The Chief Hurt.

Capt. A. J. Griffin of the fire department, was hurt at the fire Tuesday night. While up at the front giving directions to the nozzlemen they went to shift the stream when one of them stumbled and the Chief was struck in the left eye with a nozzle. We hope his eye will soon be well.

Stopped the Services.

There was a large crowd in the Baptist church Tuesday night and Rev. J. E. Hutson had just started his sermon when the alarm of fire was given. The church was soon empty. Just exactly one week before, a service in the Methodist church was broken up by a fire alarm. People are more excited about fire in this world than they are about fire in the next.

He Deserves Success

Dr. J. C. Greene received a telegram from Tarboro this morning telling him that he had successfully passed the examination before the State Medical Board. This was glad news for "Jim" and THE REFLECTOR wants to join in with his many friends in congratulating him upon his success. About twelve years ago he was on THE REFLECTOR force and learned telegraphy in this office. He left Greenville to take a position in a larger office, and later decided to equip himself for the practice of medicine. He worked and studied at the same time, and by pluck and industry he has forged ahead and won his diploma, and the same spirit in his practice will bring him honors in the profession.

JORDAN FACTORY BURNED.

ANOTHER SERIOUS LOSS TO GREENVILLE

Firemen Do Splendid Work in Saving Adjoining Property.

About 9 o'clock Tuesday night the tobacco factory of M. P. Jordan & Co., located near the railroad, was found to be on fire. When discovered the roof of the boiler room was all in flames. The fire department and hundreds of citizens hurried to the scene but the fire had made such headway that the factory could not be saved.

The storage warehouse just south of the factory was also destroyed. Both the buildings belonged to Mr. R. A. Tyson. The factory was occupied by M. P. Jordan & Co., of Danville. They had about one hundred and fifty hogsheads of tobacco in the building and only four hogsheads could be rolled out.

As the factory shut down about a month ago for the season, the origin of the fire is a mystery.

The loss is estimated at about \$15,000. M. P. Jordan & Co. had insurance on stock for \$7,850, and on machinery for \$1,600. R. A. Tyson had on factory building \$3,000, on storage warehouse \$200 and on stock in warehouse \$400. The total insurance was \$13,050, all of which was in H. A. White's agency.

The Farmers Warehouse was slightly damaged and covered by insurance.

Mr. Tyson was just getting material together preparatory to having the factory enlarged before the next season.

The firemen did splendid work on adjoining buildings and no doubt saved thousands of dollars worth of property. The large Farmers Warehouse had a very narrow escape. Had that building burned there is no telling how far the fire would have gone.

Hope Fire Company put their steamer at the cistern near Roberts & Ficklen's factory and soon had a good stream going through nearly a thousand feet of hose.

The nozzlemen and backers had hot work before the intense heat, but with the aid of breastworks made of empty hogsheads and doors they kept their post.

The colored firemen dammed the ditch running near the Farmers Warehouse thus making a good reservoir of water, and with their hand engine also did fine work. They stuck to their work bravely. Both the white and colored firemen were complimented for their work. Beside saving the Farmers Warehouse, they put out some of the burning hogsheads so that portions of the tobacco was saved.

IT WILL PAY YOU TO INVESTIGATE the new policies of the Bankers. The Life, Limited Payment Life and Endowment policies contain all the up-to-date features, many of which are original.

Good Things.

Did you ever look for the "good things" in your life insurance policy? Unless it was in the Bankers Life Insurance Company of the City of New York, you probably found side issues labelled "Grace" "Incontestability," "Loans," and the like, made prominent as "good things." Of course we have these features, too, for the "Bankers" is nothing if not progressive; but—

Did you ever see a policy with which the Company keeps an Individual Account?

Or one in which all earnings are guaranteed to the policy-holder?

Or one which guaranteed both reserve and surplus if surrendered?

Or one which gives all withdrawable surplus at death, in addition to face of policy?

Or one, in fact, which treats the policy-holder with absolute equity, confiscating no portion of the net premiums, and allowing a policy-holder to control his own money at all times, as far as is consistent with a conservative system which embraces the best points of banking and insurance?

If you have never seen any of these "good things," investigate the new policies of the Bankers Life Insurance Company of the City of New York.

Who are its officers and directors? Among them are many of the best known men in New York financial circles.

The Company's record has been unequalled for economical management, safe investments, equitable dealings with its policy-holders and low cost of Insurance Protection.

A Mule in a Well

Last week a young mule belonging to Wesley Milam, who lives near Brown's ford, on the river four miles above here, tried to commit suicide by jumping into a well thirty feet deep, the well having several feet of water in it. Mr. Milam heard the mule braying and on investigating saw his head and ears above the water in the bottom of the well. It was an hour before the necessary windlass and neighbors arrived to rescue him. A rope was tied behind the front legs of the animal with which he was drawn out. Immediately on reaching terra firma he proceeded to thank his rescuers by the nimble use of his "business end."—North Wilkesboro Hustler.
