**Changed the Date.**

At a meeting of the Board of Aldermen held on the 3rd inst the Board decided that the \$75,000 improvement bonds which the town will sell on the 28th of June should bear the date of September 2nd 1901, and be delivered on that date. Investors who are contemplating bidding on the bonds having called attention to this delay of two months between the sale of the bonds and date of delivery and stating that any possible fluctuation in securities that might arise in the meantime would cause the bonds not to sell for as good a price as they would if the delivery was made as early as possible after the date of the sale, the Board held a special meeting Wednesday afternoon and decided to change the date of the bonds to July 1st, 1901, and have them ready for delivery then. Of course the Board desire that the bonds shall bring the highest price possible, and for that reason they made the change.

The Agricultural Department states that the sales of fertilizer tags this year shows an increase of 23 per cent, or a gain of about one fourth last year. The Bulletin contains a warning against planting a large acreage in cotton, saying that conditions now are not favorable to high prices. The complications in China, the shutting down of a number of the North Carolina mills, the glut in the cotton goods market, and the large increase of acreage in Texas and other extreme Southern States are pointed to as indications that the price will be low.—Raleigh Times.

Deputy Sheriff F. A. Mosley, of Greene county, came to Kinston last night, bringing Tom Barrett, colored, and placing him in jail here until this morning, when he left with him for Wilmington. Barrett will serve a 12 months' sentence on the public roads in New Hanover county, for aiding in assaulting Mr. R. R. Carr, the registrar at Willow Green, last fall. He was tried and sentenced at this term of Greene superior court.—Kinston Free Press

**What Business is.**

Here is the opinion of the New York merchants who form the Sphinx Club: Business consists of but two things, which are equally important. The first is to have something that the people want, and the second is to let people know it. That the newspaper offers the best medium of communication with the largest number of people is apparent from the fact that the most successful business men rely chiefly on the newspaper for advertising.—Philadelphia Record.

THURSDAY, MAY 16, 1901.

Instead of meeting at Morehead as first announced, the North Carolina Press Association will hold its next convention at Greensboro, July 10th and 11th. Then the Association will go on an excursion to Morehead and spend a few days there. Greensboro is fast becoming the convention city of the State.

### Work of the Newspapers.

The Commonwealth has for years believed and contended that we have too many elections in North Carolina. There are several standpoints from which to argue for our position, but the one which we notice now especially is with reference to the work of the newspapers of the State. No one of even fair intelligence and casual observation dares question the fact that the country press is a great power. We country newspaper editors say this often, not in the spirit of boasting or self-laudation, but in order to emphasize some point which we are trying to make relative to our own work and the work of our brethren of the press.

The newspapers are everywhere called upon to do much service in every political campaign, and that without compensation—but no matter for that here. True to their mission in their constant endeavors for the fostering of everything good and worthy, the newspapers are the first to emerge from the dust and smoke of a political battle, whatever may have been the result, and take up the slogan of work for progress in the various industries of agriculture, manufacturing, and the like.

And we do not remember to have seen as strong proof of the persistence of newspapers in their efforts to develop North Carolina as have characterized the work of the press since our last election. Take up what country paper you may and you find in its columns not only evidence of local progress in almost every part of the State, but you find the newspapers doing their work in support of this progress with more than their usual vigor.

Never in the history of North Carolina has her people been under such obligation to the newspapers as they are today.

The newspapers are indeed doing a noble work for the State just now, setting forth the thousand and one rich resources which await development all through the State. They have forgotten politics for the time, and if we could stand off all elections for about a dozen years we would be able to redeem some of the sweeping promises that have been made for this new century. A noble band are the newspaper

men of North Carolina, and they deserve well at the hands of every citizen who appreciates his State and the great possibilities which lie just ahead of us. To lead in our great developments is the mission of our newspapers, and right nobly are they doing it.—Scotland Neck Commonwealth.

The statistics of the Methodist Episcopal Church, South, for last year have just been published. There are 47 Conferences and Missions; 6,227 traveling preachers, of whom 5,521 are effective, 121 supernumerary, and 585 superannuated. Of the 12 Bishops, 10 are effective, and 1 supernumerary. During the last year there were 421 ordinations and 226 men were admitted on trial. There are also 5,151 local preachers. The total membership of the church is 1,370,520, while the total of preachers and members is 1,481,898, which is an increase for the year of 5,641; 25,661 infants and 46,817 adults were baptized. The value of the 14,572 houses of worship is placed at \$23,012,400, on which there is an indebtedness of \$631,055. The contributions of the church during the year to various benevolent causes were as follows: Conference claimants, \$152,743; Missions, \$400,850; Church Extension, \$71,126; American Bible Society, \$9,231. For ministerial support the following amounts were paid: to the Presiding Elders, of whom there are 296, \$2,399,965; Bishops, \$42,260. There are under control of the church 147 school and colleges, which report 1,126 teachers, 16,205 pupils, endowment funds to the amount of \$2,890,545, and a property value of \$5,698,950.—Raleigh Christian Advocate.

The remains of Mrs. T. L. Hancock who died Wednesday, were taken to the family burial ground in the country this morning for interment.

"A century ago education was for the few, and was designed to fit them for learned professions; to day education is for many, and is intended to equip them for life's practical work".

Any lad desiring to be an engineer, manufacturer, electrician, chemist, machinist, mechanic, dairyman, farmer, or fruit-grower should write for a copy of this booklet to President Winston, Raleigh, N. C.

The easiest, quickest and best way to sell anything is to advertise it in THE REFLECTOR. Such an advertisement goes straight to the people, they learn what you have to sell and you reap the benefit.

We have just purchased a large supply of bright and attractive cuts to illustrate REFLECTOR advertisements, and you are at liberty to use them. If you don't know just what you want to say, we will help you get up your advertisement. That is our business, to help you talk to the people.
