The Truest Thing We Ever Didn't Say.

BUT PERHAPS WE DID AND ONLY REPEAT.

Not sure whether we told you after inventory that our stocks were then in record condition, by which we mean Clearest of clinkers. If we didn't it was the truest thing we ever didn't say.

Of all the hard lessons a merchant has to learn the hardest is this: NEVER CARRY OVER.

Into goods lately bought, bought right and still in fashion, it's mighty hard to plunge the knife. But do it he often must, or suffer later. It's due to you, as well as us, that we start the new season right. WE DO.

The Value of Intensified Farming.

A forcible illustration of the value of intensified farming comes from southern Guilford. A young man whose name we withhold planted two acres of tobacco in the spring of 1901. Concentrating his energies on a small crop he brought it to a high state of cultivation, using more fertilizers than usual. His father planted a crop of six acres on the same farm from which he realized less money than the son. The labor and expense attached to the crop of six acres would, had they been expended on one-third the acreage, brought more clean cash to the farmer, we honestly believe. Fertilizers of double strength could have been used at a less cost than those employed on the six acres. Double the amount of cultivation would have entailed less work on the smaller crop. In curing and handling the work would have been less, and in returns there would have been a decided advantage.—Greensboro Patriot.

STATE NEWS.

Happenings In North Carolina.

The Scotland Neck Commonwealth reports that numbers of mules are dying near Tillery.

A barn burner in Orange county plead guilty to the charge and was sentenced to thirty years in the penitentiary.

D. L. Ward, of New Bern, is being brought out as a candidate for Solicitor of this, the third, judicial district.

While John Reeves, of Burke county, was cutting timber, his little four old son ran in the way and was crushed to death by a falling tree.

Harding Acquitted.

The trial of L. B. Harding and the two negroes, at Kinston, on the charge of stealing leaf tobacco from one of the warehouses, ended Wednesday by the acquittal of Harding and conviction of the negroes. He put on no defense at the trial, his counsel making the argument to the jury that there was no evidence against Harding except that given by two self-confessed thieves, and that it was a case of negro against white man.

Spring seems to have sprung.

AMERICAN FOOLISHNESS.

Souvenirs of Prince Henry's visit to Washington command high prices. Frank Andres, head writer at the New Willard, has a scarfpin that was presented to him by Prince Henry. He has been offered large sums for the pin, which is an imperial gold crown with the prince's initial in diamonds above it.

A white house attache who succeeded in securing an autograph from the prince has been offered \$100 for it, but he wants more. The German embassy and the white house have been besieged by people who seek some little article with which the prince was associated. Bits of towels used by the prince at the embassy are eagerly sought by those who have the craze.

Guests at the state dinner to the prince at the white house can command their own prices for a menu card. There were but 90 printed consequently, they are scarce. One hangs over a bar in a local cafe. The proprietor says he has refused \$500 for it. The chair, in which the prince rode on the electric road to Mount Vernon is displayed in a furniture show window, elaborately decorated with German and American flags, and has a big price on it.—Kinston, Free Press.

THURSDAY, MARCH 13, 1902.

Thirty thousand men in different industries are on a strike in Boston.

Ex-Gov. John P. Atgeld, of Illinois, died suddenly Monday morning from a stroke of apoplexy.

Sunday's Charlotte Observer reached Greenville Wednesday night. Good idea of railroad connections and broken schedules.

A steamer on the Mississippi river capsized in a squall and sunk Wednesday morning. Twenty-one of the passengers and crew were drowned.

The head of President Roosevelt continues to grow larger. He has instructed that members or his Cabinet do no more talking on the outside about what transpires in Cabinet meetings. He says such information as goes to the public shall be given out through his private Secretary. Teddy will think he is the whole thing after awhile.

Some of our people are becoming interested on the subject of establishing a hospital in Greenville, and we understand that a free site would be given on which to place such an institution. A well managed hospital would help Greenville in many ways and prove a blessing to the people. This community could easily maintain a hospital.

The Chamber of Commerce of Knoxville, Tenn., has unanimously passed resolutions urging the next legislature to increase the school tax of the State on real and personal property from 15 to 25 cents.

In a lengthy discussion of the subject was brought out that the average school term for the state was only ninety-six days and the average salary of school teachers only thirty-one dollars per month. One of the members in a vigorous speech advocated the resolutions from the commercial standpoint alone, declaring that an eight or nine months' school term in the country schools of East Tennessee would be of immense financial value to Knoxville, as education not only increases the earning capacity of people, but also increases in like manner their desire to purchase more goods of every kind.

Dr. J. L. M. Curry has shown that out of 1,705,293 illiterates of voting age in this country, 1,132,337 are found in the eleven late Confederate states.

The New York bankers favor the bill before Congress to make silver dollars exchangeable for gold. The alleged reason for this is to maintain the parity. All Congress would have to do to secure that would be to give silver the same legal standing that gold has, and then let the Government pay it out and otherwise treat it as gold.—Wilmington Star.

It is difficult to overestimate the value of a good superintendent or the injury done by an incompetent one, says the Atlantic Educational Journal. Just as the teacher is the school, the superintendent is the school system, which regardless of statutes and legal restrictions, will seldom be either better or worse than it is made by the ability and care of the superintendent.

The Prosecuting Attorney of Natrona county, Wyoming has entered suit against 175 citizens of Casper, that State, for damages aggregating \$100,000. The citizens circulated and signed a petition asking that he employ an assistant in a murder trial, and he alleges that his personal reputation was thereby damaged in the sum-named.

Chiefly by Advertising.

A London journalist tells the business men of that community that the surprising success of Americans in placing their products among the English people is chiefly due to the skill and courage with which the Americans advertise. "They prove," he says, "the tremendous influence of advertising in its effect on the success of an industrial nation." The article is a striking tribute to the importance of publicity to business.—Philadelphia Record.

HOUSEHOLD DEPARTMENT

This department is being added to all the time. Nearly every day there is something new. We will only call your attention to a few specialties.

Nickle Plated Ware.

This is the most serviceable ware you can get. It is a heavy nickle plate on a copper body, so it is almost indestructible. We have this ware in coffee and tea pots, different sizes, butter and sugar dishes, milk and water pitchers, serving dishes, syrup pots, cuspidors, waiters, &c. If you use this ware once you will never want any other kind for it is the best.

Crockery and China Ware.

It is no use to say anything about this department for everybody knows we are the crockery people in this part of the world. We always carry a large stock and you can select the pieces for a

Dinner and Tea Set

to suit yourself, which is much better than having to buy what you do not want. Did you ever use any of these new goods in

Anti-Rust Ware.

It is guaranteed never to rust. Come in and ask for it. In fact we carry almost everything needed to fit up your kitchen, bedroom, sitting-room, or parlor. All we want you to do is to come in and call for what you want. We try to keep the very best in each of our departments and think we can please you both in price and quality. All we ask is a trial.

Chokes the Sewer.

We hear complaint from the street committee that persons are throwing trash, including pieces of wire, tin cans, etc., in the sewer on Dickinson avenue near the Presbyterian church. Such trash as this will not float away and chokes the sewers. It is probably thoughtlessly thrown in by children while at play around the mouth of the sewer, and parents should instruct them against it.
