WINTERVILLE DEPARTMENT.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., May 22.

Let F. O. Cox ship your potatoes and other truck when ready for market. He is representing the best houses in all leading cities. Be sure and give Geo. B. Long & Co., of Buffalo, N. Y., where the great Pan-American Exposition is going on, a trial.

Our town was highly honored on last Monday by a visit from Misses Dell Forbes, Helen Forbes, Mattie Rollins, Barbara Manning, Ella Langley, Patience Whitehurst and Messrs. Ernest, Alfred and Guss Forbes, of Greenville. It is seldom we are so fortunate in having such a bevy of beauty and gallantry to come to see us that it was a surprise and we were very reluctant to see them leave. We hope, however, that their next visit is not far distant and their stay among us will be of longer duration.

Miss Clyde Dawson, of Littlefield, came up on the train yesterday morning and will remain until after the commencement.

The A. G. Cox Mfg. Co., are prepared to furnish every one in need of tobacco flues with the best article of the kind.

Rev. Mr. Eure, of the Methodist Conference, preached in the Missionary Baptist church here last Sunday afternoon.

Mrs. Goodrich and children, of Hobgood, who have been visiting friends near here, returned home yesterday.

The residence of L. L. Kittrell since it has been newly painted and the surroundings generally improved, is by far the prettiest place in town.

Miss Laura Cox, who attended the last session of the Baptist Female University, at Raleigh, came home Saturday evening.

Claud Summerell and family, after being away for some length of time, have returned.

The A. G. Cox Mfg. Co. are putting up the best tobacco trucks on the market. They are very popular and no truck is in greater demand.

Miss Bessie Tucker, of Grimesland, is visiting the Misses Wesson.

Nat Fulford, of Washington, was here Monday on important business.

Wiley Brown, of Greenville, a good-old-time Methodist, attended services here last Sunday afternoon.

Rev. Mr. Faulkner is visiting his son, who lives in Kinston.

There was a delightful sociable at the "Boarding House" Monday evening. All who were so fortunate as to be present express themselves as having spent a most pleasant time. Our Winterville people certainly know how to make things interesting.

And still we move. Another industry for Winterville. Last night the stock holders of the Winterville Canning Factory held a meeting and effected a permanent organization by electing all the necessary officers. The capital stock has all been taken, one half of which is paid in and the other half is ready at a moment's notice. Work will begin at once and all the goods

GRADED SCHOOL.

Large Majority Favor It.

The election Tuesday for graded school came out better than even the friends of the school anticipated. In the district constituted for the school there were 258 registered voters, and of these 159 voted for the school and only 15 against. This made a majority for the school of 144 of the votes cast and counting all the votes not cast against the school, as the law provides, it gives the school a majority of 60 in the entire registered vote. We know that many of those who did not vote are in favor of the school, but because of absence from town or other reasons could not be present to vote. The election shows that our people are largely in favor of a graded school.

A Gobbler "Setting."

Mrs. George Gardner, of No. 10, has a turkey gobbler "setting" on twelve hen eggs. This has been going on now two weeks. So in another fortnight it is expected the gobbler will come off with his brood. It is needless to more than state that this act of the turkey was voluntary, but after it seemed determined to be an incubator Mrs. Gardner determined to see what would come of it.—Tarboro Southern.

What a Dreadful Thing it is to wake up in the night suffering from cholera morbus, and yet cases of this kind are very common. The trouble however, will never become serious if you keep a bottle of Pain-Killer at hand, for it is a remedy that never fails to cure cholera, cramps, diarrhoea or dysentery. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

they may be able to handle have already found a market. They solicit the farmers and truckers to bring forward their vegetables and fruits, for which they will be paid the highest cash market price.

Base Ball.

Tuesday's games of base ball put Wilmington in the lead of the clubs in the Virginia-Carolina League, with Raleigh second. Raleigh lost the game played with Portsmouth and Wilmington won over Richmond. Following are the games:

VIRGINIA AND CAROLINA LEAGUE.

At Raleigh: Portsmouth 5, Raleigh 4.

At Wilmington: Richmond 3, Wilmington 4.

At Newport News: Norfolk 2, Newport News 6.

NATIONAL LEAGUE GAMES.

At New York: New York 2, Pittsburg 1.

At Boston: Cincinnati 4, Boston 1.

At Brooklyn: St. Louis 11, Brooklyn 5.

At Philadelphia: Chicago 3, Philadelphia 5.

The latest fad of of critics, The New York Press, says, is to rebel against the names of months. They point out that it is absurd for Europeans and Americans of today to dedicate one-sixth of the year to the memory of Julius Caesar and Augustus, to name a third after heathen gods and goddesses, to have two months of doubtful nomenclature, and to designate the remaining four by misleading numerals, September being obviously ninth and not seventh in order.

WEDNESDAY, MAY 22, 1901.

Perhaps the greatest strike ever inaugurated in this country was that which started Monday among the machinists. Thirteen States are involved and 50,000 workmen walked out of the shops at a given time. The machinists are demanding a nine-hour work day with a ten-hour scale of wages. In many of the large cities their demand has been conceded. Most of the factories have large orders ahead, and to quit work now would mean great loss as well as serious hindrance to enterprises all over the country.

Greenville's public spiritedness is to be commended. The town voting for an issue of \$75,000 bonds for public improvements, and voting for the establishment of a graded school, shows our people have grown tired of moving along behind the times and have determined to be progressive. It is now the duty of all to work together in harmony so that the best results may arise from this new life we are taking on. There is a bright future for Greenville if advantage is taken of the many opportunities in reach. Let differences be put aside and all work together for the advancement of the town.

Governor C. B. Aycock made a great speech in New York, Monday night, at a dinner given by the North Carolina Society in that city. Judge Augustus Van Wyck, president of the society, was toast master. Our Governor, already famous for his oratory and fine speeches, never acquitted himself better than on this occasion. The speech was one that should make every North Carolinian feel proud of her Governor.

A correspondent of the Charlotte Observer said of it:

Mr. Aycock's speech was one of the strongest and best of his career. He said that a New York paper had reported him as coming to this city to preach secession. He declared that instead if this great State of New York should go out of the Union today, he stood ready to give the Washington government 200,000 able-bodied white North Carolinians, who never missed a squirrel, to help put the Empire State back in the Union. South Carolina, Mississippi and Louisiana had disfranchised the negro and nothing had been said. Why all this fuss over North Carolina? Because at last the most

conservative State in the Union had moved and with such deep conviction that it had awakened the nation, but the State had done right and had nothing to take back.

"We are now doing things down there and want to be let alone. Last year we grew 500,000 bales of cotton; we spun 400,000 of them. This year we will spin every bale we grow. We have this spring grown \$1,500,000, on our strawberry patch. High Point claims to be the second place in the world in furniture manufacture. We spend more than half the revenues of the State for education. In 1908 every white and black child in the State will be able to read."

It appears from a paper of the Agricultural Department that of the total cotton production of the twelve Southern States in which that staple is cultivated, amounting last year to 9,000,000 bales in round figures, 1,570,712 bales were worked up in the factories of those States. At the head of the list is North Carolina, which in 1890 had 91 cotton factories, with 336,786 spindles, and now has 190 factories with 1,264,509 spindles. South Carolina has made almost as great progress, having increased the number of her factories from 34 in 1890 to 93 last year. Georgia ranks third, and the number of her cotton factories, which was 53 in 1890, is now 86. Alabama is also making great progress in cotton manufactures, the number of her mills having increased within the ten years from 13 to 44, and the number of spindles from 79,234 to 437,200.—Philadelphia Record.

PACTOLUS ITEMS.

PACTOLUS, N. C., May 21st 1901. Edward T. Ward returned home from Oak Ridge Monday.

D. R. Willis, of Washington, came up Thursday and spent the day. Glad to see you, Dave, come again.

Mr. and Mrs. W. M. Moore, of Grimesland, spent last Sunday here. Walter Anderson, of Williamston, was here Monday.

J. J. Mason, of Washington, was here Saturday.

Miss Ada Ward, after spending a few days in Washington, returned home Monday.

C. E. Bradley is all smiles. It is a girl.

We are having lots of drummers daily in our town. Business is on a boom.

Mrs. Elizabeth Crawford, of Frizellsburg, Pa., who has just died at the age of ninety, had the unique record of having seen less of the world than probably any other American woman. She never saw a railroad track nor a train or cars, never entered a church or ever heard the music of a band. In fact, this peculiar woman never cared to go beyond the sight of the smoke of her own chimney.

POULTRY SHOW.

Splendid Exhibit to Be Made at the Pan-American Exposition.

In planning a great Exposition of the magnitude of the Pan-American, to be held in Buffalo next summer, where all the great industries of the United States will be represented by exhibits which will be of the best quality and character that can be produced, the wisdom of the management is shown in the magnificent preparations that are being made for the Division of Live Stock.

In no line of breeding domestic animals has greater strides been made than in the poultry industry, and while the interest taken in the Live Stock Division of the Exposition by prospective exhibitors is very encouraging, the poultrymen of the United States and Canada are manifesting an interest that is truly phenomenal. The poultrymen in the past few years have seen the industry double many times until today it exceeds in value any single farm crop. The annual sale of eggs, poultry and fancy birds for breeding purposes in the United States and Canada exceeds \$1,000,000,000. The proposed show at the Pan-American will be fully adequate to the great interests involved. The time of this show will be most propitious to the fanciers—Oct. 21-31—and the accommodations will be all that are desired. The stables, covering ten acres, will all be devoted to the poultry and pet stock show.

PAN-AMERICAN SPORTS.

Will Be Held in a Stadium Seating Twelve Thousand People.

The popular sports of the Americans have been handsomely recognized by the Pan-American Exposition. A Stadium, beautiful in design, with a quarter mile track and ground area ample for the requirements of all the popular events proposed, is provided. It has a seating capacity of 12,000. The nature of the sports planned is varied. Amateur events of all kinds will be particularly encouraged as representing the most desirable of athletic competitions. There will be professional events as well. College sports will be made a feature, and intercollegiate events are being planned. There will be amateur and professional baseball, football, lawn tennis, Marathon race, cross country runs, lacrosse, cycling, basket ball, roque, shooting, Caledonian games, gymnastics, military maneuvers, tumbling, cricket, bowling and other sports.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theford's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

How to Get the Trade.

A New York merchant gives this piece of advice to less experienced men through the columns of an advertising publication: "There must be reasons why some people should trade with you in preference to others in your line. Dig up these reasons. Put them in the newspaper. Do it right, and you will get the trade."

Dangerous Rise in Rivers.

Postmaster Perkins today received a telegram from Weather Observer Von Herrman at Raleigh, requesting him to post a notice that the weather bureau has issued warnings of a dangerous rise in the rivers of Eastern North Carolina within the next 48 hours, flooding large area of low lands. It would be well for persons adjacent to the river low lands to take immediate steps for the protection of their property as far as possible.

Good Joke On Seniors.

It leaks out that last week when the essays of the senior class from the Normal were submitted to the judges for examination that one paper got mixed up with them that did not belong there. It was an essay by a junior, but the learned judges did not know one from the other and when the award was made the junior got it.

Of course this caused a second examination to be made by the committee and next time a senior got it—Greensboro Record.
