POISONING AT WASHINGTON.

Dr. D. T. Tayloe and Family the Victims.

We learn by wire that the family of Dr. D. T. Tayloe, of Washington, were poisoned this morning by drinking coffee that contained arsenic. Every member of the family, but one child who happened not to drink any coffee for breakfast, got some of the poison, the cook included.

It is said that enmity has existed between the colored man who drives for Dr. Tayloe and the colored woman who nurses for him, and both had repeatedly threatened to kill each other whenever they got a chance, and one impression is that the driver poisoned the coffee to carry out his threat against the nurse.

Another opinion is that there was a collusion between the driver and the nurse to poison the family. This is strengthened by the fact that the nurse did not drink any of the poisoned coffee, while all the family and the cook did drink it.

Every one who drank any of the poison was taken violently ill, and but for the timely aid given by Dr. Joshua Tayloe, a brother of Dr. D. T. Tayloe, the result would have been more serious. All of them are reported out of danger.

The negro driver was arrested and placed in jail. When taken a box of rat poison was found in his pocket. The nurse is also kept under surveillance.

There is much excitement and indignation among the people of Washington over this poisoning of a family.

North Carolina Week Rates.

The Atlantic Coast Line will sell tickets from all points to the Charleston Exposition for North Carolina week—April 8th to 14th—at special rates. Tickets will be sold on 6th, 7th and 8th, good to return in ten days. The price from Greenville will be \$7.45.

In looking over the list of rates from different points, this peculiarity struck us: Every station on this branch of the road south of Parmele is put down at the same figure—\$7.45—the price from Kinston being the same as from House while they are 31 miles apart, yet the price from Parmele, 11 miles from House, is only \$6.50, or 95 cents cheaper. A person can pay regular fare from House to Parmele and buy an exposition ticket from there and save a little money. While every point south of Parmele on the Kinston branch is put down at the same figure, every station on the Washington and Plymouth branch has a different price according to distance from Parmele.

However, the rates are low and a large crowd should go during North Carolina week.

Mayor's Court.

Mayor W. H. Long has disposed of the following cases in his court since last report:

Helen Lucas and Rena King, disorderly conduct and using vulgar and profane language on street, fined \$1 each and one half cost each, \$5.35.

Simon Wooten, drunk and disorderly, fined \$1 and cost, \$3.30.

Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female diseases. Almost instant relief can be secured by the use of

WINE OF CARDUI

It will relieve you right in your own home. Will you accept the testimony of Mrs. Beigler and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.

100 Chicago Street, Fort Wayne, Ind., March 27, 1900.

Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Theodor's Black-Draught. And since I have started to use it I will not be without it in the house. It helped my sister in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing else helped her. I was in a very bad state myself before I used your medicines, but I found relief in three days. And now I feel like a new woman and do all my housework and washing, which I could not do before I took Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., Mar. 15.

The question of so amending the constitution as to permit of the election of senators by the people seems to have taken a new lease of life during the past week in Washington and is being actively discussed by the democrats in lobbies and committee rooms. Colonel William J. Bryan spent Thursday at the Capitol and warmly advocated the change which may have added to the interest taken in the subject, though the agitation had begun before Mr. Bryan arrived. With a view to learning the actual status of the movement I made a limited canvass of the situation yesterday and obtained the following opinions:

Senator Rawlings, of Utah, said that he was heartily in favor of the proposed change and believed it had a better opportunity of being adopted at this session than ever before. "If it is not adopted at this session, however," said the Senator, "I believe there is considerable likelihood of its being made a party issue in the next campaign." Senators Culberson and Bailey, of Texas, both expressed themselves as strongly in favor of it. Senator Vest, of Missouri, is unconditionally opposed to it. Senator Jones, of Arkansas, as is well known, is committed to it as is Senator Berry, also of Arkansas, and both the Senators from Tennessee. Senator Clay, of Georgia, said he had discussed the matter with Colonel Bryan and that he hoped to see the amendment adopted. Senator Clark of Montana said he was committed to it and so did Senator Burrows of Michigan. Senator Morgan, of Alabama, refused to express an opinion. Should the amendment pass the Senate it would be promptly adopted by the House. Mr. Richardson, the democratic leader, told me all the democrats would vote for it and a number of republicans would also. "It would make the strongest kind of a party issue," said a democratic member, "and I earnestly trust it will be adopted as such."

All last week the Senate discussed the ship subsidy bill. Senator Vest delivered a most able speech on the subject exposing the

fallacies of the republican reasoning with a scathing logic. Senator Depew supported the measure, as did also Senator Foraker, but the latter's support was half-hearted. He admitted that he was opposed to the bounty system and would greatly prefer helping the shipping interests by discriminating duties but stated that he would vote for the bill because the majority favored it.

A Word to Farmers.

Plant fewer acres, manure highly and cultivate well--and raise your own supplies at home. That is the secret of successful farming whether you depend upon tobacco, cotton grain or grasses as a money crop. And under present conditions of scarcity and unreliability of labor it is all the more necessary to adopt the intensive system of farming. Commercial fertilizers are all right but do not depend upon them entirely. Use plenty of barnyard manure, compost, swamp muck, ditchbank rakings, woodsmould and the like--something to give body and permanency to the fertility of the soil. And then green manure the land in addition. Sow clover, peas, rye, etc., and turn the growth under in its green. This method intelligently pursued for a few years would work a wonderful transformation in many a poor and almost profitless old field.--Henderson Gold Leaf.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:--Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours,

TO THE PUBLIC.

We the undersigned, constituting the Local Board of Underwriters, in the town of Greenville, N. C., and Pitt county, hereby give notice that on account of excessive fire losses caused by the use of Terra Cotta flues, we cannot accept risks in or on any building in which there is a Terra Cotta flue, or a brick flue improperly constructed. So many fires originate from this source that all of the first-class Companies condemn them as a menace to property, and the insuring public carrying as they do, one fourth of the value of the property insured, it is to their interest to have brick flues safely arranged.

HOUSEHOLD DEPARTMENT

This department is being added to all the time. Nearly every day there is something new. We will only call your attention to a few specialties.

Nickle Plated Ware.

This is the most serviceable ware you can get. It is a heavy nickle plate on a copper body, so it is almost indestructable. We have this ware in coffee and tea pots different sizes, butter and sugar dishes, milk and water pitchers serving dishes, syrup pots, cuspidors, waiters, &c. If you use this ware once you will never want any other kind for it is the best.

Crockery and China Ware.

It is no use to say anything about this department for everybody knows we are the crockery people in this part of the world. We always carry a large stock and you can select the pieces for a

Dinner and Tea Set

to suit yourself, which is much better than having to buy what you do not want. Did you ever use any of these new goods in

An-ti Rust Ware.

It is guaranteed never to rust. Come in and ask for it. In fact we carry almost everything needed to fit up your kitchen, bedroom, sitting-room, or parlor. All we want you to do is to come in and call for what you want. We try to keep the very best in each of our departments and think we can please you both in price and quality. All we ask is a trial.

TOBACCO SALE.

Nine and a Half Millions Pounds.

The Greenville market has practically closed for the season, about all the crop now being sold. The season has shown a marked increase both in number of pounds sold and in the price. Up to the first of March, when the last official report was made, the sales for the season amounted to 9,345,155 pounds, the average price for the year being \$10.48. Since the first of March about 100,000 pounds have been sold which are not included in the above.

For the previous year the sales amounted to 9,242,058 pounds average price for the year being \$8.08. These figures, compared with the past season, show the substantial growth of the Greenville market.

The market will be stronger than ever next season.

MARRIED AT OCEAN VIEW.

Wedding bells have rung for the last time at the home of Capt. Geo. H. West of that town. Their youngest and only single daughter, Sallie J., entered upon a matrimonial voyage with Mr. Wm. West, of North Carolina, at 10 o'clock Wednesday morning. Owing to the terrible storm, which had been raging here, the marriage was performed at the home of the bride instead of the church as was previously announced.

The bride was clothed in a rich costume of white silk covered with museline de Soi. She also wore a handsome veil and carried a bunch of American Beauty roses, which hung at her side.

The bride was given to the groom by her brother, Dr. Harry West, of Philadelphia. Miss Verda West, sister of the groom, acted as maid of honor. Mr. Elmer Betts, nephew of the bride, acted as best man.

There were three sets of ushers. Six flower girls strewed flowers on the floor as the bride and groom stepped in the parlor to the wedding march, which was being played by Miss West, of North Carolina.

The house was handsomely decorated with palms and flowers of the rarest kinds. The dining room was trimmed with flowers and plants which reached from the floor to the ceiling. Each member of the family was presented a bunch of roses and orchids as a souvenir of the occasion.

Early the next day the bride and groom started on a tour to Niagara Falls, Mammoth Cave and then through the South. They will

arrive at their home in North Carolina about the middle of April.—Sussex, Del., Journal, 8th.

The many friends of Mr. West here where he is engaged in business with the Beaufort County Lumber Co., extend warmest congratulations on his happy marriage. His return to Greenville with his bride will meet a cordial welcome.

To the Public School Teachers of North Carolina:

The authorities of The State Normal and Industrial College desiring to render every possible service to the educational interests of the State have decided to offer women teachers an institute of one month.

This is intended especially for those teachers who desire to better equip themselves for their work, but who, for various reasons, are unable to pursue the full course.

A matriculation fee of \$5 will be charged which will entitle the person paying the same to all lectures, library privileges, use of textbooks, etc. The only additional expense will be for board and laundry, both of which will not cost more than \$3 a week.

In the department of Pedagogy, lectures on the best methods of teaching all the common school studies will be given, and the students will have an opportunity to spend some time in The Practice and Observation School.

In addition, lectures and laboratory work will be offered in the different departments of science.

Besides the regular faculty of The State Normal and Industrial College, we shall have with us several city superintendents and other prominent educators to deliver special lectures.

The Institute will begin April 29th and close May 24th.

If it is your intention to avail yourself of this opportunity, or if you desire for further information, please write to

CHARLES D. MOYER,
President.
