White Man Assaulted on the Street—One Negro Escapes, Two in Jail;

Mr. A. L. Blow, Chairman of the Democratic Executive Committee, was assaulted by two negroes, Sam and Grant Brown, this morning and his face beaten with a pair of knucks, in the hands of Sam Brown.

Mr. Blow was trying to buy some chickens from a cart when Sam Brown came up and interferred with the trade. Mr. Blow cursed the negro and told him if he again he would break his face. The negro then struck Mr. Blow pair of knucks and staggered him The cut bled freely. Before Mr. Blow could recover himself Grant wonder. Brown, a brother to the other negro, ran up and struck Mr. Blow in the face again, and then ran off down toward the river, where he lived. Deputy Sheriff Leon Tucker was standing over on the Post office corner and saw the lick and ranafter the negro. He ordered him to stop two or three times, but the negro kept on running and just before reaching his home the Deputy Sheriff fired at him, though he does not think he hit him.

The negro ran into the house and when the Deputy sheriff undertook to go in the house to see the it James Brown, another brother to the other two negroes, met him at the door with a gun and pistol and refused him admittance. Afterwards the house was searched and while this was going on a crowd of white men with Winchester rifles and guns went down and surrounded the house. The negro Grant Brown was not found as he probably ran through the house and out the back door before the house was searched.

The Deputy Sheriff swore out a warrant against James Brown for resisting an officer, and in the meantime Sam Brown was arrested by the Chief of Police and both taken before Mayor Moye and given a trial. They were both bound over to September court and in default of a five hundred dollar bond each were put in jail.

The people here were indignant over the assault and excitement ran high for a while. To see the best citizens armed with guns and rifles surrounding the house goes to show that they do not intend to be run over by negroes and are not going to submit to it.

SATURDAY JULY 7, 1900.

One week of the time for regis tration for the August election has gone by and but two weeks more are left. The books will close at sunset on Saturday 21st. White men, have you registered? Just look how the negroes are flocking around the places for registration especially on Saturdays' in their eagerness to get on the books, and it may show you the danger of any negligence or indifference on your part. The white man who deserts his race in such a time as this is hardly worthy the name.

The Democratic Congressional Convention of this district meets in Elizabeth City July 19th. Mr. C. L. Abernethy, of Beaufort, will be a candidate before the convention for Presidential Elector of the district. Carteret county has endorsed him for the position. Mr. to modify the silver plank, said: Abernethy is a good campaigner and could do valuable work over the district. Pitt has no candidate for Elector that we have heard of, and remembering the handsome afraid it will gain enough votes to support Carteret county gave our candidate for Secretary of State in the State convention, Pitt could well afford to stand by Carteret's candidate for Elector.

The nomination by the Demoeratic National Conventionat Kansas City of William J. Bryan for President and Adlai E. Stevenson ficial news, which the administrafor Vice President strikes a popular chord over the entire country. Of course it was known in advance that Mr. Bryan would head the ticket, but there was much speculation as to who his running mate would be. Mr. Stevenson has been Vice President one term, and his being again on the ticket will bring strength to it. The platform adopted by the Convention is ing hunted by the allied army broad enough for everybody who wants to be a Democrat to stand on. It was noticeable at the reading of the platform that Hill and Croker, of New York, were among its most enthusiastic supporters. We will publish the platform in a later is sue of THE REFLECTOR.

marion Cannot Deliver the Goods

Marion Butler is still addressing county conventions and working up fusions between Populists and Republicans on county tickets. He is making a desperate effort to save the neck of the goose that has been laying his golden eggs-the solid believe.

negro vote of North Carolina. But he cannot deliver a solid Populist vote this year either against the amendment or for Republican candidates on fusion tickets. Many Populists are tired of fusion and of being required to aid in putting negroes in office over white men. When the Legislature met last winter they asked that some step be taken to remove the negro question from politics. Their represen tatives in that Legislature joined with the Democrats in submitting the amendment as the best plan to remove the negro from politics, and many of the voters are in favor of standing by that action.

WASHINGTON LETTER

From Our Regular Correspondent.

WASHINGTON, D.C., July 6 1900.

If there are any Democrats in

Washington who are not enthusiastically pleased with the ticket and platform made by the Kansas City Convention they are not showing themselves or doing any publio talking. It cannot be said that any part of the work of the Convention was a surprise. The only thing that could be considered open when the Convention assem-President. The head of the ticket had been fully settled by the instruction of more than the neces' sary two-thirds of the delegates for Col. Bryan, and the important planks of the platform were practically settled in advance by those same instructions, as there had not at any time been any doubt of the position of Col. Bryan, whose consistency is one of his strongest holds on the rank and file of the Democratic party, upon any question that would be handled in the platform. A candid republican, prominently connected with the administration, who made no pretense to conceal his disappointment at the failure of the attempt That convention was wiser than I thought it would be. The platform will lose votes for the ticket in States where they could not have affected the result, but I am give the democrats several states they could not possibly have car. ried had they straddled silver." The confidence shown by democrats argues well for a democratic victory this year. Republicans are, of course, keeping up a bold front in public, but it is no secret that privately many of them are expressing fear of de.eat.

The practice of suppressing of tion made a specialty of during the war with Spain, has been revived in connection with the troubles in China. Mr. McKinley is at Canton, and members of the Cabinet claim to have no official news of importance from China, although it was published in the press dispatches several days ago that every foreigner in Pekin had been killed. It has also been publish ed that the Chinese instead of bewhich has been gathering at Taku for the purpose of marching to Pe kin, are hunting the allied army. which has abandoned all idea of trying to get to Pekin until largely reinforced, and which is contemplating the evacuation of Tein Tsin, now occupied by a consider able force of allies marines. In other words, the allied forces are finding that without a large army they cannot occupy territory beyond the range of the guns of their warships. It is not conceivable that with these important events transpiring this government is without official information. Yet, that is what Secretaries Hay, Root and Long are asking the public to

That scheme was to announce a few weeks before election The Head of the State's Eduthat, owing to the complete pacification of Filipinos, ail the volunteers in the Philippines would be at once brought home. If Gen. MacArthur isn't more particular about how he handles the naked truth is in official reports, the administration will discover that he is unfitted to command in the Philippines and he will be ordered home "for his health." Ugly Negro Plot.

Three negroes Wednesday afternoon attempted to register in precinct No. 1, and upon the proper questions being put to them, by Register Cox, said that they were recently of Petersburg, Va., and admitted that they had not been residents of this State 12 months, the time required by law.

After being refused registration they walked out of the court house and held a consulation behind a large elm tree near the court house pump. They were overheard by Mess. Jno. Braxton, Asa Waller assaulting the register, Mr. J. G. Cox, upon his coming from the court house.

The white men above named waited across the street, until Mr. Cox made his appearance, the negroes still retaining their position behind the tree. As Mr. Cox approached their position the negroes arose, with the evident Satisfaction guaranteed. purpose of attacking him. At the same time the white men who had been on the watch, hurried to the scene and the negroes perceiving them, instead of attempting to car-

ry out their threats, made off.

The threats of these negroes, who by their own sworn statement, have not been in the State 12 months against the registrar for doing his sworn duty, has much incensed the white people, and very properly, for evidently, but for the timely display of force, the registrar would have been murderously attacked by these Virginia negroes.

The negroes and their white allies had just as well understand at once that no attempts at violence or bulldozing will be tolerated. If any white man is hurt because of politics, the white men of the community will mete out vengeance swift and sure. Only good order and justice are desired, but the negro party must behave itself .-Kinston Free Press.
