Cold wave coming, temperature will fall to minimum of about twenty degrees by Wednesday morning.

WORRY.

It is the Crape on the Door Announcing a Funeral which is Yet Future.

Among the good resolutions that might be made for this year and one that should be carefully kept is a determination not to worry. Some one has said of the habit of worrying:

"This would be a comparatively happy world if we did not suffer so much from things that never happen. How our shoulders ache under the weight of burdens we are never called upon to bear! How are hearts are wrung by griefs that never take shape!" If no more serious charges could be brought against it, worrying would head the list of follies. It costs us an untold amount of unnecessary misery. It takes away the strength we need for work. In all its record of accomplishment, it is impossible to point to a single good result it has brought about. Worry is the nail in the coffin of the man not yet dead; it is the crape on the door, announcing the funeral, that should not take place for years yet to come

Worry is the dyspepsia and indigestion, brought on, not from over-eating or eating too much rich food, but from thinking too much before about what we are going to have to eat, or whether we are going to have anything at all to eat. It is the overcoat put on as a protection against the expected cold wave that turns out to be a warm one; it is the umbrella raised to keep off the rain that turns out to be sunshine; it is the celestial telescope, which throws inverted images.

Worry has never yet brought sunshine to any one, but has times without number, caused the sun to pass behind a cloud, when there was not a cloud to be seen in the sky. It has exhausted the strength in the yesterday, that is needed to push forward the work of today. "Sufficient unto the day is the evil thereof." Let us borrow no trouble, for each day and hour will come laden with its proper amount of sunshine and cloud.

We have pointed to the absurdity of worrying and it is now in order for us to point the way out of it. To get rid of the darkness in a room we should not think of dipping it out, as we would so much water; we would displace it with light. If we put worrying under the head of nonsense, it is easy to understand that it must be driven out by an influx of sense. We cannot get rid of worry by an effort of the will not to worry, we must drive it out by seeing that it is absolutely foolish and injurious as well, to worry. Anything that would naturally happen, will come just the same, no matter how much we worry, and if we do worry, the thing will happen in our weakened state of mind.

WINTERVILLE DEPARTMENT.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C. Jan. 2. A happy New Year to everybody, especially the girls.

Christmas was one of the most pleasant in our experience. We received one dozen presents, from a \$5 bill to a monkey. The extreme kindness shown us by every one was fully convincing that life is worth the living and true friendship is not entirely a thing of the past.

On Sunday, 23rd ulto., in the Baptist church at this place, Elder W. L. Bilbro, officiating, Miss Charlotte Dixon was happily united in the holy bonds of matrimony to Mr. G. Z. Ricks, of Wharton. The following couples attended as waiters: J. A. Nichols with Miss Effie Kittrell, J. A. Jarrell with Miss Annie Stox, Joshua Manning with Miss Minnie Clinard, Johnie Carroll with Miss Bessie Nichols, J. E. Green with Miss Rosa Cox. Miss Alice Nichols played the wedding march.

Mrs. J. D. Cox, who has been spending the holidays with friends in Jonesboro returned last night.

I. A. Sugg, Jr., who has been employed for quite awhile in the cigar factory, left Monday to attend the spring session of the A. & M. College at Raleigh.

W. M. Dixon, of Scotland Neck, spent a day or two here last week with relatives.

R. L. Little has accepted a clerkship for the year in the store of B. F. Manning & Co.

The railroad company has at last elevated the yard in front of the depot by hauling and depositing several loads of sand thereon. It is a decided improvement and adds much to the convenience of those who have to get on and off the train

Miss Lucy Wyatt who has been on a visit to her parents, left for Durham Monday evening to resume her duties as assistant bookkeeper in a bank at that place.

Jamie Cox, who has been on a visit to Bertie county, returned last night.

Mrs. Ed. Bland and Mrs. W. S. Kittrell, of Grifton, spent yesterday here.

1000 good lightwood cart hubs wanted by the A. G. Cox Mfg Co. A. G. Cox Mfg Co. will pay good prices for 10,000 oak spokes. The highest cash prices paid for cotton seed by A. G. Cox

A Lady Applied.

Register of Deeds T. R. Moore tells us he had an experience Monday like he has never met with before. The fact is we do not believe there is a parallel case on record in the county. A young lady applied to him for a marriage license and obtained it, duly taking the oath required in such cases. It is due to state that she did not get the license for herself.

Military Company.

The Greenville Light Infantry will meet Friday afternoon at 3 o'clock. Important business. Every member must be present. 2-2t. R. L. CARE, Capt.

NEW FIRM.

Bryan and Nichols, Druggists and Pharmacists.

Among the numerous changes being made in the business interests of the growing town of Greenville, we note with pleasure the partnership formed by Mr. J. W. Bryan, the popular druggist and pharmacist of this town, with Mr. W. J. Nichols, the genial and well known representative of this county in the Legislature of two years ago and also representative elect. Both are worthy men and esteemed highly, and having made success in the past we predict them continued success beginning this twentieth century.

Changing the Wires

Mr. T. S. Jones, lineman of the Western Union Telegraph Company, is here with a force of hands changing the wires to the new office in THE REFLECTOR corner. The old line on Fifth street will be taken out and new lines will be run on Third street from the railroad direct to the office. The office will now have two lines which will greatly facilitate handling the business here.

Lecture on Persia

Rev. I. A. Yohannan will give a lecture on Persia and the Persians in the Court House tonight illustrated with 80 stereopticon views. The lecture will be on the political, social and religious life of the people, together with a description of the Armenian atrocities and American missionary work. The songs will be sung from a screen and the Lord's Prayer will be read from the same in six oriental languages. Mr Yohannan intends to return to his native land as a medical missionary.

WEDNESDAY, JANUARY 2, 1901.

Work of the A. & M. College—Annual Report of Pres. Winston—Industrial Education in Great Demand.

In his report to the Legislature on the condition of the N. C. College of Agriculture and Mechanic Arts, President Winston says that there is a large and growing demand for industrial education, and that this demand is bound to increase for many years to come.

He says, "This rapid growth of manufactures in our State, the certainty of further increase and multiplication, the opening up of new industries, utilization of water power by mechanical or electrical transmission, the development of intensive and diversified agriculture, especially trucking, fruit growing, stock-raising, and dairying, the setting up and management of electric plants, cold storage laundries and other small industries requiring machinery, are creating a large and increasing demand for engineers, draughtmen, electricians, machinists, mechanics, textile-workers, dairy-men, stock-men and farmers. The demand is greater than the supply. It is our duty to meet this supply, and we are striving to do so; but we lack teachers, tools, machinery and buildings."

The A. & M. College is a college for the people and for the times. It teaches to work and produce wealth. It ought to have a thousand students. Every county should have at least ten boys there. As this college is the only one in the State giving industrial education, it should be well equipped for instruction in all industrial lines. It needs a textile building, a chapel, dormitories for students, a machinery building and additional equipment of tools and machines. All these wants should be supplied. The College is a good financial investment, and the State should keep it up to the proper standard of efficiency.

Cotton and Malaria.

The late Governor Elias Carr once assured me, in the course of a walk through his cotton fields, that cotton was a prolific of malaria. The decay of the leaf at the period of ripening, he said, produced this effect. He said he made several tests, all of which but confirmed his belief. A farmer here yesterday made the very same remark, saying it was the result of his own observation. The odor of the cotton mill stalks and leaves is very peculiar and intense. Animals are aware this, rabbits especially, and make use of it for safety from dogs,—Raleigh Cor. Charlotte Observer.

On the Menu in Chile.

For several days I noticed the word "panqueque" upon the bill of fare at the hotel and did not know what it was. There is a brand of wine from one of the Chilean vineyards with that name, and I supposed it was perhaps the same thing referred to, although it was difficult to understand why it should appear among the desserts on the menu at the dinner table and on the bills of fare for breakfast. The best way to find out about such things is to try them, and the next morning, being in an experimental mood, I ordered a "panqueque" which, to our amazement, was an ordinary griddle-cake. Then it dawned upon my dull perceptions that "panqueque" spelled panake. I called the attention of the head waiter to the discovery, and he seemed quite astonished. He could speak English well and claimed to be familiar with the cuisine of America. Therefore he did not see anything unusual in my discovery, and I rather think he wrote the bill of fare himself, for he remarked in a surprised tone: "What do you call a panake in America?"—Cor. Chicago Record.

Well may the good people of Greenville and surrounding country be thankful and proud of their Big Store and the wonderful bargains that come from that great institution. For the third time this season has the buyer been north, picking and scouring the New York, Boston and Philadelphia markets and quickly snapped up all the "Juicy Plums." This was securing a leading manufacturer's fall shipment of fine clothing for men and boys intended for a clothier in Galveston, Tex., but which was countermanded on account of the flood. The result is, we can offer mens and boys highest grade clothing at just one-half the old time clothier's price. They will be ready and placed on the tables on

Our Popular Store.

We leave it to you if there is not a snap, vim or go, about this business not perceptible in any other business in Greenville. It is no secret. The "old fogy" dry goods and clothiers are sleeping, waiting for you to come in and pay them their 50 per cent. profit. Will you do it? Or will you trade with a live, hustling, progressive concern that is working like a Trojan and making your dollar buy two dollars worth. We have doubled the business since we are in our new building already, and now want to triple it.

STATE NEWS.

Happenings in North Carolina.

Hon. W. T. Faircloth, chief Justice of the Supreme Court of North Carolina, died suddenly at his home in Goldsboro Saturday night about 10 o'clock. He was the wealthiest man in Goldsboro, and was prominent in both public and private life.

News comes from Wilkes county at Roaring Gap Mrs. Newton McCann gave birth to four children. About eighteen months ago she gave birth to three. It is claimed that this breaks the world's record; seven children in less than two years. All seven are well and hearty.

The Burglar Dead.

All mystery about the man who was shot while attempting to break into the dwelling of Ben. Whitley is over and so is his life.

His brother and uncle in law came here Saturday night and identified him as Walter Evans, a foolish, half witted fellow living about five miles from Greenville. On Monday, the 24th, he wandered away from home. When he did not return search was made for him and he was traced as far as Bethel and there nothing more could be heard till the killing of a strange man was reported.

While the operation of extracting the ball was successful, it did not save his life which ended as half past 8 Saturday evening in the county jail, where everything was done for him that the authorities could do. He was placed in the woman's compartment, which was quite comfortable. The authorities could not get any one of his race to take charge of him, although Chairman Clark announced that the county would pay for it.—Tarboro Southern.
