### SUGG-BROOKS.

#### Beautiful Marriage in the Baptist Church.

In the presence of about 500 people at the Baptist church this morning Miss Almer Sugg was married to Mr. Ernest Linwood Brooks. The wedding took place promptly at 9:30 o'clock. At the appointed hour Miss Beulah Brooks sister of the groom, commenced the wedding march. The ushers—Dr. Ray Pollock, Mess. C. R. Sugg, J. J. Stevenson, Bruce Sugg and B. A. Brooks—then proceeded up the central and left aisles. The groom, on the arm of his brother, Mr. B. U. Brooks as best man, marched up the central aisle, while the maid of honor, Miss May Dail, followed by the bride, on the arm of her father, Col. I. A. Sugg, went up the left aisle and joined the groom at the altar, where they stood before Rev. C. W. Blanchard and were made man and wife.

The music rendered by Miss Beulah Brooks during the ceremony was excellent.

The altar was beautifully decorated with hot house flowers and plants.

The bride wore a suit of heliotrope cloth with real lace, and a turban of tacked silk and velvet.

Mr. and Mrs. Brooks, with several of the wedding party, took the 10:12 train for Nashville, N. C., the former home of the groom, where they will spend a few days. As the couple boarded the train they were showered with rice, and congratulations and well wishes of many friends were shouted after them.

The bride has a large number of friends in Kinston and in the county.

The groom recently came from Nashville to Kinston to live. He is a clever young gentleman.—Kinston Free Press, 19th.

The close of the Pierpont-Carnegie deal gives Carnegie \$200,000,000 in bonds, and an income of \$15,000,000 a year, which is doing pretty well for a fellow who at the age of 30 was a telegraph operator, living on tick, as it were.—Wilmington Star.

### "HE LOVES ME YET."

#### And Can't Forget Old Greenville

CHAPEL HILL, Feb. 18, 1901.

EDITOR REFLECTOR.

Several times, Mr. Editor, have I desired to salute you and your readers with a line from Chapel Hill, but that "convenient season" never came till this warm, bright, blue (f) Monday morning. The six years, since I left here, have wrought many changes on the Hill, most of them improvements, affecting town and college. New buildings, better streets and sidewalks, electric lights, water works and the telephone. All in all Chapel Hill shows the wisdom of money well spent in permanent improvements. And in this connection let me exhort you, leave no stone unturned to make that hundred thousand dollars for public improvements and a graded school in Greenville a reality. You need both, and need them badly. They will do more to put permanent new life and activity into your town than anything in its history. "Speak now or else hereafter forever hold"—your back seat, is what Greenville must do. But I forgot, I was to write about Chapel Hill, and here I am meddling with Greenville affairs. Well, I can't help it, four happy years were spent there, and I love the dear old town, and when again she greets my vision may it be with a bran new dress of graded streets, electric lights, water works, modern school buildings, a Masonic Temple, a handsome new Methodist church with a big pipe organ—"What visions of rapture burst on my sight." But the people, God bless them, let me find them just as they were in the days that have been. "Lest we forget!" "Lest we forget!" What I intended to say about Chapel Hill has vanished, and if it returns I'll send it another time. Yours Truly, N. M. WATSON.

An unknown correspondent has written to Mrs. W. D. Clark, of Frankfort, Ind., saying that he was recently converted at a revival meeting and now felt wonderfully blessed. "I have been trying to read my title clear to mansion in the skies," he said, "but cannot get my mind higher than your chicken-house." He added that some years ago he had stolen some fowls belonging to Mrs. Clark, and he enclosed a \$5 bill by way of restitution.

## WINTERVILLE DEPARTMENT.

### NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C. Feb. 20.

The report of smallpox being in Ayden caused no little ripple of excitement here yesterday. Later when it was learned that Doctors Laughinghouse and Dixon had confirmed the report our people felt very much alarmed and grave fears were apprehended that we too might be cursed with the dreaded disease. There is much speculation as to taking advantage of such measures as will protect us from this awful scourge.

1,000 good lightwood hubs wanted by the A. G. Cox Mfg. Co.

B. F. Ormond and Miss Lula Cox, of the Swift Creek section, were married yesterday evening at the home of Mr. Sebron Cox, father of the bride. After the marriage a reception was tendered the bridal party.

10,000 white oak spokes second year growth wanted by the A. G. Cox Mfg. Co.

Miss Mary Harrington and Charles Weathington will this evening, at the home of the bride's parents, be united in the holy bonds of matrimony, and all their friends wish them a life of happiness without a single jar to disturb the serenity, peace and joy of the new home which they are about to enter.

Hunsucker says he will challenge the world on pretty buggies. He has all kinds, even those that grow on honeysuckle vines.

Herbert White, of Greenville, was here yesterday talking insurance and we think he did a very nice business.

Mrs. Carroll, the aged mother of Messrs J. B. and W. M. Carroll, is quite ill.

There is a constant bark in the air, worse even than any bite. Have you heard it? We've got it and so has our best girl.

Rev. Mr. Eure of the Methodist denomination, preached here in the Missionary Baptist church last Sunday afternoon.

Friend Bob Smith, of Ayden, was in attendance upon preaching here last Sabbath.

You must excuse items this issue as the "little" grip has given us a "little" tussle and no "little" help being accorded us are simply left. Still A. G. Cox is paying highest cash prices for cotton seed. [Say, "Bud Joe," you gave yourself away just a "little." We know her name now.—ED.]

### Not Smallpox.

We learn from Ayden this morning that the case of supposed smallpox in that town has been pronounced by Dr. Joshua Tayloe, the State expert, not to be smallpox. We are very glad that it is not smallpox, and this brings THE REFLECTOR back to its original claim, that in all the smallpox agitation of the last year or two there has not been found a case in Pitt county. However, this is no reason why our people should be careless about it, and the best thing is to be vaccinated.

Aversion may turn to love, but not so easily as love to aversion.

Even we never saw such elegance for so little money. Designs and colorings entirely new. Get a look at the new styles. No other store ever offered qualities as good as these for less than one dollar and we could probably get that for these neckties too if we should ask it, but the price is

WEDNESDAY, FEBRUARY 20, 1901.

The bond bill for Greenville has passed both branches of the Legislature. Now let the people go to work and see that the election on the second Tuesday in April is carried in favor of the bonds.

We are indebted to Congressman John H. Small, representative from this district, for a copy of the Congressional Directory of the second session of the 56th Congress. It is a very complete book containing much useful information.

It is said that the Supreme Court Judges against whom the House of Representatives adopted a resolution for impeachment, will be arraigned for trial before the Senate on March 1st. This will give the Judges ten days in which to get ready their side of the case. There is much conjecture as to what the result of the trial will be. Opinion is greatly divided.

**Cure for Smallpox.**

We believe THE REFLECTOR has printed this before sometime in the past when smallpox was being discussed, but just now, as there seems to be some danger from the disease, it will bear printing again. We do not know how old the receipt is, but doubtless it had its origin years and years ago. It is better to be vaccinated and thus prevent smallpox, but if you will not do that and catch the disease just so, this is said to be a remedy. Here is the article:

"A correspondent of the Stockton (Ga.) Herald writes as follows: I herewith append a recipe which has been used to my knowledge in hundreds of cases. It will prevent or cure the smallpox through the pittings are filling. When Jenner discovered cowpox in England, the world of science hurled an avalanche of fame upon his head, but when the most scientific school in the world, that of Paris—published this recipe as a panacea for smallpox, it passed unheeded. It is as unfailing as fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever; here it is as I have used to cure smallpox; when learned physician said the patient must die, it cured: Sulphate of zinc, one grain; toxiglove, (digitalis,) one grain; half teaspoonful of sugar; mix with two tablespoonfuls of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child, smaller doses, according to age. If counties would compel their physicians to use this, there would be no need of pest houses. If you value advice and experience, use this recipe for that terrible disease."

**GENERAL ASSEMBLY.**

What The Law Makers are Doing.

**SENATE.**

TUESDAY, 19TH.

These were some of the new bills introduced:

By Warren, to place the court of arms of North Carolina on the State flag used by the State Guard.

By Broughton, to prohibit the running of four-wheel caboose cars.

By Henderson, to protect, birds and birds nests.

By Woodard, to impose a tax of \$95 on all dealers in deadly weapons.

By James, to incorporate the Greenville and Vanceboro Railroad Company.

**HOUSE.**

Since the impeachment discussions have got out of the way this branch has got down to other work again. Some of the new bills introduced are:

By White, providing for the return of convicts to their homes.

By Patterson, to provide a short form for agricultural liens and chattel mortgages and to prescribe the fees for registering same.

To incorporate the Independent Order of Buffaloes.

By Thompson, to protect the owners of boats, skiffs and nets.

A resolution appointing a committee of nine managers from the House to prefer the charges of impeachment against the Supreme Court Judges at the bar of the Senate.

By Nichols, to authorize the Commissioners of Pitt county to levy a special tax.

By Nichols, to amend the charter of the town of Greenville.

By Nicholson, to incorporate the Washington and Plymouth Railroad Company.

By Nicholson, to promote propagation of birds and animals.

**EAGLES AT THE EXPOSITION.**

Remarkable Decoration For Ethnology Building at Buffalo.

The building devoted to the Departments of Ethnology and Archaeology at the Pan-American Exposition, which is now approaching completion, will have some remarkable sculptural decorations. Among them will be gigantic figures of eagles and lions, which will be placed upon eight of the 16 panels

SERVICE BUILDING.

of the domes. These sculptures in staff will be conspicuous features of the architecture of this beautiful building. Models in clay are first made of the figures, and from them, reproductions in staff are cast.

The model of the eagle has just been completed. It is of colossal size. In the model nearly 10,000 pounds of clay have been used, and each bird, when cast in staff, will weigh fully two tons. The sculptured eagle will measure nearly 16 feet in height.

**Essays on Pan-American.**

A movement to interest the public school teachers and public school pupils in the Pan-American Exposition to be held at Buffalo next summer has been started. It originated in some of the public schools of Pennsylvania and is being taken up elsewhere as the wisdom of the plan becomes apparent. The idea is to have the teachers in the public schools write essays for various occasions of an educational character on the objects and aims of the Exposition and the bearing that such a display will have on the commerce of the world. A similar plan regarding the Paris Exposition was found quite successful and resulted in the attendance of a large corps of teachers at that fair. The plan contemplates also essays by pupils. It is believed that in this way much information can be spread regarding the benefits to be derived from cultivating closer relations with the different countries of this hemisphere and that it would result in greater intelligence among the public school teachers and pupils on this subject, as well as a larger attendance among this class of the population at the Exposition.

**RALEIGH BUSINESS MEN.**

They Want the State Represented at the Pan-American.

The sentiment, as expressed by business men individually and collectively, seems to favor a first class representation by North Carolina at the Pan-American Exposition at Buffalo next year. On the 14th of August the Chamber of Commerce of the city of Raleigh put itself on record by passing the following resolution:

RESOLVED, That the Raleigh Chamber of Commerce appreciate the advantage that will result to the state of North Carolina by being properly represented at the Exhibition to be held in Buffalo during the summer and fall of 1901, and we trust that the board of agriculture of North Carolina may be able to transfer the Paris exhibit to Buffalo.

**Notice.**

For the first few years after the Greenville tobacco market opened, in order to encourage and assist farmers in growing crops of tobacco, I borrowed from the bank, giving as security all the property I possessed, and lent this money in different sections of the county. I have several hundred dollars of it scattered around now. It is needless to say I have had to make this money good.

Now I appeal to anyone that is indebted to me to come to see me and readjust these old accounts, some of which are going out of date.

I have worked as constantly and well as I knew how, have spent all I ever made and have devoted all my energies and what talent I may have possessed to the building of this tobacco market, and if you that owe me anything have derived any benefit therefrom, you have at least reaped a part of the reward of my labor, besides having the use and benefit of the money I borrowed for you, and which I have never been paid. I appeal to no sentimental feeling except that of humanity, I ask you in the name of nothing except that of justice, I ask you as one who has divided his substance with you and at times in so doing embarrassed himself to aid and assist you, to come and either pay me or rearrange the indebtedness, or I shall be forced to take such steps as are left me.

O. L. JOYNER.

**Old Spectacles.**

To-day Mr. A. J. Griffin showed us a pair of spectacles that are a hundred and fifty years old. They were brought to him by Mr. Thos E. Little, of Beaver Dam township, who says the spectacles were used by his ancestors as far back as his great-grandfathers. The lenses are almost round and in a very heavy iron frame that was no doubt made in a black smith shop. Mr. Little says the lenses suit his eyes so well now that he wants them placed in another frame and brought the spectacles to Mr. Griffin for that purpose.

To be virtuous is to remain so. Truth must stand.

There are too many women racking brain and body seeking pleasure, and yet it waits in humble homes disguised as—duty,

### Woman's Horror

Modest women dread to consult a doctor about  
diseases peculiar to their sex. They have a horror of  
private examinations and surgical operations. For  
this reason treatment of dangerous derangements is  
neglected. But the Wine of Cardui treatment, which  
can be adopted at home without the knowledge of any  
one but the patient herself, is now coming into general  
use. Women who take Wine of Cardui do not have to  
submit to a physician's local examination nor to a  
surgical operation. Wine of Cardui cures in the privacy  
of the home. No publicity, no cutting and torture and  
no physician or examination, while Wine of Cardui is  
quietly building up and strengthening the female organs.  
Menstruation is regulated, the drains of leucorrhoea  
stopped and the fallen womb restored to its place. The  
terrible pains which rack the body are but  
results of the ailments, which yield so readily  
to the soothing properties of Wine of Cardui.  
The medicine that cured Miss Garlen will cer-  
tainly help you.

### Wine of Cardui

Rockford, Tenn., Aug. 16, 1896.  
I have suffered from womb trouble  
for five years. Last spring a year  
ago I was bedfast for six months. I  
paid \$52 to one doctor, and he said he  
had done all he could for me. I had  
about given up, but called another doctor,  
who said I would have to have surgical  
treatment. I decided I might as well die a  
natural death as that. I happened to get  
hold of a Ladies' Birthday Almanac, and decided to try your treatment. In  
nine days after I commenced taking Wine of Cardui and Black-Draught I  
could walk across my room, and in three weeks I made myself a dress. This  
was after my neighbors, and even my brothers and sisters, said I would never  
be any better. I am now in good health. Miss R. E. GARLEN.
