either of Mr. McKinley or of his administration, Secretary Alger is getting foxey. In order to jolly Mr. McKinley, he publicly said that his deal with Pingree was solely for the purpose of obtaining the Senatorship and was not binding on either for any other purpose; that he was a McKinley man from start to finish and was prepared to prove it at any time that it might become necessary, by breaking with Pingree, if he should show any disposition to antagonize Mr. McKinley in Michigan. How much of this Mr. McKinley swallows nobody knows, but it is certain that Alger has undertaken a difficult role. It is known that Senators McMillan and Burrows are hard fighters and that they will demand that Alger be put out of the Cabinet, and their demand will be backed by many republicans whom Mr. McKinley will not care to offend. Besides, it is believed that Pingree is only using Alger to try to get even with Senator McMillan and considered by no means certain that he would allow Alger to go to the Senate even if he succeeded in controlling the Michigan Legislature.

Nothing could more surely prove the deception practiced by the administration concerning the situation in the Philippines than the order issued this week to all the regular recruiting officers to enlist as many volunteers as may present themselves for service in the Philippines, and the official announcement that Gen. Otis is to have an army of 40,000 men by the end of the rainy season. In order to keep the appointment of all the officers in the hands of the administration, no organizations are to be enlisted. The men are to enlist as individuals and the regiments to be formed will be United States Volunteers. Although the announcement was made at the same time that all the officers for these regiments would be chosen from the volunteers who have seen service in the Philippines, it is a safe bet that they will not be. Ex-Congressman Campbell, of Ill., who is now in Washington, tells his friends that he has been promised the colonelcy of one regiment, and he hasn't seen any service in the Philippines; and there will be others.

"Making a virtue of necessity," said a Senator, "is what I call the announcement of Thurston, of Nebraska, that he would retire from the Senate at the end of his term. Knowing that neither he nor any other republican has any show to be elected to the Senate by the Nebraska legislature, Thurston concluded to save some of the big wad of corporation money he has by not entering the field as a candidate. His talk about being tired of holding office was merely a little grandstand play."

braska, that he would retire from the Senate at the end of his term. Knowing that neither he nor any other republican has any show to be elected to the Senate by the Nebraska legislature, Thurston concluded to save some of the big wad of corporation money he has by not entering the field as a candidate. His talk about being tired of holding office was merely a little grandstand play."

The adage, "Make hay while the sun shines," appears to have been changed by the inventors of the country into "Make money while the mercury rises." The weekly receipts of the Patent Office are now averaging \$5,000 more than they did in the summer of last year, and this weeks issue of patents, trade-marks and labels was the largest since April 1890, the total being 633.

There is a cylinder press large enough to print a nine column paper, in splendid condition, and a quantity of Small Pica, Long Primer, Brevier and Nonpariel body type. We can furnish a complete outfit large enough for a six or seven column paper.

Specimens of the body type are shown in this advertisement, the type being taken from the case just as it runs, so it shows for itself how well it prints. This is the Small Pica size of which there is 1 pair of cases.

Then here is a paragraph set from the Long Primer size. We have 4 pairs of these cases. In buying this type you do not get something that is worn out and cast aside, but a good serviceable type, capable of much wear.

Here is something a little smaller, Brevier size. There are 2 pairs of these and it is a bargain for somebody interested in printing. It may not come but once in a lifetime that an opportunity is given for buying type as cheap as we will sell these lots.

Again we have 1 pair of cases of this Nonpariel size, a very useful type in any printing office. Cases will be sold with the type of all sizes. Any printer who can use any or all of this type can make us a spot cash offer. While we prefer a customer for a whole outfit, press and type, one case of type will be sold if no more is wanted.

## Judases Still Live.

A Free Will Baptist preacher was caught in Johnson county the other day by revenue officers. He was at his blockade still, running it at a lively gait. He ought to be given a long term. Such cases do not argue anything against Christianity. They only show that Judases still live.—North Carolina Baptist.
