By the President,

A Little Loss

of flesh and strength, little barking, obsti-
nate cough and a little pain in the chest
may not mean galloping consumption, but
they are signs that prudence will not neg-
lect. A few doses of Allen's Lung Balm
cause a free discharge of mucus and so
loosen the cough. It heals the inflamed
air passages and all its beneficent work is
accomplished without a grain of opium.

MR. W. A. BROWN DEAD.

Passed Away Suddenly This Morning.

His many friends in Greenville
were shocked and pained early
this morning to learn that Mr. W.
M. Brown had died suddenly about
one o'clock, at his home four miles
from town. He had shown no
previous sickness, and the sum-
mons came to him in full vigor of
health and manhood.

The family retired at the usual
time Friday night, and about one
o'clock Mrs. Brown was awakened
by hearing her husband making a
noise. She at first thought he had
a night mare, but when she tried
to arouse him found that he was
speechless and seemed to be strug-
gling for breath. She ran out and
rang the farm bell for assistance.
Some of the neighbors heard the
bell and hurried there, but by the
time they reached the house Mr.
Brown was dead.

Mr. Brown was about 37 years
of age, a prosperous farmer and a
good citizen and neighbor. He
leaves a wife (formerly Miss Nana
Fleming) two children, one brother,
Mr. J. W. Brown, and one
sister, Mrs. H. H. Wilson, of Kin-
ston.

He was a member of Greenville
Masonic Lodge and will be buried
with Masonic honors Sunday after-
noon at 2 o'clock, at the family
burying ground on the Henry
Brown place.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., Jan. 18.
SPECIAL ATTENTION TOBACCO GROWERS.

Last season we made about 500 Tobacco Trucks, mostly of the Tyndall pattern, and we have not heard of a single man who bought these trucks that does not speak in praise of them. We found many farmers who wanted to use them, but could not, because they had not arranged their rows properly. We advised the farmers last season to consider the use of tobacco trucks and prepare their rows so they could use them when they began to house their tobacco. Many of them took our advice and were glad of it. Others did not, and some of them regretted the fact. We had one customer who said he had rather chop every eighth row of tobacco down and throw it away than to house his tobacco without the trucks. We still advise every tobacco grower to prepare his land with a view of using these trucks in housing his crops during the coming season and our experience is, they will never have cause to regret it.—A. G. Cox Mfg. Co.

Mr. and Mrs. H. B. Hardy, of Norfolk, after spending a short while visiting at the home of L. L. Kittrell, left on the train Wednesday evening.

Charles McLawhorn and wife are visiting Parmele. Mrs. McLawhorn's brother being quite ill they do not know how long they will remain.

B. C. Pearce, of Sanford, was here a couple of days this week.

Mr. Gray, who has been so sick for the past few months, is able to be out again. His case for a long while was considered hopeless.

Rev. J. B. Newton, of Fort Barnwell, came up Wednesday and placed his daughter, Miss Bertha, in our school. The school now has more than 200 pupils enrolled.

Miss Maud Lassiter left yesterday to visit friends in LaGrange Saturday and Sunday. She will return Monday morning.

W. S. Wyatt is on a visit to Raleigh. He anticipates making Raleigh his home at no distant day.

We failed to note in the last items Jimmie Galloway's departure for a visit up in Chatham county.

I wish to inform my friends that I am agent for the famous "Smith's Balsam of Rosebud," which is the best preparation for chapped lips, hands and all skin diseases. Give it a trial.—C. A. Fair, Winterville, N. C.

Charles Harper and wife, of Black Jack, were visiting their son, J. W. Harper, this week.

Samuel Manning, of Hanrahan, has moved his family here and occupies the W. H. Rouse house.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., Jan. 17.

"We are engaged in the unholy office of crushing a republic," were the words which the venerable Senator from Massachusetts startled his complacently self-satisfied colleagues on the floor of the Senate on Tuesday. They were followed by a severe arraignment of the course of the administration in the Philippine Islands. Among other things, Senator Hoar said that he had heard of the investigation of a proceeding which if true "has covered with a foul blot the flag which we all love and honor." He urged upon his colleagues the advisability of appointing an investigation committee to which senators and people could appeal for the verification or refutation of some of the frightful stories which were being brought back from the islands by soldiers and civilians.

The isthmian canal has made little progress during the past week. Senator Morgan has examined and cross examined M. Lampre and yesterday told me that he was "through with him." The venerable Senator from Alabama has not changed his preference for the Nicaraguan route, but he failed to demonstrate that there was any connection between the trans-continental railroads and the Panama Company, and the Panama route has made many friends. While comparatively few of the Senators have satisfied themselves that the latter is the best route, enough have decided that it demands further consideration to prevent the committee's reporting, although Senator Morgan said yesterday that he was ready to do so. Even if the Senator succeeds in converting his committee to his views the matter will be extensively discussed on the floor of the Senate and I have heard rumors of a Congressional Committee being sent to the isthmus to investigate for themselves as soon as the session is over.

The resignation of Richard Croker from the leadership of Tammy Hall and his succession by Mr. Nixon has occasioned much speculation among the democrats in Congress as have also the rumors that David B. Hill is seeking the party leadership. Senator James K. Jones has expressed himself as very favorably impressed with Mr. Nixon and as believing that he would make a strong and capable leader. The election of Senator Gorman is also a matter of great interest and there are many who regard him as the theological candidate for the presidency. A member of the House said yesterday, "Senator Gorman will become the leader of the democratic forces in the Senate and will make a record in that capacity which will earn for him the unqualified support of his party throughout the country. If he lives and preserves his health; he will be our next president."

A colored man from below Henderson came to Oxford Monday to see some of his relatives. His horse became frightened and ran away and come in contact with a wire clothes line, which caught him under the throat cutting the jugular vein killing almost instantly. The animal was a good one, and is quite a serious loss to the owner.—Oxford Ledger.

In Case of Account.

Accidents will happen. Mother strains her back lifting a sofa. Father is hurt in the shop. Children are forever falling and bruising themselves. There is no preventing these things, but their worst consequences are averted with Perry Davis' Painkiller. No other remedy approaches it for the relief of sore strained muscles. There is but one Painkiller Perry Davis.

Mexican Mustang Liniment

will readily overcome Loss of Hair, Diseased Hoofs and Scratches in horses mules and cattle. Farmers try it.

A toad under a harrow

suffers no more than the faithful horse that is tortured with Spavins, Swinney, Harness Sores, Sprains, etc. Most horse owners know this and apply the kind of sympathy that heals, known far and wide as

Mexican Mustang Liniment.

Never fails—not even in the most aggravated cases. Cures caked udder in cows quicker than any known remedy. Hardly a disease peculiar to muscle, skin or joints that cannot be cured by it.

Mexican Mustang Liniment is the best remedy on the market for Wind Galls, Sprains and Skin Lumps. It keeps horses and mules in condition.

PIANOS ARE GOING.

Five Sold in Two Days.

The Cable Company opened their sale here on Thursday, and in two days they sold five pianos. A gentleman from Martin county bought two today.

The Cable Company ships in car load lots and sells at factory cost on terms to suit everybody. Don't fail to call early next week, as they expect to sell out in a few days more. This will probably be your only chance in years to select a piano out of a car load lot in Greenville.

The Cable Company only ships in big lots and they can sell you a piano for a hundred dollars less than any other manufacturer or dealer. They are the largest manufacturers of pianos in the world. The Cable Company's pianos are strictly high grade and are warranted and backed by a capital of six million dollars.

Don't fail to call and see these pianos next week at the Baker & Hart old stand.

FIRE IN WEST GREENVILLE.

Dwelling Occupied by Mr. A. A. Forbes Partially Destroyed.

About 8 o'clock Friday night the kitchen to the residence occupied by Mr. A. A. Forbes, west of the railroad, was discovered on fire. The flames were seen to burst through the roof by Mr. L. M. Savage from his store near the railroad, and he ran across to advise the family that the building was burning. An alarm was telephoned down town and the entire fire department and many citizens hurried out to the scene.

The fire had already gained considerable headway when discovered, and by the time the engines could go such a long distance and get ready for work the kitchen was nearly destroyed and all one end and under the roof of the residence adjoining was burning fiercely. Hope Fire Company took their engine to the tobacco town cistern and had to line out the hose several hundred yards, this being the only place where there was sufficient water for the steamer. The Red Hawk Company took their engine to the pump at Jordan's factory where there was a small supply of water. They got the first steam on the fire and held it pretty well in check until a stream came from the steamer.

Then there was some pretty work by all the firemen, the Rough and Ready company with their hooks and ladders also rendering efficient aid. When the streams from the engines reached the building a shout went up from the crowd, for though it looked for awhile like the building would be lost, they now saw it could be saved. Notwithstanding all one end of the building was burning and the flames had spread under the metal roof clear through the length of the house and had burst through the front gable, the firemen put it out.

All of Mr. Forbes' furniture was moved out of the house, but it was badly damaged and much of it ruined by being broken. He had no insurance at all.

The building belongs to Mr. J. J. Nobles and is insured. In its condition the damage is hard to estimate, but it will take several hundred dollars to repair the loss. The house appears fully half ruined.
