The Man Who Gets the Business.

A somewhat poetical editor puts it thusly: "If you take your little whistle and lay aside your horn, there's not a man will ever know that such a man was born. The man who owns his acres is the man who plows all day, and he who keeps a planting is the man who makes it pay. The man who advertises with a short and sudden jerk, is the man who blames the printer because it didn't work. The man who gets the business uses brainy printer's ink, not a cutter and a splutter, but an ad that makes you think; and he who plans his advertisements as he plans his well bought stock, has the future to his business just as solid as a rock."

Feeblest Excuse of All.

The feeblest and puniest excuse for opposition to the amendment is for a white man to say that he would support the amendment if it disfranchised all the negroes, but because all can't be got rid of he don't want any disfranchised. This reminds us of a man dying of hunger and because he can't get a whole loaf dies before he will accept the piece of bread offered to him.—Stanly Enterprise.

STATE NEWS.

Happenings in North Carolina.

Durham and Tarboro are going to play ball at Tarboro Wednesday and Thursday.

Two negro boys fooling with a gun, one shot himself and then there was one. This happened near Tarboro Sunday. Same old story—thought it was not loaded.

At Lucama, in Wilson county, two negroes became very abusive and insolent to the registrar. They got a severe thrashing from several white men who happened to be close by.

A fatal accident occurred about two miles from Kinston yesterday afternoon across the river. The fifteen-year-old daughter of Jno. Hardy, colored, was given an open knife to hold by her mother, who was cutting some cabbage. The girl stumbled with the open knife in her hand, and the blade being uppermost, it penetrated her heart.—Kinston Free Press.

In Chicago the Salvation Army is performing a work of practical Christianity, by selling ice in penny lumps. The poor in the slums and crowded tenements of that city regard the opportunity to purchase the midsummer necessity in small quantities as a great boon, and freely patronize the Salvation Army ice houses.

In his speech at Statesville last Monday Candidate Spencer Adams declared that if the Amendment be ratified it will be the end of the Democratic party. About that time a Democrat who stood near by almost took his breath away by asking, "if that's so why in the thunder don't you favor it." At last accounts Spencer hadn't sufficiently recovered his equilibrium to answer.—Wilmington Star.

Personally, Jim Boyd, the new republican judge from Western North Carolina, is a clever sort of fellow. But we cannot forget his caperings about 1868-9, in the Ku-Klux time. Jim deserted his companions then. That is if he is the one we then heard of with that name, who operated about Graham—or that section. We used to hear in the long ago that somebody of that name turned state evidence against his Ku-Klux friends. We hope it was not the newly made judge.—Wilmington Messenger.

Immigration into the United States increased nearly 50 per cent. in the year ended June 30 last over that of the previous year, and was nearly double that of 1897-1898, which showed the smallest total in twenty years. The figures for the twelve months ended June 30, 1898, 1899 and 1900 respectively were 229,299, 311,715 and 448,551. The great influx of Japanese (11,088) during the last quarter of the fiscal year just ended has ceased as suddenly as it began in consequence of the enforcement of Japanese laws against expatriation. The increase of immigration is a phenomena easy of explanation; it corresponds with the increase of opportunities for profitable employment due to the progressive expansion of industrial operations within the past two years.—Philadelphia Record.

TUESDAY, JULY 17, 1900.

The white man who votes against the Constitutional Amendment takes his stand with and for the negroes and says by his act that they are just as good, and as much entitled to vote and rule the State as are the white men. We just can't see how a white man can come to any such decision and put himself on an equality with the negro. They ought to think what they are doing when deciding to oppose the amendment.

Marion Butler has been making a great flourish in the Caucasian and accusing the white men, Democrats, of the second Congressional district of being the cause of the negro, White, getting elected to Congress. Mr. W. E. Fountain, of Tarboro, was the Populist chairman of the district at that time and seeing Butler's recent flagrant falsehoods he would not let them pass uncorrected. In Sunday's Raleigh Post Mr. Fountain had a long letter showing the whole state of the situation in his district two years ago, and he puts the blame for the negro being in Congress right where it belongs, on Marion Butler, and his tool, Lloyd. It matters not how many lies Butler gets caught in he goes right on telling them. The strange part of it is that there are yet white men in North Carolina who are so weak that they are led by him.

OUR RALEIGH LETTER

Attacks of Holton on Democrats Registrars Bearing Bitter Fruits for Fusionists.

Special Correspondent of Reflector.

RALEIGH, N. C., July 16, 1900.

The outrageous and high handed proceedings at Winston before a Republican U. S. Commissioner named Beckerdite, whereby it has been attempted to punish (or more truly, to intimidate or browbeat) registrars of election for declining to register non-resident and imported negroes, has greatly stirred up the white people of the State where the facts are known.

I know something about this importation of negro voters in Winston. The same complaint was made when the writer edited a paper there in the Fowle-Dockery campaign in 1888, and it was found to be almost impossible to purge the registration books of Danville and Lynchburg and other Virginia negroes, who were brought there, ostensibly to work in the tobacco factories (where several thousand negroes are employed), but who

largely remained only a few weeks just preceding the election. Then they would return to Danville, or elsewhere, and vote again in the same year, often the same month.

This is doubtless the same class of negroes about whom the fusionists are now attempting to create trouble. They are clearly imported, negroes, and are not entitled to vote in Winston or any other place in North Carolina. No wonder they cannot truthfully answer the legal question of resident etc., demanded by the new law and asked by the registrars. And the latter do right in refusing to register them unless they can satisfy them of their real homes and right to vote.

AND STILL THEY COME.

Respectable and self-respecting white Republicans of longstanding continue to come over to the only white man's party this year—such announcements reach here by the score every day from all over the State. And the local fusionists were hit a pretty hard lick this week along this line. The Wake county Populist convention (so called) met here a few days ago. It was a sorry affair, and a mere shadow of its former self. After Butler had inflicted his 3 hours harrangue upon the delegates (several refusing to sit it out and going home), the convention "announced" a fusion county ticket, composed of about one half Republicans. They headed it with the name of Major J. B. Hill, formerly U. S. Marshall, and for county commissioners they nominated L. M. Green among others.

Both of these gentlemen tell me that they will not accept; but, on the contrary, will "vote white" and for the Amendment this year. Even Loge Harris has renounced the Pritchard machine and the tactics of the Abe Middleton Holton gang at Greensboro. In a published interview he announces that he will vote for Ayecock for Governor and the Amendment. Mr. Harris is one of the best known and staunchest republicans in the State, an adherent of the Russell wing of the party. But he will now use all his influence to defeat the schemes of Pritchard, Holton and Abe Middleton.

WHITE MEN OF THE WEST AROUSED.

The binding over of registrar Thompson by U. S. Commissioner Beckerdite, at Winston Friday has caused the greatest indignation here. It is a great big bluff, of course, and no harm will come to the registrar for doing his plain duty under the plain law, but the gigantic gall of these Federal authorities (Holton and Blackburn) is something outrageous—no Federal officer being voted for and the United States in no way connected with the election of August 2nd.

Chairman Simmons, who spent nearly all of last week in Winston (together with Judge Shepherd and T. M. Argo, whom he took with him as additional counsel), and who personally gave his time and talents to protect the rights of the persecuted registrar, says that the whole transaction is a palpable usurpation of authority, and entirely without the jurisdiction of U. S. Courts. And, he adds, we intend to arrest and prosecute in the State courts every person who swears out such warrants against registrars.

CHAIRMAN SIMMONS IN GOOD SPIRITS.

There is no man in the State who is so fully and accurately informed as to the conditions existing and the political prospects as Hon. F. M. Simmons, our indefatigable State Chairman. He has had his able hand on the throttle of the Democratic engine for months,

steadily piloting the way to the station of success—stopping frequently to repair the Democratic track, it is true, and often having to guard against running into switches that would hurl us all to political defeat and death had we entered them, but he has overcome nearly every difficulty now that he is about ready to blow the signal for the home station, and he is happy and confident. No abler engineer ever did more faithful and accurate work and none is more trustworthy and deserving of every praise. Let the local station agents do their full duty now and all will be well!

REFORMATORY FOR YOUNG DEGENERATES NEEDED

The State of North Carolina ought to be ashamed of itself for not having provided long ago a reformatory for young degenerates—an institution (such as all well progressive States have, and many cities on their own account) where youths and girls go astray in early life may be sent during their minority and reformed into good and virtuous and industrious and useful citizens. Instead of that, the boys and girls of criminal tendency of our State must either be sent to the penitentiary or county working houses to associate with hardened criminals (regular fitting schools of crime) and become hardened and utterly ruined for life themselves, or else be permitted to continue to run loose and lead lives of debauchery and crime until they grow old enough to be sent to the penitentiary for life or to the gallows.

In this city every year there are a dozen or more of such cases brought to light, and during the past week one of the most aggravated cases has claimed the attention of the mayor who is almost helpless to properly dispose of such cases under existing conditions and the present laws, or absence of law. The next legislature should by all means establish a State Reformatory. If properly managed it would be little expense to the State and eventually would become self-supporting. Efforts have been made heretofore along this line fruitless efforts; but is now hoped that the press and the pulpit and the educators and others will now agitate this subject until the relief sought is afforded.

LLEWEXAM.

WASHINGTON LETTER

From Our Regular Correspondent.

WASHINGTON, D. C., July 16 1900.

The Republicans are beginning to realize that the opposition of our German voters to imperialism is not a mere passing whim, but is based upon principle, which will cause many thousand votes cast for McKinley in 1896 to be cast for Bryan and Stevenson this year. Dr. L. W. Habereom, who was head of the German Literary Bureau of the Republican National Committee, during the last campaign and who is now supporting the democratic ticket, has made public a statement of his reasons for abandoning the Republican party, from which this is quoted: "Expansion of the Union, on the American continent is proper. Expansion not of the Union, but by the acquisition of possession which are to be governed as dependencies subject only to the will and caprice of our Executive and Congress, unrestricted by the Constitution, and without the consent and against the wishes of the people to be governed, who thereby become subjects, is in my opinion, improper, unjust, and unrepugnant; the government of the U. S. is thereby transformed into an imperial government for our possessions. A government with imperial power over possessions

cannot long remain republican at home. As the government could not have lived half slave and half free, so it cannot live half imperialist and half republican. The foreign policy adopted by the Republican party embroils us in all the quarrels of the world, and entangles us in foreign alliances. It has already entangled us in one, an unwritten alliance with Great Britain. Since British diplomacy succeeded in persuading our administration and our Peace Commissioners to force Spain to cede to us the quickly withdrawing shadow of its already expelled sovereignty over the Philippines, we have been compelled to go hand in hand with England. The Republican party now stands for the imperialistic expansion, and is already busy cultivating the spirit of militarism. The democratic party has earnestly, clearly and forcibly pronounced against imperialism and its resultant evils, for the preservation of the republic and the constitution. The issue is thus made up, and I consider it my plain duty to help maintain the republic by such efforts as I can make, humble though they are."

The administration is figuring on legislation at the coming session of Congress, when the election will be over, for a large increase in the regular army. This is not a guess. It is based upon plans now being made by the War Department to keep 40,000 soldiers in the Philippines, to do police duty, after July 1, 1901, when the two year terms of the volunteers now over there will expire. Present laws provide for a regular army of less than 40,000 men and of course, the entire army cannot be kept in the Philippines. Therefore, it is absolutely certain that the present plans of the War Department are based upon the expectation that Congress in the legislation for the fiscal year beginning July 1, 1901 will provide for a larger regular army. Men are not likely to fall over each other in their anxiety to enlist in the regular army to do police duty in the Philippines or anywhere else. So the next step after increasing the regular army, in the republican imperial programme, is likely to be a law providing for compulsory service therein by our young men. Of course, that would not worry those with pull enough to keep their sons out, but how about the ordinary man who has no pull?

When Perry Heath was chosen to succeed Representative Dick, as Secretary of the Republican National Committee, it was simply changing one Hanna-made man for another. Heath will resign the position of First Assistant Postmaster General, but it will not be as a punishment for having had a hand in giving Neeley a chance to steal Cuban Postal Funds. In fact Heath knows too much about Hanna's campaign methods in 1896, to make it safe to attempt to punish him, even if it were considered desirable. It is among the probabilities, if Hanna can win again, that Heath will be a member of Mr. McKinley's next Cabinet.

The Negroes Buying votes.

A nigger was never known to sell his vote for less than two dollars and a pint of corn whiskey. The niggers are now in the market as purchasers and offer one dollar for every white man who will vote against the amendment.—New River Herald.

Public Speaking.

Hon. W. A. Guthrie will speak at Johnson's Mills on Tuesday, July 24th.

Dr. B. F. Dixon, Democratic candidate for State Auditor will speak at Bethel on Monday night, July 23rd, and at Mays Chapel Tuesday afternoon, 24th.

Here's a Pretty Fair Sample.

A young negro one day last week applied to Registrar Perry for registration claiming that he came of age on the 6th day of June, 1900. Mr. Perry, not being satisfied that the negro was of age, told him he would be required to furnish proof of what he claimed. The next day the negro returned with a Testament in which was written his name and birthday—6th of June, 1879. Mr. Perry asked him how long that had been written there. "Dat was put dare when I was a baby," was his reply. Mr. Perry turned to the title page and discovered that the book was printed in the year 1893. The negro didn't register, but was shown the door and asked to retire hastily.—Burke County News.

Mr. J. C. L. Harris was seen yesterday and asked what he thought of the outcome of the Winston registration matter. He said that it was a blunder worse than a crime and that just as he had expected, the negro used by Holton would be the only sufferers in the end. Mr. Harris said this matter had further impressed him with the belief that the best thing for the colored people in this campaign is to refuse to register and attend strictly to their private business. After the August election there will be no feeling against them if they take this course, and then they can register and vote for Republican candidates for Congress and for McKinley for President. The election law provides for another registration just before the election in November next.

Discussing the present condition of political affairs, Mr. Harris further said that he was gratified to know that a large number of the colored men had decided that it was best for them not to have anything to do with the present campaign. That these colored men appreciate the fact that nearly all the money now spent to pay the running of schools, to educate colored children, was paid by the white people, and that if the colored people by their conduct in this campaign outrage the feelings of the white people, that the next move will be to appropriate the money paid by the white people to the support of white schools, and the money paid by colored people to support the colored school. Of course this change of the law would result in the closing of the colored schools. This is a fight among the white people, he said, and they should be permitted to fight it out alone.—Raleigh News & Observer.
