Murder in Greene County.

Saturday night Charlie Bond shot and instantly killed Hymbrick Suggs near Mr. Henry Frizzell's home, about six miles from Snow Hill. The men are negroes, and were gambling. They had a dispute when Bond shot Suggs in the left temple with a pistol, killing him instantly. Bond has escaped. —Kinston Free Press.

Bale of Cotton Burned.

Monday afternoon some parties were in J. B. Cherry & Co's. cotton lot in the rear of their store, when one of them remarked that he smelled cotton burning. They began to investigate and located the bale of cotton from which the odor came. The bale was cut open and fire was found on the inside. It was a fortunate discovery and the fire was easily put out.

Exciting Runaway.

There was an exciting runaway down Evans street this afternoon, but fortunately it ended with no great damage. Mr. Charlie Fleming was driving a double team to a wagon. The end of the wagon tongue broke, letting the breast chains fall, when one of the horses dashed off. The other had to follow and they ran down to Five Points before being stopped. Mr. Fleming handled them well and collided with only one other vehicle though there were a number of buggies and carts on the street. One wheel of the buggy collided with was broken. One of Mr. Fleming's hands was considerably torn by pulling on the lines.

The maiden walks the strand no more, enjoying the ocean breeze, where the tiny wavelets kiss the shore, and the sand is alive with fleas.

57 Counties Gain Ten Millions in Tax Valuation.

The State Auditor has received reports of taxable values of real estate and personal property for the year 1899 from fifty-seven counties.

The returns from these counties show an increase of \$9,683,275 over the returns from the same counties last year.

There are thirty-seven counties yet to hear from, and inasmuch as no county heard from so far has failed to show an increase it can be estimated with some degree of certainty that the increase in total amount of tax valuation for the year will be in the neighborhood of twelve million dollars.

This is significant because there was a shrinkage of twelve million in the taxable valuations of property in the State from the year 1891 to 1897. From 1897 to 1898 a gain of \$8,000,000 in valuation was made. This year the increase has been greater already, with thirty-seven counties to hear from, than in many previous years. The increase in valuations is due in a large measure to the fact that this is the quadrennial year, in which new assessments are made in the various counties.

In none of the counties which have made report has the increase been less than \$1,000. Wake has not made a report yet. Of those counties heard from Mecklenburg leads with an increased tax valuation of \$1,200,656.

The largest increases in tax valuation were made in the following counties:

Mecklenburg,	\$1,200,656
Buncombe,	596,280
Forsyth,	459,303
Rowan,	538,991
Beaufort,	467,996
Richmond,	411,420
Cleveland,	383,943
Robeson,	378,855
Pitt,	338,624

TUESDAY, NOVEMBER, 7, 1899.

The annual report of the Adjutant General shows the total casualties in action, and of deaths in the regulars and volunteers since the beginning of the Spanish war, to have been 10,076. The casualty list alone aggregates 3,454, of whom 35 officers and 458 enlisted men were killed, and 197 officers and 2,764 enlisted men were wounded. The death list numbers 6,619, and is made up of 224 officers and 6,935 enlisted men. The great majority of these died from disease, a total of 5,344 enlisted men going down from this cause. These figures indicate the enormous cost of warfare in unhealthy climates, regardless of the actual loss of men in engagements. It will be remembered that active hostilities have been waged but little in the ten months since the Filipinos insurrection. Nothing has been done in the Philippines for three months past, owing to the wet season, and yet the deaths of the Americans have been going along steadily and rapidly.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., Nov. 6, '99.

Imperialism is now bidding for Southern support, by holding out inducements, which it is hoped will catch the cotton growers and manufacturers. It is now semi-officially stated that the administration, which claims to have secured verbal promises from European governments which have been grabbing Chinese territory, that American commerce should enjoy equal privileges with their own, in all the Chinese territory controlled by them, has demanded of those governments formal written agreements, to accord with the verbal promises and intends, if the demand is not acquiesced in, to back it up with force. This is said to have been the real reason for the recent material strengthening of the American Naval forces at Manila. The same statement adroitly points out the material advantages to the South, the Chinese trade will give, because of the increased demand, and, of course, increased prices for all kinds of cotton goods. The men who are manipulating imperialism are very sly in putting out this bid for Southern support. They know that the cotton raisers of the South have had hard lines of late, and hope that this promise of better times will create an imperialist sentiment among them. The administration has hatched

up a scheme to commit the country irrevocably to Imperialism. It has already begun the work of securing promises from Senators and Representatives to vote for a joint resolution, to be offered as soon as Congress meets, declaring the intention of this Government to permanently retain the Philippine islands. Nothing could more strongly show the steady growth of imperialistic ideas in administration circles. Only a short time ago, Mr. McKinley said that he intended, and had always intended, that Congress should decide whether we should keep the Philippines. Now he will say to Congress, in effect, "I have decided to keep the Philippines, and I demand that you shall ratify my decision." The reason for this change is obvious, Mr. McKinley fears that if Congress takes up this question and thoroughly discusses it, so many good reasons will be presented against our going into the colonization business to the extent of keeping the Philippines, that Congress might decide against their retention. Therefore, he will endeavor to head off anything like a free discussion, by saying to Congress that it is necessary to end the war in the Philippines, that this joint resolution should be adopted, knowing that if he succeeds, any future discussion of the matter in Congress will be without effect in determining the policy of the government. He will have no serious trouble in getting his scheme through the House, but the anti-imperialists of the Senate will have something to say before it can be put through that body.

Aycock for Governor.

A leading citizen of Salisbury has a letter from C. B. Aycock, Esq., of Goldsboro, in which he says that he will be a candidate for nomination for Governor before the next Democratic State Convention.—Winston Sentinel.

No man ever gets any satisfaction out of scolding a woman. Either she likes it or else she cries.

In reply to an earnest query regarding the good luck a rabbit's foot is supposed to bring, we would say that this special charm, in the hind foot particularly is demonstrated when it helps the rabbit to get away from the dog.—Ex.

A log train of the Atlantic Coast Lumber Company, running on the Georgetown (S. C.) and Western railway, struck a cow Thursday and six cars overturned. The great logs rolled over and ground three men to a pulp. Three others were perhaps fatally injured.

American soldiers in the Philippines are all wearing "dog checks." A "dog check" is a lead medal about the size of a dollar, with the volunteer's name, regiment and company stamped on it. It is hung on a leather string around the neck and serves to identify the dead or severely wounded.

The company operating a trolley car line between New Britain and Berlin, Conn., has put on a "jag" car. It appears that there is nothing to drink in Berlin and citizens who go to New Britain to quench their thirst are apt to take too much. The "jag" car leaves New Britain every evening at 10 o'clock and drunken men are not allowed to ride on any other. This scheme is said to be working well.

THE
**AMERICAN MONTHLY
REVIEW OF REVIEWS**

THE "NECESSARY" MAGAZINE

The best-informed men and women in the world use the AMERICAN
MONTHLY REVIEW OF REVIEWS to keep well informed, and call
it the "necessary" and "indispensable" magazine. In the busy rush
of to-day ambitious men and women must know about the important
questions of the month, and not only this, they want to know about
them at the right time. When the whole country is puzzled over the
gigantic combination of trusts, a well-informed article is printed in the
AMERICAN MONTHLY, giving the facts, and its editor discusses the
theory; when the Dreyfus affair is in everyone's mouth, the best story
of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw
gives a comprehensive picture of the world's history during the pre
vious thirty days. In the departments, the valuable articles and books
that have been published during the past month are reviewed and
quoted from, so that the readers of the AMERICAN MONTHLY can get
the gist of them. In every issue nearly a hundred pictures are printed,
including the portraits of the men and women who are making the
history of the month.

To be thoroughly well informed helps any man or woman in his or
her work. A subscription to the AMERICAN MONTHLY REVIEW
OF REVIEWS represents an investment for the best kind of profit, as
well as entertainment. One subscriber has just written: "Count me
a life subscriber, and when you send me a number beyond the limit of
my subscription and secure no renewal from me, consider it a notice of
my death."

Price 25 cents per number, \$2.50 a year.
A sample copy will be sent on receipt of ten cents in stamps.

Mayor's Court.

Mayor Moye began this week with a little larger docket than he has had for a few weeks past.

Nathaniel Dawson, for being riotous and disorderly, was fined \$1 and costs, amounting to \$5.15.

Abram Harris, for being riotous and disorderly and using profane language, was fined \$1 and costs, amounting to \$3.75.

Thomas Carney, for being riotous and disorderly, was fined \$1 and costs, amounting to \$5.15.

A warrant was also issued for J. A. Smith for being disorderly, but he went before the Mayor and made affidavit that he did not think he could get justice in the Mayor's court, and petitioned that the case be removed to a Magistrate's court. The petition was granted and the case was referred to Justice of the Peace H. Harding. The defendant then went and submitted and was fined a penny and cost, amounting to about \$3.

The public school for the Greenville District will begin on Monday, 27th of this month, and continue through the spring, the regular time of the other schools.

The sheriff of Wake asked the State Treasurer whether the nickel-in-the-slot machines "whose return is uncertain" are not liable to a tax of \$200, half to the State and half to the county. The matter was referred to the Attorney General, who rules that they are liable to such tax. There is one kind of machine, a wheel, which gives certainly one cigar for the nickel invested, but in the others one may blow in many dollars and get nothing. The people who have these wheels claim that they double the sale of cigars. They are clearly gambling machines and how they have escaped the law so far is puzzling.
