"Take Away Women

And what would follow?" said a Women's Rights orator. "We would," excitedly shouted a man in the gallery.

Perhaps that's why so many men do their shoe business at our store, for we certainly have the women's trade.

Why shouldn't we?

We carry the most famous line of Women's shoes and our store is fairly ablaze with the latest Spring creations in Kid and Patent Kid Oxfords--all Goodyear Welt (this insures sole flexibility and comfort.)

They will soon be on the feet of the best dressers in town.

They're yours at \$2.50 to \$3.50 a pair.

WASHINGTON LETTER.

From Our Regular Correspondent
WASHINGTON, D. C. Apr. 28.

The past week in the Senate has been characterized by a scathing arraignment of the republican policy in the Philippine Islands. During the major portion of three sessions Senator Rawlins of Utah delivered a speech which set forth the aims and intentions of the administration and pointed out how the franchises and special concessions of the islands were to be farmed out to administration favorites at the expense of the Filipino people. On Friday and Saturday Senator Carmack delivered a brilliant address especially noteworthy for its demonstration of the inconsistency of the President in condemning those who have defended the rights of the Filipinos and its denunciation of Brig.

"Tariff reform will be one of the leading issues of the next and especially of the next presidential campaign," said Senator Money, of Mississippi, yesterday, when I asked him of the prospects of Cuban reciprocity in the Senate. "The republican party," continued the Senator, "dare not reduce the tariff which it has built up. Great moneyed interests protest at any reduction because such reduction curtails their profits and these interests are stronger than the party. The removal of the differential on refined sugar was a step in the right direction. The profits of the Sugar Trust would have been reduced to the material benefit of the people but the bill was not amended in the House with the expectation that it would pass, but rather with the belief that the amendment would kill it and there is no chance for the bill, as amended, in the Senate. Notwithstanding the fact that many of the Dingley rates were made purposely high with a view to providing a margin for the negotiation of reciprocity treaties, no treaties are confirmed by the dominant party, no reduction of tariff rates is made and the people naturally turn to the democratic party for relief and they will get it."

People who are invited to a poker party must expect pot luck. The hardest work in connection with a political job is getting it.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free To All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 2858 Baltes Building, Fort Wayne, Ind., makes the startling announcement that he

DR. JAMES WILLIAM KIDD.

has surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free, to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable,

and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

Santiago, or for the Red, White and Blue.

Mr. Edward Westley and wife, the writers of the above play, are here for the purpose of rendering the same, with local talent, in the opera house on the 15th of May, for benefit of the Osceola Band. Mr. Westley and wife come very highly recommended, and they have been compelled to repeat the play in every town where it has been presented. The play is a beautiful one, and has been produced in some of the largest cities with great success. The plot is laid in Washington, D. C., and Cuba, and it requires twenty four people on the stage at one time. Arrangements are being made to give a grand street parade the day of the performance. This is expected to be one of the biggest attractions ever attempted in our town, by our local talent, and our band boys deserve great credit and should be greeted by a crowded house.

"Our sins," says a society woman, "are like undesirable callers. They always find us out."

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,

A Remarkable Centennial.

Centennials of many things are passing before the American people with increasing frequency as the years go on, but there are few to compare in importance with an educational one which will occur in North Carolina next month. The oldest college in the South for girls and young women will be one hundred years old then, and the city of Winston Salem is preparing an elaborate celebration of the Salem Academy and College's notable anniversary, which is only the third of its kind in the United States.

ORIGINAL OBSERVATIONS

Made By The Orange, Virginia, Observer

Time is woven into eternity by the network of death.

You often find a five cent heart in a million dollar body.

A man does not become old until the years strike his heart.

People talk about a good counterfeit, and yet how can a bad bill be good?

In good society it is not thought necessary to return a bill collector's call.

The model man never makes merchandise of his griefs nor loads the hearts of others with his troubles.

Glittering opportunities are not always golden.

Some people count their chickens even before the eggs are laid.

It doesn't take dynamite to blast hopes.

Some fellows don't have to be loaded in order to shoot off their mouths.

The fellow who rushes out of the theatre between the acts seldom comes back breathless.

Voting Party.

Invitations have been sent to the young men to take the young ladies with them to the party, but the invitation is extended to others as well, as every one will have the opportunity of voting. Open for children at 4 p. m. No admission charge, but refreshments will be on sale.

Judge Brown for Associate Justice.

We, the undersigned lawyers of the First Judicial District, of which Judge H. Brown is the Resident Judge, present his name to the Democratic Convention for Associate Justice.

In this, his home district and among his home people who know him best, his character as a man a lawyer and a Judge is beyond criticism. We think he should receive the nomination for one of the vacancies for these cogent reasons:

First, his eminent fitness, impartiality and capacity for high judicial office has been demonstrated by fourteen years of continuous service.

Second, he is the senior Superior Court Judge in length of service and has borne all the hardships of the life of a Circuit Judge for that period. It is sound policy invariably adhered to by Democratic State Conventions to promote those Superior Court Judges who remain on the bench and devote their lives to judicial labor.

Third, Judge Brown was nominated for Associate Justice in 1896, when there was no chance of election, and along with the entire ticket went down in the fusion cyclone that year. Now that an election seems assured, we think it but just he should receive the nomination.
