TOWN MATTERS.

Proceedings of Board of Aldermen.

The Board of Aldermen met Thursday night in regular monthly session, all but two members being present.

The street committee reported that no surveyor had yet been secured for the proposed work on Dickinson avenue. Neither had any decision been reached relative to a street through the Star warehouse property. There was some discussion about the bad condition of the street near the wharf and the committee was instructed to make necessary repairs.

The lights and wells committee reported that new globes had been ordered for street lamps.

The market was reported in fair condition.

The white cemetery committee reported that a new fence was needed around the cemetery.

The finance committee reported \$40 in hands of Treasurer and \$1,150 in hands of Tax Collector.

The Tax Collector, Chief and Assistant Police and Chief of Fire Department made their monthly reports. The report of the latter showed that there was not a fire alarm or fire during the month of February. Belts, caps, coats and boots for the department had been purchased.

A deed for a lot in cemetery to T. B. Cherry in which an error had been made was ordered corrected. A deed was also ordered executed to J. N. Hart for a lot purchased by him for which he had no deed.

Alderman King, who went as a delegate to the good roads convention at Raleigh, read an essay on good roads.

R. L. Humber appeared before the Board stating that Dickinson avenue crossed his property and he desired pay for the same. The Board took no action in the matter.

Complaint was made that the town teamster was derelict in his duty, not getting to work until very late in the morning and taking too many hours rest for dinner. The Chief of Police was ordered to look after him and report any other neglect to the street committee who were authorized to act in the matter.

The Mayor appointed a committee consisting of Aldermen King, Coward and Cobb to take charge of the bond matter when the Supreme court shall hand down its decision in the injunction case now pending.

W. C. Hines presented a petition for a bill poster's license, but there being no provision in the charter under which such license could be granted it was withdrawn.

Accounts were allowed amounting to \$718.74.

Why Easter is a "Movable" Feast.

During all of March the sun is coming farther north. About the twentieth it shines directly on the Equator, and the day is just as long as the night. The time of the old Jewish Passover, and hence of our Easter, depends on this date. This latter always comes on the Sunday following the first full moon after the sun crosses the line. This accounts for its being so "movable" a feast. — March Ladies' Home Journal.

LIBRARY AT GRIMESLAND.

Grimesland, N. C. Mar. 4, 1902.
EDITOR REFLECTOR;

Several months ago the writer of this article received a letter from Hon. J. Bryan Grimes Secretary of State, proposing to donate ten dollars to supplement a like sum to be contributed by the citizens of Grimesland and vicinity for a nucleus of a fund to establish a public library at this place. Colonel Grimes proposed also to donate an additional ten dollars, or if the citizens would subscribe a like amount he would give twenty dollars in addition to first donation.

When the writer made known to our people the terms of Col. Grimes' liberal offer and appreciating the interest he always manifests in the educational advancement of our children and the general culture and upbuilding of the morals of our community, they readily subscribed about twenty five dollars, and Col. Grimes cheerfully sent us his check for ten dollars and, this together with the appropriation from county and State amounts to nearly sixty dollars. So much for our fund and now a word about our library.

This writer, having secured the funds in hand both the public and private donation, was appointed to purchase books. After much delay we have purchased and now have in our library both the regular and supplemental lists of books, (with three exceptions) as recommended in pamphlet issued by State Superintendent of Public Instruction. We ordered both lists entire, but these three books, noted as exceptions above, could not be had at this time.

On February 5th, we opened our library to the use and benefit of the public under the rules and regulations sent out by the State Superintendent and it is remarkable with what eagerness, both children and adults began to read, and they keep it up.

Our Librarian, Mr. John W. Mayo, reports many books being taken out and we fear there will be need of more books, but we hope that with the increasing necessity for books that funds will be forthcoming and we will, in near future, comply further with Col. Grimes' offer and call on him for another ten dollars.

The establishment of this library fills a long felt want in this community. We have a handsome book case which our books do not fill entirely. There is space remaining unfilled for about one hundred more books. Our present collection of books is an admirable selection. They are well bound volumes and we dare say that some of these books will be here for years to come which together with pages faded with age and

their influence wrought for good to this community will be aptly commemorative of all those who contributed and worked for the establishment of our library.

How to Be a Gentleman.

Let no boy think he can be made a gentleman by the clothes he wears, the horse he rides, the stick he carries, the dog that trots after him, the house that he lives in, or the money he spends. Not one, nor all of these do it, and yet every boy may be a gentleman. He may wear an old hat, cheap clothes, live in a poor house, and spend but little money. But how? By being true, manly and honorable. By keeping himself neat and respectable. By being civil and courteous. By respecting himself and others. By doing the best he knows how. And finally, and above all, by fearing God and keeping His commandments.—Sunday School Evangelist.

Put Out Fire With Milk.

Derby, Conn., March 4.—A cow hooked a lantern out of the hand of the hired man on the farm of Joseph Dickerson of Woodbridge, last night and the lantern set fire to a lot of hay. Dickerson and the man had just finished milking some of the cows and there were two forty-quart cans of milk at hand. The well was so far away that to have gone after water would have given the flames opportunity to spread.

Dickerson and his man each seized one of the forty quart cans and began pouring the milk on the flames at the same time giving the alarm. Other members of the family, seeing the danger of the fire spreading, set to work milking the remaining cows, and soon with the additional milk the flames were quenched, but not until ten of the cows had been badly burned about the heads. The barn was saved. Some of the cows will die.

Switzerland isn't such a large country, but there is plenty of room in it for people to grow upward. The latest reported freak is a fellow who is 9 feet 7 inches tall, and is getting \$6,000 a year for exhibiting himself.—Wilmington Star.

No matter how much money you may have, if you are poor in character, that means poverty forever.—Ladies' Home Journal.

A \$10,000,000 flour combination, to control the Oriental trade, is forming on the Pacific coast.

DEAFNESS OR HARD HEARING ARE NOW CURABLE

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:
Baltimore, Md., March 30, 1902.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Your treatment does not interfere with your usual occupation.
Examination and advice free.

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark hal-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into attractive womanhood and equip her for the duties of wife and motherhood.

All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Asbury Park, N. J., February 3, 1900.
I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and my dear child, relieved. To use her own words, "It saved my life." J. WESLEY CROSS.

If They Did.

If some merchants appreciated the value of advertising as much as some politicians do, their business would prosper according.—St. Louis Ad-Writer.

Give Them a Chance.

It is astonishing how the public looks upon the newspaper as a free horse to be ridden to death. People will pay money for a band, for lights, janitor, or go to a job printing office and buy thousands of dodgers, pay boys to deliver them, pay performers in the entertainment, if they are professionals, or pay some manager to get up the affair and give him a large percentage of the receipts, pay all their bills—in fact, pay for everything except that which is most valuable to them—toll, newspaper advertising, says the Knoxville Sentinel. And if the newspaper is unwilling to devote more notice to such entertainment than liberal news notices it comes in for much abuse. And yet why should not the newspaper charge for its advertising space just as the owner of the hall charges for its rent, the bill-boards, the lithographers charge for furnishing posters, the job printing office charges for the dodgers, and the outside parties charge for their services? The newspaper has only two sources of revenue. One is subscription, the other advertising. The subscriptions to newspapers are so cheap that they little more than pay the cost of the white paper.

A conductor on the Chicago and Alton railroad was agreeably surprised a few days ago by notice that he had been left \$1,000 by an old gentleman as a mark of appreciation for courtesies extended while travelling on that road. Courtesy generally pays. There is nothing lost by it, anyway.—Wilmington Star.

HOUSEHOLD DEPARTMENT

This department is being added to all the time. Nearly every day there is something new. We will only call your attention to a few specialties.

Nickle Plated Ware.

This is the most serviceable ware you can get. It is a heavy nickle plate on a copper body, so it is almost indestructable. We have this ware in coffee and tea pots different sizes, butter and sugar dishes, milk and water pitchers, serving dishes, syrup pots, cuspidors, waiters, &c. If you use this ware once you will never want any other kind for it is the best.

Crockery and China Ware.

It is no use to say anything about this department for everybody knows we are the crockery people in this part of the world. We always carry a large stock and you can select the pieces for a

Dinner and Tea Set

to suit yourself, which is much better than having to buy what you do not want. Did you ever use any of these new goods in

Anti-Rust Ware.

It is guaranteed never to rust. Come in and ask for it. In fact we carry almost everything needed to fit up your kitchen, bedroom, sitting room, or parlor. All we want you to do is to come in and call for what you want. We try to keep the very best in each of our departments and think we can please you both in price and quality. All we ask is a trial.

A Bank's Advertising.

The advertising of a New York savings bank in the newspapers consists chiefly of a daily extract from the simple proverb of "Poor Richard." Franklin knew from experience the wisdom of saving, and these quotations are likely to impress readers who have neglected the rules of economy and thrift. Naturally the advertising bank will be the choice of these readers in the selection of a depository.—Philadelphia Record.

A Fat Corn Crib Makes the Farmer Comfortable.

What part of my crop shall be cotton is a question in the minds of the farmers. It is an important question, and it is not an easy one to answer satisfactorily. It will not do to stake all on cotton. All are agreed on this. That there is no danger ahead to risk overmuch on it is likewise a general conviction. Few farmers feel so safe as those who have planted enough corn to make their own bread and meat. Most of our farmers have had occasion to know something of this sweet consciousness by experience. It makes the sleep of the farmer, who has planted corn for bread the sweeter as he reads of the promise of an average or full crop of cotton in Texas. A sense of independence is always delightful. Thoughts of the necessity of buying corn and meat from the sale of cotton when the air is thick with reports of a big crop and a low price for the staple brings trouble.—Rev. P. R. Law in Lumberton Robesonian.

Farmville, Monday, Mar. 10, at 12 o'clock.

Pull Out From the State Association.

At a meeting of the members of the Davidson County Branch of the Farmers Mutual Fire Insurance Association, held in the Opera House here on Monday of last week, it was unanimously decided that the county branch would sever its connection with the State Association and organize an independent county association. This step was taken for the reason that it is believed that a county association alone can be managed at less expense and with more general satisfaction than when combined with the State Association.—Lexington Dispatch
