#### POULTRY SHOW.

Splendid Exhibit to Be Made at the Pan-American Exposition.

In planning a great Exposition of the magnitude of the Pan-American, to be held in Buffalo next summer, where all the great industries of the United States will be represented by exhibits which will be of the best quality and character that can be produced, the wisdom of the management is shown in the magnificent preparations that are being made for the Division of Live Stock.

In no line of breeding domestic animals has greater strides been made than in the poultry industry, and, while the interest taken in the Live Stock Division of the Exposition by prospective exhibitors is very encouraging, the poultrymen of the United States and Canada are manifesting an interest that is truly phenomenal. The poultrymen in the past few years have seen the industry double many times until today it exceeds in value any single farm crop. The annual sale of eggs, poultry and fancy birds for breeding purposes in the United States and Canada exceeds \$1,000,000,000. The proposed show at the Pan-American will be fully adequate to the great interests involved. The time of this show will be most propitious to the fanciers—Oct. 21-31—and the accommodations will be all that are desired. The stables, covering ten acres, will all be devoted to the poultry and pet stock show.

#### PAN-AMERICAN SPORTS.

Will Be Held in a Stadium Seating Twelve Thousand People.

The popular sports of the Americans have been handsomely recognized by the Pan-American Exposition. A Stadium, beautiful in design, with a quarter mile track and ground area ample for the requirements of all the popular events proposed, is provided. It has a seating capacity of 12,000. The nature of the sports planned is varied. Amateur events of all kinds will be particularly encouraged as representing the most desirable of athletic competitions. There will be professional events as well. College sports will be made a feature, and intercollegiate events are being planned. There will be amateur and professional baseball, football, lawn tennis, Marathon race, cross country runs, lacrosse, cycling, basket ball, roque, shooting, Caledonian games, gymnastics, military maneuvers, turning, cricket, bowling and other sports.

#### MAGNET FOR FARMERS.

Great Display in the Division of Agriculture at Exposition.

The prominent display in the Division of Agriculture at the Pan-American Exposition will be the magnet that will attract progressive farmers. Here they can learn what their brother farmers are doing to lighten labor and improve the products of the fields. The exhibit will embrace all phases of agricultural work, showing the advantages of different processes and methods of work and the products of the garden and field in their great variety under all sorts of conditions. Under their proper classifications will be shown methods of fertilization, farm management and processes, experiments with various crops in different soils, climate, etc.; reports from different states and provinces showing the aggregate of crops and products of all kinds; exhibits of all products of the farm and garden. This will be a splendid school of instruction for the farmer.

#### National Museum.

The exhibit of the national museum, under the auspices of the Smithsonian Institution, at the Pan-American Exposition will be of absorbing interest. It will display the resources of North, South and Central America, the West Indies and the new possessions of the United States. Representatives of the institution are now gathering an abundance of new specimens.

#### His Capacity Had Limits.

An old farmer who was in the habit of eating what was set before him, asking no questions, dropped into a Memphis cafe for dinner. The waiter gave him the menu card and explained to the old gentleman that it was the list of dishes the cafe served for dinner that day. Accordingly he began at the top of the bill of fare and ordered each thing in turn until he had covered about one-third of it. The prospect of what was still before him was too overpowering, yet there were some things at the end that he wanted to try. He called the waiter and, confidently marking off the spaces on the card with his index finger, said:

"Look here, I've et frum thar to thar. Can I skip frum that to thar and eat on to the bottom?"—Memphis Scimitar.

## AN ACT.

To establish Stock Law in certain Portions of Pitt County.

The General Assembly of North Carolina do enact.

Sec. 1 That the following described territory on the south side of Tar River and on the north side of the main road, leading from Washington to Greenville, be and the same is hereby declared to be, Stock Law Territory, to wit: Beginning at the mouth of Bear Creek to that point known as the public landing, and thence with the public landing road to the main road leading from Washington to Greenville, and thence with said Main Road to the fence law territory around Greenville that this territory as above described on the one side and Tar River on the other shall constitute a Stock law territory for the purpose of this act.

Sec. 2 That each of the freeholders in this territory described in section one shall keep up and maintain along the main road a strong and stock-proof fence so far as his lands shall extend along said road and until the land of the adjoining freeholder is reached. And that Bear Creeks from its mouth to the public landing be and is hereby declared a lawful fence.

Sec. 3 That Alston Grimes, J. J. Laughinghouse and W. L. Wooten are hereby declared fence commissioners for the territory described in section one, and it shall be their duty to exercise a general supervision over the fences enclosing this territory.

And they shall continue as such till their successors are elected and qualified. And should one of their number die before an election, or resign, then the two remaining shall elect their associate in office. The commissioners provided for in this section shall be elected every five years, if the freeholders in this territory shall so desire.

Sec. 4 That if any of the freeholders in this territory shall fail to maintain a fence as required in section two, then it shall be the duty of the commissioners to report the same to the Grand jury of the county, and the offender shall be liable to the same fines and penalties as are prescribed in section 2880 of the code of 1883.

Sec. 5 That it shall be unlawful for any person to leave any gate leading to or from this territory open or to tear down or in any manner maliciously interfere with the fences or gates.

Any person so offending shall be guilty of a misdemeanor, and fined not exceeding \$25.00 or imprisoned not more than thirty days.

Sec. 6 That it shall be unlawful for any stock to run at large in this territory except between the dates November 15th and March first of each and every year. And that any person knowingly permitting his or her stock to run at large except during that period shall be guilty of a misdemeanor and fined not to exceed \$10.00 for the first offence and \$25.00 for the second offence.

Sec. 7 That if any live stock shall be found at large within this district except as provided in Sec. 6 and not on the lands of the owner of said live stock, it shall be lawful for any person living within said district, and on whose land said live stock may be, to take and imprison the same, and after five days notice by any Justice of the Peace of the township wherein the live stock may be apprehended may order sale of the same for cash at public auction, at a public place, and after first paying the

The Wadesboro Messenger criticises the people and papers complained of the revenue act of the Legislature, sarcastically remarking that they seemed to be very much alarmed lest the so called business interest should suffer double taxation, while not a word was said about other people on whom double taxes are levied. Then the Messenger cites the following as an illustration of double taxation:

There could not be a plainer case of double taxation than to require A to list his land for taxation and then require B, who has a mortgage on it, to list the mortgage as a solvent credit. But this has been the law in North Carolina ever since this writer can remember and no one is heard to condemn it. The farmers who give mortgages on their lands have no money to employ a cloud of lawyers to rush to Raleigh every time the Legislature meets, to look after their interests.

Ever since this writer can remember cases of this sort have been cited as instances of double taxation, but we hold that it is not double taxation and think a little reflection will show that it is not. A owns a tract of land and wants to borrow money; B loans him the money and takes a mortgage on the land as security. A still owns the land, notwithstanding the mortgage, and he returns it for taxation, which is proper; B had a sum of money which he would, if he complied with the law, return for taxation. He loaned the money to A and in place of his cash has a mortgage on A's land, and that mortgage represents the sum of money previously owned. The land and the mortgage, therefore, are two separate and distinct pieces of property and we are unable to understand the train of reasoning which arrives at the conclusion that to tax them both is double taxation.—Statesville Landmark.

Let us take another case. A owns a piece of land which B desires to purchase. B has no money but gives A his note with a mortgage on the land as security for payment. B gives in the land for taxation and A gives in the mortgage. No money existed previous to the transaction but a debt was created by the transfer of the land. We ask the Landmark if this is not a case of double taxation?

The oftener a man gets married the more mothers-in-law he has. What's the use of paying for soda water when you can have it charged?

No Maude, dear, colored card players do not carry razors because it is necessary to cut for the deal.

#### BLACK JACK ITEMS

BLACK JACK, N. C., April 3.  
Mr. Allen Clark, aged 47, died  
suddenly Friday evening. He  
was buried near Union Chapel  
Sunday.

C. W. Reuss, of Washington,  
passed through Saturday enroute  
for Rountree on a courting expedi-  
tion.

Jim Elks was out to see his best  
girl Sunday. Jim is a dashing  
young widower.

Miss Lucy Linton is teaching  
school near Grimesland.

Mrs. Sue Clark is the guest of  
Mrs. S. W. Tyson.

We are glad to announce that  
Mrs. Calvin Mills is much im-  
proved.

Little Misses Lula and Becca  
Mills are attending school near  
Grimesland.

The Wilmington Dispatch says:  
"An old Confederate soldier  
asks The Dispatch why the  
difference in the treatment of  
Aguinaldo and Jefferson Davis?  
When the President of the South-  
ern Confederacy was captured he  
was placed in irons, thrust into a  
dungeon and subjected to other  
indignities. Aguinaldo receives  
the best treatment there is in the  
shop. Jefferson Davis was an old  
man; Aguinaldo a young man.  
The question is certainly a very  
timely one. Times have changed."

And the additional shame of the  
infamous treatment accorded Mr.  
Davis is that the then President  
and Secretary of War of the Uni-  
ted States were native Southern-  
ers—North Carolinians both. The  
ironing was done by him who is  
now the Commanding General of  
the Armies of the United States,  
of his own volition. But thank  
God, neither Mr. Davis nor the  
South were ever humbled by the  
treachery on the one part nor the  
vulgar inhumanity on the other.—  
Raleigh Post.

#### Most Effective and Cheapest.

It is worthy of note that book  
publishers have nearly abandoned  
the use of elaborate and costly art  
posters to push the sale of new  
books, and are taking more space  
than formerly in the newspapers.  
They have learned that the most  
effective and cheapest way to con-  
vey information to the public is  
through the use of the columns of  
the daily newspapers.—Philadel-  
phia Record.
