Change Of Faith By Mrs. Dewey.

It was reported on good authority to-night that Mrs. Dewey will soon join the Episcopal Church and that arrangements are now in progress for her confirmation at St. John's church by the Rev. Dr. Mackay-Smith. Several years ago Mrs. Dewey was converted into Catholicism by Archbishop Kean, at that time rector of the Catholic University, and was confirmed by him. Since then she has been a member of Father Mackins church and was married by Father Mackin, but she has not been a constant attendant at services, within recent years. Before his marriage, when in Washington, Admiral Dewey attended St. John's church.

At Dry Tortugas.

The President has signed an order through which the big military reservation on Dry Tortugas, including the fortifications, is transferred from the authority of the War to the Navy Department. Dry Tortugas is to become the most important base for naval supplies south of Norfolk and the coal depot for ships attached to the home fleet cruising in the West Indies and Gulf. For years the army has exercised practically full authority over the little group of islets that spring up in the Gulf just 40 miles to the west of Key West and which until the Spanish war, served no other purpose than a detention and quarantine station for the Marine Hospital Service.

Fort Jefferson was one of the earliest masonry structures undertaken by the government, and cost when completed \$15,000,000, or a sum considerably more than the cost of the forts at Old Point, then regarded as the most important on the coast up to the civil war period.

Fort Jefferson was intended to protect a large coal supply and to be the quarters for a full regiment of artillery, but before the department's plans were matured just previous to the outbreak of the war rifled guns showed the experts that masonry defenses were vulnerable and could be crumbled to pieces by the shells from what were then supposed to be very high power guns.

It is now the purpose of the government to convert Dry Tortugas into the most important coaling station on the coast and to render it at the same time secure from successful foreign attack. Previous to the Spanish war some attempts had been made to locate large coal sheds and piers there for the use of the navy, but not until 18 months ago was any definite plan provided for using the island as a naval base. There are now in course of erection three sheds with a capacity of 40,000 tons of coal and piers connected with them alongside of which the heaviest draft warships may lie and have the coal fed into their bunkers by improved devices. These piers are large affairs and built on the most improved methods and of the best material.

Under contract the new station is to be completed within the next seven months.—Charlotte News.

Marriage in Ayden.

They were married by the father of the bride.

Miss Sallie Betts returned from her school work in Hyde county last week, to be present at her sister's marriage and to enjoy her vacation with her father's family in Ayden.

FRIDAY, APRIL 13, 1900.

That was a great Democratic convention held in Raleigh on the 11. The like has never been seen there before. Every county had a full delegation and thousands of people besides the delegates went. From beginning to end it was full of enthusiasm and from every quarter there was expressed the determination that the Constitutional Amendment shall be adopted. That the ticket nominated is an excellent one the names of the men selected for the different offices will show. They are men of character, talent and ability, and there is before the people one of the most brilliant campaigns the State has known. Now let every section rally to the ticket and roll up a big majority for the nominees and the Amendment.

DEMOCRATIC PLATFORM

Adopted by the State Convention.

Below we give the platform adopted by the Democratic State Convention. Following it will also be found a list of the delegates to the National Convention and a list of the members of the State Executive Committee.

THE PLATFORM.

The Democratic party of North Carolina in convention assembled in Raleigh N. C., on this day, April 11, 1900, do hereby approve, endorse and ratify the principles enunciated and set forth in the National Democratic Party adopted at Chicago in 1890.

We denounce the tariff legislation of the Republican party which has increased the burdens of taxation upon the consumers and increased the powers of trusts and monopolies to rob the people. Believing that under our present method of Federal taxation more than three-fourths of our National revenues are paid by people owning less than one-fourth of the property of the country, we protest against such inequality and in justice, and in order to remedy to some extent this great wrong we favor an income tax and favor all constitutional methods to sustain it.

We denounce the Republican party for its passage of the recent legislation by which the gold standard has been fixed upon our people.

We denounce the policy of the Republican party for its legislation by which the people in territory acquired by the United States are taxed without representation and deprived of the protection afford-

ed by the principal that the Constitution follows the flag.

We are in favor of peaceful commercial expansion, but denounce imperialism and militarism.

We cordially invite all voters, without regard to past political affiliations, to unite with us in the support of our candidates for Congress who favor the principles of the Chicago platform.

We admire the heroism and ability with which the Hon. William Jennings Bryan has defended the principals of the Democratic party, and hereby instruct the delegation from this State to the National Democratic convention to vote for his renomination as a candidate for the Presidency.

We denounce the administration of the Republican party in North Carolina by which negroes were placed in high and responsible official positions which ought to have been filled by white people.

We approve of the passage of the act of the Legislature of 1899 to prevent the removal of suit by foreign corporations from the State to the Federal Courts.

We commend the Legislature for the passage of the Election Law of 1899.

We favor a government of the people, by the people and for the people, economy in expenditure and the abolition of unnecessary offices.

We heartily commend the action of the General Assembly of 1899 for appropriating One Hundred Thousand Dollars for the benefit of Public Schools of the State, and pledge ourselves to increase the school fund so as to make at least a four months term in each year in every school district in the State.

We point with pride to the record of the Democratic party in the building and management of the institutions for the care of the unfortunate insane, and pledge the party to so increase the appropriations for this purpose as that every needy insane person in the State may be cared for at public expense.

We approve of the passage of the Corporation Commission Act by the last legislature, and of the administration of the affairs of Commission, by which fairer rates have been secured which are more just to the people and to the transportation and transmission corporations, and such assessment of railroad property as will make it bear its fair proportion of the burdens of taxation.

We condemn free passes.

We denounce all trusts, monopolies and trade combinations, and demand the passage of such legislation, State or National, as will suppress the same.

We favor the election of United States Senators by the people.

We favor the enactment of laws by the next General Assembly providing for the holding of primary elections for the nomination of State and county and Congressional officers.

We hereby instruct the State Executive Committee to make provision for the holding of a primary on the first Tuesday of next November for the selection of a United States Senator by the Democratic voters of the State, at which every elector who has voted a Democratic ticket in the State election shall be entitled to cast one vote for one man for United States Senator, and the candidates who receives the majority of the votes so cast in the whole State, shall receive the support of the Democratic members of the legislature; and if no candidate shall receive a majority then the committee shall hold a second primary at which only the two highest candidates shall be balloted for and the one receiving a majority of the votes so cast shall re-

ceive the support of the Democratic members of the Legislature.

Provided that if any third candidate shall receive at the first primary, so held, within 2,500 votes of the second highest candidate, then in that event the three candidates shall be ballotted for at the second primary, and the one of the three receiving the highest number of votes, shall receive the support of the Democratic members of the Legislature for United States Senator.

We heartily approve of the action of the last Legislature in submitting the Constitutional Amendment to the people, and we urge its adoption, because it will promote the peace, the prosperity, the happiest of the people of North Carolina.

Roundlap Bales Made Cotton Higher.

Wherever The American Cotton Company's Roundlap presses were operated last season higher prices prevailed for cotton whether baled round or square. In order to get cotton, square-bale buyers were obliged to pay more than the market price, and more than cotton was selling for in neighboring towns where there was not a Roundlap plant. In some cases the premium paid by square-box ginner in competition with Roundlap gins during the greater part of the season was as much as half a cent per pound above the price ruling at other old-style gins in the same county. The inevitable result followed. Cotton (and the owners' trade with it) was drawn for long distances to Roundlap points to the profit of the entire community, and at the expense of towns that did not enjoy the advantages of round bale competition.

The effect of such object lessons has been a demand for Roundlap presses for next season which will tax the full capacity of The American Cotton Company's works running day and night.

It is practically settled that Governor Taylor, ex-Governor Bradley, Senator Deboe and W. A. Gaines (colored) will be Kentucky's delegates-at-large to the Philadelphia Convention.

At a special meeting in honor of Hugh A. Hanna, the New York Chamber of Commerce ordered a gold medal struck for him because of his work at the Indianapolis Monetary Convention.

Telegraphers Strike.

The telegraph operators over the entire system of the Southern Railway went out on a strike Thursday. The operators wanted shorter hours of service and more pay. The President of Order of Railway Telegraphers said the railroad company refused to treat with the employees in the telegraph department and waged a secret warfare against them, discharging many who dared to represent them on committees. They claim also that about 90 per cent. of the railroad telegraphers participated in the strike, while the railroad officials say the number is only about 10 per cent. The strike will interfere greatly with the moving of trains, as most of them have to go on telegraph orders.

Reprisal.

"For the last time, I ask you," he hissed, "will you give up notion that you can recite melodramatic poetry.

"Never!" replied the woman, his wife, pale but resolute.

His face grew terrible to behold.

"Then," he cried, in a voice vibrating with passion, "I shall assume that I can tell Irish dialect stories!"

Now she grovels at his feet, and implores him to be merciful, but in vain.—Detroit Journal.

The groom came from vestry room, with Sim Chapman as best man and met the bride at the altar as she entered on the arm of J. W. Quinerly, where they were pronounced man and wife by Rev. J. H. Griffith. The bridal party left immediately after for the home of the groom, where a bountiful supper awaited them.
