Another Old Bible.

Mrs. Emma Anderson, near Farmville, has one printed in 1816, that was bought by her great-grand father in his old age, and in which his name, John Pope, and many others for over a hundred years A. D. BETTS. are recorded.

Long in Service.

Rev. A. D. Betts is in New Bern attending the North Carolina Conference. This is the 48th consecutive Conference that "Uncle Betts" has attended, not missing one in all these years. We hope he will be spared and permitted to enjoy many more.

Will Case.

The J. T. Sheppard will case began in court this morning and may consume some time before it is finished. This trial is to test the validity of a paper that was found a few weeks after his death and supposed to be his will. There are many witnesses here at the trial.

Moving Out, Or In?

Last Sunday I saw two teams loaded with furniture at a house 3 miles from town. I could not tell whether they were moving out ing in I am sorry for the neighbors. Those who move on the Holy Sabbath can hardly be a blessing to the community. A. D. BETTS.

The Heavens in December.

The close of the nineteenth centwill find us ready to serve you ury is marked by no celestial page. Henderson Herald. ant. Indeed, the heavens are more than usually bare, for all the outer planets, except Neptune, are hidden behind the sun, and the inner ones are all three morning stars. So on the last morning of the century we shall see those silent and eternal stars alone which present the same aspect to us they did to the sages of the East more than thirty centuries ago-Orion and the Pleiades, familiar to stars gazers when the book of Job was yet unwritten, even as in present times and seeming even more inconceivably far beyond our reach to us than to them. -Scientific Ameri

Connections Made.

On last Saturday, Dec. 1st, Mr. F, C. Topleman, General Superintendent of the Henderson and Virginia and Carolina Telephone Companies, completed arrangements and made the final connection by which the long distance lines of the Henderson Telephone Co., connected with those of the Interstate Telephone Co., at Wake Forest as a result of which direct communication is now offered with a large number of N. C. cities, principal among which are Raleigh, Durham Haw River, Burlington, Greens boro, High Point and Winston-Salem. The completion of the Carolina and Virginia Telephone Companies circuit from Louisburg to Rocky Mount gives connection with Spring Hope, Nashville, Rocky Mount, Wilson, Tarboro, Greenville, Goldsboro, Smithfield, and all intermediate points.

On Nov. 19th the Carolina and Virginia Company also finished its long distance line to Chase City and Clarksville, opening service to a number of Virginia and Carolina points. All these circuits are full metallic, of copper wire and the service over the same is perfect.

The completion of all these new lines gives us direct telephone connection with over 150 North Carolina and Virginia cities, and the enterprise of gentlemen who have linked together this great number of places, make it possible, as it were, to step into the offices and homes of over 250,000 people without leaving one's desk or fireside is certainly deserving of success .-

The Board of School Directors Brings Five Suits Against Pitt County Towns.

The Board of School Directors of Pitt county have instituted proceedings in the Superior Court of Pitt County to collect from the towns of Greenville, Farmville, Ayden, Grifton and Bethel, all the fines and penalties which have been collected by these towns for violation of State laws and town ordinances. Action will be insti tuted against all the other towns in the county looking to the same end at an early date unless settlement can be satisfactorily made otherwise.

These suits are the result of recent decisions of the Supreme Court deciding that all fines imposed for violations of town and city ordinances must be paid into the treasury of the public school funds.

Messrs Skinner & Whedbee and Harding & Harding have been retained as council for the Board of School Directors.

The Vitality of Values.

The first question in the minds of inteligent people now-a days, who have money to spend is: "If I trade at such and such a store can I feel assured that for every dallar spent I shall receive in exchange a full round honest dollar's worth of merchandise ?" To this question this store answers emphatically YES.

THURSDAY, DECEMBER 6, 1900.

Mr. H. B. Varner, editor of the Lexington Dispatch, and who in August was elected Commissioner of Labor and printing for the State, will be married on the 20th to Miss Anna Comstock, of Lexing-

Dr. Chas. D. McIver, President of the State Normal and Industrial College at Greensboro, has conceived a plan by which he hopes to raise a fund of \$100,000 as an endowment for the institution. He hopes to find 1,000 persons in the State who will give \$100 each for this purpose. When the fund is secured it will be invested and the interest derived from it used to aid young women who are not able to pay their way through the the college. It is an undertaking that ought to succeed.

John Scott, of Randolph county, West Virginia, claims to be the New York, three; North Dakota, head of the heaviest family in the United States. The combined weight of Mr. Scott, his wife and their eight sons is 2796 poundsan average of 279 3-5 pounds each. The sons, who jointly weigh over a ton, were all born in the house in which Mr. and Mrs. Scott now live.

A man is not necessarily bad simply because he does not think as you do. You may come to think as he does, and then you will be selfcondemned. It is better to judge a man by his motive rather than by what he says and thinks. A man who governs his life by high and unselfish motives is a good man, no matter whether he is against or with you .- Durham Sun.

A terrible explosion occured a Jackson Monday afternoon, completely demolishing Matt T. Ed. wards' store and killing him and his 5-year son, Waverley. There was only one other person in the store at the time, Edwards' 10-year old son, who escaped with slight irjury. This boy says his little brother was playing about a keg of building destroyed.

The census returns of Texas present some curious facts. in thence, Bailey county has but four residents, Cockran has twenty five; Andrews has thirty-seven; Lynn has seventeen, and Dawson has thirty-six. Twenty-five other counties have populations of less tear on his grave,

Some counties than 500 each. have no running stream within their borders, some are hundreds of miles from a railroad, and others are almost wholly inhabited by prairie dog, jack rabbits and rattlesnakes. Tom Green county, the largest in the State, is larger than the whole State of Ohio, and has but 6804 inhabitants.

On January 8th the legislature will meet. It is a decided Democratic body. In the Senate there are 30 Democrats, 8 Republicans and & Populists. In the House it can be had on application to the stands 101 Democrats, 17 Republicans and 2 Populists. The Populists have practically disappeared, either merged into the Republican party or returned to the good old Democratic fold. It is to be hoped that it will prove to be a conservative, wlse, efficient and patriotic body, true to the people, to the State and themselves. They should see to it that the education al interest in no respects shall suffer for the education of the children of both races that is consistent with the financial ability of the whites. Let there be no opposition and no avoidance of duty .-Wilmington Messenger.

> The first bill to be introduced in Congress was by Representative Crumpacker, of Indiana, for the reapportionment of representatives in Congress under the new census. It will be seen that it recommends a reduction of four congress men for North Carolina, is not thought that the reduction of representation in Southern States will meet with much favor, and there is little fear of the bill being passed. It provides an increase of membership from 358 to 365. The following States gain representation: Arkansas, one; Colorado, one; Connecticut, one; Florida, one; Illinois, two; Massachusetts, one; Minnesota, two; Missouri, one; (New Jersey, two; one; Pennsylvania, two; Texas, two; Washington, one; West Virginia, one The following States loose: Kansas, one; Louisiana, two, Mississppi, three; Nebraska, one, North Carolina, four, South Carolina, three; Virginia, one.

> > Chicken balad.

For some time the man over the way has been trying to get some one to write a piece about the degeneracy of chicken salad. He says, they don't fix it as they did when he was a boy; they don't cut it up fine and put chopped up eggs and bits of pickies in it as they used to-They serve it in slices as big as your hand, with a bunch of lettuce chunks of pickle and a dash of Mayannoise dressing-and then they call it salad. And he's kicking. Gradually he has learned not to protest over the borrowed French service that is slowly runiing Southern cooking, but he, wants his chicken salad right and served in the old-time way-fine as fine sort of crated .- Charlotte Observer.

There are a good many things to powder that was on the counter, add happiness and sunshine to a and it is supposed that the child min's life as he travels through struck a match on or about the this benighted vale of politics and Phone 55 powder. Timbers were blown cucumbers, remarks the Durham hundreds of feet into the air and Sun, but there is nothing that fell at some distance from the soaks a man's system so full of ethereal calm and benignity as the smile of the man who always looks on the bright side of everything. When the chronic grumbler dies, humanity feels as though it has got a good joke on the devil, but when the man of perennial sunshine passes away the selfish world stops for a moment and drops a

Three Possible Contests.

Washington, Dec. 4.-It stated here that John E. Fowler will contest the election of (Charles B. Thomas in the third district.

The formal notice has not yet been filed but there is plenty of time for this. There may also be a contest against the two Kitchens in the second and fifth districts.

Creating Trade.

If a merchant were to close his store and suspend business every time trade lagged he would rightly be branded as a simpleton. And yet in what essential would he differ from the advertiser who stops advertising for the same reason? One sells goods by means of spoken words and the other by means of printed; their object is identical. It should be plain to the crudest understanding that the time to bid most aggressively for trade is when trade seems most elusive. The alert storekeeper, instead of waitin their hands. Let all be done ing for something to turn up, turns up something. He changes his window display and show cards, offers particularly tempting values and employs every device suggested by a nimble wit to transform dullness into activity. He is bold and persistent, and therefore in most instances wins his way. Just storekeeping faint-hearted means failure, so faint-hearted advertising spells defeat and discouragement.-Clothiers' and Haberdashers' Weekly.
