NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., Jan. 25.
SPECIAL ATTENTION TOBACCO GROWERS.

Last season we made about 500 Tobacco Trucks, mostly of the Tyndall pattern, and we have not heard of a single man who bought these trucks that does not speak in praise of them. We found many farmers who wanted to use them, but could not, because they had not arranged their rows properly. We advised the farmers last season to consider the use of tobacco trucks and prepare their rows so they could use them when they began to house their tobacco. Many of them took our advice and were glad of it. Others did not, and some of them regretted the fact. We had one customer who said he had rather chop every eighth row of tobacco down and throw it away than to house his tobacco without the trucks. We still advise every tobacco grower to prepare his land with a view of using these trucks in housing his crops during the coming season and our experience is, they will never have cause to regret it.—A. G. Cox Mfg. Co.

The ring conspicuously displayed on the finger of a fair hand is not only attractive but the pretty face of its wearer adds another charm that is still more seductive and proven disastrous, in one particular instance, to the well-being of a certain young gentleman of our acquaintance. We don't wish any one to guess. It's a secret.

Rev. Livingstone Johnson, of Raleigh, Secretary of the State Baptist Mission Board, lectured in the school chapel Wednesday afternoon. Wednesday and Thursday evenings he preached two most excellent sermons to very large and appreciative audiences in the Missionary Baptist church here.

W. J. Clark left Thursday morning for Clarksville, Va., to visit his father, who is dangerously ill.

Mr. Lassiter and sister, of Lizzie, were visiting their sister, Miss Maud, at the dormitory Thursday night and returned to their home yesterday.

The new spring stock of goods which will be placed before the public by B. F. Manning & Co. the coming season must and will sell, for those who had a hand in its selection are not only FAIR judges, but can certainly appreciate a good thing when they see it.

Nobody coming and nobody going, the farmers all busy and our manufacturing apparatus out of fix, what shall we do for items? Well there's one consolation, there are our wagons, carts, cotton planters, cart saddles, &c. They travel and in return the ducats come.

John Jarrell, of Renston, was here yesterday.

Appreciated Responses.

Recently THE REFLECTOR mailed statements to its subscribers at a distance. A number of these in enclosing remittances took occasion to write us very nice and encouraging letters which are much appreciated. There are others yet who have not responded to our statements and we hope they will let us hear from them soon.

We Fit Any Form.

Mr. STOUT MAN

AND

Mr. SLIM MAN.

This way gentlemen, here's your winter Clothing. Many stout men, slim men and men who require different clothes from the average man give up "ready-made" clothing in despair. We bring them hope. We promise to fit every one directly from our clothing tables—with perhaps a little alteration in some particularly severe cases. We'll surprise you with the clothes; possibly more with the prices—for, being abnormal in shape, you've had to pay a penalty to your tailor, so to speak. We do away with that and charge you no more than we do the ordinary man. Never mind how peculiar your shape may be, bring it in here and we may surprise you by fitting you, as well as by saving you quite a sum of money. Come, see at any rate.

SATURDAY JANUARY 25, 1901.

President Roosevelt has signed an order to return \$375,000 in silver to the Chinese government. It represents the share of loot secured by United States marines at the fall of Tientsin.

A Rochester man claims to have discovered a process for transferring photographs to the human skin. Tattooing will be a back number and "human picture galleries" a reality. This opens an untold vista of possibilities.

Every fire Greenville has shows the need of a water supply. A hydrant on the corner could probably have saved Mr. H. C. Hooker's residence Friday night. Those who are opposing the town having improvements ought to withdraw their opposition.

To inexperienced patentees all patents are of equal protective value. They all have the seal of the Government and a blue ribbon; but some patentees know the importance of claims and it is to their skill and perseverance in securing protecting claims that C. A. Snow & Co., of Washington, owe in part their reputation and success.

There has been placed in the room of the House Committee on Naval Affairs at Washington, a painting of the battle of Santiago. The "Brooklyn," Schley's ship, is in the thick of it. Sampson is represented by a thin line of smoke on the horizon. McClay's history had its say, it looks as if the sister Muse of Art is trying to do some "vindicating" on her own account.

Cupid solves problems in Kentucky politics that have baffled the Senators. A few months ago there were two contestants for a post-office. The incumbent was a young lady. A man wanted the place and there was a deadlock between public sentiment and political expediency. Finally the aspirant married the fair postmistress, and both are living on the salary which is now drawn in his name. In a more recent case a woman was making a fight to retain her place as post-mistress against a "political worker." She, alas! married another man, and as her name has been changed, there can be another appointment, another fight is lost

SICK MADE WELL

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free To All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 2858 First National Bank building, Fort Wayne, Ind., makes the startling announcement that he

DR. JAMES WILLIAM KIDD.

has surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it, free, to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

If You Were Scared

easily you might suppose that the pain in the lower part of your back meant kidney trouble. But being a person of sense you know it is only muscular stiffness, from cold, and that prompt treatment with Perry Davis' Painkiller will prevent it from growing into lumbago. Act accordingly and you will be glad you saw this. There is but one Painkiller, Perry Davis'.

FIRE FRIDAY NIGHT.

Residence of H. C. Hooker Destroyed.

About 8 o'clock Friday night persons passing along Fifth street saw flames burst through the roof of the residence occupied by Mr. H. C. Hooker, on the corner of Greene street. No one was at home at the time—Mrs. Hooker being visiting in New Bern and Mr. Hooker being at his store down town—and when the house was broken open all the ceiling in one room and the roof over it was burning fiercely.

An alarm was given and there was a quick response of firemen and citizens, but the house was too far gone to be saved. Two lines of hose were laid out three blocks to the cistern on Evans street and both the steamer and hand engine got on streams about the same time. While the burning building could not be saved, the firemen prevented damage to surrounding property, and they put all the fire out in about an hour.

The building is practically a total loss. It belonged to Mr. Claud Cannon, of Ayden, and was insured for \$700.

Most of Mr. Hooker's furniture was gotten out of the building but much of it broken and damaged. His loss is covered by insurance.

It is not known how the fire originated.

Mr. J. C. Tyson, a member of Hope Fire Company, was badly hurt about the head and face by running into a ladder. Some others of the firemen were slightly hurt.

A BUSY COURT.

Resume of the Term Just Ended.

The January term of the Superior court closed late Friday afternoon. It has been a busy two weeks' court.

During the first week the grand jury was in session and acted on 125 bills. Several bills were ignored by that body. This shows that our Justices should be more careful and not send petty cases to court.

THE REFLECTOR has given each day the cases tried and disposed of. 34 cases were not prossed, acquitted, returned not true bills, or by judgment for costs and on for feited bonds. 56 persons were convicted and sentenced to prison, the roads or made to pay fines. 41 persons submitted and were fined or sent to the roads. Judgment was supended on payment of costs in very few cases. The school fund was increased nearly \$700.

Five prisoners go to the State prison and eight or ten to the roads in Edgecombe county. Pitt should have her own road force, but of that we will write again.

When court adjourned Sheriff Harrington had collected in cash \$1,691.43 fines and costs, and has enough due and secured to make \$2,000.

Very few cases were continued, and only in cases when defendants could not be found and in a few cases when sickness kept witnesses away. In these cases a doctor's certificate was required.

The court officers say this has been their busiest court. Judge Winston spoke publicly of all the county officers engaged in the court, and he repeated his tribute to Solicitor Moore which was paid in his grand jury charge.

Judge Winston is a worker. Of course we do not need to mention his ability as a lawyer, but we again refer to his regard for the public interests, the interest of the tax payers—his impartiality as a Judge and his uniform courtesy to all who attend court. He will hold a civil term here in March and a criminal and civil term in April.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., Jan. 24.

In the Senate, the Philippine tariff bill is being discussed. On Tuesday Senator Lodge made a long speech defending the action of his committee in amending the bill passed by the House. As the Senator from Massachusetts was expatiating upon the advisability of continuing the "open door" policy and the advantages to be derived from trade with China, a democratic member remarked, sotto voce: "The gentleman's next step towards building up our trade with China will be the reenactment of the Chinese exclusion law I suppose."

Senator Rawlins is preparing to contest every step towards the enactment of the Philippines bill as reported and he will be ably assisted by Senator Culberson. On Tuesday Senator Rawlins made a strong appeal to his colleagues to do justice to the Philippines. He said that the present measure is calculated to prevent trade relations between the islands and this country and to continue the necessity of maintaining large forces of soldiers there in order to preserve order. "The policy of the administration is such," he declared, "as to permit the officers of the American Army to replenish their fortunes at the expense of the unfortunate Philipinos and then return to this country to live in affluence." Senator Vest is preparing for a vigorous onslaught on the ship subsidy which will soon be up for discussion.

A discussion, which the republicans say should have taken place in executive session but which occurred on the floor of the Senate in open session, recently revealed the prodigality of the republicans in the expenditure of the public funds. Growing out of the effort to pass a bill providing a messenger for one of the minor Senate committees, it transpired that at the present time the amount spent for messengers and other employees of the Senate exceeds the aggregate salaries and mileage of the Senators themselves. It is a well-known fact that many of these employees are entirely unnecessary and that they are simply a result of the spoils system, having been appointed without regard to their usefulness and because the Senator who secured their employment had reasons of his own for wishing to support them at the expense of the government. The total amount now paid to the special employees of the Senate aggregates, according to the estimate of Senator Platt some \$600,000, while Senatorial salaries and mileage amount to but \$550,000.
