New White Goods Welcome.

Color is eliminated from the card today. White goods first in store displays as they will be in your thoughts, we trust. Ten years ago—yes, four or five years, even—who would have dreamed of the beauty to be brought out in fabric art without a touch from rainbow tints? Pure white, but so varied have been the dreams of designers, so cleverly have loom wizards wrought, that there is hardly a limit to variety.

White has only been thought of as a repellent for summer's heat. The sheerest effects have been sought, but now however white fabrics—cheviots madras and piques are brought out in rich style assortment. White has overstepped the limits of summer months and hereafter will be an all the year round factor

WHITE PIQUES in a large variety of the up-to-date styles and designs in Imported Piques that are worth your while to inspect at 12½, 15, 20 and 25c.

WHITE DIMITIES in all of the newest designs and weaves, dots, stripes and lace stripes, at 8½, 10, 12½, 15, 18, 20, 22½, 25 and 30c.

A DOUBLE TRAGEDY.

Two Men Shoot Each Other. Both Die From Wounds.

It was reported here this morning that Will Burrus, from near Greenville, went to Tarboro Saturday to be married to a Miss Lucy Harris, of that place. As he was making preparations for the ceremony, a brother-in-law of the intended bride, by the name of Reuben Roberson, made objections to the marriage on the ground that Burrus had a living wife and two children in Pitt county. From this interference a fight followed in which several shots were fired by each party. Roberson was struck in the breast and immediately fired on Burrus, the bullet striking the latter in the head. They were carried to the hospital in Tarboro where both men died during the night. Burrus was a member of the Greenville Light Infantry.

Oyster Outlook Appalling.

The Elizabeth City Tar Heel says: "From the present outlook the oyster industry in North Carolina will soon be a matter of the past. Foreign dealers have carried oysters out of the State this winter in quantities which are appalling. Reliable men who know have made oath that as many oysters have been carried from the State as have been opened in its borders. They testify the culling law has in no wise been complied with. This is a serious matter and should command the immediate attention of the proper authorities. It is reliably reported the steamer Lilly has been absent from the grounds more than half the season. The place for the boat is in the sound, making a constant and careful patrol, and had the boat been employed thus, there would be few, if any of these depredations. Complaints with the proper affidavits have been made and will be sent to the Governor in a few days and it is hoped the matter will receive the attention its importance demands."

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark half-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into

attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Ashbury Park, N. J., February 2, 1900. I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses. She took it regularly according to the directions, and was greatly relieved. To use her own words, "It saved my life." J. WESLEY CROSS.

THE CHARLESTON EXPOSITION.

Big Time at Charleston—Greenville Well Represented—President Roosevelt and Governor Aycock Accorded High Honors—The Exposition a Fine Success.

About all the attendants from Greenville to the Charleston exposition have returned home, after having experienced a very delightful trip. There were more than fifty people to go from Greenville and other sections of Pitt county.

The trip from this section of North Carolina is all the way by the Atlantic Coast Line, and this splendidly equipped road handled the immense crowds going over it last week as promptly and comfortably as could be expected in such a rush.

Of course the exposition is the centre of attraction at Charleston, but there are many points of interest in and about the city worth going to see, and a day or two can be spent pleasantly and profitably in visiting them. Old St. Michael's church, founded in 1681, is rich with historic reminiscence. St. Phillips church is almost as old. The market, the battery, public buildings, forts, isle of palms, magnolia cemetery, magnolia gardens, are well worth the time taken to visit them.

The exposition itself is a revelation and has brought together a collection of exhibits that is superb. South Carolina, being the mover in this enterprise, was naturally in the lead in exhibits, having the largest building and most extensive display on the grounds. North Carolina comes next best and has an exhibit that does the State great credit. Many other States have good exhibits, as has also the United States government.

The buildings and grounds are beautiful, and under the blaze of electric lights at night are a sea of brilliancy.

The midway is there in full force, affording no end of amusement.

Last week was North Carolina week at the exposition, and the number of people there from this State was numbered all the way from 10,000 to 15,000. Governor Aycock was present with his full staff and accompanied by a provisional regiment of 80 soldiers.

Wednesday was President's day, when President Roosevelt and party attended the exposition. There was a magnificent parade in his honor and he was given a great ovation. Governor Aycock took a prominent part in the exercises of the day, and no man there made a more favorable impression than our Governor.

Thursday was the Governor of North Carolina's day when there was a parade in his honor. Gov. McSweeney, of South Carolina, delivered an address of welcome

HEARNE & COMPANY,
GROCERS.

which was responded to by Governor Aycock. There were also short-addresses by members of the staff of both Governors and by officers of the exposition. The addresses of the South Carolina as showed the high regard for the visitors from their sister State, and also expressed appreciation of the part North Carolina had taken in making the exposition a success. The exposition will continue until the first of June, and with the low rates given by the railroads all who can should attend.

The entire South deeply mourns the death of Gen. Wade Hampton, of South Carolina, which occurred at his home in Columbia on Friday morning, in his 84th year. He was a cavalry leader in the Confederate army, and after the war represented his State for several years in the United States Senate. He was the foremost man in his State, noble and incorruptible, and his memory will ever be revered. He was buried in Columbia Sunday with all the honors, both civil and military that could be paid him.

Advertising in Prosperity.

There is no community in which scores of business men are not losing splendid opportunities by their lack of knowledge of the power of advertising. This is a prosperous time, and a certain amount of trade will find its way to nearly all establishments. To the courageous advertisers the volume of trade is greater, and by advertising freely at this time, when they can well afford it, they insure to themselves a profitable business when a duller time shall come.—Philadelphia Record.

Many lives are destroyed in summer by cholera infantum. The attack of the disease is sudden, its progress is sometimes terribly rapid. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

Cotton Statistics.

Washington, N. C., April 12.—The census bureau has issued a preliminary report on the cotton crop of 1901, in commercial bales gross weight, as returned by the cotton ginner, showing an aggregate crop of 9,952,982 bales. This is 533,166 bales less than the 1900 crop. The 1900 crop, expressed in 500 pound bales, was 10,123,027 or 363,121 less than the number of commercial bales, the gross average bale weight being 483 pounds.

The office has not completed the compilation of the number of pounds and the computation of the average bale weight for the crop of 1901, but using 482 pounds, the following are the figures of the crop of 1901, together with those for 1900, respectively. In commercial bales by states and territories: Alabama, 1,162,739 and 1,061,678; Arkansas, 736,740 and 828,820; Florida, 57,198 and 55,698; Georgia, 1,401,815 and 1,270,597; Indian Territory, 280,175 and 288,114; Kansas, 170 and 151; Kentucky, 140 and 133; Louisiana, 858,661 and 714,072; Mississippi, 1,055,968; Missouri, 27,987 and 27,980; North Carolina, 454,354 and 509,431; Oklahoma, 149,415 and 114,875; South Carolina, 730,603 and 780,782; Tennessee, 209,186 and 227,601; Texas, 2,590,704 and 2,590,704; Virginia, 13,809 and 11,833.

The average man may look all right in a new suit of clothes, but it is a cheese sandwich to a bakery that he doesn't feel that way.—Chicago News.

Sock Party.

The ladies of the Baptist church will give a Sock Party in the opera house Thursday night and will entertain the audience with songs by a chorus of ten girls, music, &c. "Susan Jane Accommodation" has consented to appear again in an entirely different role, but will be the same Susan Jane. The music by the orchestra alone is well worth the price of admission. Watch for the Sultan of Turkey on a trip to Buffalo.

Invitations will be sent to grown people. All children are invited to attend, but will be charged 25 cents admission.

After the entertainment is over, you are cordially invited to partake of the refreshments. Remember Thursday night, April, 17th.

Rev. Dr. T. DeWit Talmage, who has been seriously ill in Washington, D. C., since his return from the South about a fortnight ago, died Saturday night. He was the most distinguished preacher in America.

Georgia Peach Crops.

The peach crop in Southwest Georgia does not seem to have been injured by the recent cold snap nor by the heavy rains that preceded and have followed it. The trees in the orchards were quite uninjured and all the reports from that section are to the same effect. Unless fortune is most unkind the peach crop this year will be large and the fruit of good quality.

Electrocuted at Telephone.

Chester, Pa., April 9.—By a shock of electricity from a telephone, Thomas F. Delahunt, a florist, was almost instantly killed this evening. Delahunt's attention was attracted by a peculiar noise at the telephone, and, going to the transmitter, pulled it down with both hands. He received a tremendous shock, and fell into the arms of William Dempster and Horace Lynch. Before a physician arrived he had died. He was a widower, 36 years of age, and leaves one child.

\$3,000 for a Shave.

A report comes from Durham that J. B. Duke, president of the American Tobacco Company, while in Durham on a visit to his father, Washington Duke, sent for a colored barber to come up and shave him. The barber is a prominent member in St. Joseph's colored Methodist church, which had an indebtedness of some \$3,000. During the shaving process the facts were made known to Mr. Duke, who, when the operation was over, tendered his check to cover the indebtedness. John Merrick says it is the largest price he ever received for a single shave.—Winston Sentinel.

Will Cure Stomach Ache in Five Minutes!

This is just what Painkiller will do; try it. Have a bottle in the house for instant use, as it will save you hours of suffering. Watch out that the dealer does not sell you an imitation, as the great reputation of Painkiller (Perry Davis'), has induced many people to try to make something to sell, said to be "just as good as the genuine."

TWO WAYS OF LOOKING AT IT.

To some the attraction in these suits may be the price. It certainly is low. Others may be induced to purchase by the quality. That certainly is excellent.

THESE \$12.50 AND \$15.00 SPRING SUITS

are the most remarkable value ever offered. Not only do they look well but they wear well, too.

The cut and finish will please the stylish dresser—the cloth and durability those who like lasting qualities.
