Resolutions of Respect.

Whereas, Our Heavenly Father has seen fit to recall from earth to Heaven our little friend, Frankie Bishop Harris, whose spirit took its flight June 30th, therefore we the members of Greenville M. E. Sunday school

Besolve, That in her death we have lost one of our best and most faithful attendants. During her long illness we have missed her bright, sunny face and had hoped to have Frankie with us again, but God has released her from all suffering and now she is at rest with Him forever.

We would bow in humble submission to His will and pray that He may comfort and sustain the bereaved mother and sisters in this hour of sorrow.

Resolved, That a copy of these resolutions be sent to the family, one spread upon the minutes of the Sunday school and a copy sent THE DAILY REFLECTOR for publication.

Failed to Draw.

A letter from Bethel tells us that J. M. Mewborn, Populist candidate for Commissioner of Agriculture on the State ticket, spoke there Friday, and by actual count he had to hear him 72 negroes, 20 white Republicans and 22 white Democrats. The letter further says that Mewborn "was down in the throat and made a very weak speech."

They Stand The Test.

That is what Every Pair of

Dutchess Pants

Is guaranteed to do. Can you imagine a severer test than to tie one leg of a pair of pants to the ceiling and swing a keg of nails weighing 110 pounds to the other leg? That is the test seen in our window and hundreds of people have looked in wonder.

Dutchess Pants

are built to stand any kind of service and a guarantee goes with every pair—10 cents if a button pulls off or \$1 if they rip. Get the best when you buy and be sure you get the Dutchess! None genuine without the name on the button.

We desire a live correspondent at every Postoffice in the county who will send in brief items of news as it occurs in each neighborhood. Write plainly and only on one side of the paper.

MONDAY, JULY 9, 1900.

Having about lost all hope of doing anything among themselves, the fusionists in this county are trying to get certain Democrats in this county to allow themselves to be run by the Fusionists. This is a Republican trick, and no good Democrat should even listen to the siren voice of the tempter. It may on the surface sound tempting to offer to give a man an office if he will let them do so, but the truth of the matter is they have no office in Pitt county to give. The Democrats have the offices in this county and will continue to keep. No decent man should want an office as the price of deserting his party and race. But the Fusionists are going to fail to find the Democrats who will allow themselves to be used in any such way. Such offers should be spurned with contempt.

The Charlotte Observer announces positively that it cannot support Bryan for President, nor the National Democratic platform as adopted at Kansas City. We are truly sorry that the "parting of the ways" has come, and that a paper as good as the Observer, and a writer so able as editor Caldwell cannot give his support to the ticket. However much we may differ with him in his opinions of the ticket and platform, THE REFLECTOR is one paper that is not going to censure Editor Caldwell or say hard things against him. He is an honest man and has as much right to express his honest opinion as any of the rest of us. While he cannot support the Democratic National ticket nor platform, he says he will not support McKinley and the Republican party. He says further he will "stand by the Democratic organization in North Carolina, believing that in it is the only hope of good government at home.

A Smile in Each.

Everything goes. Mathees made in heaven are not to be made light of. The small boy in the woodshed finds little comfort in the rod and staff. Remember to-day that an ounce of prevent is worth a pound of linament. No, Maude, dear, we would not advise you to send your burning poems to a powder mazine. Every time a woman talks back to her husband she gets a new wrinkle.

THE DEMOCRATIC PLATFORM

Following is the Platform Adopted by the Democratic National Convention at Kansas City.

We, the representatives of the Democratic party of the United States assembled in national convention, on the anniversary of the adoption of the Declaration of Independence, do reaffirm our faith in that immortal proclamation of the inalienable rights of man and our allegiance to the constitution framed in harmony therewith by the fathers of the republic. We hold with the United States Supreme Court, that the Declaration of Independence is the spirit of our government, of which the constitution is the form and letter. We declare again that all governments instituted among men derive their just powers from the consent of the governed; that any government not based upon the consent of the governed is a tyranny; and that to impose upon any people a government of force is to substitute the methods of imperialism for those of a republic. We hold that the constitution follows the flag and denounce the doctrine that an executive or Congress, deserving their existence and their powers from the constitution, can exercise lawful authority beyond it, or in violation of it. We assert that no ration can long endure half republic and half empire, and we warn the American people that imperialism abroad will lead quickly and inevitably to despotism at home.

PORTO RICAN LAW DENOUNCED.

Believing in these fundamental principles, we denounce the Porto Rican law enacted by a Republican Congress, against the protest and opposition of the Democratic minority, as a bold and open violation of the nation's organic law, and a flagrant breach of the national good faith. It imposes upon the people of Porto Rico a government without their consent, and taxation without representation. It dishonors the American people by repudiating a solemn pledge made in their behalf by the commanding general of our army which the Porto Ricans welcomed as a peaceful and unresisted occupation of their hand. It dooms to poverty and distress a people whose helplessness appeals with peculiar force to our justice and magnanimity. In this the first act of its imperialistic programme, the Republican party seeks to commit the United States to a colonial policy, inconsistent with Republican institutions and condemned by the Supreme Court in numerous decisions.

FULFILLMENT OF OUR PLEDGE TO THE CUBANS.

We demand the prompt and honest fulfillment of our pledge to the Cuban people and the world that the United States has no disposition nor intention to exercise sovereignty, jurisdiction or control over the island of Cuba, except for its pacification. The war ended nearly two years ago, profound peace reigns over all the island, still the administration keeps the government of the island from its people, while Republican carpet-bag officials plunder its revenues and exploit the colonial theory to the disgrace of the American people.

PHILIPPINE POLICY CONDEMNED.

We condemn and denounce the Philippine policy of the present administration. It has involved the republic in unnecessary war, sacrificing the lives of many of our noblest sons, and placed the United States, previously known and applauded throughout the world as the champion of freedom, in

the false and un-American position of crushing with military force the efforts of former allies to achieve liberty and self-government. The Filipinos cannot be citizens without endangering our civilization, they cannot be subjects without imperilling our form of government and as we are not willing to surrender our civilization, or to convert the republic into an empire we favor an immediate declaration, first, for a stable form of government; second, independence, and third, protection from outside interference, such as has been given for nearly a century to the republics of Central and South America.

TRADE AT THE EXPENSE OF LIBERTY.

The greedy commercialism which dictated the Philippine policy of the Republican administration attempts to justify it with the plea that it will pay, but even this sordid and unworthy plea falls when brought to the test of facts. The war of criminal aggression against the Filipinos, entailing an annual expense of many millions, has already cost more than any possible profit that could accrue from the entire Philippine trade for years to come. Furthermore, when trade is extended at the expense of liberty, the price is always too high. We are not opposed to territorial expansion when it takes in desirable territory which can be erected into States in the Union, and whose people are willing and fit to become American citizens.

EXPANSION NOT BY FORCE BUT BY PEACE.

We favor expansion by every peaceful and legitimate means. But we are unalterably opposed to seizing or purchasing distant islands to be governed outside the constitution and whose people can never become citizens. We are in favor of extending the republic's influence among the nations, but believe that influence should be extended not by force and violence but through, the persuasive power of a high and honorable example.

IMPERIALISM THE PARAMOUNT ISSUE.

The importance of old questions now pending before the American people is in no wise diminishing and the Democratic party takes no backward step from its position on them, but the burning issue of imperialism, growing out of the Spanish war, involves the very existence of the republic and the destruction of our free institutions. We regret it as the paramount issue of the campaign. The declaration in the Republican platform adopted at the Philadelphia convention held in June, 1890, that the Republican party "steadfastly adheres to the policy announced in the Monroe doctrine," is manifestly insincere and deceptive. This profession is contradicted by the avowed policy of that party in opposition to the spirit of the Monroe doctrine to acquire and hold sovereignty over large areas of territory and large numbers of people in the Eastern Hemisphere. We insist on the strict maintenance of the Monroe doctrine in all its integrity, both in letter and in spirit, as necessary to prevent the extension of European authority on this continent and as essential to our supremacy in American affairs. At the same time, we declare that no American people shall ever be held by force in unwilling subjection to European authority.

Notice to Tax Payers.

The license taxes of the town are now due, and all persons who are engaged in a business requiring a license had better see me at once and procure one, thereby saving cost. All drays must be tagged. Office in Hyman's Picture Gallery. C. D. ROUNTREE, Tax Collector.

Separate School Taxes.

Many white men are tired of paying taxes to educate negro children, and would gladly vote for an amendment to the State constitution requiring that all the taxes paid by white people should be applied to the education of white children only, and that the taxes paid by colored people should be applied to the education of colored children.

Many white men find it hard enough to pay taxes for the education of their own children, without also being required to pay taxes for the education of negro children. As the law now stands, all the public school money is distributed equally among the children of the State, regardless of their color or race. Exactly the same amount is apportioned and expended for a negro child as is apportioned and expended for a white child. And yet the white people pay about 95 per cent. of the taxes paid on property for public schools!

After the proposed suffrage amendment is adopted, and the negro is eliminated from politics, then there would be a better chance for the adoption of an amendment to allow white people's taxes to be expended on white children would have longer school terms, and every white child in North Carolina would then be better enabled to be educated.
